## **Lindsey Wilson College Creed**

Preamble: We believe there is a basic plan of civilization and the basic plan is that every human being deserves the opportunity to develop to greatest potential in character, personality, and productivity.

1. We believe in the love of God as revealed in Jesus Christ.
2. We believe in the value of each individual and that each deserves active caring and Christian concern.
3. We believe in the love, nurture, and support of family life as well as the love, nurture, and support of the Lindsey Wilson family.
4. We believe that every human contact is a source of mutual personal enrichment and that we are obligated to make it constructive.
5. We believe that every human being can learn and grow.
6. We believe that each of us should make a positive difference in the lives of others.
7. We believe in the power of church-related higher education as a part of a lifelong learning experience.
8. We believe in unqualified integrity in all aspects of our conduct among ourselves and toward others.
9. We believe the influence of Lindsey Wilson College should extend beyond the campus through our service to society.

## **Lindsey Wilson College Mission**

The mission of Lindsey Wilson College is to serve the educational needs of students by providing a living-learning environment within an atmosphere of active caring and Christian concern where every student, every day, learns and grows and feels like a real human being.

## **Institutional Goals**

To strive for the highest degree of educational excellence by providing programs based upon the findings of research and sound professional practice.

To create the best possible environment for the individual growth of students through the intentional and cooperative efforts of the entire College community.

To prepare students for life and a career in a rapidly changing world.

To develop intellect, character, and self-esteem through value-centered learning experiences.

## **A Brief History**

Lindsey Wilson College was founded in 1903 as Lindsey Wilson Training School by the Louisville Conference of the Methodist Episcopal Church, South. The school was named in memory of Lindsey Wilson, the deceased nephew and stepson of Mrs. Catherine Wilson of Louisville, Kentucky. (Today, Lindsey Wilson College continues its affiliation with the Kentucky Annual Conference of The United Methodist Church.)

Mrs. Wilson contributed \$6,000 toward the construction of one of the school's first buildings, which now serves as the L.R. McDonald Administration Building. Funding also came from the citizens of Columbia and from Mrs. James Phillips of Lebanon, Ky., for whom Phillips Hall, a women's residence hall, is named. Mrs. Kizzie Russell of Columbia also made substantial gifts.

In its early years, Lindsey Wilson educated grades 1 through 12. Concentration was on "normal work" to prepare students to be teachers; many continued their education at Vanderbilt University.

In 1923, the school's curriculum was reorganized, and a college department offering a junior college degree was added. In 1934, Lindsey Wilson College closed its academy, and the school became exclusively a junior college. The College, however, maintained a Model Training School from 1933 through 1979.

In 1951, the College was accredited by the Southern Association of Colleges and Schools Commission on Colleges, and in 1985, the College's trustees voted to become a four-year liberal arts college. Lindsey Wilson graduated its first baccalaureate class in May 1988.

The College added a master's degree in Counseling & Human Development in April 1993. The program is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP), and it has been cited by CACREP as a model small-college graduate program. Since then, masters programs in education, business, and interactive design have been added along with a doctor of philosophy degree in Counselor Education & Supervision.

While historically the College's focus has been to serve the citizens of South Central Kentucky, Lindsey Wilson serves a diverse group of students. In 2015-2016, the College enrolled more than 2,651 undergraduate and graduate students, including 1,100 residential students, with the student body representing 110 of Kentucky's 120 counties, 34 U.S. states and territories, and 36 foreign countries. The College also has community campuses in the Kentucky cities of Ashland, Cumberland, Danville, Elizabethtown, Hazard, Henderson, Hopkinsville, Lexington, Liberty, London, Louisville, Madisonville, Maysville, Paducah, Prestonsburg, Radcliff, Scottsville, Shelbyville, and Somerset, with other community campuses in Virginia (Big Stone Gap, Richlands, and Wytheville), West Virginia (Logan), Tennessee (Gallatin), and Ohio (Cincinnati, Dayton, Hillsboro, and Washington Court House).

### **Columbia: A.P. White Campus**

Lindsey Wilson's A.P. White Campus is located on more than 200 partially wooded acres on a hilltop in Columbia, which is in the Kentucky Heartland – a region synonymous with outdoor recreation, camping, boating, and hiking. The A.P. White Campus is near several major Kentucky tourist attractions: Lake Cumberland, one of the largest man-made lakes in the world; Mammoth Cave, one of the Seven Wonders of the World; Green River Lake and Reservoir; and Cumberland Falls, Kentucky's highest waterfall and the only spot in the Western Hemisphere that produces a "moonbow."

Columbia, the county seat of Adair County, has a population of about 4,500. Adair County's primary industries are agriculture and light manufacturing. Columbia offers students a variety of shops, restaurants, and churches within walking distance from campus. It also provides an appealing small-town charm yet is only a one-hour drive from Bowling Green, Ky.; a two-hour drive from Louisville or Lexington, Ky.; or a two-hour drive from Nashville, Tenn.

Lindsey Wilson College has completed major renovations to more than 25 buildings on the A.P. White Campus in Columbia in the last 20 years – the result of one of the most aggressive and ambitious building programs in Kentucky higher education.

The College completed the \$53 million "Changing Lives" campaign on June 30, 2010. The campaign's highlights include:

- The 186-bed, four-story Harold J. Smith Hall opened in fall 2010.
- Doris & Bob Holloway Health & Wellness Center: Opened in February 2010, this 73,223-square-foot health and wellness center provides myriad opportunities for students, faculty, and staff to lead healthy lives. The Holloway Health & Wellness Center includes: an aerobic and dance studio; cardiovascular equipment area; racquetball court; machine- and free-weights room; three basketball/volleyball courts; eight-lane indoor swimming pool; recreational pool with volleyball and basketball areas; 40-person

capacity hot tub; walking track; and multipurpose room. It is home to the Lindsey Wilson swimming teams and includes the wrestling program's training room.

- A new Plant Operations Building for the physical plant division was completed in 2010.
- The Blue Raider Band Building, home of the College's marching and concert bands, was opened in fall 2009.
- The Pines at Lindsey Wilson was acquired in February 2009. An 18-hole golf course located less than five miles from the A.P. White Campus in Columbia, the Pines at Lindsey Wilson is open to members.
- The Lindsey Wilson Scottsville Campus, founded in 1992, was renovated in 2009.
- Lindsey Wilson Sports Park was opened in fall 2009. The park features Egnew Park, home to LWC baseball; Blue Raider Field, home to LWC softball; and Blue Raider Stadium, home to LWC football and track & field.
- The Jim & Helen Lee Fugitte Science Center, a three-story, 42,000-square-foot building that houses the College's mathematics and science programs, was opened for the 2006-2007 academic year. The Fugitte Science Center includes laboratories, smart classrooms, and a greenhouse.
- The T.D. & Rowena Everett Center, renovated in 2007, houses the Academic Success Center and First-Year Experience offices.

Since completion of the "Changing Lives" campaign, the A.P. White Campus in Columbia received the following additions:

- Keefe Hall, a 46-bed residence hall, opened in fall 2014.
- V.P. Henry Auditorium, a 325-seat theater housed in the L.R. McDonald Administration Building, underwent a \$200,000 renovation during summer 2012.
- The Dr. Robert & Carol Goodin Nursing & Counseling Center – a 27,100-square-foot, two-story building that is home to the College's Nursing program, School of Professional Counseling, and Technology Center – opened in fall 2011.
- The Jerry & Kendrick McCandless Hall, a 156-bed residence hall, opened in fall 2011.
- The six-court Henry Baughman Tennis Complex opened in fall 2010.

Before the "Changing Lives" campaign was launched, the A.P. White Campus in Columbia had already undergone a dramatic, two-decade transformation, which included:

- The president's home, which hosts events for students and the campus community, was renovated in fall 2009 and renamed the Emily Hundley President's Home.
- The adjoining Sumner Campus Ministry Center and Norma & Glen Hodge Center for Discipleship were opened in 2005 and 2009, respectively. The one-story, 3,000-square-foot Sumner building serves as a gathering place for the campus's myriad spiritual life groups and activities, and it also includes classrooms, faculty offices, and a small library. The Hodge Center offers a 3,000-square foot worship space that is also used for meetings and conferences.
- The Holloway Building, which houses the Katie Murrell Library, was opened in 1986. The Katie Murrell Library houses a locally owned collection of 62,000 books and audiovisual titles. A growing virtual library provides access to another 278,000 ebooks and numerous other catalogued online resources with literary, business, scientific, statistical, and reference information, streaming music, and video recordings. Students may also access more than 29,000 magazines and journals in online and print formats. The online catalog allows students access to 41,000 federal documents and government websites. Users may also access numerous other online resources with literary information and reference materials. Through its online interlibrary loan system, the Katie Murrell Library enables users to search for and request items from libraries around the nation. A 10,000 square foot addition to the Holloway Building was completed in 2002, nearly doubling the size of the Katie Murrell Library. The addition features the Thomas D. Clark Reading Room, named in honor of the late Kentucky historian laureate and home to a collection of Dr. Clark's books and personal items.

- A campus quadrangle, which includes a 150-seat amphitheater and park area, was completed during the 2002-2003 academic year.
- Richardson Hall was opened in August 2001. The 154-bed residence hall offers students an apartment-style setting while maintaining the atmosphere and community of a residence hall.
- The Walter S. Reuling Stadium opened in 1998. The European-style soccer field is the premier soccer park in Kentucky and is home of the Lindsey Wilson men's and women's soccer teams. The men's team is nine-time NAIA National Men's Soccer Champions (1995, 1996, 1998, 1999, 2000, 2001, 2005, 2009 & 2011), and the women's team is four-time NAIA National Women's Soccer Champions (2004, 2006, 2012 & 2014).
- The John B. Begley Chapel opened in 1997. The \$2 million structure was designed by world-renowned architect E. Fay Jones, a protégé of Frank Lloyd Wright and a recipient of the American Institute of Architects' prestigious Gold Medal. The Begley Chapel is a center for contemplation, services, and related programs.
- The renovated W. W. Slider Humanities Center re-opened in 1996. The Center houses an 85-seat recital hall, the Lucretia C. Begley Art Gallery, classrooms, faculty offices, and art studios. It is also the home of the College's regional Cultural Affairs series.
- The Roberta D. Cranmer Dining & Conference Center was opened in 1993. In addition to serving Lindsey Wilson students, faculty, and staff, the regional center is utilized by thousands of citizens and groups throughout South Central Kentucky to hold receptions, meetings, and conferences.
- A major addition to the Cralle Student Union Building was added in 1987; a 3,800-square-foot wing was added to the building in 2000.
- The J. L. Turner Leadership Center was opened in 1987. It houses the School of Business, classrooms, a computer laboratory, and a conference center.
- Biggers Sports Center, which seats 1,500, was added to the campus in 1984. It is the home of the Blue Raiders men's and women's basketball teams, the women's volleyball team, and the men's wrestling team.
- The cycling program has a BMX track 1-1/2 miles west of the A.P. White Campus in Columbia. The course offers multiple large jumps, a pair of straight-aways, and a rhythm section. It also features a competition dual slalom and downhill course.

### **Community Program Support**

Lindsey Wilson College supports its nontraditional students with evening office hours, experienced faculty, personal attention, and convenient class scheduling. A counselor who understands the needs of adult students is available at each community campus. The counselor provides individual pre-enrollment counseling and academic advising, as well as information about financial aid and the transfer of credit for college-level work completed at another institution.

### **Admissions Requirements**

General admission decisions are made based on academic promise, personal objectives, maturity, motivation, and a reasonable potential for success at the college level. Prospective students who do not meet expected requirements will be reviewed by the Admissions Committee, upon recommendation from the Dean of Admissions or the Regional Admissions Committee. If favorably reviewed by the Committee, applicants will be accepted to the College. However,

applicants may be subject to academic limitations such as a reduced course load and/or developmental coursework or be denied admission.

Lindsey Wilson College uses a rolling admissions plan that enables the Admissions Office to notify applicants of admission decisions as soon as all credentials have been received. Traditional high school graduates may be accepted during their senior year prior to graduation once an Application for Admission is completed and a current high school transcript as well as the results of the American College Test (ACT) or the Scholastic Assessment Test (SAT) are provided.

### **Traditional High School Graduates**

Students may apply for admission at any time, but it is recommended that applications be filed *as early as possible during the senior year in high school* to maximize scholarship opportunities.

Students applying for admission must submit the following:

1. A completed Application for Admission;
2. An official high school transcript indicating graduation date or GED (General Education Development) test scores of 150 on each test and 600 on the entire test battery (all four parts combined); and
3. The results of the American College Test (ACT) or the Scholastic Assessment Test (SAT). These scores help ensure correct placement in courses. Students taking the test late in the summer are required to submit scores prior to pre-registration for the second semester of enrollment.

### **Home-Schooled Graduates**

Lindsey Wilson College welcomes and supports the enrollment of home-schooled students. In order to be considered for admission, a student must take the following steps:

1. Complete an Application for Admission;
2. Submit an official transcript of all coursework completed at the high school level;
3. List the curriculum utilized as well as the texts used for each class; and
4. Submit the results of the American College Test (ACT) or the Scholastic Assessment Test (SAT).

### **General Education Development (GED) Graduates**

GED graduates must submit the following:

1. Application for Admission; and
2. GED test scores of 150 on each test and 600 on the entire test battery (all four parts combined).

### **Nontraditional Students**

For academic purposes, nontraditional students are typically students who:

- Delay enrollment, i.e. who do not enter postsecondary education within a year or two of finishing high school;
- Work full time (35 hours or more per week) while enrolled;
- Are married;
- Have dependents other than a spouse (usually children but sometimes others);
- Are single parents (either not married or married but separated and having dependents); and/or
- Are veterans of the US Armed Forces.

These students may apply for admission at any time, but it is recommended that applications be filed as early as possible to maximize scholarship opportunities. Students applying for admission must submit the following:

1. A completed Application for Admission; and
2. An official high school transcript indicating graduation date or GED (General Education Development) test scores of 150 on each test and 600 on the entire test battery (all four parts combined).

### **High School/College Students**

Qualified high school students who wish to begin college work may apply for admission to Lindsey Wilson College. The following application materials are required:

1. A completed Application for Admission;
2. A transcript of high school work;
3. The results of the American College Test (ACT) or the Scholastic Assessment Test (SAT); and
4. Approval from the high school guidance office.

### **Transfer Students**

Lindsey Wilson College accepts academic credit from two-year and four-year colleges accredited by a regional accrediting commission. Candidates for admission as transfer students must submit the following (high school transcripts may be required for some transfer students):

1. An Application for Admission; and
2. An official transcript from all colleges and universities attended.

The cumulative GPA of students transferring to Lindsey Wilson College will include hours attempted and quality points earned from all previously attended institutions. Students transferring with a 2.00 GPA or below will be reviewed by the Admissions Committee.

Transfer students placed on probation by their previous institution will be placed on warning or probation by Lindsey Wilson College. All students admitted on academic warning or probationary status will be given individualized plans that will specify how they are to achieve minimum acceptable academic progress within a specified time. Courses completed at the 1000-2000 level will transfer to Lindsey Wilson College as 1000-2000 level credits only. A maximum of 64 credit hours may be accepted from regionally accredited junior or community colleges. Additional credit hours will be accepted only when appropriate and when permission is given by the Academic Unit/Division Chair/Director or the Registrar's Office.

### **International Students**

Lindsey Wilson College welcomes applications from international students. International students who demonstrate a high level of English proficiency and a desire for an education will be considered for admission. International applicants must adhere to the following:

1. All international applications for admission to Lindsey Wilson College must be completed by the individual applying for the program. Friends or relatives may not act as intermediaries;
2. Students must submit a high school transcript and/or a diploma reflecting their graduation date, class rank, and grade point average. The document must be translated into English; and
3. Students transferring from another college or university must submit all postsecondary education transcripts, including transcripts from language institutes. The transcripts must be translated into English.

All international students must submit an affidavit of financial support from a bank or employer reflecting available funds for college expenses or other proof that financial obligations will be met.

*International students and students who have been out of high school one year or more and who are applying to undergraduate programs* may have the American College Test (ACT) or the Scholastic Assessment Test (SAT) requirement waived. Students without scores from either the ACT or SAT may be required to take a series of placement tests on campus.

An acceptable level of English proficiency is required of all international students applying to undergraduate programs. One of the following methods may be used to demonstrate English proficiency:

1. TOEFL (Test of English as a Foreign Language) score of at least 450 paper-based, 133 computer-based, or 45 iBT. The official test score must be sent to the Admissions Office;
2. English is the student's native language; or
3. Michigan Placement Test Score of at least 60 and attendance of a summer-orientation program.

International students applying to a graduate program must take and submit scores for the TOEFL (Test of English as a Foreign Language) or the IELTS (International English Language Testing System). The minimum acceptable score for the TOEFL is 550 for the paper-based test or a total score of 79 or above with section scores of 21 on writing and 19 on reading on the Internet-based test (iBT). The minimum acceptable composite score for the IELTS is 6.5.

### **Visiting Students**

A student enrolled at another college may apply for admission to Lindsey Wilson College as a visiting student. Prior to acceptance, a visiting student must submit an official statement of approval from the academic dean or registrar of the institution in which he or she is currently enrolled.

### **Graduate Students**

The admission criteria for the College's Doctor of Philosophy in Counselor Education & Supervision, Master of Education degree programs in Counseling & Human Development and Teacher as Leader, Master of Business Administration, and Master of Arts in Interactive Design are specific to each program. Individuals interested in these programs should consult the appropriate Program Application Procedure section of the catalog.

### **Students with Disabilities**

Lindsey Wilson College accepts students with disabilities and provides reasonable accommodation that will facilitate success. Depending on the nature of the disability, some students may need to take a lighter course load and may need more than four years to graduate. Students needing accommodation should apply to the College as early as possible, usually before May 15.

Immediately after acceptance, students must identify and document the nature of their disabilities with Mr. Ben Martin, the Learning & Physical Disabilities Coordinator. It is the responsibility of the student to provide the Learning & Physical Disabilities Coordinator with appropriate materials documenting the learning disability. Learning disabilities are typically documented by a recent high school Individualized Education Program (IEP) and results from testing conducted by a psychologist, psychiatrist, or a qualified, licensed person. The College does not provide assessment services for students who may be learning disabled. Although Lindsey Wilson provides limited personal counseling for all students, the College does not have structured programs available for students with emotional or behavioral disabilities. For more information, contact Mr. Martin at (270) 384-7479.

In addition, applicants to Lindsey Wilson College's School of Professional Counseling may wish to contact one of the following individuals, depending upon degree and program:

- Bachelor's degree-seeking applicants to community campuses: Ms. Myra Ford, Director of the Human Services & Counseling program, (270) 384-8153.
- Master's degree-seeking applicants to community campuses: Dr. Jeffrey Crane, Director of the Counseling & Human Development program, (270) 384-8160.
- Doctoral degree-seeking candidates: Dr. Jeffrey Parsons, Director of the Counselor Education & Supervision program, (270) 384-8166.

Applicants to the Scottsville Campus may also wish to contact Ms. Dorinda Livesay, Enrollment Manager, at (270) 237-9136.

Applicants to the Master of Arts program in Interactive Design may also wish to contact Mr. David Meyers, Program Coordinator, at (270) 384-8224.

Applicants to the Master of Business Administration program may also wish to contact Ms. Linda McKinley-Grider, Chair, School of Business, at (270) 384-7385.

Applicants to the Master of Education Teacher as Leader program may also wish to contact Dr. David Moffett, Chair, Division of Education, at (270) 384-8135.

Applicants to any of the online programs, whether graduate or undergraduate, may wish to contact Dr. Dennis Robinson, Director of Online Education, at (270) 384-8224.

### **Readmission**

Students who have previously attended Lindsey Wilson College and desire to re-enter must complete a new Application for Admission and submit transcripts from all colleges and universities attended since leaving Lindsey Wilson. All applicants for readmission will be reviewed for academic, financial, and social standing by the Admissions Committee. The student may be asked to meet with the Admissions Committee before the decision is made.

### **Credit by Examination and Transfer**

#### **Transfer Credit Approval**

To assure credit for a course(s) accepted in general education or as a general elective taken at another institution, prior approval from the Registrar's Office must be obtained. For a course(s) in a student's major, written approval must be obtained from the Academic Unit/Division Chair/Director and the Registrar's Office. Upon completion of the course(s), an official transcript must be submitted to the Registrar's Office. Transfer credit is accepted only from regionally accredited two- and four-year colleges and universities and is accepted only for coursework equivalent to Lindsey Wilson College degree program courses.

Credits earned at Lindsey Wilson College are transferable to another institution at the discretion of the receiving institution.

#### **General Education Full and Category Certification**

Lindsey Wilson College recognizes completion of its general education requirement for those students transferring from Kentucky Community & Technical College System (KCTCS) institutions who have completed requirements for General Education Full Certification\* provided grades of C or higher have been earned in all relevant mathematics and English composition courses. If mathematics or English composition courses have been taken and grades below C have been earned, those courses (or equivalent courses) must be repeated until a grade of at least C is earned. Transfer credit is accepted from regionally-accredited two- and four-year colleges only and is accepted only for coursework equivalent to Lindsey Wilson College degree program courses.

*\*General Education Full Certification from KCTCS institutions requires 60 semester hours of coursework in writing, communication, humanities, social interaction, science and mathematics.*

**Note:** Students who enter under this policy will be required to complete three credit hours in religion.

In addition, KCTCS students who have not completed all general education requirements at their home institution may be General Education Category Certified. Students who have not been General Education Category Certified may be category certified or general education core certified by their home institutions. Lindsey Wilson College will recognize these designations as fulfilling the corresponding Lindsey Wilson Essential Student Learning Outcomes General Education requirements.

Lindsey Wilson College also has general education articulation agreements with community colleges in Virginia and Ohio and with some private institutions. Students should contact the Registrar's Office for the details of these agreements.

All general education transfer arrangements are reviewed to insure ongoing compliance with accreditation requirements and are evaluated to insure consistency with institutional requirements. The review is conducted annually by the Academic Affairs Office (Vice President of Academic Affairs and Associate Academic Dean) and the Registrar's Office.

Lindsey Wilson College is authorized for operation as a postsecondary educational institution by the following state agencies. These authorizations must be renewed each year and are based on an evaluation by minimum standards concerning quality of education, ethical business practices, health and safety, and fiscal responsibility.

- Kentucky: Kentucky Council on Postsecondary Education, 1024 Capital Center Drive, Ste. 320, Frankfort, KY 40601-8204; (502) 573-1555.
- Ohio: Ohio Department of Higher Education, 25 South Front Street, Columbus, OH 43215; (614) 466-6000.
- Tennessee: Tennessee Higher Education Commission, 404 James Robertson Parkway, Suite 1900, Nashville, TN 37243; (615) 741-3605.
- Virginia: Commonwealth of Virginia, P.O. Box 1475, Richmond, VA 23212; (804) 786-3586.
- West Virginia: West Virginia Higher Education Policy Commission, 1018 Kanawha Blvd, East-Ste. 700, Charleston, WV 25301; (304) 558-2101.

### **Advanced Placement and Credit by Examination**

Students who have completed College Board Advanced Placement courses (AP) and earned scores of 3 or higher will receive credit in the appropriate discipline. Because the AP proficiency examination follows the completion of a college-level course taken while the student is in high school, details may be obtained from the high school counselor. The AP score should be sent to the Admissions Office at the time of application or as soon as possible thereafter.

Placement in writing courses is determined through the student's score on the English section of the ACT (American College Test) or through a writing sample administered to new students. An ACT English sub-score of 25 or above waives the ENGL 1013 requirement, allowing the student an additional three hours of elective credit.

Placement in mathematics courses is determined through the student's score on the mathematics section of the ACT. An ACT mathematics sub-score of 26 or above waives the mathematics general education requirement, allowing the student an additional three hours of elective credit.

### **Credit for Completion of International Baccalaureate Certificate or Diploma Programs**

Placement and/or credit is available for Higher-Level Exams with scores of 5, 6 or 7 (on either the certificate or the diploma). Students must obtain course equivalency recommendations from the relevant programs or academic units. Coursework from the classes taken in preparation for the exams may be helpful in demonstrating what was covered.

### **College Level Examination Program (CLEP) Examinations**

A maximum of 15 credit hours may be awarded on the basis of College Level Examination Program (CLEP) examinations for associate's degree programs, and a maximum of 30 hours of CLEP credit may be applied to bachelor's degree programs. Lindsey Wilson College is a limited CLEP testing center, which means CLEP tests may be taken on campus and results may be submitted to other institutions as well. A score of 500 or 50, depending on how the scores are reported, is required for passing, except for the general examination for English composition, for which the minimum score is 610. To count for Lindsey Wilson College coursework, CLEP credit must be pre-approved by the Registrar's Office.

## **Course Audit**

Special arrangements may be made at the time of registration to audit courses without receiving credit. An auditor is defined as a student who attends a course regularly without being required to take part in recitation, written work, or final examination.

## **Dual Credit Courses**

A dual credit course is one high school seniors nominated by their high school may take at or through Lindsey Wilson College. Any earned credits will count for College credit and may also count for high school credit, depending upon the high school's guidelines. In order for Lindsey Wilson to assume full responsibility for the academic quality of the dual credit courses it offers, the following conditions must be met:

- The course is one which has been approved by Lindsey Wilson faculty in the normal manner for all recognized course offerings at the College;
- The course is instructed by a person who meets normally applied College standards with regard to credentials, experience, etc.;
- The number of credits is appropriate to the normally applied College standards for the number of contact hours and other work expectations;
- In those cases where the course is taught at the high school rather than in a College facility and where that facility must support laboratories or other special needs, the College will examine the facility and determine if it is adequate for the course in question prior to the semester in which the course is offered;
- If the instructor is not a member of the College faculty, that person will meet all criteria normally applied for appointment at the rank of instructor. The syllabus for the course and all quizzes, tests, and other graded material will be reviewed by the program coordinator and approved by the relevant Academic Unit/Division Chair/Director sponsoring the course prior to the semester in which the course is offered. The Student Learning Outcomes (SLOs) for the course are required to be the same as those for the course as taught at the College. The instructor will be required to follow College guidelines as stated in the adjunct section of *The Faculty Handbook*;
- Students enrolled in a dual credit course will have all rights of access to academic materials normally afforded students at the College;
- Students enrolled in such a course will have all rights of appeal normally afforded Lindsey Wilson College students in the event of any differences with regard to grades or other academic matters; and
- The course follows the syllabus, including SLOs and assessment normally used in the course. SLOs are determined by the academic program.

Financial assistance will not be extended to students enrolled in dual credit courses. Applicable fees will be applied by the Business Office and must be paid prior to the beginning of the course in question. See Tuition and Fees for dual credit tuition charges.

## **Credit for Military Training**

Upon presentation of an authenticated DD 214 form, Lindsey Wilson College will examine, validate, and may award credit for military training according to American Council on Education (ACE) guidelines. Such credit will not exceed 30 credits or 25% of the credit hours applied toward a degree and will be applied to general education, elective, or major requirements, according to College policy.

Veterans are eligible for financial assistance. Lindsey Wilson College participates in the Yellow Ribbon Programs for veterans.

### **Prior Learning Assessment Policy**

Lindsey Wilson College recognizes that college-level learning may occur from a variety of life and work experiences. Students who have earned a minimum of 12 credits of college-level work and who are currently in good academic standing at Lindsey Wilson College are eligible to participate in prior learning assessment.

Students may earn up to 25% of the requirements for their degree program through prior learning assessment. Students must meet residency requirements for the College and must earn at least half of the credit hours required for their major from the College.

Prior learning must match existing courses using the course descriptions and student learning outcomes for guidance. The following guidelines and methods are acceptable for validating prior learning for the purpose of awarding credit:

1. Credit demonstrated by successfully passing national for-credit examination programs, specifically CLEP (the College Board College Level Examination) and Advanced Placement (AP) exams. The scores that constitute a passing score are available elsewhere in the College catalog;
2. Credit recommendations made by the American Council on Education (ACE), if approved by the appropriate program;
3. Individual portfolios evaluated by Council for Adult and Experiential Learning's (CAEL) national prior learning assessment service, LearningCounts.org, or by College faculty who have been trained in portfolio assessment;
4. Challenge exams developed and/or approved by faculty and approved by the program offering the course that is challenged; and/or
5. Performance-based assessments developed and evaluated by faculty trained in performance assessment and approved by the program that offers credit for the assessment.

Prior learning credits shall be applied to meeting degree or program requirements by the same manner as credits earned at the awarding institutions. Prior learning credit is transcribed with course title and number for the credit awarded. Grades of Credit/No Credit (CR/NC) are awarded; letter grades are not awarded.

The receiving institution's policies will determine whether credits earned through prior learning assessment will be transferable.

### **Policy on Continuing Education Programs and Units**

The Continuing Education Unit (CEU) measures individual participation in noncredit continuing education. The CEU serves as the College's format for reporting institutional compliance with SACS COC comprehensive standard 3.4.2, which requires that all outreach activities are aligned with the College's mission. All significant postsecondary level learning experiences for which degree credit is not earned will be recognized through the use of the CEU. The term "credit" is reserved for those learning activities which typically lead to a degree or diploma.

CEUs are issued in whole and half hour increments and are quantified as the number of instructional hours divided by ten. Partial increments are rounded down to the next nearest half hour. Approved CEU programs should normally be offered for no less than five contact hours (.5 CEU credits).

### **Katie Murrell Library Services**

The Katie Murrell Library, housed in the Holloway Building on the A.P. White Campus in Columbia, is a 24,000 square foot facility that serves the College's educational programs. The library provides access to a multimedia collection of 478,000 cataloged titles. This includes 62,000 locally held books and AV titles, over 278,000 ebooks, and numerous other online resources with

literary, scientific, business, statistical, and reference information as well as streaming music and video titles. A juvenile and curriculum collection supports students in the teacher education programs, and a leisure fiction collection provides access to recreational reading. Collections are, in large part, available electronically through computers, tablets, or mobile phones.

The library has 45 public access terminals where students can do research, write papers, complete assignments, or use the Internet. Laser printers, scanners, and digital/video cameras provide additional support for student research and classroom assignments. Students at the A.P. White Campus in Columbia receive a printing allowance each semester that allows them to print in the library and in the computer labs. The library supports and maintains classroom technology at the A.P. White Campus in Columbia.

Library facilities include individual study carrels, group tables, a computer lab, the juvenile/curriculum library, a conference room, and group study rooms. Sofas and other casual seating can be found in the New Books and Periodicals areas and in the Thomas D. Clark Reading Room. A wireless network allows Internet access through laptops, tablets, or other mobile devices. Library staff members work to make the library a place for quiet study and to provide support and instruction to students on the use of the library, its collections, and technology.

### **Periodicals, Magazines, and Full-Text Databases**

Students may access more than 29,000 magazines, newspapers, and journals in online and print formats. The library incorporates numerous full-text databases into its collection, both specialized and general, through the Kentucky Virtual Library and the Appalachian College Association. Using the Internet, students and faculty members have 24-hour access to significant academic and learning resources within the library, in campus offices, in the residence halls, and at home.

### **Network, Consortia Affiliations, and Interlibrary Loan Services**

The library is a member of the Kentucky Library Network and participates in regional networks of libraries under the Kentucky Virtual Library, Online Computer Library Center (OCLC), the Appalachian College Association (ACA), the Association of Independent Kentucky Colleges & Universities (AIKCU), and the Federation of Kentucky Academic Libraries (FoKAL). Under these partnerships, patrons may borrow books and articles from libraries within Kentucky, in the larger region, and around the country. Using an online interlibrary loan system, students may search for and request items from libraries around the nation. A statewide courier system delivers books and articles from libraries within Kentucky three days a week.

### **Government Documents**

The Katie Murrell Library is a member of the Federal Depository Library Program (FDLP). It receives selected government documents in print and electronic formats. Using the online catalog, students may access over 41,000 documents and government web sites. Other links provide access to key agencies and services within the government. These include periodicals, statistics, census data, legislative information, consumer literature, agency directories, government spending data, and research summaries from all branches of the federal government.

### **Library Orientation and Instruction**

Entering students are oriented to the library and to other academic support services through an orientation week Information Fair. The library offers general and specialized instruction to all levels of students through individual instruction and class visits. Instructional videos are also available through the library web page and from the online course management system. During their time at Lindsey Wilson College, students work with a professional, student-centered staff to develop their research, knowledge, and information literacy skills.

### **Community Campus Services**

The library provides library services to its faculty and students at all of its community campuses. These include substantial online collections, information packets, online training videos, face-to-

face instructional visits, delivery of books and articles, embedded email assistance, and phone access through a toll-free phone number.

### **Area Resident Services**

The library provides measured access to library collections, databases, and services for area residents. Visitors may use library computers, printers, and the photocopier, and they may access the campus wireless network. To check items out, area residents must verify their address and also complete and sign an Area Resident Application form.

## **Campus Life – A.P. White Campus in Columbia**

### **Arts and Lecture Series**

The College's Cultural Affairs Committee coordinates an annual Arts and Lectures Series for the A.P. White Campus in Columbia. Authors, scholars, and musicians are invited to campus to speak or perform, allowing students to engage with a variety of writers, thinkers, performers, and musicians. Each year a writer or scholar from the Woodrow Wilson Fellows program spends a week in residency, meeting with classes, students, and faculty. Events also include performances by the College theatre program as well as by the College choral and instrumental ensembles. Events in the Arts and Lecture series are an important part of the educational experience at the College, and students are encouraged to attend.

### **Lucretia C. Begley Gallery**

An important extension of campus life and the community, the Lucretia C. Begley Gallery hosts exhibitions by artists working in a wide range of media and subjects. In addition to fostering greater appreciation for the visual arts and exemplifying working practices of artists, a primary function of the gallery is to feature exhibitions of Art Major Seminar students, required of art majors before they graduate. The gallery is located in the W.W. Slider Humanities Center.

### **Other Cultural Events**

Student Services presents a number of lectures and interactive cultural events each semester on a changing schedule. The Student Activities Office in the Cralle Student Union Building (SUB) may be contacted for the schedule of events.

The Academic Affairs Office plans Academic Celebrations near the end of the fall and spring terms where students are invited to present their research and service learning projects in poster sessions and short presentations. The events are open to College and community members.

The Lindsey Players, the LWC Band, and choral groups present a variety of plays and concerts each semester. Recitals by instrumental and vocal students are also open to the public.

### **Florece en Lindsey**

*Florece en Lindsey* fosters access and success of Latino and other emerging minority students at Lindsey Wilson College. *Florece en Lindsey* seeks to form partnerships with community organizations, develop a climate of intercultural competence, and adopt policies and practices that support student access and success.

### **Center for Public Life**

In conjunction with Kentucky Campus Compact, Lindsey Wilson College has developed a Center for Public Life to promote civic dialogue on important public issues.

### **Sustainable Environment**

The Office of Sustainability promotes a culture of sustainability at Lindsey Wilson College, integrating principles of ecological integrity and social equity into academic practices and partnerships. The office seeks to provide innovative solutions to local and global environmental

challenges, to prepare students as engaged and responsible stewards of the environment, and to observe best practices in campus operations and services.

### **Spiritual Life**

Activities and programs to foster a spiritual climate and contribute to the development of spiritual growth are available to students at Lindsey Wilson College. The Spiritual Life Committee, comprising faculty, staff, and students, coordinates regular chapel services and opportunities for participation in student organizations dedicated to personal growth and commitment. The College employs a full-time and an assistant chaplain to coordinate religious programming and to provide pastoral counseling services to all students. Students are urged to maintain meaningful relationships with their home churches, but they are also encouraged to attend one of the many area churches.

### **Intercollegiate Sports**

Lindsey Wilson College offers a comprehensive program for student athletes who wish to participate in intercollegiate athletics. Men's varsity sports include baseball, basketball, bowling, cross country, football, golf, soccer, swimming, tennis, track and field, and wrestling. Men's JV sports include baseball, basketball, football, soccer, and wrestling. Women's varsity sports include basketball, bowling, cross country, golf, soccer, softball, swimming, tennis, track and field, and volleyball. Women's JV sports consist of basketball, soccer, softball, and volleyball. The College also participates in co-ed intercollegiate competition in men's and women's cycling, dance, and cheerleading. Lindsey Wilson men and women participate in the Mid-South Conference (MSC) under the direction of the National Association of Intercollegiate Athletics (NAIA).

### **Intramural Programs**

As part of Lindsey Wilson College's Campus Recreation, intramural sports offer opportunities for a variety of activities that may improve wellness and fitness. The program also provides competitive and cooperative activities along with opportunities to learn and practice leadership and planning. Additional information may be found at the intramural program's web-page:  
<<http://www.lindsey.edu/offices-and-services/campus-recreation/intramurals.aspx>>.

### **Student Government Association**

The Lindsey Wilson College Student Government Association (SGA) is responsible for coordinating student clubs and organizations for the purpose of student development and student leadership. It is active in assisting with the planning, promotion, and coordination of student activities and community-service projects. SGA exists to provide leadership opportunities through student governance and to serve as a voice for student concerns and needs.

Officers are elected in the spring semester for the following academic year. SGA members represent the recognized student organizations with additional members-at-large. The diversity of membership provides many opportunities for involvement in campus leadership.

### **Clubs and Organizations**

Clubs and organizations are formed to meet student needs and interests. These include both academic and special interest clubs. Some of the clubs and organizations active on campus are:

- Accounting Club\*
- Alpha Chi (National Honor Society)
- Alpha Phi Sigma (National Criminal Justice Honor Society, Mu Sigma Chapter)
- Alpha Psi Omega (National Theater Honor Society)
- Art Club\*
- Chi Sigma Iota Honor Society (Counseling)

- Student Alumni Relations Council (SARC)\*
- Student Activities Board\*
- Student Ambassadors
- Student Athlete Advisory Council\*
- Student Government Association (SGA)\*
- Student League of Sciences\*
- Tea Club\*
- Unidos\*
- Women's Student Union\*

*\*Members of Student Government.*

Lindsey Wilson College is also a participant in the Bonner Leader Program and in Kentucky Campus Compact, both of which support service to the campus and the community. For descriptions or additional information, please refer to the *Lindsey Wilson College Student Handbook*.

### **Student Publications**

Lindsey Wilson College's student publications offer the opportunity to refine journalism, writing, and organizational skills. Students produce three general circulation publications: *RaiderView*, a student newspaper and online journal; *Orpheus*, the annual literary journal; and the *Alpha Kappa Phi Review*, an annual undergraduate research journal in the humanities. In addition, students have the opportunity to assist with and to have papers included in the *North American Social Science Review*, which is published under the auspices of the Division of Social Science & Interdisciplinary Studies. Various student clubs and organizations on campus also produce publications for their membership and to promote their causes.

## **Conduct Policies**

### **Conduct**

Lindsey Wilson College students are expected to conduct themselves in a manner consistent with the ideals of the College community. Enrollment at Lindsey Wilson College is regarded as a privilege which may be withdrawn from anyone who does not respect the standards of the College or the rights of others. Rules and regulations, which govern the lives and conduct of Lindsey Wilson College students, are stated in *The Student Handbook*.

Each student is responsible for behaving appropriately as a campus citizen. *The Student Handbook* is available on the College's website as a PDF document. Each fall, students are instructed to log into the Blue Raider Portal to update their student records and to electronically sign that they have read and understood *The Student Handbook*. International students review *The*

*Student Handbook* during their international student orientation and then sign a statement that they have read and understood *The Student Handbook*.

### **Drug-Free Environment**

Lindsey Wilson College is committed to providing a healthy and safe environment for its students. The College is in compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. Standards of conduct relating to the unlawful possession, use, dispensing, distribution, or manufacturing of alcohol or illicit drugs are available for review in the Office of the Vice President for Student Services & Enrollment Management. These standards of conduct will be applicable while on Lindsey Wilson College property, and elsewhere while on College business, and/or while attending College-sponsored activities.

### **Student Services**

The Student Services Office, located on the second floor of the L. R. McDonald Administration Building on the A.P. White Campus in Columbia, is responsible for coordinating the following areas: admissions, athletics, student activities, career services, international students, student government, residence life, health and wellness center, intramural activities, public safety and security, student health, public relations, Upward Bound, and student publications. Each department has a staff member responsible for day-to-day operations. Their respective office locations and extension numbers may be found in *The Student Handbook*.

### **Campus Nurse**

The Campus Nurse is located in the Blue Raider Sports Medicine Office, which is in the basement of Phillips Hall. The office is open to all students for the purpose of consultation, administering prescribed medication (e.g., allergy shots), checking blood pressure, and providing overall health information and general minor treatments and referrals. Office hours are posted on the door and on the Residence Hall bulletin boards.

### **Public Safety & Security**

A college security officer is scheduled to be on duty on the A.P. White Campus in Columbia 24 hours each day. The main security office is located in the Cralle Student Union Building. All residential students should assist the College and campus security officers in maintaining adequate protection within the residence halls and on campus. As members of the campus community, students should immediately notify the residence hall directors or security officer on duty concerning the presence of unauthorized individuals in residence halls or any situation requiring their assistance. For emergency assistance, students may dial (270) 384-8106 or, from a campus extension, 8106 or 9-911. Emergency call boxes on the A.P. White Campus in Columbia are located behind the J. L. Turner Leadership Center, Biggers Sports Center, and Phillips Hall. During fall and spring semesters, the academic buildings will open at 7 a.m. CT Monday through Friday and will close at 10:45 p.m. CT Monday through Thursday and at 5 p.m. CT on Friday.

Community campus security is provided in partnership with the community college campuses.

### **Cralle Student Union Building (SUB)**

The Cralle Student Union Building is the hub of social activity on campus. Known as the SUB, it is the central meeting place of students, faculty, and staff. The SUB houses the College Bookstore and several offices vital to students and staff: the Service Center, the central office for mail and phone services on campus; Public Safety & Security; Student Activities; International Student Programs; and Student Government Association. Students and staff can meet at the Blue Raider Café for food and conversation, and a Starbucks kiosk serves a wide assortment of hot and iced coffees and teas. The campus game room, TV areas, and internet café are favorite places for students to enjoy breaks from their studies.

## **Bookstore**

The Lindsey Wilson College Bookstore is located in the Cralle SUB. It carries a wide variety of classroom supplies, new and used textbooks, greeting cards, toiletries, and a line of fashion wear and mementoes exclusively designed for Lindsey Wilson College students. Bookstore hours are 8:30 a.m. to 5:30 p.m. CT on Monday and Thursday; 7:30 a.m. to 4:30 p.m. CT on Tuesday, Wednesday, and Friday. Visa, MasterCard, and Discover are honored.

## **Food Services**

The Roberta D. Cranmer Dining & Conference Center is available to students and campus visitors. Opened in 1993, the facility is recognized to be among the finest in the region. All residential students are required to purchase the standard College meal plan. The Cranmer Dining & Conference Center provides a broad menu of entrées, grill items, pasta, sandwiches, soup, salads, and desserts. Students are encouraged to offer comments and suggestions to the Director of Auxiliary Services to improve the campus dining experience.

The Blue Raider Café, located in the Cralle Student Union Building, serves a variety of lighter menu items.

## **Residence Halls**

Any full-time Lindsey Wilson College student who does not live with a parent or guardian must live in one of the residence halls, unless he or she qualifies as an independent student under policies described in *The Student Handbook*. All housing assignments are managed by the Residence Life Office. Room assignments are made on the basis of double occupancy. Single rooms, at an extra charge, are available by request provided there are vacancies.

Students desiring housing may complete a housing application and forward it with the designated housing fee to: Residence Life Office, Lindsey Wilson College, 210 Lindsey Wilson Street, Columbia, KY 42728. A room will be reserved once a room and board contract is signed and a housing fee is received and on file in the Residence Life Office. The standards and guidelines pertaining to residence life are explained in *The Student Handbook*.

Students applying for room assignments may indicate a preference of a roommate. Whenever possible, such requests are granted. Returning students' requests are given first consideration.

While changes in room assignments are sometimes possible, permission must be granted by the appropriate residence director.

Rooms are normally furnished with the following: telephone jacks, television cable with service hookups, Ethernet computer data lines, wireless data connections, single beds, chests of drawers, mirrors, closets, and study desks. Sheets, blankets, pillows, and towels must be furnished by the student. Students are responsible for items of personal property they bring on campus or have in their rooms. The College is not responsible for damage to or loss of a student's property.

## **Vehicles**

Students must register their vehicles during orientation/registration or within 24 hours of bringing the vehicle on campus if the session already has begun. Proof of insurance and a \$10.00 fee must be presented in order to receive a parking permit. Permits are issued by Public Safety & Security. Students are directed to park in designated areas on campus. Blue lots are reserved for residential students, and white lots are reserved for commuter students.

## **Advising Services**

### **First-Year Experience Advisors**

Lindsey Wilson College provides a staff of full-time First-Year Experience Advisors who, along with faculty, work with freshmen during their first year in college. The First-Year Experience Advisors are located in T.D & Rowena Everett Center. Freshmen are assigned to a First-Year

Experience Advisor or to a faculty advisor. First-Year Experience Advisors teach many of the First-Year Experience Seminar classes, monitor class attendance and academic performance, coordinate study halls, evaluate testing results, conduct periodic surveys of student needs, participate in campus social activities with freshmen, assist students with course selection and registration, and meet regularly with their advisees.

### **Faculty Advisors**

Many freshmen and all other students are regularly advised by full-time faculty members. The advisors guide students to successful college graduation. Advising includes helping students set educational and career goals, assisting students in understanding the culture and expectations of the College, providing support in planning a program consistent with a student's interests and abilities, monitoring academic progress, and integrating the resources of the institution to help an advisee succeed. Advisors seek to serve as role models while developing reciprocal professional relationships with students.

## **Tutoring Services**

### **Academic Success Center**

Located in T.D & Rowena Everett Center, the Academic Success Center (ASC) offers peer tutoring to aid students in completing class assignments, preparing for examinations, and improving their understanding of content covered in a particular course. In addition, computers are available for students' academic use. On-line tutoring in a variety of subjects is provided for students through Smarthinking. Students are encouraged to utilize the center as a resource for improving study strategies and reading techniques. The center also offers assistance with other academic problems. All services are provided at no extra charge to Lindsey Wilson College students. Please contact Ms. Mareta Garner, Tutor Coordinator, at (270) 384-8037 for further information and assistance.

### **Mathematics Center**

Located in Room 129 of the Fugitte Science Center, the Mathematics Center provides tutoring in mathematics for students enrolled in mathematics courses. The tutoring services are provided at no extra charge. Tutoring appointments are not necessary but are encouraged for those who use the center often. Course assignments may be completed in the center's computer lab. The center's hours of operation are posted on the entrance door. Please contact Ms. Linda Kessler, Math Tutor Coordinator, at (270) 384-8115 for further information and assistance.

### **Writing Center**

The Writing Center provides one-to-one assistance and group or class workshops to undergraduate and graduate students, faculty, and staff in an effort to support its belief that writing serves as one of the primary means for learning and communicating. Services are free to all experience levels and at any point in the writing process. The center is located in Room 200 of the W.W. Slider Humanities Center. Online sessions are available to Lindsey Wilson College writers at community campuses. Please contact Mr. Jared Odd, Writing Center Coordinator, at (270) 384-8029 for further information and assistance.

## **Counseling and Career Services**

### **Counseling Services**

Personal and confidential counseling is provided by a licensed professional from The Adanta Counseling Group and by the College Chaplain and assistant chaplains. Whether it is a religious question, a personal relationship issue, a career decision, or the need for an unbiased opinion, counselors are available and ready to provide assistance. Referral to outside agencies is also available when requested or needed.

## Career Services

The Career Services Office is located in the Center for Civic Engagement & Student Leadership. The office assists students seeking employment and offers career counseling. Services available include:

- Career advice and counseling through personal counseling and computer use;
- A library of employment and career information, employer literature, and graduate school information;
- Workshops about job-search strategies;
- Job vacancy announcements and personal job referrals;
- Credential services for students and alumni; and
- Assistance locating off-campus employment.

Please contact the Director of Career Services at (270) 384-8065 for further information and assistance.

**Terms of Payment**

All fees are payable at the Business Office. No student is permitted to complete registration or attend classes until all fees and charges are paid. Students or their parents who find it necessary to make special financial arrangements may sign a contract for semester charges as follows:

The College has contracted with a third party – Educational Computer Systems, Inc. (ECSI) – to service accounts and collect payments. The payment plan for each student will be mutually developed between the College and the student/family. Any student account that projects an outstanding balance after initial payment and financial aid have been applied will be enrolled with ECSI Tuition Payment Plan. There is a \$55 enrollment fee.

Transcripts will not be released to students who are indebted to the College. Registration at the College for another semester will not be permitted until any indebtedness is fully paid. In addition, the Business Office will hold the diploma of any student who has met all graduation requirements but who has an outstanding student account balance. The diploma will be released to the student when the account is paid in full.

**Withdrawal Refund Policy**

Official withdrawals from the College require that a formal withdrawal process be followed. This includes the completion of an official Withdrawal form that requires authorizing signatures from

the Academic Affairs, Financial Aid, Registrar's, and Business Offices. Contact the Business Office at (270) 384-8011 for specific semester dates and refund amounts. Students who withdraw are subject to the following tuition refund policy:

- 100% before the second day of the semester.
- On the second day of the semester and thereafter, tuition refunds are calculated by determining the percentage of instructional days the student will not be attending to the total number of instructional days in the semester. The student will receive a pro-rated refund, to the student account, based upon that percentage.
- In the case of the winter term, no refunds will be made after the end of registration (first day of classes).
- Should the official withdrawal date occur after 60% of the instructional days in the semester have been completed, no refunds will be granted. **This policy applies to day, on-line, AIM, and Community Campus classes.**
- In determining the percentage of the payment period or period of enrollment completed for a student who withdraws from a program offered in modules, the school includes in the denominator (the total number of calendar days in the payment period or period of enrollment) all days within the period that the student was scheduled to complete prior to ceasing attendance. Unless a student provides written confirmation of future attendance in the payment period or period of enrollment, a student who drops all the future classes that s/he was scheduled to attend between modules (when the student is not attending classes) is considered to have withdrawn, and a Return of Title IV Funds calculation is required. Adjustment to a student's enrollment status made after a student has ceased attendance has no bearing on the Return of Title IV Funds requirements. Therefore, if a student who is scheduled to attend both modules in a payment period or period of enrollment drops all future classes (the two remaining modules) during the period between the first and second module (when the student is not attending any classes), the days in module two are included in the total number of calendar days in the payment period or period of enrollment. The days in the remaining modules are included whether a student ceased attendance during or completed the first module. The days in the remaining modules are included in the number of days in the payment period or the period of enrollment whether the student's future enrollment is cancelled by the student or the College.

The official date for the refund calculation of "instructional days not attended" shall be the date on the official Withdrawal form presented to the Business Office. The Office of Student Financial Services will review unofficial withdrawals (F or NC grades) at the end of each semester to determine if a Return of Title IV Funds calculation is necessary.

The formula used in the federal Return of Titles IV Funds calculation divides the aid disbursed to the student account into "earned aid" and "unearned aid." During the first 60% of the period of enrollment (semester), the student "earns" Title IV funds in direct proportion to the length of time the student remains enrolled. If the student remains enrolled beyond the 60% point of the semester, then aid is considered earned for the period (semester). "Unearned" Title IV funds is the amount of disbursed aid that exceeds the amount of aid earned under the formula.

**Note:** Also see the following policies: Transcript Records of Dropped Courses and Adding and/or Dropping a Course.

### **Return of Title IV Federal Student Aid**

If a student completely withdraws from the College during the first 60% of a semester, a portion of the federal Title IV aid disbursed to the student must be returned to the financial aid programs. The percentage of Title IV aid required to be returned is based on the percentage of time remaining in the semester as of the student's date of withdrawal. (This is the date a student provides a properly completed Withdrawal form to the Registrar's Office indicating the student's intent to completely withdraw from the College.) The amount of assistance that a student has earned is determined on a

pro-rata basis. The College must determine the treatment of the student's Title IV program assistance on a payment period basis. The percent of the payment period represents the percentage of aid earned by the student.

It is the College's responsibility to return unearned aid within 45 days of withdrawal.

Funds will be returned first to the Title IV loan programs and then the Title IV grant programs in the following order:

1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Federal Perkins Loan
4. Federal Plus Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant

### **Other Refund Rules**

#### **Dropping a Course**

In all cases, once a financial aid disbursement check is mailed to the student, there will be no refunds given on any courses dropped. If a course is dropped before it begins and adjustments are made to the student's account, the financial aid package will be adjusted accordingly. For day courses, no refund will be made on a course dropped after the second week following the first day of classes for the fall and spring semesters. For AIM courses, no refund will be made on a course dropped after the first week following the first day of classes. For Lindsey Wilson College courses at community campus locations, no refunds will be given on a dropped course once the course has begun.

#### **Winter Session Courses**

No refunds of charges are granted after the registration deadline.

#### **Summer Session Courses**

Refunds of charges are based on the number of hours and the term(s) for which the student is registered.

#### **Board**

The official withdrawal date determines the amount of prorated refund, if any, a student may receive.

#### **Residence Hall Room**

No refund will be made on residence hall rent after the first week of classes because rooms are engaged for the entire semester.

#### **Student Activity Fee**

This fee is non-refundable after the first week of classes. The fee covers the cost of activities the College has contracted in advance.

#### **Student Technology Fee**

The fee is non-refundable. This fee covers the cost of software licensing and the availability of technology that must be provided at the start of the term.

#### **Suspension and Refunds**

No fees will be refunded to a student suspended by the College.

## Financial Assistance

### General Information

Lindsey Wilson College's financial aid program offers a variety of federal, state, and institutional funds. Financial aid packages may include grants, loans, and student employment. Scholarships may also be awarded to students based on their financial need and/or academic achievement. Applications for admission will be reviewed for scholarship eligibility. All financial aid programs administered through the College require acceptance for admission to the College and completion of the Free Application for Federal Student Aid (FAFSA). Students who complete these requirements by November 1 receive priority. Applications submitted after that date will be subject to availability of funds. Each applicant will be notified of financial aid eligibility. Awards will be made to qualified students until funds are depleted. Students who are not eligible for federal programs due to default status or drug-related charges or who are rejected by the federal government for other reasons will not be eligible to receive any financial assistance.

**Note:** Grants and scholarships are awarded only in amounts equal to the direct educational assistance needed for the academic year at hand. Direct educational expenses at Lindsey Wilson College are defined as tuition and fees, in addition to room and board for residential students. All institutional grants and scholarships are awarded, according to individual need, after federal and state awards have been made. Institutional grants and scholarships will be adjusted to prevent over-awarding.

No student will receive more than one institutional academic scholarship. Except for the Begley Scholarship program, all tuition scholarships and grants will cover only the first 12-18 hours each fall and spring semester. Students must pay for any hours more than 18.

Institutional grants and scholarships are available for eight consecutive semesters for bachelor's degree programs and four consecutive semesters for associate's degree programs, when all other restrictions are met. Only those students enrolled full-time on the A.P. White Campus in Columbia are eligible for **institutional grants and scholarships** unless otherwise noted. All institutional scholarships and grants are subject to change without notice.

In accordance with federal regulations for students receiving federal assistance, Lindsey Wilson College has a policy concerning a drug-free environment. This policy is available for review in the Office of the Vice President for Administration & Finance.

### Financial Aid Satisfactory Progress Policy

Students may receive federal financial aid as a full-time or part-time student. Part-time attendance will be prorated accordingly. To remain eligible, the student must meet the conditions of minimum acceptable academic progress. Students placed on probation will lose financial aid eligibility unless they:

- Appeal their probation, *and*
- Have a plan to achieve good academic standing.

See the applicable section of this catalog, Minimum Acceptable Academic Progress.

## Grants

### Federal Pell Grant

This federally funded grant is awarded on the basis of financial need. This grant is the foundation upon which all other aid is based.

### Lindsey Wilson Grant

This grant, funded by Lindsey Wilson College, is designed to help meet a student's financial aid need as determined from the Free Application for Federal Student Aid (FAFSA). This grant

program helps ensure that all students have an opportunity to benefit from a Lindsey Wilson College education.

### **Federal Supplemental Educational Opportunity Grant**

This federally funded grant is awarded to students based on financial need. Priority is given to Pell Grant recipients.

### **Federal Teacher Education Assistance for College and Higher Education (TEACH) Grant**

Students who intend to teach in a public or private elementary or secondary school that serves students from low-income families may be eligible for this grant. In exchange for receiving a TEACH grant, students must agree to serve as a full-time teacher in a high-need field in a school that serves low-income families. Students must teach for at least four academic years within eight calendar years of completing the program of study for which they received a TEACH grant. Failure to complete this service obligation will result in the grant being converted to a Federal Direct Unsubsidized Stafford Loan.

### **Kentucky State Grants**

These grants, funded by the Commonwealth of Kentucky, are awarded according to the need of Kentucky residents attending Kentucky colleges and are subject to availability of funds. The grants are available as a Kentucky Tuition Grant (KTG), College Access Program Grant (CAP), or Kentucky Coal County College Completion Scholarship.

### **Christian Service Grant**

This grant is available to the unmarried children under age 24 and/or spouses of a Kentucky United Methodist minister who is employed in full-time service of the Church. Up to one-half of the tuition will be granted, depending on other financial assistance awarded. It is also available to unmarried children under age 24 and/or spouses of a deceased full-time Kentucky United Methodist minister.

## **Loans**

### **Federal Perkins Loan**

This need-based loan is funded by the federal government and the College.

### **Federal Direct Subsidized Stafford Loan**

This need-based program enables students to borrow a student loan. The loan is insured by the federal government, and the federal government pays the interest while the borrower is enrolled in school at least half-time, during a grace period, and during authorized periods of deferment. Interest will begin to accrue from the beginning of the repayment period.

### **Federal Direct Unsubsidized Stafford Loan**

This is a non-need-based Stafford Loan. This loan is insured by the federal government. Interest begins accruing when the loan is disbursed. The interest rate is determined annually by the federal government. The student is responsible for the interest during in-school and deferment periods.

### **Federal Direct PLUS Loan**

This loan program enables parents with approved credit to borrow for each child who is enrolled at least half-time and who is a dependent student. There is no grace period for these loans. Interest is determined annually by the federal government.

### **Ministerial Loan/Grant**

This assistance is offered to students who plan to enter the ministry of The United Methodist Church. It is given in the form of a need-based loan for up to one-half tuition, which will be forgiven if the student remains in full-time service to the Church for five years after attending Lindsey Wilson College.

### **Lindsey Wilson-Fenley Loan**

This loan is funded by a gift from the late R. B. Fenley, a 1909 Lindsey Wilson College alumnus. This loan is awarded to needy students who might otherwise be unable to attend college, and it is administered by the College using similar guidelines and at the same interest rate as the Perkins Student Loan.

### **Charles Schell Foundation Loan**

This loan program is funded by the Charles E. Schell Foundation. This loan is awarded to students who are citizens of Ohio, Kentucky, West Virginia, or adjoining states. Students must be between the ages of 18 and 25. Students must be loyal to the United States and its institutions, including the Army, Navy, and Air Force. Students must maintain a 2.0 GPA on a 4.0 scale.

## **Employment**

### **Student Employment Programs**

Federal and state programs provide part-time employment opportunities for students who need financial assistance. Employment in the College's student employment program takes place mostly on campus and is based on need.

## **Scholarships**

### **Academic Scholarships**

Academic scholarships require that students maintain a cumulative GPA of at least 2.50 and complete a minimum of 24 credit hours per academic year or meet the standards specified by a particular academic program. Failure to maintain these requirements will result in forfeiture of the scholarship. Upon resumption of the minimal qualifying requirements, students may reapply through the appropriate scholarship granting body. Renewal of a previously lost scholarship is not guaranteed and is subject to availability of funds. No student will receive more than one institutional academic scholarship.

Program scholarships are offered in the following areas: Art, Choral Music, and Instrumental Music. Additional information may be obtained by contacting a faculty member in the program.

### **Begley Scholars Program**

This scholarship is given in honor of Dr. John B. Begley, who served as the President of the College from 1977-1997. The Begley scholarship is merit-based and covers tuition, fees, room, and board. If a student chooses to commute, the scholarship will cover tuition and fees only. This is a competitive scholarship for graduating high school seniors based on the following requirements:

- A minimum ACT composite score of 24;
- A minimum high school GPA of 3.0;
- Admission and financial aid paperwork (FAFSA);
- Completion of the Begley Scholarship process:
  1. A typewritten essay (one to two pages in length) on a topic chosen by the scholarship committee;
  2. Three letters of reference (two from high school instructors; one from any source); and
  3. Submitted Application for Admission to Lindsey Wilson College, a current high school transcript, and ACT/SAT scores.
- Attendance at Begley Scholars' Day to participate in an interview conducted by one of the Begley Scholars committees.

One scholarship per year is also awarded to a returning student. The selection process is based upon nominations from faculty and staff as well as a typewritten essay.

### **V.P. Henry Scholarship**

This scholarship is given in honor of Dr. Victor P. Henry, who served as the President of the College from 1942-1954. New students who are not selected as a Begley Scholar will receive the V.P. Henry Scholarship up to \$15,000.

### **Award for Excellence Scholarship**

This is a need-based, academic scholarship awarded to first-time, full-time freshmen who are National Merit Semifinalists and National Achievement Semifinalists. Students with a minimum ACT composite score of 24 and a minimum high school GPA of 3.0 may receive up to a full tuition scholarship. Students with an ACT composite of less than 24 or a high school GPA of less than 3.0 may receive a partial scholarship.

### **Kentucky Educational Excellence Scholarship (KEES)**

This program is administered by the Kentucky Higher Education Assistance Authority (KHEAA), which offers Kentucky high school students an opportunity to earn college scholarships. This scholarship is based upon ACT scores and high school grade point averages. Students who have met the academic requirements for KEES will have their accounts automatically credited according to the amount they have earned. Students do not have to apply for a KEES award; it is sent automatically to the College once the College notifies KHEAA the student is enrolled.

### **Kentucky Governor Scholar Scholarship**

This is a need-based scholarship awarded to first-time, full-time freshmen who are selected as a Kentucky Governor Scholar or as a Kentucky Governor's Scholar for the School for the Arts. Students with a composite ACT score of 24 and a minimum high school GPA of 3.0 may receive up to a full tuition scholarship. Students with a composite ACT score of less than 24 or a high school GPA of less than 3.0 may receive a partial scholarship.

### **L. R. McDonald Scholarship**

This scholarship is given in honor of Dr. L.R. McDonald, who served as the President of the College from 1971 to 1977. This need-based scholarship up to \$13,000 is available to first-time, full-time freshmen. Students who have a composite ACT score of 24 or above, have a cumulative high school GPA of 3.0 or above, and are not recipients of either the Begley or V.P. Henry Scholarship may qualify for this scholarship.

### **LWC Achievement Scholarship**

This need-based, academic scholarship up to \$11,000 is available to first-time, full-time freshmen. Students with a composite ACT score between 18 and 23 and a cumulative high school GPA of 3.0 or above may qualify for this scholarship.

### **Phi Theta Kappa Scholarship**

This is a need-based scholarship awarded to students who have been members of Phi Theta Kappa at a community college and who are transferring to any Lindsey Wilson College community campus. Students must have earned a minimum of 60 credit hours with a minimum 3.5 cumulative GPA. Proof of Phi Theta Kappa membership is required. Students must also submit an essay to the Office of Student Financial Services describing their experience as a member of Phi Theta Kappa.

### **Rogers Scholar Scholarship**

This is a need-based scholarship awarded to first-time, full-time freshmen who are selected as Rogers Scholars. Students with a composite ACT score of 24 and a minimum high school GPA of 3.0 or above may receive up to a full tuition scholarship. Students with a composite ACT score of less than 24 or a high school GPA of less than 3.0 may receive up to a one-half tuition scholarship.

### **Walter S. Reuling Scholarship**

This scholarship is given in honor of Dr. Walter S. Reuling, who served as the College's Provost & Dean of the Faculty from 1992-1996 and then President from 1997-1998. This academic scholarship is available to high school valedictorians who attend Lindsey Wilson College as first-time, full-time freshmen with a minimum ACT composite score of 24 and a minimum high school GPA of 3.0. These students may receive up to full tuition. Partial awards are available to high school valedictorians with an ACT composite score of less than 24 or a GPA of less than 3.0. This scholarship is need-based.

### **Wesley Scholars Program**

This program is designed for graduating high school seniors who are active in their local church. Applicants should have a minimum GPA of 3.0 on a 4.0 scale, have demonstrated leadership in their church, and have career plans that include service to God and their church. This is a competitive scholarship based on the following criteria:

- Complete an application to Lindsey Wilson College and the Wesley Scholars program;
- Complete the Free Application for Federal Student Aid (FAFSA);
- Submit letters of reference from a pastor and teacher; and
- Attend Wesley Scholars Day held during the Talent Showcase in the spring.

Wesley Scholars must maintain a 3.0 GPA grade point average. They may choose any major in the curriculum but must also concurrently earn a major in Christian Ministries.

### **Additional Types of Financial Assistance**

#### **Bonner Leader Program**

The mission of the Bonner Leader program is to transform the lives of students and members, the life of their campuses, their local communities, and the world through service and leadership. The Bonner Leader program is designed to heighten the overall education students and members receive by asking them to engage in ongoing service work and by helping them to develop the experience, skills, knowledge, and values necessary to make that work meaningful and lasting.

The Bonner Leader program holds these common commitments:

- Social Justice
- Civic Engagement
- Spiritual Exploration
- Diversity
- International Perspective
- Community Building

#### **Alumni Legacy Scholarship**

Dependent students whose parent(s) or grandparent(s) graduated from Lindsey Wilson College are eligible for an Alumni Legacy Scholarship up to \$1,500. Students must meet all financial aid guidelines and provide the relative's full name (as printed on his or her Lindsey Wilson College diploma), address, Social Security number, date of birth, and year of graduation from the College.

#### **Athletic Grants-in-Aid**

Awarded by the College upon the recommendation of the Athletic department, these grants vary in amount and are based on athletic ability and need.

#### **Bill & Jayne Squires Scholarship**

Established in honor of Bill and Jayne Squires, this scholarship is for students from Green County with consideration of high school GPA, ACT score, and financial need. The scholarship award is up to \$2,500.

#### **Claude Lee & Dollie Beatrice Cooley Scholarship**

The scholarship was established in honor of Claude Lee and Dollie Beatrice Cooley and is awarded to students from Adair or Russell County based on high school GPA, ACT score, and financial need. The scholarship award is up to \$2,500.

### **Distinguished Young Women Scholarship**

Formerly the Junior Miss Scholarship, this is a need-based scholarship for outstanding young women who are winners from Kentucky of the Distinguished Young Women Competition. Students must be a first-time, full-time freshman with a minimum 3.0 cumulative high school GPA and acceptance for admission to Lindsey Wilson College.

Categories for Distinguished Young Women scholarship opportunities include:

- Scholastic Winner: Up to \$3,500
- First Place Winner: Up to \$3,500
- First Runner-Up: Up to \$3,000
- Second Runner-Up: Up to \$2,500
- Non-placing Participants: Up to \$1,000

These scholarships are renewable for three years and will be available as long as the student meets academic scholarship requirements as stated in this catalog.

*Note:* Recipients will receive only one scholarship regardless of the number of pageants the student has won or competed in for the state of Kentucky.

### **E. O. Robinson Scholarship**

These need-based scholarships up to \$1,100 are awarded to qualifying students from eastern Kentucky. These scholarships are funded by the E. O. Robinson Foundation.

### **Eagle Scout Scholarship**

This is a need-based, academic scholarship up to \$1,000 for outstanding young men who have obtained the rank of Eagle Scout through the Boy Scouts of America. Students must be a first-time, full-time freshman and meet the following requirements: rank of Eagle Scout by age 18, a minimum ACT composite score of 24, a minimum 3.00 cumulative high school GPA, and acceptance for admission to Lindsey Wilson College. In addition, the applicant must submit two letters of reference (one from a Scouting official and one from another source) as well as a written essay on how Scouting has benefited him.

### **Girl Scout Gold Award Scholarship**

This is a need-based, academic scholarship up to \$1,000 for outstanding young women who have obtained the highest award that a Girl Scout may earn through the Girl Scouts of the USA. Students must be a first-time, full-time freshman and meet the following requirements: gold award by age 18, a minimum ACT composite score of 24, a minimum 3.0 cumulative high school GPA, and acceptance for admission to Lindsey Wilson College. In addition, the applicant must submit two letters of reference (one from a Scouting official and one from another source) as well as a written essay on how Scouting has benefited her.

### **International Student Scholarship**

This is an established scholarship for international students determined from information provided on the I-20 form.

### **Leadership Scholarship**

This is a competitive, need-based scholarship for outstanding young people who have demonstrated leadership potential. Applicants must have held a leadership position, must have a minimum ACT composite score of 17, must have earned a minimum high school GPA of 2.50, and must have been accepted for admission to Lindsey Wilson College. This scholarship is also available to transfer students on the A.P. White Campus in Columbia with a GPA greater than 3.0.

### **Lindsey Wilson United Methodist Scholarship**

This is a need-based scholarship up to \$1,000 requiring that the student be an active member of The United Methodist Church. Applicants must present a written recommendation from their minister that verifies church membership.

### **Margaret McDonald Scholarship**

Named in honor of Dr. Margaret McDonald for her commitment and dedication to Lindsey Wilson College, this scholarship is for students from Taylor County with consideration of high school GPA, ACT score, and financial need. The scholarship award is up to \$2,500.

### **National United Methodist Scholarships**

These need-based scholarships are awarded to qualifying United Methodist students. The scholarships are funded by The General Board of Higher Education and Ministry and The United Methodist Higher Education Foundation.

### **William Randolph Hearst Endowed Scholarship Fund for Students of Color**

This scholarship is for students of color and is awarded on an annual basis to an entering or currently enrolled student who has demonstrated a record of academic achievement and commitment to personal service in his/her community. It is a one-year award up to \$1,000 and is subject to possible renewal upon application.

Priority is given to candidates who have been accepted into the Lindsey Wilson College Education program. Additional criteria for the Hearst Scholarship include:

- A high school GPA of 3.30 or above on a 4.00 scale;
- A record of community service as demonstrated by involvement in school, civic, church, or other projects that reflect a helping orientation; and
- Extracurricular activity.

Application procedure for the Hearst Scholarship:

- Completion of a William Randolph Hearst Endowed Scholarship application (available in the Education division or the Financial Aid Office); and
- Submission of a short (approximately two page) biography addressing professional aspiration, community service, extracurricular involvement, and financial need.

### **Yellow Ribbon Grant**

Lindsey Wilson College proudly participates in the Post-9/11 Chapter 33 Yellow Ribbon Program, making additional funds available for the recipient's education without an additional charge to the G.I. Bill entitlement. Qualification in the Yellow Ribbon Program will be stated on the student's Certificate of Eligibility.

The student's responsibilities are as follows:

- Apply for VA educational benefits at the G.I. Bill website: <<http://benefits.va.gov/gibill/>>;
- Submit the Certificate of Eligibility and DD214 to the Veterans Affairs Coordinator;
- Complete the Lindsey Wilson College Veterans Enrollment form every semester once the student has registered for classes; and
- Notify the VA Coordinator of any changes that occur in the course schedule.

### **Additional Assistance**

Lindsey Wilson College administers several other types of scholarships and institutional loan programs. Information can be obtained by contacting the Office of Student Financial Services.

## Named Endowed Scholarships

Endowed scholarships are established by friends and families who make donations to the College. Most of the endowed scholarships have specific requirements established by the donors. ## **Academic Policies and Regulations**

Academic requirements and regulations of Lindsey Wilson College are published in this catalog, *The Student Handbook*, and in other College announcements. Throughout their period of enrollment at the College, students must know and observe the requirements of the curriculum in which they are enrolled as well as general academic policies and other regulations of the College.

## **Academic Schedule**

Lindsey Wilson College offers programs in different formats and schedules. Calendars are located at the back of this catalog.

### **The A.P. White Campus in Columbia Undergraduate Program**

This program offers traditional day classes and online classes. Undergraduate programs operate on a semester system. The two full-length terms of the regular academic year are a fall semester and spring semester. Summer sessions are offered to provide convenient choices for students who wish to accelerate degree completion or who are enrolled in year-round programs. The summer term includes fifteen-week, eight-week, and three-week sessions. A three-week, winter intersession is also offered, during which students may take up to three credit hours.

### **AIM Program (Adults In Motion)**

The AIM program is a career-oriented program offered in the evenings at the A.P. White Campus in Columbia and the Scottsville campus that is structured for adults to earn a college degree while balancing their everyday demands. AIM courses are offered in eight-week and sixteen-week sessions. Both seated and online classes are available. Bachelor's degrees at the Columbia campus are offered in Business Administration, Communication, and Human Services & Counseling. At the Scottsville campus, students may pursue an associate's degree in Business Management or bachelor's degrees in Business Administration or Human Services & Counseling. AIM also offers general education courses for adult learners.

### **Online Programs**

Lindsey Wilson College's online programs allow students to earn the following degrees:

- Associate of Arts in Business Management or Criminal Justice;
- Bachelor of Arts in Business Administration (emphasis in Marketing or Management), Criminal Justice, Human Services & Counseling, Sustainability & Energy Applications, or \*User Experience Design;
- \*RN BSN;
- \*Master of Arts in Interactive Design;
- Master of Education in Counseling & Human Development;
- \*Master of Education Teacher as Leader; and
- \*Master of Business Administration (emphasis in General Business or Lean Systems). Lean Systems is a hybrid program. Components of lean courses are offered at a specified location and not online.

*\*Offered exclusively online.*

For additional information, please contact Dr. Dennis Robinson, the Director of Online Education, or Ms. Sandy Moore, Online Admissions Counselor, at (270) 384-8224.

### **Graduate Programs**

Lindsey Wilson College's PhD program in Counselor Education & Supervision is offered through the A.P. White Campus in Columbia. Using a cohort-based model, it operates on a trimester or year-round schedule with students taking six to nine hours of coursework per semester. Students remaining in sequence may complete the program in three to four years.

The College's MEd program in Counseling & Human Development operates on a trimester or year-round schedule with most classes being taught evenings or weekends. It is offered both at the A.P. White Campus in Columbia and at most of the community campuses.

The MBA program includes an emphasis area, general business, that may be completed fully online, and a hybrid lean systems emphasis. MBA courses are offered during the fall, spring, and summer terms.

The online graduate programs in Teacher as Leader (MEd) and Interactive Design (MA) operate on a year-round schedule.

### **Credit Hours**

One semester credit hour will be awarded for a minimum of 750 minutes of instruction that typically requires students to work at out-of-class assignments an average of twice the amount of time as the amount of instruction (1,500 minutes).

Instruction may take place in a variety of modes, including faculty-led instruction and faculty-mediated learning experiences. Instruction may be virtual as well as face-to-face. Each credit hour awarded requires at least one week of reflection and study on the subject matter of the course.

The College seeks to move from a time-based measure of academic credit toward a competency-based measure of academic credit.

### **Guidelines for Contact Hour to Credit Hour Ratio for Different Modes of Instruction**

1. **Lecture, discussion or seminar:** One contact hour constitutes one credit hour (1:1)
2. **Self-contained laboratory or problem/exercise period** (preparation for associated course is the only required preparation for the lab or practice period): Three contact hours constitute one credit hour (3:1)
3. **Advanced laboratory session** (requires preparation by the student before lab at a level beyond the preparation required for the associated class): Two contact hours constitute one credit hour (2:1)
4. **Studios:** One-and-a-half contact hours constitute one credit hour (1.5:1)
5. **Field placements/internships/practica** (experiential learning at on-campus or off-campus sites): Forty hours constitute one credit hour (40:1). In some disciplines, the standards or practice in the discipline or the accrediting body for the discipline may require more hours than indicated here. In those cases, the guidelines for the accrediting body or standards of practice in the discipline will govern the number of contact hours required.
6. **Applied music** (individual lessons): One-half contact hour constitutes one credit hour (0.5:1)

### **Definitions:**

- **Laboratory definition:** Laboratory describes a class in which all students are practicing an application of a scientific or technical nature that, for the most part, has already been delivered in the lecture class. Content in a lab is based on theory or

content from an associated course. All the students in the room are following a similar set of instructions.

- **Studio definition:** Studio describes a class in which all students are engaged in creative or artistic activities, which are new and unique. Every student in the room is performing a creative activity to obtain a specific outcome. Limited whole-class instruction by lecture and demonstration occurs. Individual guidance of students is required.
- **Field Placements/Internships/Practica:** Field placements, internships and practica are professional, experiential learning opportunities that allow students to apply knowledge and skills they have learned in their discipline. Such experiences are required for entry in some disciplines.

### **Credit Hour Requirement for Associate's Degree Candidates**

All associate's degree candidates for graduation must complete a minimum of 60 credit hours of acceptable academic work with a minimum grade point average (GPA) of 2.00 on a 4.00 scale. Required courses in the major must be completed with a minimum grade of C, unless a division or program specifies a higher grade requirement. Some students, depending upon their major and/or general education choices, may exceed the 60 hour minimum.

### **Credit Hour Requirement for Bachelor's Degree Candidates**

All bachelor's degree candidates for graduation must complete a minimum of 120 credit hours of acceptable academic work with a minimum cumulative grade point average (GPA) of 2.00 on a 4.00 scale. Some programs (Education and Human Services & Counseling) require a higher GPA. Required courses in the major and/or minor must be completed with a minimum grade of C unless a division or program specifies a higher grade requirement. Some students, depending upon their major, minor, and/or general education choices, may exceed the 120 hour minimum.

### **Credit Hour Requirement for Master's Degree Candidates**

All master's degree candidates for graduation must complete a minimum of 30 credit hours of acceptable graduate coursework with a minimum cumulative grade point average of 3.00 on a 4.00 scale. Most master degree programs exceed the 30 credit hour minimum.

### **Credit Hour Requirement for Doctoral Candidates**

All candidates for the doctoral degree in Counselor Education & Supervision must complete a minimum of 72 credit hours of acceptable graduate coursework with a minimum grade point average (GPA) of 3.00 on a 4.00 scale, including dissertation research, beyond the 60 graduate credit hours of training in an approved counseling program. Some students may exceed the minimum number of credit hours.

## **Academic Load**

### **Undergraduate Load**

The minimum academic load for a regular, fall or spring semester that qualifies a student for full-time status and financial assistance is 12 semester hours. Incoming freshmen cannot register for more than 17 credit hours their first semester.

All students are restricted to pre-registering for a maximum of 17 hours. Between semesters or during the first week of classes, additional hours up to a total of 18 can be added to a student's fall or spring schedule using a Drop/Add form if the following requirement is met:

- Second semester freshmen and all sophomores and juniors are required to earn a 3.0 GPA the previous term.
- Seniors must have earned a 2.75 GPA the previous term.

### **Summer Load**

A maximum load for each seven-week AIM term during the summer is usually six hours. Students attending for the fourteen-week full summer term may take 12 hours. Preregistration is restricted to 12 hours; students at the A.P. White Campus in Colombia who meet GPA requirements defined in this policy may register for an additional three hours of classes with permission from the Academic Affairs Office.

### **Load for Three-Week Terms**

Students are normally limited to no more than three semester hours for any three-week term.

### **Graduate Load**

The minimum academic load for full-time master's level graduate status is nine semester hours, and the minimum academic load for full-time doctorate level graduate status is six semester hours.

## **Advising and Selection of a Major**

### **Advisor Guidance**

Incoming freshmen (0-23 hours of college credit) will be contacted by a First-Year Experience Advisor or a faculty advisor to discuss their initial advising needs.

New students are tested for proficiency in reading, writing, and mathematics. After a review of test scores and other background data (ACT, SAT, or Compass scores and high school records), they may be advised or required to register in prerequisite or developmental courses. (See Placement in Developmental & Skill-Building Courses.)

The Academic Affairs Office assigns a faculty or staff member as an academic advisor to those students who have earned 24 or more hours of college credit. When students select a major, they ordinarily are assigned to an advisor in that field. Academic advisors assist students in developing and achieving their academic goals and career goals and in developing a course of study consistent with their goals and values. While every student is responsible for planning and managing his or her own academic program, the academic advisor guides the student in making important decisions about his or her academic plans. Students are required to consult with their academic advisors before registering for courses each semester, and students and advisors regularly discuss academic opportunities and problems. Students registering electronically obtain their PIN (personal identification number) from their advisor after appropriate consultation. Students registering in traditional paper mode must have their advisors sign their Registration form.

### **Catalog Requirements**

To graduate from Lindsey Wilson College, students must meet all general education and major requirements specified in the catalog in effect when they entered the College or all requirements specified by a catalog published in a subsequent year. Students who obtain a leave of absence for up to two semesters may complete their major requirements with the catalog in place when they declared their major. Students who do not receive a leave of absence and do not attend Lindsey Wilson College full-time for more than two semesters must meet the general education and major requirements in place at the time they re-enroll.

### **Declaration of Major**

All students seeking to obtain an associate's or bachelor's degree must file a Declaration of Major form in an approved degree program. Students seeking an associate's degree should declare their major the semester in which they enter Lindsey Wilson College. Students seeking a bachelor's degree are required to declare their major no later than the first semester of their junior year. A Declaration of Major form can be obtained in the Registrar's Office and online at: <http://www.lindsey.edu/offices-and-services/registrar/student-forms.aspx>.

Students must do the following:

- The student should meet with a faculty member in the major program and make an application to be accepted into the program. Some programs (e.g., Education and Nursing) have specific requirements with which the student must comply. A student cannot declare the major until he or she has been accepted into the program.
- Upon acceptance into the program, the student may need to change his or her academic advisor to a faculty member in the chosen program. If so, the student should meet with his or her current advisor to complete the Change of Advisor form.
- Upon acceptance into the program, the student should submit the completed Declaration of Major form to the Registrar's Office.
- Upon acceptance into the program, the student should request a degree audit (a record of all coursework taken and how it is counted against degree requirements) from the Registrar's Office. A copy will then be given to the student. It is recommended that the student discuss the audit with his or her advisor.

### **Change of Major or Academic Advisor**

Students who wish to change their major or academic advisor must meet with their current advisor and complete a Change of Major/Advisor form. The form is available from all academic advisors or online at: <<http://www.lindsey.edu/offices-and-services/registrar/student-forms.aspx>>. Completed forms that include advisor changes are submitted to the Academic Affairs Office. Once the change(s) have been made, the applicable advisor and the student are informed, and the form is then forwarded to the Registrar's Office for the major change. Completed forms for major changes only are submitted directly to the Registrar's Office.

## **Academic Opportunities**

### **First-Year Experience**

The mission of First-Year Experience (FYE) is to empower freshmen to become academically successful and socially responsible students at Lindsey Wilson College.

FYE promotes successful student transition from high school to Lindsey Wilson College. The faculty, the four First-Year Experience Advisors, and the Director of FYE establish a working relationship with students through intensive advising that guides them through course selection and registration as well as provides information, referrals, and coordination with campus services. In addition, FYE hosts social events throughout the academic year to encourage students to become actively involved in campus life. Lindsey Wilson College requires all first-time, full-time students to complete the First-Year Experience Seminar course. This seminar provides an in-depth exploration into behaviors and activities that promote success in college, including student skill-development, service learning, and healthy social living.

The FYE incorporates curricular and co-curricular elements. The two courses that are part of the FYE are First-Year Experience Seminar and Peer Mentor Leadership.

The FYE program, formerly the Freshman Advising program, was established with Title III funding in 2004. The program has evolved over the years in which it has been in operation. The peer mentoring program was added in the 2008-2009 academic year.

FYE program's objectives are:

1. Students will discover and gain insight into their personality, interests, and skills related to major and career exploration;
2. Students will define how their personality, interests, and skills provide the foundation for their academic success and career readiness; and
3. Students will become confident in their knowledge of major and degree requirements to create an individualized path to graduation from Lindsey Wilson College.

FYE 1001, First-Year Experience Seminar, is part of the Essential Learning General Education curriculum, partially fulfilling ESLO 4, Application and Integration of Knowledge, at the core level. It has the following Student Learning Outcomes (SLOs):

1. Students will have the opportunity to experience a supportive and positive learning experience; and
2. Students will make connections across courses and disciplines inside and outside the classroom.

### **R.V. Bennett Honors Program**

Established in 2008 and named for Reginald V. Bennett, the first president of Lindsey Wilson College and a scholar in the areas of mathematics and Biblical Studies, the Honors program is designed to enrich the education of participating students by providing challenging and engaging curricular and co-curricular experiences. It is a member of the National Collegiate Honors Council and the Southern Regional Honors Council.

Students who are invited to participate and who choose to do so are expected to participate in three aspects of the Honors program, specifically by:

1. Enrolling in the Honors Seminar in at least six of their eight semesters of attendance (for students enrolled for periods other than the traditional eight semesters, enrollment would be expected for at least 75% of semesters they are at the College and with a minimum of three projects). Seminars will focus on current topics of interest to Honors students in an atmosphere of intellectual exchange and active student involvement in the learning process. The seminar may involve speakers, projects, and service-learning opportunities.
2. Each Honors course involves the completion of an Honors project. The requirements for receiving an Honors designation (H on the transcript) in a course are not fulfilled unless the completed project is approved by the supervising professor and the student makes an acceptable presentation of his or her Honors project at the Honors Colloquium. If the student makes an approved, acceptable Honors presentation, the course will be tagged with an H on the student's transcript to denote completion of the Honors requirement for the course.
3. Participating in the Honors Association: Students enrolled in the Honors Seminars will also be members of the Honors Association. The Honors Association will sponsor social, experiential, and service opportunities for Honors students.

### **Lindsey Writes**

*Lindsey Writes* is a writing across the curriculum program that impacts undergraduate students at the A.P. White Campus in Columbia. *Lindsey Writes* is also Lindsey Wilson College's Quality Enhancement Plan (QEP) for the College's 2013 reaccreditation. *Lindsey Writes* includes three components:

1. The Writing in the Core Initiative, which focuses on writing to learn in core general education courses;
2. The Writing in the Disciplines Initiative, which focuses on developing writing skills specific to the student's major discipline; and
3. The Writing for Life Initiative, which incorporates writing-focused activities and skills.

*Lindsey Writes* focuses on three student learning outcomes:

1. Lindsey Wilson College students will have the ability to use writing to acquire, organize, and present information and ideas in a variety of contexts;
2. Lindsey Wilson College students will increase their level of perceived self-efficacy for writing; and
3. Lindsey Wilson College students will write effectively using the conventions, style, and vocabulary of their major disciplines.

*Lindsey Writes* provides training for faculty in the use of writing-to-learn strategies and in techniques for teaching students how to write in their disciplines. The program is also training

students to serve as writing fellows – writing tutors/mentors who are assigned to assist faculty teaching specific writing intensive courses. Additionally, the program trains writing advocates – students who volunteer to promote *Lindsey Writes* at various campus events. An assessment component uses multiple tools to measure progress in student learning outcomes and the effectiveness of the program. The College launched this high-impact, five-year educational program in January 2013.

### **Arranged Course and Directed Study**

In exceptional cases, an Arranged Course (listed in the catalog but taught to less than a full class) or Directed Study (specially designed, individualized course) may be developed by a faculty member in order to meet a student's particular need. Courses require the approval of the student's advisor, applicable Academic Unit/Division Chair/Director, the Vice President for Academic Affairs or Associate Academic Dean, and the Registrar's Office, respectively. Approval is contingent upon a variety of factors. Applicants applying for a Directed Study must have a minimum 2.50 GPA and demonstrated capability for independent work. Students seeking an associate's degree may have no more than six such credits; those seeking a bachelor's degree are limited to 12 hours. Applications are available in the Registrar's Office; faculty may also access the application through the Blue Raider Portal. Students must register for Arranged Courses/Directed Studies during the normal registration period.

### **Internships**

Required in some majors and elective in others, internships give students the opportunity to apply the skills and understandings learned in their majors in a professional setting. Working closely with a faculty member and an on-site professional supervisor, the intern receives valuable work experience and may receive an advantage in competition for full-time, ongoing employment after graduation. Pre-approved internship opportunities – paid and unpaid – are available in certain majors and may be taken during the fall or spring semester or during the summer.

General internships are approved by academic programs and reviewed by the Academic Affairs Office. Faculty members who supervise internships offered by their programs assume responsibility for developing internship syllabi, insuring compliance with established procedures, monitoring student performance throughout the internship, assessing the intern's academic and work progress, and grading the internship experience commensurate with the student's final evaluation by the work site supervisor and the degree to which the intern meets academic expectations. Internships are normally graded Credit/No Credit (CR/NC). Internships consisting of four or more credit hours must be submitted to the Academic Affairs Council as a student petition.

**Note:** An international student who wishes to participate in a paid internship or any off-campus employment must have authorization from the Director of International Student Services prior to internship approval, registration, or start of the internship.

### **Learning Communities**

Learning Communities are groups of students with shared interests who learn together. A Learning Community provides a supportive start to the student's college career at Lindsey Wilson College. Students who join a Learning Community have an instant support group which fosters academic and social success. Students will be enrolled in two or more of the same courses and will have opportunities to engage in special social and service activities. The groups include:

- Business Leadership Learning Community
- Health and Science Learning Community
- Life Lanes Learning Community
- Nursing Learning Community
- Pathways Learning Community
- Sustainability Learning Community
- Teaching Learning Community

### **Semester in Frankfort**

Through an arrangement with the Association of Independent Kentucky Colleges and Universities (AIKCU), a student may apply to spend the spring semester studying and interning in Frankfort, the state capitol of Kentucky. Students take two courses that deal with Kentucky government, legislative process, and the media, and intern 30 hours a week in either the legislative or executive branch. Students are placed in an office that complements their academic strengths and professional ambitions. The program is excellent preparation for students interested in careers in law, the media, or public service. Up to 15 Lindsey Wilson College credit hours may be earned through the program. For additional information, contact the Academic Affairs Office.

### **United Methodist College Washington Consortium**

Lindsey Wilson College is a member of the United Methodist College Washington Consortium. The Consortium offers students the experience of living, interning, and studying in the heart of Washington, D.C. Students participating in the Capitol Hill Internship Program (CHIP) offered by the Consortium live in attractive apartments on Capitol Hill, intern in both government and non-governmental offices as part of select programs available only in Washington, D.C., and learn in challenging seminars and courses that are tailored to enrich their internship experience. Up to 15 Lindsey Wilson credit hours may be earned through the program. Applications for the program are available in the Academic Affairs Office.

### **Lindsey in London Program**

The Lindsey in London program is offered through CAPA, the International Education Network. Courses in disciplines such as anthropology, art history, business, communication, economics, film, finance, history, international relations, journalism, literature, political science, psychology, theater, and women's studies are offered. The program also includes internship placements with businesses, non-profits, and nongovernmental organizations as well as service-learning opportunities that allow students to work on a project during the semester that benefits the community while developing an understanding of community issues.

Up to 15 Lindsey Wilson College credit hours may be earned through the Lindsey in London semester, and depending upon individual circumstances, federal, state and college financial aid may apply. Lodging is arranged through the program.

### **The Cooperative of Undergraduate Programs Abroad**

The Cooperative of Undergraduate Programs Abroad (COUPA) brings together a number of colleges and universities with the goal of promoting and sustaining exciting and innovative short term study abroad options for undergraduate students. COUPA offers programs in Ireland, Belize, and Ecuador.

Lindsey Wilson College is a member institution, and students will receive credit from the College for successful completion of COUPA-sponsored programs as the College serves as a school of record for COUPA-sponsored programs. The College reviews all course syllabi and the credentials of faculty who teach in COUPA-sponsored programs.

Additional information is available at: <<http://classportinc.com/coupa/>>.

### **Student Exchange Programs and Sister Schools Overseas**

Lindsey Wilson College has sister school relationships (both two-way tuition exchange and one-way study abroad programs) with five universities in Japan and two universities in South Korea. Every year, students from these universities attend Lindsey Wilson College for either a semester or a year as part of their degree program at their home university. In turn, Lindsey Wilson College students can also study for a semester or year at sister schools with which the College has a two-way tuition exchange program. For these programs, Lindsey Wilson College students need to register first at Lindsey Wilson College as "Study Abroad" and pay their tuition fees at the College.

They need pay no additional tuition with our sister school and are responsible only for room and board and textbooks. A GPA of 3.0 is recommended for these students. Typically, students will take a combination of foreign language courses and content courses taught in English during their semesters overseas. For further information about our sister school relationships, please see the Academic Affairs Office or Ms. Sabine Eastham, the Director of International Student Programs.

- Sister Schools in Japan
  - Kansai Gaidai University, in Osaka (Two-way tuition exchange program)
  - Nagoya University of Foreign Studies in Nagoya (Two-way tuition exchange program)
  - Toyo University in Tokyo (Two-way tuition exchange program)
  - Baika Women's University (One-way study abroad at LWC)
  - Kinjo Gakuin University (One-way study abroad at LWC)
- Sister Schools in South Korea
  - Kyonggi University in Suwon-si (Two-way tuition exchange program)
  - University of Incheon in Incheon (Two-way tuition exchange program)

### **Northern Ireland (Irish American Scholarship)**

Formerly known as Business Education Initiative (BEI), Study USA is a two-way tuition exchange program offered through the British Council in Northern Ireland.

Our past BEI students were students from Queen's University of Belfast, University of Ulster, and other Irish universities. Reciprocally, these universities offer a limited number of places on the Irish American Scholarship programs each year. A Lindsey Wilson College student with junior standing and a GPA of 3.2 or above is eligible to apply for one or two semesters of study abroad in Northern Ireland. The student may choose courses in any subject area available for which tuition fees will be waived; living costs and other expenses are the responsibility of the student.

### **Travel Opportunities for Academic Groups**

In addition, Lindsey Wilson College performing groups, classes, and organizations periodically plan for and engage in travel to metropolitan areas in the United States and the world. Study, service, and performances have been the goals of recent trips by a number of student groups. The Lindsey Wilson College Singers have performed on trips to France, Italy, England, Canada, and several regions of our country. Each year, various classes from humanities, fine arts, science, business, and social science engage students in the study of their disciplines by traveling within and beyond our region. Students also have learned more about the United States by doing service work locally and in a variety of distant locations such as California, Florida, and Washington DC.

### **Additional Study Abroad Opportunities**

The College participates in other programs which provide international travel and academic opportunities to a variety of destinations. For additional information, contact the Academic Affairs Office.

### **Registration**

Freshmen normally preregister at designated times during the spring or summer preceding their first enrollment. Returning students normally preregister for the following semester during pre-designated advising weeks. Students may adjust their schedules before or at the start of each semester. Students are responsible for planning their program of study and for fulfilling graduation requirements in consultation with, and with the approval of, their advisor.

Students must complete registration during the designated times. Credit is not allowed for a course unless the student is properly registered. While students are responsible for dropping or withdrawing from courses which they do not plan to complete within the time limits specified in the Academic Calendar, Lindsey Wilson College reserves the right to administratively withdraw

any student who has not attended a class during the first five days of a fall or spring semester or during the first two class meetings of each module.

**Changes in Registration: Adding and/or Dropping a Course**

For undergraduate classes at the A.P. White Campus in Columbia, adding a course, dropping a course, or changing from one section of a course to another section of the same course requires the approval of the advisor and, after the term begins, of the instructor for each course involved as indicated on the Add/Drop form. The change must be reported to the Business Office and the Registrar’s Office on an Add/Drop form, which may be obtained from the Registrar’s Office. For AIM courses on the A.P. White Campus in Columbia, adding a course, dropping a course, or changing from one section of a course to another section of the same course requires the approval of the Director of the Evening Program. For AIM courses at the Scottsville campus, adding a course, dropping a course, or changing from one section of a course to another section of the same course requires the approval of the Scottsville Enrollment Manager. For courses taught at community campuses, adding a course, dropping a course, or changing from one section of a course to another section of the same course requires the approval of the Site Enrollment Coordinator for the campus. Permission to add courses will not be given after the last date for late registration. Authorization for dropping a course will not be approved after more than 75% of the instructional days for a course are completed, as outlined below:

Course	Deadline	Submitted by the Student to
Columbia undergraduate and graduate full semester courses	No later than 30 days before the end of the semester	Registrar
AIM courses (A.P. White Campus)	By the sixth week of class	Director of the AIM Program <i>or</i> the Registrar
AIM courses (Scottsville)	By the sixth week of class	Scottsville Enrollment Manager <i>or</i> the Registrar
Online	No later than 30 days before the end of a full 16 week course <i>or</i> By the sixth week of the class	Registrar
Courses at Community Campuses	By the third weekend of class	Site Enrollment Coordinator <i>or</i> the Registrar

If changes are not properly approved and officially reported as stated above, students will receive a grade of F in the courses for which they are officially registered, and they will be charged for all such courses. Students will not receive credit for changed or added courses unless registration forms for those courses are submitted to the Registrar’s Office by the last day to add a course.

**Transcript Records of Dropped Courses**

When a course drop is properly authorized and submitted to the Registrar’s Office, the course will appear on the student’s transcript record with a designation of W (dropped/withdrawn). No course drops are permitted after more than 75% of the instructional days in a course are completed.

Students who wish to drop a course must complete an Add/Drop form, include the instructor and advisor signatures, and submit it to the office noted in the table above. Failure to do so will result in a grade of F for the course. Add/Drop forms may be obtained from the Registrar’s Office, the Academic Affairs Office, or the student’s academic advisor.

**Placement in Courses**

**ACT, SAT, Compass, or Accuplacer Testing and Placement**

Students are strongly urged to take the American College Test (ACT), the Scholastic Assessment Test (SAT), or the Compass Test. Students who do not provide ACT, SAT, or Compass scores are required to take the Accuplacer test, which is administered in the Academic Success Center by the

Director of First-Year Experience; for the Scottsville campus, the Accuplacer test is administered by the Scottsville Enrollment Manager. Based upon these scores, students will be placed into the appropriate level in the reading, writing, and mathematics sequences.

### **Placement in Developmental and Skill-Building Courses**

Adequate skills in reading, writing, and mathematics are necessary for success in all college-level courses. Developmental and skill-building courses in reading, writing, and mathematics are designed to provide students with the skills and resources needed to succeed in college. Based on ACT or other test scores, students are placed in the appropriate level course(s) in reading, writing, and mathematics during their first year at Lindsey Wilson College. (Courses numbered 0900 or below are considered developmental courses; 1000-level courses are considered skill-building courses.) Successful completion of each course is required before a student can advance to the next level course in the sequence. Students must complete all levels in the sequence, beginning with the class into which they are placed and ending with the last course in the sequence. Students are required to register for a sequenced course each semester until all courses in the sequence have been completed successfully.

**Note:** Students are not allowed to withdraw from some of the developmental and/or skill-building courses unless the requirements for a placement appeal have been met. (See the Placement Appeals Process.)

### **English as a Second Language (ESL) Sequence**

1. ENGL 0803 – ESL: Listening & Speaking
2. ENGL 0804 – ESL: Reading & Writing
3. ENGL 0854 – ESL: College-Level Skills

### **Writing Studies Sequence**

1. ENGL 0903 – Introduction to Writing Studies\* – *or* – ENGL 0904 – Introduction to Writing Studies with Lab
2. ENGL 1013 – Writing Studies I
3. ENGL 1023 – Writing Studies II

*\*ENGL 0903 sections identified as ESL are recommended for international students.*

### **Reading Sequence**

1. READ 0903 – Reading Fundamentals
2. READ 1013 – College Reading I
3. READ 1023 – College Reading II

**Note:** A minimum grade of a C is required prior to enrolling in the next course in the Reading Sequence. Grading: A through C or NC.

### **Integrated Reading & Writing Sequence\***

1. READ 0713 – Integrated Reading & Writing: Writing
2. READ 0723 – Integrated Reading & Writing: Reading I
3. READ 0733 – Integrated Reading & Writing: Reading II

*\*This sequence is offered to students enrolled in the Project Success program.*

### **Mathematics Sequence**

1. MATH 0903 – Basic Mathematics – *or* – MATH 0901, MATH 0911, MATH 0921 – Percents & Proportions, Variables & Equations, and Charts, respectively
2. MATH 1003 – Topics in Mathematics
3. MATH 1013 – Functions & Algebra
4. MATH 1124 – Precalculus

## **Placement Appeals Process**

In order to maximize their academic success, students must remain in the developmental or skill-building courses into which they have been placed unless they complete one of the following appeals-process options:

- Students who have provided test scores that place them into developmental or skill-building courses are urged to retake the ACT, SAT, or Compass and submit new scores.
- Students may choose to take any or all parts of the placement challenge test (includes English, mathematics, and reading). Testing is offered prior to the beginning of each semester by the Director of First-Year Experience. Testing dates are announced during the new student orientation (EDGE Days).
- Students who have provided test scores that place them into developmental or skill-building courses may appeal their placement by taking the Accuplacer test. To exercise this option, the student must contact the Director of First-Year Experience prior to the beginning of the semester. Students who wish to appeal their placement after the beginning of the semester (beginning with the first day of classes) must refer items number 1-4 below.
- Students who wish to appeal their placement based upon ACT, SAT, Compass, or Accuplacer scores may do so through a written request to the instructor of the course following the procedure outlined below. This process must be completed by the last day to add a class.
  1. The student must attend the first class meeting and must make the appeal request in writing, to the instructor, as soon as possible.
  2. The instructor of the course, in consultation with the applicable academic program coordinator, may choose to administer an assessment instrument (other than the Accuplacer) to determine whether the student can demonstrate competency in the skills taught in that particular course.
  3. If the instructor of the course is satisfied that the student has demonstrated competency in those skills, the instructor will complete an Add/Drop form, which will indicate the student may drop the course. The instructor will then add the next course in the sequence to the student's schedule. The student will need to obtain his or her advisor's signature on the Add/Drop form before submitting it to the Registrar's Office.
  4. If the student tests out of the last class in any sequence, the student will need to consult with his or her advisor to choose another course.

## **Attendance Policies**

### **Class Attendance and Student Success**

At Lindsey Wilson College, students are responsible for regular class attendance, in-class participation, and completion of assignments. Specific expectations concerning attendance and class performance in each course are stated in the course syllabus. When a pattern of excessive absence or other unsatisfactory performance occurs, the instructor will take one or more of the following actions:

1. Request the student make special arrangements to improve his or her performance (e.g., meeting with a tutor);
2. Enter the student in Starfish, a system which electronically notifies the student's instructors, advisor, the Academic Affairs Office, the Student Affairs Office, and coaches (if the student is an athlete) of the attendance issue;
3. Place the student on attendance probation, whereby an additional unexcused absence would result in a grade of F for the course; and
4. Contact the student's parent(s)/legal guardian about continuing problems if the student has given written permission for contacts.

### **Authorized Student Activities and Class Absence**

A student's principal responsibility is to the academic program. However, the living-learning nature of campus life may impose additional and sometimes conflicting expectations and demands on the individual. Participation in student government, choral activities, and athletic events are examples of authorized activities that may create conflicts for the student. The College policy concerning absence from class includes the following:

- Absences for scheduled, authorized obligations (e.g., athletic events, choir tours, field trips in other classes, etc.) are not counted as class absences;
- Students must notify their instructors prior to the absence;
- Students are responsible for completion of missed class work due to an authorized absence within a reasonable (defined by instructor) length of time;
- By the end of the first week of classes, coaches are expected to communicate directly and clearly with instructors as to schedules and rosters of students involved, including subsequent follow-up as changes occur. Sponsors, directors, and instructors responsible for other activities should notify faculty as far in advance as possible; and
- Faculty members are encouraged to remind students that participation in extracurricular activities (intercollegiate athletics in particular) places additional demands and responsibilities on them and therefore requires that any additional absences be kept to a minimum.

### **Final Examinations**

All classes are required to have final examinations or other culminating final activities during a specified final exam time at the end of each term. The final exam schedule is available on the College website prior to the beginning of the academic semester and near the back of this catalog. Any student with more than three examinations scheduled in one day may request rescheduling of one examination at the discretion of the Vice President for Academic Affairs or Associate Academic Dean. ***Students will not be permitted to take early finals unless extenuating circumstances exist.*** Extenuating circumstance means illness, a verified family emergency, or participation in officially sponsored travel in support of an event arranged by the College. All requests for early finals must be made in person to the Vice President for Academic Affairs or Associate Academic Dean.

### **Academic Integrity**

Academic integrity is essential to the existence of an academic community. Every student is responsible for fostering a culture of academic honesty and for maintaining the integrity and academic reputation of Lindsey Wilson College. Maintaining a culture that supports learning and growth requires that each student make a commitment to the fundamental academic values: honesty, integrity, responsibility, trust, respect for self and others, fairness, and justice.

To foster commitment to academic integrity, faculty are asked to require each student to place and sign the following Honor Code on tests, exams, and other assignments as appropriate: *On my honor as a student, I have neither given nor received any unauthorized aid on this assignment/exam.*

Violations of the academic integrity policy include cheating, plagiarism, or lying about academic matters. Plagiarism is defined as any use of another writer's words, concepts, or sequence of ideas without acknowledging that writer by the use of proper documentation. Not only the direct quotation of another writer's words but also any paraphrase or summary of another writer's concepts or ideas without documentation is plagiarizing that writer's materials. Academic dishonesty is a profoundly serious offense because it involves an act of fraud that jeopardizes genuine efforts by faculty and students to teach and learn together. It is not tolerated at Lindsey Wilson College.

Students who are determined to have plagiarized an assignment or otherwise cheated in their academic work or examinations may expect an F for the activity in question or an F for the course, at the discretion of the instructor. All incidents of cheating or plagiarism are reported by the instructor to the Academic Affairs Office along with copies of all relevant materials. Each instance of cheating or plagiarism is counted separately. A student who cheats or plagiarizes in two assignments or tests during the same semester will be deemed guilty of two offenses. If the evidence is unclear or if a second offense occurs, the Vice President for Academic Affairs or Associate Academic Dean will refer the case to the Judicial Board for review. Violations will ordinarily result in disciplinary suspension or expulsion from the College, depending on the severity of the violation involved.

**Note:** The College has access to SafeAssign, a web product used to detect plagiarized documents. Faculty members are encouraged to use this tool.

### **Institutional Review Board for the Protection of Human Subjects (IRB)**

Lindsey Wilson College is committed to following high ethical standards in fulfilling its mission of teaching, research, and public service. This commitment is safeguarded by the Institutional Review Board (IRB). The IRB reviews the ethical suitability of all projects (research, simulation, or training) involving human subjects as participants. The following guidelines and ethical principles apply to the IRB in its review of the projects:

1. All activities involving humans in research, training, and simulation must provide for the safety, health, and welfare of every individual. Rights, including the right to privacy, must not be unduly infringed.
2. The direct or potential benefits to the subject and/or the importance of the knowledge gained must outweigh the inherent risks to the individual.
3. Participation in projects must be voluntary. Informed consent must be obtained from all subjects, unless this requirement is waived by the IRB.
4. An individual has the right to withdraw from a project at any time or may refuse to participate without loss of benefits to which he/she would be otherwise entitled. In case of a class requirement, this restriction may be waived.
5. Maintaining confidentiality of information gained about an individual during a project is a primary responsibility of the investigator.

Research proposals may be divided into two categories for purposes of the protection under this policy: Exempt and Non-Exempt. The determination of whether a study involving human subjects is exempt or non-exempt is made by the IRB.

#### **Exempt**

1. Research involving the collection or study of existing data, documents, or records if these sources are publicly available or if the information is recorded by the investigator in such a manner that subjects cannot be identified directly or through identifiers linked to the subjects.
2. Research and demonstration projects that are designed to study, evaluate, or otherwise examine:
  - Public benefit or service programs
  - Procedures for obtaining benefits or services to those under these programs
  - Possible changes in methods or levels of payments for benefits or services under these programs
3. Research conducted in established educational settings, involving normal educational practices, such as:
  - Research in regular and special educational instruction strategies, or
  - Research on the effectiveness of the comparison among instructional techniques, curricula, or classroom management methods.

4. Research that involves the use of educational tests (cognitive, aptitude, achievement), surveys, interview procedures, or observations of public behavior UNLESS:
  - The information is recorded in such a way that human subjects can be identified directly or through identifiers linked to subjects.
  - Any disclosure of the human subject's responses outside the research could reasonably place the subject at risk of criminal or civil liability or be damaging to the subject's financial standing, employability, or reputation.

**Non-Exempt**

1. Research, including surveys that involve minors, the elderly, prisoners, clinical populations, inclusive of any clients in any therapeutic setting/relationship with a potential researcher, or any other vulnerable populations, should undergo IRB review.
2. If data can be linked to a participant's identity, and thus there is a lack of anonymity or confidentiality, or if there is explicit or implicit coercion, inclusive of a therapeutic relationship, IRB review is required.
3. A completed proposal, including an informed consent form and debriefing statement, must be provided. Detailed information may be found in *The Faculty Handbook* or by contacting the Academic Affairs Office.

Information on membership and guidelines for submitting proposals are available from the Academic Affairs Office, in the online Faculty Forms folders, and *The Faculty Handbook*.

**Grades**

**Outcomes Assessment**

Lindsey Wilson College participates in programs and assessment services designed to evaluate student learning outcomes in general education courses and in the students' major course of study. Therefore, students may be required to take tests or other evaluations designed to assess educational outcomes at various points in their program of study.

**Grading Scale and Quality Points**

Students receive a letter grade in each course taken for credit. Each semester hour of credit for each letter grade carries the number of quality points indicated as follows:

Grade	Quality Points	Grade	Quality Points	Grade	Quality Points
A	4.0	B	3.0	C	2.0
A-	3.7	B-	2.7	D	1.0
B+	3.4	C+	2.4	F	0.0

**Grade Point Average**

A grade point average (GPA) is determined by dividing the total number of quality points by the total number of credit hours attempted in graded courses.

**Credit/No Credit Courses**

One exception to the standard grading scale is Credit/No Credit grades (CR or NC). These grades are given in specified courses and result in earned credit hours if they are completed successfully. The courses do not result in quality points, and they have no impact on a student's GPA, whether for the semester or cumulatively. For that purpose, they are not considered to be graded courses, though the CR and NC designations are listed on the transcript with all other grades.

CR/NC courses are noted as such in the course descriptions. A student may repeat a CR/NC course in which a grade of NC is received. CR/NC courses may be counted toward graduation as elective hours up to a maximum of 12 hours, but such courses may not count toward completion of major or

general education requirements unless that is noted specifically in the course description or list of program requirements.

The following courses are graded CR/NC:

- Developmental Mathematics courses (MATH 0900 series),
- English ESL courses (ENGL 0800 series),
- Introduction to Writing Studies courses (ENGL 0900 series),
- Reading Fundamentals (READ 0903), and
- Most practica and internships.

### **Other Exceptions to the Standard Grading Scale**

The Integrated Reading & Writing courses (READ 0700 series), Reading I (READ 1013), and Reading II (READ 1023) are graded as A through C and NC. Thus, while successful completion of the courses results in quality points and impacts the student's GPA, an NC grade does not.

The pre-licensure BSN and RN BSN programs use a grading scale different from other academic units of the College. Consistent with other nursing programs, the grading scale requires students to earn 77% or higher to be awarded a C or better. The pre-licensure BSN and RN BSN programs use the following grading scale: A = 93-100%, B = 85-92%, C = 77-84, D = 70-76%, F = 69% or lower.

Students are advised to refer to course syllabi for academic standards and grading information that may vary across programs and courses.

### **Mid-term Grade Reports**

Mid-term grades are submitted electronically at mid-term of each semester according to the deadline issued by the Registrar's Office. Mid-term grades are not part of the student's permanent record. All students may view their mid-term grades online through BannerWeb.

### **Semester End Grade Reports**

All final grades are reported to the Registrar's Office at the end of each semester. All students may view their end of semester grade reports online through BannerWeb.

### **Incomplete Grades**

A grade of I (Incomplete) is given when circumstances beyond a student's control prevent completion of course requirements. Students receiving incompletes are not eligible for the Dean's and President's Lists. The student must complete the coursework within six weeks. That deadline may be extended to 15 weeks if mutually agreed upon with the instructor. Approval of the instructor, the Academic Unit/Division Chair/Director, and the Academic Affairs Office or the appropriate SPC Regional Academic Director is required before an incomplete grade can be given. If work is not completed within 15 weeks, the I grade will automatically be changed to an F grade, unless special arrangements for extension have been made by the faculty member and approved by the Academic Affairs Office.

### **Repeating a Course**

Courses in which the student has a final grade of D or F may be repeated for credit. The grade earned the last time the course is repeated becomes the official grade for the course.

### **Questioning a Grade – The Student Academic Complaint Policy**

A student who wishes to question **an assignment grade or other academic issue** should follow the procedure below:

1. Whenever possible, the student will first go to the faculty member who has assigned the disputed grade. Complaints regarding grades should be made within seven (7) days of receipt of the disputed grade and, if possible, will be decided by the faculty member within seven (7) days of receipt. If the disputed grade is the final grade for the course,

“receipt” is defined by when the final grade is posted online by the Registrar’s Office. (Please refer to the next section for appealing a final grade.)

2. Unless there are extenuating circumstances, the student may, within seven (7) days, request in writing a review of such decision by the Academic Unit/Division Chair/Director in which the grade was assigned. Upon receipt of such request, that Chair/Director will direct the faculty member and the student to each submit, within seven (7) days, if possible, a written account of the incident, providing specific information as to the nature of the dispute.
3. Upon receipt of these written accounts, the Chair/Director will meet, if possible, within seven (7) days with the faculty member and the student in an effort to resolve the dispute and will render his or her decision in writing.
4. If either the student or the faculty member desires to appeal the decision of the Chair/Director, the student or faculty member may, within seven (7) days by written request to the Chair/Director, ask that the matter be reviewed by a Grade Appeals Panel convened by the Academic Affairs Office.
5. If the disputed grade is assigned at the end of a fall or spring semester and the student and faculty member cannot meet to resolve the issue, the student should contact the faculty member by e-mail within seven (7) days of receipt of the disputed grade. If the issue cannot be resolved by e-mail within the time limit, steps 2, 3, and 4 of the appeal may extend into the beginning of the semester immediately following receipt of the disputed grade by following the timeline above.

A student who wishes to question a **final grade** should follow the procedure below:

1. Confer with the faculty member who assigned the disputed grade.
2. If the disputed grade cannot be resolved, a written request for a grade appeal must be submitted to the Academic Affairs Office before the first day of the semester following the one in which the grade was issued. The written request must include the specific bases for the appeal.
3. The Academic Affairs Office will convene a Grade Appeals Panel, comprised of the Vice President for Academic Affairs, the Associate Academic Dean, and the Director or Chair of the Academic Unit/Division that houses the course for which the grade is appealed. If one of the members is the faculty member who issued the grade, an alternate will be appointed. The student and the faculty member may appear separately before the panel to explain their positions. The hearing is non-adversarial. Neither the faculty member nor the student may be accompanied by other individuals to the meeting of the Grade Appeals Panel. The Grade Appeals Panel will notify the student and the faculty member of its decision, if possible, within seven (7) days of the meeting.

**Note:** During winter break or during the summer, timelines may be extended due to participants’ unavailability.

Students may contact the state agency listed below as a last resort if their complaint has not been resolved at the institutional level to their satisfaction. Students will not be subject to unfair actions as a result of initiating a complaint proceeding.

- Kentucky: Institutional Complaints, Council on Postsecondary Education, 1024 Capital Center Drive, Ste. 320, Frankfort, KY 40601; (502) 573-1555.
- Ohio: Ohio Department of Higher Education, 25 South Front Street, Columbus, OH 43215; (614) 466-6000 or (614) 728-3095.
- Tennessee: Tennessee Higher Education Commission, Division of Postsecondary School Authorization, Parkway Towers -- Ste 1900, 404 James Robertson Parkway, Nashville, TN 37243-0830; (615) 741-5293.
- Virginia: State Council of Higher Education for Virginia, 101 N. 14<sup>th</sup> Street, 10<sup>th</sup> Floor, James Monroe Bldg, Richmond, VA 23219, (804) 225-2600.
- West Virginia: Executive Vice Chancellor for Administration, West Virginia Council for Community & Technical College Education, West Virginia Higher Education Policy

## Academic Standing – Graduate Students

### Student Rank

Rank or classification as a graduate student is determined by acceptance into a graduate program.

### Minimum Acceptable Academic Progress

A student's academic performance will be reviewed fall, spring, and summer semesters based on grade point average (GPA). Normal academic progress, based on GPA, will be determined after each semester based on cumulative graduate hours attempted. A student must meet minimum acceptable academic progress by complying with the standard in order to achieve and/or maintain good academic standing. Any student with a 0 to 0.5 term GPA may be suspended.

**Note:** Compliance with standards of minimum acceptable academic progress does not imply that students meet program criteria applicable to particular major fields.

### Required GPA

3.0

### Earned Credit Hours

Graduate student

**Students must also earn 66.7% of hours attempted each term.** Students can receive financial aid for up to 150% of the hours required for the degree, including grades of W, F, I, repeats, and transfer hours.

**Minimum acceptable academic progress, based on GPA and on quantitative measure of percent of attempted hours that were earned, will be determined after each semester based on cumulative hours attempted.** Students failing to meet minimum acceptable academic progress, as outlined above, are subject to the following sanctions.

**Probation Semester:** Students who fall below the minimum acceptable standards for academic progress for the semester will be placed on probation for the following semester. During the probation term, sanctions may include repeating courses and/or limitation of credit hours. Student status will be reviewed at the end of the probation semester.

**Suspension Semester:** At the end of the probation semester, students who continue to fall below the minimum acceptable standards for academic progress will be suspended from the College for a semester. Students may appeal their suspension to the Academic Affairs Council. Appeals will be reviewed individually according to the following considerations:

- Mitigating circumstances (health, family, personal considerations, etc.);
- The performance trend as reflected in the GPA performance over earlier graduate semesters; and/or
- Other individual circumstances and considerations.

### Other Causes for Academic Suspension

Students who demonstrate a callous disregard for learning as stated in the Student Codes section of *The Student Handbook* may be subject to suspension by the Academic Affairs Office, together with either the Vice President for Student Services & Enrollment Management or the Dean of Students. In addition, students who commit academic dishonesty may be subject to suspension or expulsion from the College (see Academic Integrity policy).

## Academic Standing – Undergraduate Students

### Student Rank

A student's academic rank or classification is determined by the number of hours earned indicated as follows:

Hours Earned	Rank	Hours Earned	Rank
1-23	Freshman	55-90	Junior
24-54	Sophomore	91+	Senior

### Minimum Acceptable Academic Progress

A student's academic performance will be reviewed fall and spring semesters based on grade point average (GPA). Normal academic progress, based on GPA, will be determined after each semester based on cumulative hours attempted. A student must meet minimum acceptable academic progress by complying with the standard in order to achieve and/or maintain good academic standing. Any student with a 0 to 0.5 term GPA may be suspended.

**Note:** Compliance with standards of minimum acceptable academic progress does not imply that students meet program criteria applicable to particular major fields. In addition, student athletes must adhere to the standards of their individual sports program in order to maintain athletic eligibility.

Required GPA	Earned Credit Hours
1.25	1-23
1.50	24-47
2.00	48 and above

**Students must also earn 66.7% of hours attempted each term.** Students can receive financial aid for up to 150% of the hours required for the degree, including grades of W, F, I, repeats, and transfer hours (180 hours for bachelor's degree-seeking students; 90 hours for associate's degree-seeking students).

**Minimum acceptable academic progress, based on GPA and on quantitative measure of percent of attempted hours that were earned, will be determined after each semester based on cumulative hours attempted.** Students failing to meet minimum acceptable academic progress, as outlined above, are subject to the following sanctions.

**Warning Semester:** Students who fall below the minimum acceptable standards for academic progress for the semester will be placed on warning for the following semester. During the warning term, sanctions may include repeating of courses, limitation of credit hours, structured study times in the Academic Success Center, development of individual learning contracts, adjustment of housing assignments, or limitation of participation in non-class, College-sponsored activities. Student status will be reviewed at the end of the warning semester.

**Probation Semester:** At the end of the warning semester, students who continue to fall below the minimum acceptable standards for academic progress will be placed on probation. Probation sanctions may include those named in the warning sanctions, as well as financial aid sanctions. While probation is in effect, a student is subject to suspension from the College at any time when, in the opinion of instructors and the Vice President for Academic Affairs or Associate Academic Dean, the student's academic effort or social conduct fails to demonstrate a responsible approach to studies. Student status will be reviewed at the end of the probation semester.

**Note:** **Federal Financial Aid regulations mandate that students who are placed on probation must appeal their probation and have an approved plan to return to good academic standing in order to retain financial aid eligibility.**

**Suspension Semester:** At the end of the probation semester, students who continue to fall below the minimum acceptable standards for academic progress will be suspended from the College for a semester. When this happens, a student has the following options for gaining reinstatement:

1. During the suspension term, the student cannot take classes. The suspended student may write a letter to the Admissions Committee requesting re-admittance to the College. The letter should outline a plan for being successful upon return to the College. Re-admittance should not be assumed. Classes taken at another college or university during the suspension semester will not be accepted as transfer credits to the College.
2. A student who is suspended for a fall or spring semester can be reinstated for the following term by enrolling in and successfully completing three to six credit hours with a grade of C or higher. Students suspended for the fall term may enroll in three hours during the winter term, and students suspended during the spring term may enroll in three to six hours during the summer. If a student successfully passes the course or courses with a C or better, the student will be permitted to enroll the next fall or spring semester.
3. If taking a class or classes during the winter or summer term is not an option, a student may write a letter of appeal to be reinstated for the next semester. Letters of appeal are less likely to result in reinstatement than committing to academic work as outlined in number 2. Student appeals to the Academic Affairs Council will be reviewed individually according to the following considerations:
  - a. Past performance;
  - b. Mitigating circumstances (e.g., health, family, personal considerations);
  - c. The performance trend as reflected in the GPA performance over earlier semesters;
  - d. Achieving the minimum GPA for the student's credit hour standard as defined above;
  - e. Performance/compliance within the programs assigned as condition of probation; and
  - f. Other individual circumstances and considerations.

### **Other Causes for Academic Suspension**

Students who demonstrate a callous disregard for learning as stated in the Student Codes section of *The Student Handbook* may be subject to suspension by the Academic Affairs Office, together with either the Vice President for Student Services & Enrollment Management or the Dean of Students. In addition, students who commit academic dishonesty may be subject to suspension or expulsion from the College (see Academic Integrity policy).

### **Readmission after Academic Suspension**

Students may be readmitted to the College after a semester through application to the Admissions Committee at the A.P. White Campus in Columbia. The readmission decision will be based upon students' compliance with conditions of suspension, evidence suggesting potential for improvement, and/or other individual factors. Readmission to the College is not guaranteed and should not be assumed.

### **Academic Bankruptcy Policy**

A student may write a letter to the Registrar's Office requesting academic bankruptcy under the following conditions:

1. If fewer than three calendar years have elapsed since the semester for which the student seeks to declare academic bankruptcy, the student may declare bankruptcy for all coursework taken during that semester, provided that the student has successfully completed at least 18 credit hours at the College since the semester for which bankruptcy declaration is sought. None of the coursework, including coursework that was successfully completed, taken during the semester for which bankruptcy is requested will be counted in the student's cumulative GPA or hours earned.
2. If more than three calendar years have elapsed since the semester(s) for which the student seeks to declare academic bankruptcy, the student may declare bankruptcy for one to three semesters provided that the student has successfully completed at least 18 credit hours at the College since the most recent semester for which the student seeks to declare bankruptcy. None of the coursework, including coursework that was successfully

completed, taken during the semester for which bankruptcy is requested will be counted in the student's cumulative GPA.

3. Students who declare bankruptcy during their college career are not eligible to graduate with honors.

When academic bankruptcy is declared, the term "Academic Bankruptcy" will be reflected on the transcript for each semester affected. The phrase "Academic Bankruptcy Implemented" will be stamped on the transcript for the semester in which bankruptcy is implemented. Students may declare academic bankruptcy only once. Students should be aware that academic bankruptcy may not be recognized by graduate or professional schools.

### **Petitions for Exceptions to Academic Policies**

Petitions requesting exceptions to academic policies are written to the Academic Affairs Council and must be accompanied by a letter of support from the adviser. Petitions must be submitted by November 1 for consideration during the fall semester and by April 1 for consideration during the spring semester.

### **Leave of Absence and Withdrawal Policies**

#### **Leave of Absence**

Students who contemplate leaving Lindsey Wilson College voluntarily and who anticipate that they will not be able to return *the semester following their withdrawal* are encouraged to file for Leave of Absence (LOA) of up to two semesters. If unable to return at the end of the first semester on a LOA, a student on LOA may make application for continuation by writing or calling the Academic Affairs Office. The LOA assures re-admission without further paperwork or review by the Admissions Committee and the ability of the student to continue under the terms of the academic requirements that applied at the time the LOA was granted. At any time after return to full-time status, a student who has been on LOA may opt to study under the terms of a later catalog. The Leave of Absence application is available in the Registrar's and Academic Affairs Offices and must be approved by the Vice President for Academic Affairs.

#### **Withdrawal from the College**

A student contemplating withdrawal from the College should first consult with his or her advisor. If after advisor consultation the student still wishes to withdraw, he or she must contact the Academic Affairs Office or the Vice President for Student Services & Enrollment Management to complete an official Withdrawal form. A student withdrawing from the College before the end of a semester or module forfeits credit for work done in that semester or module. Students who need to withdraw from all of their courses should refer to the Withdrawal Refund Policy located in this catalog.

- Withdrawal from the College is not permitted during the last 30 days of the semester.
- Students who do not complete the withdrawal process as stated above may receive grades of F in all courses in which they were enrolled. These Fs may result in loss of eligibility for financial assistance, whether at Lindsey Wilson College or another institution to which the student transfers.
- Proper withdrawal from the College is important!

### **Student Records**

#### **Family Educational Rights and Privacy Act of 1974 (FERPA)**

Student records are maintained under the provision of the Family Educational Rights and Privacy Act of 1974 (FERPA). This federal act seeks to protect students' rights to access and to privacy by limiting access to student records to those persons authorized by the FERPA regulations or by individual students. Admissions, financial aid, and student service files are retained for five years following the last date of enrollment.

The College reserves the right to contact a student's parent (or a physician of the student's choice) when, in the opinion of the College, notification is necessary to protect the health, well-being, or safety of a student or other persons.

### **Access to Records**

Students may inspect all records pertaining to them which are maintained by the College. The only exceptions to this access are those records exempted under FERPA:

- Directory information, as listed in this publication, is public unless the student requests, in writing, to the Registrar's Office that all or part of such information not be published;
- Name, local and home addresses, telephone numbers, and date of birth;
- Dates of attendance, major field of study, and degrees and awards received; and
- Participation in recognized activities, organizations, and sports (including weight and height or membership on athletic teams).

Access to any other information, except by persons authorized by the student, is strictly limited in accordance with FERPA regulations.

### **Reproduction of Records and/or Transcripts**

A transcript of credits may be obtained from the Registrar's Office for \$9.00. Copies of other documents to which the student has legal access are available to the student at 25 cents per page. Transcripts will be forwarded to other educational institutions, agencies, or firms by the Registrar's Office upon written request of the student. The cost is \$9.00, payable in advance. Requests for transcripts will usually be processed within two working days; however, during registration periods and immediately following the end of a semester, there may be some delay.

**Note:** Transcripts will not be released if the student's financial accounts at the College are not fully paid at the time of the request.

### **Records Maintained by the College**

A number of offices and departments maintain records on students, including the following:

- **Admissions:** All materials submitted on behalf of applicants are maintained by the Admissions Office. Upon final registration, these files are transferred to the Registrar's Office.
- **Academic:** Once a student enrolls, all academic records are maintained by the Registrar's Office. Transcripts are permanent College records. Records of academic discipline are held by the Academic Affairs Office for five years following the last date of enrollment.
- **Advising:** First-Year Experience Advisors and faculty advisors maintain advising folders on their advisees which may include notes on meetings, copies of the student's schedule, Add/Drop forms, unofficial high school and college transcripts, etc. These folders may be in paper or electronic format.
- **Financial Aid:** All information submitted and collected for the evaluation and disbursement of financial aid is maintained by the Student Financial Services Office. Federal Perkins Loan files are under the control of the Vice President for Educational Outreach & Student Financial Services.
- **Student Accounts:** Records of student accounts with the College are maintained by the Business Office, under the control of the Vice President for Administration & Finance.
- **Career Services:** Materials made available by the student for career placement, along with materials collected in the course of career planning consultations, are maintained by the Career Services Office.
- **Disciplinary:** Judicial records will be maintained by the office authorized to determine the propriety of the conduct in question. Records of suspension from residence halls and suspension or dismissal from the College are permanent. Files developed in cases in which a lesser sanction has been imposed will be retained for a period of one year after

graduation or four years after the date of the action, unless the sanction specifies that it should be retained for a longer period. Judicial records of a student who has voluntarily withdrawn from the College shall be destroyed after two consecutive years of such withdrawal, unless the records include sanctions of suspension from residence halls or suspension or dismissal from the College. In those cases, the records are permanent.

- **Judicial:** These records may be inspected by College officials who have a professional justification for such information. Under no circumstances shall any personally identifiable information be released by anyone to any individual, agency, or organization without prior written consent of the student or as provided by law.
- **Other Non-Academic Records:** Information about co-curricular activities and awards, on-campus residence, and materials gathered for individual student consultations are maintained by the Student Services Office.
- **Health and Counseling Records:** These records are covered by additional regulations and are not available for student review. However, students may request that an appropriate professional of their choice be allowed to inspect these records. Health records are kept by the College Nurse, and counseling records are kept only by the individual(s) consulted by the student.

### Questions and Challenges

Students have the right to question the accuracy of their records. The appropriate person in any of the offices listed below will answer questions and interpret information in the files under his/her jurisdiction:

- **Academic Records (classes, grades, etc.):** See Student Academic Complaint Policy or refer to *The Student Handbook*
- **Co-Curricular Records (activities, career development, discipline, etc.):** Vice President for Student Services & Enrollment Management
- **Financial Aid Records:** Vice President for Educational Outreach & Student Financial Services
- **Student Account Records:** Vice President for Administration & Finance

If a student believes, after talking with the appropriate officer, that an error exists in the records, he or she may file a written request for a formal hearing. The hearing will be conducted by a panel appointed by the President of the College.

### Further Information

The above policies and procedures are designed in coordination or compliance with the requirements of FERPA. Copies of the complete College policy on records and implementation of FERPA regulations are available for review in the College library and Student Services Office. Students may also request additional explanation and interpretation of the policy.

### Personal Information Privacy Policy

Protecting the privacy of students, vendors, and all individuals and entities doing business with Lindsey Wilson College is very important to the College. This Privacy Policy Notice explains the type of information we may have about particular persons and the type of information we sometimes share with others, as well as the type of information we will not share.

- **Categories of Nonpublic Personal Information Collected by the College**
  - Information received on applications or other forms.
  - Information received from external governmental, financial, testing, or other organizations.
  - Information received in processing accounts with us and the transactions in those accounts.
- **Categories of Nonpublic Information Disclosed by the College**
  - Information provided to the College required for verification of financial aid eligibility.

- Information regarding accounts that needs to be available to third-party contractors for collection of delinquent account balances or loans due the College or governmental loan programs.
- Information requested by an authorized law enforcement process or court order.

### **Disclosure of Information to Affiliated and Nonaffiliated Third Parties**

The College may disclose certain nonpublic personal information to nonaffiliated third parties as permitted by law. The third party must adhere to the privacy principles pertaining to such information with regard to confidentiality. The exchange of information with these entities is deemed important in order to maximize the accuracy and detail of information reported.

Information is provided in the following instances:

- The student requests the information be sent.
- Disclosure is required by law.

The College believes that the security and accuracy of nonpublic personal information are confidential and should only be made available to persons who have a need for the information to provide services properly, to act upon a request from the student, or to fulfill the employee's job responsibility.

Any concerns for the security or accuracy of personal information should be directed to the College's Privacy Compliance Officer by phone at (270) 384-8023 or in writing at Lindsey Wilson College, 210 Lindsey Wilson Street, Columbia, KY 42728.

### **Intellectual Property Rights Policy**

The Intellectual Policy Rights Policy applies to individuals employed by or enrolled at Lindsey Wilson College. This policy seeks to ensure the rights of individuals to the works and ideas they produce and to protect the name and rights of the College.

The College encourages its faculty, staff, and students to contribute to their discipline and professional organizations in their research and scholarship. The general policy of the College is to grant all intellectual property rights to the creator or creators, who will determine how to disseminate the intellectual property and who will keep all income derived from their intellectual property works.

Intellectual property refers to inventions, patents, processes, research articles, artistic creations, or other products that can be copyrighted or patented under U.S. laws. This would include:

- Patents or inventions, pharmaceutical products, medical technology, or equipment;
- Books, booklets, or electronically-published works;
- Articles in professional journals or magazines;
- Articles submitted to open access databases such as ERIC;
- Artistic works: paintings, sculptures, fabric art, drawings, photographs, digital art;
- Musical compositions or recordings;
- Literary works, plays, fiction, poetry, or creative non-fiction;
- Theatrical works;
- Performance art; and
- Software programs or applications.

This policy applies to intellectual property developed on- or off-campus; during a teaching term, sabbatical, vacation, or faculty fellowship; and developed with normal use of office space, library resources, photocopiers, printers, and office computers.

### **Exceptions to the general policy include the following situations:**

1. **Assigned tasks:** Lindsey Wilson College owns intellectual property developed in the performance of assigned College duties. Such intellectual property includes online classes, lectures, presentations, and material developed for use in distance learning.
2. **Outside agreements:** When intellectual property is developed through a sponsored grant or contract with an outside entity or organization, the provisions contained in the grant or contract determine the ownership of the intellectual property. If the grant or contract does not address ownership, the general College policy applies, and the work becomes the property of the creator or creators.
3. **Significant use of College-administered resources:** When the development of intellectual property is significantly assisted by the use of College facilities, resources, or personnel, the College is entitled to a share of royalty or other income from that intellectual property. Significant use of College-administered resources does not include resources ordinarily available (e.g. office space, personal office equipment, library) or incidental involvement of students who receive funding from the College.

**Responsibility:** The College officer to whom an employee reports, whether this is a supervisor, Academic Unit/Division Chair/Director, or chief academic officer, is responsible for insuring this policy is followed.

When either the College or the employee determines that a formal assignment or sharing of intellectual property rights between the employee and the College exists, the terms of any agreements concerning intellectual property rights will be negotiated with the creator or creators by the appropriate College officer, subject to final review and approval by the President. Shared rights and benefits include but are not limited to:

- Recognition of the use of the College's facilities, resources, and/or personnel;
- Liabilities and responsibilities concerning the use of facilities, resources, and/or personnel; and
- Percentage or portion of royalty income or other compensations to be received by the College and the employee.

### **Residency and Graduation Requirements**

#### **Residency Requirement for BA, BS, and BSN Degrees**

In order to earn a bachelor's degree from Lindsey Wilson College, students must successfully complete a minimum of 42 credit hours at the College, and at least 50% of the credits required in a major or minor must be earned at the College. Hours transferred to the College during completion of a degree need prior approval of the Registrar's Office. Education methods classes may not be transferred to the College. Programs have the authority to require students to complete program assessments prior to graduation.

#### **Residency Requirement for AA Degrees**

In order to earn an associate's degree from Lindsey Wilson College, students must successfully complete a minimum of 21 credit hours at the College, and at least 50% of the credits required in a major must be earned at the College. Hours transferred to the College during completion of a degree need prior approval of the Registrar's Office. Programs have the authority to require students to complete program assessments prior to graduation.

#### **Application for Graduation and Diplomas**

Academic degrees are conferred in May, August, and December. Formal commencement exercises are held at the end of the fall and spring semesters. All requirements for a degree must be met prior to participation in the graduation ceremony. (Diplomas are either given to graduates during commencement or mailed to graduation exercise participants after final grades are submitted to the Registrar's Office and final grades are determined.) Attendance at commencement and baccalaureate is required of all graduates. Exceptions to this policy must be sought through the

Academic Affairs Office and may be granted in exceptional circumstances. Students who participate in commencement and baccalaureate are required to dress appropriately: Jeans, t-shirts, and tennis shoes are not acceptable.

Summer graduates may participate in the fall or spring commencement exercises following completion of all requirements for a degree.

A student must complete an Application for Graduation form in the Registrar's Office at the beginning of his or her final term. Payment of a \$55 graduation fee is required.

**Note:** Graduation honors are calculated after the prior term. Spring graduation honors are calculated at the end of the fall semester; summer graduation honors are calculated at the end of the spring semester, and fall graduation honors are calculated at the end of the summer semester.

## **Academic Honors**

### **Undergraduate Honors**

Honors calculations are based on a minimum of 12 semester hours of new coursework that receives letter grading. Courses that are graded on a Credit/No Credit (CR or NC) basis are not included in honors calculations.

### **President's List**

Full-time students who achieve a grade point average of 4.00 for the semester are named to the President's List.

### **Dean's List**

The Dean's List consists of the names of those full-time students who have achieved a grade point average of 3.50 or above for the semester.

### **The President's Award**

The President's Award is given to the graduate who, in the judgment of the President of the College, has made the greatest contribution to the life of the College through Christian leadership, scholastic achievement, and devotion to the ideals and aims of Lindsey Wilson College.

### **Academic Program Awards**

Academic Program Awards are given in each academic discipline. Students who exhibit outstanding performance based on GPA, class participation, effort, and attitude are bestowed academic awards at the annual Honors Convocation ceremony on Founder's Day each spring.

### **Who's Who among Students in American Universities and Colleges**

Lindsey Wilson College participates in Who's Who among Students in American Universities and Colleges, one of the most highly regarded and long-standing honors programs in the nation. In March or April of each year, a nominating committee of faculty, administration, and students names recipients of this prestigious award.

### **Alpha Chi**

Lindsey Wilson College is affiliated with Alpha Chi, the National Honor Society to which juniors and seniors in the top ten percent of their class are invited. The Lindsey Wilson College chapter was chartered in 1994.

### **Alpha Phi Sigma**

Alpha Phi Sigma is a national honor society of criminal justice students. Mu Sigma, the Lindsey Wilson College chapter of Alpha Phi Sigma, was chartered in spring 2011. Among other awards, a double blue-yellow/gold honor cord is given to members in recognition of academic excellence.

Students must maintain a GPA above 3.2 in criminal justice courses and in all other academic courses.

### **Alpha Psi Omega**

Alpha Psi Omega is a theater honor society for the purpose of providing acknowledgment to those demonstrating a high standard of accomplishment in theater and, through the expansion of Alpha Psi Omega among colleges and universities, providing a wider fellowship for those interested in theater. The society is not intended to take the place of any regular theater clubs or producing groups, but as students qualify, they may be rewarded by election to membership in this society.

The Alpha Eta Gamma chapter of Alpha Psi Omega was organized to stimulate interest in theater activities at the College and to secure for the College all the advantages and mutual helpfulness provided by a large national honor society. By electing students to membership, the society provides a reward for their participation in theater activities at Lindsey Wilson College.

### **Chi Sigma Iota Honor Society**

Chartered in 1995, the purpose of Chi Sigma Iota is to promote and recognize exemplary attainment in counselor education and the practice of counseling. Chi Sigma Iota is an international honor society of counseling professionals and professionals-in-training dedicated to excellence in scholarship, research, and clinical practice. Students must have a 3.50 minimum grade point average and one or more terms of full-time counselor education study or its equivalent to be eligible.

Membership in Chi Sigma Iota can make a valuable contribution to the student's professional development by enabling the student to become a part of a network of professional counselors who subscribe to high standards of scholarship and practice. Local chapters encourage these aspirations through speakers, programs, and awards. The Society also supports these goals through such activities as leadership training, the International newsletter, membership networking, leadership and research recognition awards, support services to chapters, an annual meeting, and collaboration with others on counselor advocacy and professionalization. A certificate of membership and lapel pins are outward symbols of commitment to excellence as a professional counselor.

### **Honors Association**

The Honors Association is a society which all students who are participating in the R.V. Bennett Honors program are eligible to join. The Honors Association encourages active participation through scholarship, research, and service by its members.

### **Lambda Pi Eta Honor Society**

The Lambda Pi Eta Honor Society is the official national honor society of the Communication discipline. Lindsey Wilson College's Xi Psi chapter was chartered in fall 2002.

### **Phi Beta Lambda Honor Society**

Also known as Future Business Leaders of America, Phi Beta Lambda is the premier business fraternity for students who are preparing for careers in business and business-related fields. Phi Beta Lambda was founded in 1958 and currently has approximately 11,000 student members.

### **Sigma Tau Delta Honor Society**

The Alpha Kappa Phi Chapter of Sigma Tau Delta, an international English honor society, was chartered in the summer of 2002. The central purpose of the honor society is to confer distinction upon students of the English language and literature in undergraduate, graduate and professional studies. One of the largest members of the Association of the College Honors Societies, Sigma Tau Delta provides exceptional students with opportunities for advancing the study of language and literature, for developing skills in creative and analytical writing, and for meeting other scholars and professionals in the discipline of English.

## **The Society for Collegiate Journalists**

The National Council of the Society for Collegiate Journalists is the National Honor Society of Collegiate Mass Communications. The Lindsey Wilson College chapter was chartered in spring 2007.

## **Graduation Honors**

Special honors are awarded to students at the time of graduation in recognition of demonstrated scholarship based on their cumulative overall and cumulative Lindsey Wilson College grade point average. Students who declare academic bankruptcy are not eligible to qualify for honors at graduation.

- **AA Degrees:** Students who have earned at least 32 of the 60 credit hours for an associate's degree at Lindsey Wilson College and have a 3.50 or above GPA are eligible for associate's honors.
- **BA/BS/BSN Degrees:** A student must have earned at least 48 of the 120 credit hours required for a bachelor's degree at Lindsey Wilson College. In addition, all coursework required for the degree in question must be completed. The graduation honors are awarded as follows:
  - 3.50-3.69: Cum Laude (with distinction)
  - 3.70-3.89: Magna Cum Laude (with high distinction)
  - 3.90-4.00: Summa Cum Laude (with highest distinction)
- **Master's Degrees:** Honors are not awarded to master's degree recipients.
- **Doctoral Degrees:** Honors are not awarded to doctoral degree recipients.

## Academic Degrees

Lindsey Wilson College offers associate (AA), bachelor's (BA, BS, BSN), master's (MA, MEd) and doctoral (PhD) degrees. Program faculty and the Academic Affairs Office staff can assist students to make academic plans for their future by answering questions they may have about academic programs and policies or by assisting them with advising or registration.

**School of Professional Counseling Mission Statement**

The mission of the School of Professional Counseling (SPC) is to address the diverse academic and community needs of Appalachia and other regions through dedication to academic excellence and professional integrity where students obtain a solid professional knowledge and skills base.

**Counselor Education & Supervision Program Mission Statement**

The mission of the Counselor Education & Supervision (CES) doctoral program is to prepare students to serve as counselor educators, administrators, supervisors, researchers, advocates, and practitioners in academic and clinical settings.

**Program Overview**

The Doctor of Philosophy in Counselor Education & Supervision is an innovative, terminal-degree program designed to cultivate the potential within the student for development as an educational, clinical, and administrative professional through creative leadership, applied research, demonstrated pedagogy, and public advocacy. The program operates on a cohort-based model.

Employment opportunities for graduates from the Counselor Education & Supervision program vary greatly based on the interests and areas of focus for individual graduates. Common roles may include faculty positions in counseling and counselor education training programs, administrative positions in community and government agencies, supervisory roles in various clinical settings, research and assessment positions in higher education and government settings, and leadership roles in community advocacy organizations. Students in the CES program work with their advising committees to identify long-term professional goals and work toward these goals throughout their studies.

**Curriculum**

The Doctor of Philosophy in Counselor Education & Supervision requires a minimum of 72 credit hours of study, including dissertation research, beyond the 60 graduate credit hours of training in an approved counseling program.

Each year of doctoral study builds on knowledge and competencies from the accumulated expertise gained by the student to that point. Courses will be offered in a sequenced fashion with students taking six to nine hours of coursework per semester offered in five core areas (teaching, counseling, research and scholarship, leadership and advocacy, and supervision and consultation). Students remaining in sequence may complete the program in three to four years.

**A. Core Requirements: 36 hours**

- Foundations of Counselor Education & Supervision (CES 7003) – 3 hours
- Advanced Counseling Theories (CES 7013) – 3 hours
- Advanced Clinical Assessment & Diagnosis (CES 7023) – 3 hours
- Instructional Technology in Counselor Education & Supervision (CES 7113) – 3 hours
- Course Development & Assessment (CES 7123) – 3 hours
- Instructional Strategies & Course Management (CES 7133) – 3 hours
- Administration & Management of Mental Health Programs (CES 7213) – 3 hours

- Leadership & Professional Advocacy Action Planning in Counseling (CES 7223) – 3 hours
- Grant Writing & Fiscal Management in Mental Health Programs (CES 7233) – 3 hours
- Clinical Supervision & Consultation (CES 7313) – 3 hours
- Leadership & Administration in Counselor Education (CES 7323) – 3 hours
- Research, Program Evaluation & Outcomes Assessment in Higher Education (CES 7333) – 3 hours

**B. Practicum and Internship: 12 hours**

- Advanced Practicum: 100 hours (CES 8003) – 3 hours
- Internship: 200 hours (CES 8013) – 3 hours
- Internship: 200 hours (CES 8013) – 3 hours
- Internship: 200 hours (CES 8013) – 3 hours

**C. Research Requirements: 24 hours**

- Dissertation Hours (CES 9003) – 3 hours
- Professional Writing, Publication & Presentations in Counselor Education (CES 9013) – 3 hours
- Research Design & Project Development (CES 9023) – 3 hours
- Psychometric Theory & Measurement Design (CES 9033) – 3 hours
- Quantitative Method & Multivariate Analysis (CES 9043) – 3 hours
- Qualitative Method & Design (CES 9053) – 3 hours

*Note:* A minimum of nine dissertation hours is required, therefore CES 9003 must be taken three times.

**TOTAL HOURS: 72 credit hours**

**Exit Assessment**

The doctoral program has the same academic policies and standards as the undergraduate and MED programs except where specifically stated. All degree requirements must be completed within seven years of initial acceptance into the program. Students taking longer than seven years to complete the program must secure special permission from the CES program committee.

Graduation from the Doctor of Philosophy in Counselor & Education Supervision degree program requires:

- Completion of all required coursework with a cumulative quality point average of 3.00 or higher and no more than 2 Cs;
- Completion of an Application for Graduation form with the Registrar's Office following the specific guidelines set forth in this catalog;
- Recommendation of the CES faculty; and
- Completion of the following items as outlined in the *Counselor Education & Supervision Student Handbook*:
  - Annual Student Reviews
  - Written comprehensive exam;
  - Oral comprehensive exam;
  - Dissertation proposal; and
  - Defense of the dissertation.

**Admission**

**Program Application Procedure**

Applicants to the Counselor Education & Supervision program will need to:

1. Submit official graduate transcripts from all programs attended.

2. Have earned a master's degree in counseling or a related profession; graduates from CACREP accredited programs are preferred. Students admitted to the CES program with fewer than 48 semester hours of graduate credit and/or from a non-CACREP accredited program may be required to take additional hours to fulfill admission requirements as determined by a transcript review.
3. Complete the Graduate Record Exam (GRE). GRE scores more than four years old will not be accepted.
4. Provide three professional letters of reference from individuals familiar with the applicant's competence to complete doctoral work based on academic background, work history, personality, and ethical behavior. (Please contact the Graduate Office for more information.)
5. Submit a current vita documenting the applicant's professional preparation and experience.
6. Complete the Graduate Admission Application form (<http://online.lindsey.edu/info/applyNow.cfm>), which must be submitted online with non-refundable fees of USD 35.00.
7. Interview successfully as requested with the CES Admissions Committee. Interviewees may also be asked to submit on-site written answers to some selected questions.
8. Undergo a criminal background check. An applicant may be denied admission or dismissed from the CES program because of present or past criminal records.

At the conclusion of the interview process, the CES Admissions Committee will decide the status of each applicant. The following outcomes may occur:

- Admission – Applicants with *Admission* status are accepted into the program for the fall cohort. Students with *Admission* status who are unable to start with the fall cohort will need to re-apply or request a *Deferred Admission* status from the CES Admissions Committee.
- Deferred Admission – Applicants with *Deferred Admission* status will be accepted into the program upon successful completion of criteria outlined by the CES Admissions Committee. These criteria often involve completion of supplemental coursework or licensure requirements.
- Wait List – Applicants with *Wait List* status may be moved to *Admission* status if a currently admitted student withdraws his or her *Admission* status.
- Not Accepted – Applicants with *Not Accepted* status may re-apply in the future.

### **Transfer of Credit**

Students may transfer a maximum of 12 credits from another regionally accredited university if the courses are taken as part of a CACREP accredited doctoral program and the courses meet the curricular requirements of the Lindsey Wilson College CES program. Dissertation credits cannot be transferred.

Eligibility for transfer will be determined by the CES program director in consultation with CES program faculty. Eligibility will be determined based on coursework comparability via a transcript review. Students may be required to present further evidence of eligibility, such as copies of course syllabi, to support their requests. The CES program director will notify students in writing regarding transfer eligibility decisions and will notify the Registrar's Office in cases where transfer credits are approved. Faculty advisors will work with students on developing updated plans of study in cases where transfer credits are approved.

### **International Students**

International students applying to a graduate program must take and submit scores for the TOEFL (Test of English as a Foreign Language) or the IELTS (International English Language Testing System). The minimum acceptable score for the TOEFL is 550 for the paper-based test or a total score of 79 or above with section scores of 21 on writing and 19 on reading on the Internet-based test (iBT). The minimum acceptable composite score for the IELTS is 6.5.

## **Assistantships**

The CES graduate assistant (GA) placement is designed as a learning milieu for the graduate student while assisting academic unit faculty in providing a comprehensive program with academic integrity. Each assistantship requires up to 10 hours per week. Contact the Director of the Counselor Education & Supervision program for more information.

The duties of the CES GA will vary based on institutional and program needs, as well as the specific abilities of the GA.

### **CES Graduate Assistantship Application**

1. Complete a Graduate Assistant Application. All application materials should be submitted to the Director of the Counselor Education & Supervision program as early as possible.
2. All eligible applicants will be invited for an interview. Several faculty and staff are invited to attend as an interview team, including the Director of the CES program, CES faculty, and other individuals associated with the CES GA position being filled, to illustrate the collaborative process by which GAs are selected.
3. After applicants have been interviewed, the interview team will select a candidate and notify the Director of the CES program by submitting the selected candidate's Graduate Assistant Application, Graduate Assistant Agreement, Graduate Assistant Position Description, and background check form.
4. The Director of the CES program will work on finalizing the CES Graduate Assistant position description with the supervisor identified by the selection committee.
5. The Director of the CES program will inform all applicants of the decision.
6. The CES Graduate Assistant's supervisor will orient the GA to his/her new position.
7. An unsuccessful candidate for a CES Graduate Assistantship may apply for consideration for other positions available.

**Mission Statement**

Lindsey Wilson College's Master of Arts program in Interactive Design aims to provide Kentucky and the world with leading-edge training, graduate education, and professional development in interactive design, interaction studies, new media, and technology through local and global online instruction. The program's goal is to foster entrepreneurship, creativity, and innovation.

Upon graduation, students have the skill set and credentials to pursue successful careers where they design, develop, and collaborate in the creation of interactive solutions in a multitude of areas. They are prepared to contribute in the development of software, service design, physical devices, and complex systems. Graduates qualify for a variety of aesthetic, technical, and research positions in the fields of interaction design, user experience, human-computer interaction, interface design, and more.

**Curriculum**

The master's program combines an understanding of human factors, visual aesthetics, interaction design, and interactive programming and requires 30-34 credit hours. The four hours of provisional coursework may be waived, based upon an application review. The review considers the candidate's undergraduate degree, experience, portfolio, and the admission interview.

**A. Provisional Coursework: 4 hours**

- Fundamental Computer Graphics (IXDS 5012) – 2 hours
- Visual Communication Design (IXDS 5022) – 2 hours

**B. Core Requirements: 21 hours**

- Theories of Interaction Design (IXDS 5103) – 3 hours
- Visualizing the Human Experience (IXDS 5203) – 3 hours
- Information & Interface Design (IXDS 5303) – 3 hours
- Media History & Theory (IXDS 5403) – 3 hours
- Research Methods (IXDS 5503) – 3 hours
- User-Experience Prototyping (IXDS 5603) – 3 hours
- Dynamic Programming for Interactivity (IXDS 5703) – 3 hours

**C. Program Electives (select from the following): 9 hours**

- Advanced Scripting for Interactivity (IXDS 5713) – 3 hours
- Kinetic Media (IXDS 5723) – 3 hours
- Digital Journalism (IXDS 5733) – 3 hours
- Game Design Seminar (IXDS 5743) – 3 hours
- Global Cultures (IXDS 6083) – 3 hours
- Social Media Strategies (IXDS 6113) – 3 hours
- Data Visualization (IXDS 6123) – 3 hours
- ePublishing (IXDS 6133) – 3 hours
- Mobile Application Design (IXDS 6143) – 3 hours

**TOTAL HOURS: 30-34 credit hours**

## **Exit Assessment**

To graduate the program, all students must successfully complete an exit assessment. The exit assessment requires the following:

- Successfully complete all required coursework;
- Accumulate at least 30 credit hours at the graduate level;
- Maintain a GPA of 3.0 or higher; and
- Pass a final portfolio review by the MA Interactive Design Evaluation Committee.

## **Admission**

### **Program Application Procedure**

The basic criteria for admission to the program consist of the following:

1. Application for admission: All students are required to complete the Graduate Admission Application form (<http://online.lindsey.edu/info/applyNow.cfm>), which must be submitted online with non-refundable fees of USD 35.00.
2. Transcripts: Students must send an official transcript of each college or university previously attended to the Registrar's Office. Applicants must hold a bachelor's degree from a regionally accredited institution.
3. Personal and academic references: Applicants are required to submit three academic or professional references (name, address, phone, and relationship to student). The references will be contacted and instructed to complete the official LC4D (Louisville Center for Design) recommendation form. Applicants should list references from people who are best qualified to testify to their capacity for graduate work.
4. Statement of purpose: This requirement will demonstrate the writing capabilities of each candidate as well as define the student's goals and specific area of interest.
5. Personal interview: The interview allows the program coordinator to understand the personality and to connect with the human element of each prospective student. The interview also allows the program coordinator the opportunity to communicate how the program is uniquely suited for the student.
6. Portfolio review: The portfolio should contain a minimum of five and a maximum of fifteen work samples from previous classes or professional involvement. The admissions portfolio should show the student's variety and range as well as demonstrate previous training and experience.

*Note:* The admissions portfolio requirement may be waived if the student completes the two provisional courses, IXDS 5012 and IXDS 5022.

### **International Student Application Procedure**

International students applying to a graduate program must take and submit scores for the TOEFL (Test of English as a Foreign Language) or the IELTS (International English Language Testing System). The minimum acceptable score for the TOEFL is 550 for the paper-based test or a total score of 79 or above with section scores of 21 on writing and 19 on reading on the Internet-based test (iBT). The minimum acceptable composite score for the IELTS is 6.5.

Students who fail to meet the minimum score may still be considered for admission but will be required to successfully complete a provisional ESL (English as a Second Language) course before being officially accepted into the program.

### **Transfer of Credit**

The program does not accept transfer credit.

### **Mission Statement**

The mission of the Lindsey Wilson College Master of Business Administration (MBA) program is to develop effective, ethical business leaders who enhance the economic status and social climate of their communities, their state, and the world.

Job candidates with an MBA enjoy a wider range of career options and greater earning potential. An MBA degree will prepare graduates to move forward into a managerial position or equip them with the knowledge and expertise to start their own business.

The Graduate Management Admission Council (GMAC) reported in their 2013 Perspectives Survey that the median annual salary for MBA degree-holders was \$100,000.

### **Curriculum**

The Lindsey Wilson College MBA program is a 36-37 credit hour course of study that offers all required core courses in a flexible, online format and that provides the option of completing the degree by pursuing either a General Business emphasis that is fully online or a Lean Systems emphasis that is offered in a format that incorporates both online and face-to-face study.

#### **A. Core Requirements: 21 hours**

- Quantitative Decision Making (MBA 5023) – 3 hours
- Managerial Accounting (MBA 5033) – 3 hours
- Managerial Economics (MBA 5043) – 3 hours
- Managerial Finance (MBA 5053) – 3 hours
- Marketing Management (MBA 5063) – 3 hours
- Consulting Practicum (MBA 6053) *or* Applied Research in Business (MBA 6153) – 3 hours
- Organizational Behavior (MBA 6083) – 3 hours

#### **B. Emphasis Area (select one of the following areas): 15-16 hours**

##### **1 – General Business Emphasis Requirements: 15 hours**

- Organizational Communications (MBA 5013) – 3 hours
- Legal & Ethical Environment of Business (MBA 6023) – 3 hours
- International Business Management (MBA 6033) – 3 hours
- Strategic Management (MBA 6043) – 3 hours
- Business Seminar (MBA 6063) – 3 hours

##### **2 – Lean Systems Emphasis Requirements: 16 hours**

- Lean Systems Operations & Management (MBA 5123) – 3 hours
- Lean Operations & Tools I (MBA 6123) – 3 hours
- Lean Operations & Tools II (MBA 6133) – 3 hours
- Lean Design (MBA 6232) – 2 hours
- Lean Enterprise Systems (MBA 6332) – 2 hours
- Sustaining Lean Change (MBA 6433) – 3 hours

**TOTAL HOURS: 36-37 credit hours**

## **Exit Assessment**

To graduate the program, all students must successfully complete an exit assessment. The exit assessment requires the following:

- Successful completion of a final MBA research, internship, or consulting project;
- Completion of the ETS MBA Exit Exam;
- Completion of the MBA Exit Survey; and
- Completion of a reflective essay on mastery of Student Learning Outcomes and career plan.

## **Admission**

### **Program Application Procedure**

Applicants to the MBA program will need to:

1. Complete the Graduate Admission Application form (<http://online.lindsey.edu/info/applyNow.cfm>), which must be submitted online with non-refundable fees of USD 35.00.
2. Submit official undergraduate transcripts from regionally accredited institutions documenting the completion of an undergraduate degree;
3. Submit GRE or GMAT scores taken with the last five years;
4. Submit three professional references; and
5. Submit a resume and a statement of purpose.

Students who have not taken undergraduate courses in accounting, economics, and statistics prior to application to the program will be required to take such courses or will be required to demonstrate competency in these areas by examination.

### **International Student Application Procedures for Online Programs**

An international student's success will rest on the ability to understand, read, write, and speak English as all classes in the program are delivered in English. Thus in addition to the application materials required of students from the United States, international students who are applying for admission to online programs must send an official copy of their TOEFL (Test of English as a Foreign Language) scores to the College's Office of Online Education.

International students applying to a graduate program must take and submit scores for the TOEFL or the IELTS (International English Language Testing System). The minimum acceptable score for the TOEFL is 550 for the paper-based test or a total score of 79 or above with section scores of 21 on writing and 19 on reading on the Internet-based test (iBT). However, a minimum score of 80 iBT is required for the MBA program. The minimum acceptable composite score on the IELTS is 6.5.

Students who fail to meet the minimum score may still be considered for admission but will be required to successfully complete a provisional ESL (English as a Second Language) course before being officially accepted into the program and enrolling in classes.

### **Transfer of Credit**

The program will accept up to nine credit hours in transfer for equivalent courses from regionally accredited institutions of higher education.

**School of Professional Counseling Mission Statement**

The mission of the School of Professional Counseling (SPC) is to address the diverse academic and community needs of Appalachia and other regions through dedication to academic excellence and professional integrity where students obtain a solid professional knowledge and skills base.

**Counseling & Human Development Program Mission Statement**

The mission of the Counseling & Human Development (CHD) program is to provide a practitioner-based, community-centered, student-focused mental health preparation program hallmarked by academic integrity, professional competence, and sound ethical principles.

In addition to its programs on the A.P. White Campus in Columbia, the School of Professional Counseling collaborates with community colleges within Kentucky and surrounding states to provide local, community-based programs at 26 sites. The bachelor's and master's degrees are offered at these locations, allowing associate's degree graduates to earn these higher-level degrees through the Lindsey Wilson College School of Professional Counseling.

The School of Professional Counseling programs are offered in the following locations: Ashland, KY at Ashland Community & Technical College; Big Stone Gap, VA at Mountain Empire Community College; Cincinnati, OH at the Cincinnati State Technical & Community College; Cumberland, KY at Southeast Kentucky Community & Technical College; Danville, KY and Lexington, KY at Bluegrass Community & Technical College; Elizabethtown, KY at Elizabethtown Community & Technical College; Gallatin, TN at Volunteer State Community College; Hazard, KY at Hazard Community & Technical College; Henderson, KY at Henderson Community College; Hillsboro, OH and Washington Court House, OH at Southern State Community College; Hopkinsville, KY at Hopkinsville Community College; Logan, WV at the Southern West Virginia Community & Technical College; London, KY and Somerset, KY at Somerset Community College; Louisville, KY and Shelbyville, KY at Jefferson Community & Technical College; Madisonville, KY at Madisonville Community College; Maysville, KY at Maysville Community & Technical College; Paducah, KY at the Western Kentucky Community & Technical College; Prestonsburg, KY at Big Sandy Community & Technical College; Radcliff, KY at the Regional Education Center; Richlands, VA at Southwest Virginia Community College; Scottsville, KY at the Scottsville campus of Lindsey Wilson College; and Wytheville, VA at the Wytheville Community College.

**Master of Education**

The MEd in Counseling & Human Development, with specialization in Mental Health Counseling, is an application-oriented experience designed to enhance the skills of bachelor-level practitioners presently employed or planning a professional career in counseling. The program is accredited by the Council for Accreditation of Counseling & Related Educational Programs (CACREP). CACREP grants accredited status to graduate-level programs in the professional counseling field.

Through Lindsey Wilson College's accreditation with CACREP, students are eligible to sit for the National Board of Certified Counselors examination during their last semester of study to certify as a Nationally Certified Counselor (NCC). In most circumstances, graduates also are immediately eligible for provisional or temporary licensure in the state where they received coursework.

Employment opportunities for Licensed Professional Clinical Counselors are diverse and abundant. In addition to private practice settings, possible employment opportunities for graduates of the program include city and state human services departments, community mental health centers, correctional departments, drug and alcohol rehabilitation programs, residential foster care agencies, hospice programs, the military, counseling agencies, psychiatric hospitals, rape crisis centers, and vocational services.

**This degree does not lead to P-12 school counselor certification or satisfy requirements for the MEd in Teacher as Leader.**

### Curriculum

The Master of Education in Counseling & Human Development, with specialization in Mental Health Counseling, requires a minimum of 60 semester hours and participation in a non-credit group experience of not less than ten hours facilitated by the program. Requirements include 39 hours from nine core areas (human growth and development, social and cultural foundations, helping relationships, group work, career and lifestyle development, appraisal, research and program evaluation, professional orientation, and abnormal), nine hours of clinical instruction, and an additional 21 hours of specialty requirements in Mental Health Counseling.

#### A. Core Curriculum: 30 hours

- Personal Growth & Development Group (CHD 5000) – non-credit
- Lifecycle Development in Individuals & Families (CHD 5003) – 3 hours
- Multicultural Issues, Human Diversity & Preventive Community Education (CHD 5013) – 3 hours
- Counseling Theories & Techniques: Affective/Humanistic (CHD 5023) – 3 hours
- Counseling Theories & Techniques: Cognitive/Behavioral (CHD 5033) – 3 hours
- Group Counseling Techniques (CHD 5043) – 3 hours
- Career Education Counseling (CHD 5053) – 3 hours
- Individual & Group Assessment (CHD 5063) – 3 hours
- Psychopathology (CHD 5073) – 3 hours
- Research Methods (CHD 5083) – 3 hours
- Professional Issues & Ethics (CHD 5093) – 3 hours

#### B. Clinical Instruction: 9 hours

- Practicum: 150 hours (CHD 6003) – 3 hours
- Internship: 300 hours (CHD 6013) – 3 hours
- Internship: 300 hours (CHD 6013) – 3 hours

**TOTAL HOURS, CORE AND CLINICAL: 39 credit hours**

#### C. Specialization in Mental Health Counseling: 21-22 hours

Although a significant emphasis in the core curriculum is the development of a mental health counseling knowledge and skill base, the following specialty coursework and clinical experiences are designed to provide specialized expertise in the area of clinical mental health counseling.

In addition to the 39 hours of core and clinical experiences above, each student who specializes in mental health counseling must complete the following coursework within the specialty area. This coursework provides an introduction to clinical mental health counseling, contextual dimensions, knowledge and skills for the practice of mental health counseling, and clinical instruction.

- Diagnosis of Mental & Emotional Disorders (CHD 6023) – 3 hours
- Evaluation of Mental & Emotional Status (CHD 6033) – 3 hours

- Substance Abuse Treatment (CHD 6163) *or* Theories of Addiction & Pharmacology (CHD 6173) – 3 hours
- Treatment of Mental & Emotional Disorders (CHD 6203) – 3 hours
- Mental Health Administration, Supervision & Consultation (CHD 6513) – 3 hours
- Systemic Family Therapy (CHD 6613) – 3 hours
- **Choose one course from the following:**
  - Counseling Procedures & Strategies, Legal Issues & Prevention Strategies with Addicted Populations (CHD 6174) – 4 hours
  - Assessment, Diagnosis & Treatment of Addiction (CHD 6183) – 3 hours
  - Relationship Counseling, Group Process & Techniques with Addicted Populations (CHD 6193) – 3 hours
  - Play Therapy (CHD 6253) – 3 hours
  - Adolescent Intervention (CHD 6283) – 3 hours

### **Exit Assessment**

The master's program has the same academic policies and standards as the undergraduate program except where specifically stated. All degree requirements must be completed within seven years of initial acceptance into the program. Graduation from the Master of Education in Counseling & Human Development degree program requires:

- A cumulative quality point average of 3.00 or higher;
- Completion of a program evaluation survey;
- Filing an Application for Graduation form with the Registrar's Office following the specific guidelines set forth in this catalog;
- Recommendation of the graduate faculty; and
- Completion of the Comprehensive Professional Counseling Examination (CPCE).

### **Admission**

#### **Program Application Procedure**

Applicants to the Counseling & Human Development program will need to:

1. Complete the Graduate Admission Application form (<http://online.lindsey.edu/info/applyNow.cfm>), which must be submitted online with non-refundable fees of USD 35.00 to the appropriate administrative assistant serving the community campus or site.
2. Send an official transcript of each college or university previously attended to the Lindsey Wilson College Registrar's Office;
3. Send three letters of recommendation to the appropriate administrative assistant; and
4. Complete an interview with members of the Regional Admissions Committee.

Once the materials for applications are received and a successful interview completed, the student may register for classes.

#### **Classification of Applications**

All applicants admitted to the master's program in Counseling & Human Development are admitted on conditional basis. The status is reviewed by the Regional Admissions Committee at the end of the candidate's first semester to consider each student's unconditional acceptance into the program.

A change in status from conditional to unconditional must be accompanied by a successful student review and subsequent recommendation by the Regional Admission Committee.

**Note:** Admissions decisions are based on academic performance and personal characteristics/dispositions as reflected in the Graduate Students Review and Recommendation process. Students who receive scores of "Pass" will be granted unconditional admission status. A student who receives one or two "No Pass" scores will meet with the Resident Faculty

Supervisor to discuss and formulate a remediation plan. A student who receives three or more “No Pass” scores will meet with the Regional Admissions Committee to plan required remediation or discuss alternatives to the program.

### **Non-Degree Admission**

Upon application, non-degree admission may be granted to those who wish to enroll in courses but who do not intend to pursue a degree. Such coursework may aid in completing certification requirements, enriching professional development, or similar objectives.

If a student who is enrolled in the non-degree category subsequently wishes to seek a degree, he or she must make application to the program requesting a change in status and must meet all criteria for admission. If approved, a student may carry forward no more than 12 hours of credit earned as a non-degree student.

### **Transfer of Credit**

All master’s students who wish to transfer graduate credit from other institutions to be applied to Lindsey Wilson College’s Counseling & Human Development degree should be aware of the following criteria:

- Transfer credit must carry a grade of A or B and must be earned at the graduate level.
- Transfer credit must be consistent with the program’s curriculum, which comprises the required CHD program structure.
- Normally no more than 15 credit hours may be transferred into the CHD program. Exceptions must be approved by the Director of the Counseling & Human Development program.
- The Director of the Counseling & Human Development program reviews all requests for transfer credit.
- In cases where a graduate degree has been earned in a related field from a regionally accredited college or university, the graduate faculty may accept credit earned, provided these courses satisfy requirements of the program to which the student is applying. The CHD Admissions Committee may require a student to retake any course in an area where there are questions regarding the content of the curriculum or the student’s competence in a given area.

### **Graduate Credit without the Bachelor’s Degree**

The following criteria apply to those students who wish to enroll in master’s coursework but who have not earned a Bachelor of Arts degree:

- Undergraduates must have senior status, and
- Cumulative quality point average of at least 3.00.

No coursework applied toward undergraduate graduation requirements may be counted toward requirements for a graduate degree. A maximum of nine graduate credit hours may be taken by an undergraduate.

### **International Students**

International students applying to a graduate program must take and submit scores for the TOEFL (Test of English as a Foreign Language) or the IELTS (International English Language Testing System). The minimum acceptable score for the TOEFL is 550 for the paper-based test or a total score of 79 or above with section scores of 21 on writing and 19 on reading on the Internet-based test (iBT). The minimum acceptable composite score for the IELTS is 6.5.

### **Assistantships**

The CHD graduate assistant (GA) placement is designed as a learning milieu for the master’s student while assisting academic unit faculty in providing a comprehensive program with academic

integrity. Each assistantship requires 25 hours per week. Contact the Director of the Counseling & Human Development program or the community campus coordinator for more information.

The duties of the CHD GA will vary. CHD GAs at community campus locations work closely with campus coordinators, faculty supervisors, and the Director of the Counseling & Human Development program. An additional responsibility of the CHD GAs at the community campuses is to facilitate the operation of the Counseling Skills Lab.

The Education program at Lindsey Wilson College is accredited by the National Council for Accreditation of Teacher Education (NCATE; <<http://www.ncate.org>>). This accreditation covers initial teacher preparation and the advanced Teacher as Leader program. However, the accreditation does not include individual education courses that the institution offers to P-12 educators for professional development, relicensure, or other purposes.

### **Lindsey Wilson College Mission**

The mission of Lindsey Wilson College is to serve the educational needs of students by providing a living-learning environment within an atmosphere of active caring and Christian concern where every student, every day, learns and grows and feels like a real human being.

### **Education Unit Mission Statement**

The College's graduate Education program, in partnership and collaboration with area school districts, prepares educators to provide leadership in 21<sup>st</sup> century schools by developing candidate expertise in knowledge, pedagogy, leadership skills, and reflective practice. Through a learning environment of Christian caring, the graduate Education program develops teacher leadership expertise through field-based inquiry in order to improve student learning in a digital age.

### **The Education Division Vision**

This Unit's mission statement is the root of the vision Lindsey Wilson Unit faculty share: "To prepare teachers who are effective leaders and reflective educators in 21<sup>st</sup> century educational settings." This vision is realized in the education conceptual framework or motto, *Teacher as Leader for the 21<sup>st</sup> Century*. It also derives from the expertise of the College faculty, from the experience of local and regional school district professionals, and from research in best practices pedagogy, classroom management, education policy, and the 21<sup>st</sup> Century Skills movement.

### **Conceptual Framework**

Our conceptual framework, *Teacher as Leader for the 21<sup>st</sup> Century*, undergirds all the programs of the Unit. All College faculty work to help candidates develop the knowledge, skills, and dispositions of 21<sup>st</sup> century teachers reflected in the conceptual framework. Specifically, the Unit prepares professionals who model best practices and who continually strive to lead their students and schools to accomplish meaningful goals that improve education, both in initial and advanced domains.

### **Advanced Candidate Learning Goals**

**Knowledge:** Teacher Leader master's candidates demonstrate in-depth knowledge and understanding of instructional leadership, collaboration, interpersonal/leadership skills, professional learning communities, assessment, and content expertise that address 21<sup>st</sup> century skills by:

- A. Demonstrating a theoretical and practical understanding of the current research base that supports teacher leadership and quality instruction. (KTS 1, 2, 3, 4, 5, 6, 8)
- B. Recognizing quality instruction and communicating current, accurate knowledge that enhances instruction and contributes to the learning of all students. (KTS 1, 2, 3, 4, 5, 6, 9, 10)
- C. Contributing to the knowledge, understanding and performance of teachers within the school learning community. (KTS 1, 2, 3, 4, 5, 10)
- D. Demonstrating critical thinking skills in all areas of teacher leadership and content knowledge. (KTS 1, 2, 4, 5, 10)

- E. Conducting knowledgeable and insightful research to pinpoint instructional needs within the learning community and school structure. (KTS 1, 2, 4, 5, 9, 10)

**Pedagogy:** Teacher Leader master’s candidates demonstrate the skills to effectively collaborate, plan, and implement professional development based on research-based best practices that foster 21<sup>st</sup> century skills and positively impact student learning by:

- A. Assessing teacher performance and conducting program evaluation based on data to improve instructional practices and student learning. (KTS 1, 2, 3, 4, 5, 6, 7, 9, 10)
- B. Working with colleagues to identify, assess, and implement high quality learning and growth experiences for students and teachers within the school community. (KTS 2, 3, 5, 6, 8, 9, 10)
- C. Giving instructional leadership in the area of content expertise. (KTS 1, 2, 3, 4, 10)

**Leadership:** Teacher Leader master’s candidates provide leadership in the school and the community incorporating 21<sup>st</sup> century skills by:

- A. Taking professional leadership responsibilities within the learning community and/or in community based projects that enhance the school culture. (KTS 3, 5, 6, 8, 9, 10)
- B. Demonstrating skills for leadership which include interpersonal, collaborative, coaching, and mentoring skills. (KTS 3, 6, 8, 10)
- C. Leading instructional programs by developing the professional skills of colleagues. (KTS 1, 2, 3, 5, 6, 8, 9, 10)
- D. Implementing, analyzing, and evaluating professional leadership development. (KTS 10)

**Reflective Best Practice:** Teacher Leader master’s candidates exhibit the leadership dispositions of a caring, reflective, self-assessing, and critical thinking professional who promotes equitable schools for students and families by:

- A. Demonstrating ethical and dependable behaviors in roles and responsibilities. (KTS 2, 3, 4, 5, 6)
- B. Demonstrating behaviors and leadership skills that model for colleagues the value of quality teaching and effective student learning. (KTS 1, 2, 3, 4, 5, 6, 8, 9, 10)
- C. Demonstrating respect for students and colleagues as individuals in order to positively affect student learning and the learning community. (KTS 1, 2, 3, 8, 10)
- D. Responding competently and maturely to all students/peers. (KTS 3, 4, 8)
- E. Reflecting effectively on feedback and self-assessment of their teaching and then identifying priority areas for growth. (KTS 1, 2, 5, 7, 9)
- F. Committing to professional growth through critical reflection for improvement, through reading of research-based literature and by seeking professional growth opportunities. (KTS 1, 2, 9)

### **Conceptual Framework Emblem**

The emblem depicts the mission, vision, motto and Key Concepts of Lindsey Wilson College’s Education Unit. It is appropriate that the Conceptual Framework representation incorporates the structural design of the John B. Begley Chapel, a “bold symbol and expression of the spiritual dimension of Lindsey Wilson College” (Lindsey Wilson College website, 2010). The image of the chapel dome supports the College’s commitment to providing a Christian-based liberal arts curriculum that provides educational opportunities to students in an active caring and Christian environment. The College’s mission of “Every Student, Every Day” and the Kentucky Teacher Standards which are the base for the Conceptual Framework, symbolically provide a foundation for the entire emblem. The Unit’s motto, “Teacher as Leader for the 21<sup>st</sup> Century,” arches above the chapel encompassing the entire emblem.

The rings and arcs of the Chapel represent the interlocking concepts that identify the candidate’s knowledge, skills and dispositions. The four Key Concepts of Knowledge, Pedagogy, Leadership, and Reflective Best Practice are arranged inside the rings and arcs. Reflective Best Practice is located at the middle of the dome to denote the central importance of the candidate’s dispositions of

caring, respect, and compassion; critical reflection; and professional integrity. The dispositions are essential in order to develop the other three Key Concepts of Knowledge, Pedagogy, and Leadership. Assessment feedback is integral to the success of the candidates in the program, and Continuous Assessment is strategically placed on either side of the dome to represent a commitment to program evaluation through continuous assessment.

### Diversity Policy

The Lindsey Wilson College Education division is committed to recruiting and retaining a diverse body of education candidates and fulfilling the College’s credo: “Every student, every day.” All students, regardless of race, ethnicity, socioeconomic status, exceptionalities, religion, geographic origin, or gender, are welcome at Lindsey Wilson College and in the Education program. The Education unit (division) is committed to structuring the program experiences to integrate the application of equity and diversity in all levels of development of our candidates. Through coursework, field/clinical experience, community service, and professional development, candidates gain competence in their ability to plan and implement instruction while creating a learning environment that meets the diverse needs of all students.

### Program Application Procedure (Stage 4)

The candidates may be admitted to the MED program upon completion of the following criteria:

1. Complete the Graduate Admission Application form (<http://online.lindsey.edu/info/applyNow.cfm>), which must be submitted online with non-refundable fees of USD 35.00.
2. Submit an application and supporting forms for the Master of Education – Teacher as Leader program to the Education division, which include:
  - Signed Administrator Agreement;
  - Signed Code of Ethics;
  - Three recommendations, including one from a school administrator;
  - Official undergraduate transcript showing completion of a bachelor’s degree in education (or graduate degree in education) from an accredited college or university with a minimum GPA of 3.0; and
  - Evidence of successful KTIP or student teaching.
3. Submit a current Free Application for Federal Student Aid (FAFSA) to the Office of Financial Aid and talk with a financial aid counselor.
4. Schedule an interview with the graduate program coordinator to devise a degree plan.
5. Once all admission criteria have been satisfactorily completed and received by the Education division, as well as all steps in the admission process have been successfully followed, the student may register for classes.

## **International Students**

International students applying to a graduate program must take and submit scores for the TOEFL (Test of English as a Foreign Language) or the IELTS (International English Language Testing System). The minimum acceptable score for the TOEFL is 550 for the paper-based test or a total score of 79 or above with section scores of 21 on writing and 19 on reading on the Internet-based test (iBT). The minimum acceptable composite score for the IELTS is 6.5.

## **Evaluation of Candidates during the Program (Stage 5)**

Candidates will be assessed during the program to measure their growth in knowledge, skills, and dispositions as demonstrated through the Kentucky Teacher Standards which the MEd seeks to develop:

- 3.0 overall GPA,
- Leadership reflection journals,
- Coursework performance assessments at 80% mastery,
- Advisor committee satisfactory rating on program stage transition,
- Job-embedded course assignments at 80% mastery,
- Approval for Action Research Project,
- Approval of proposal for Leadership Development Project,
- Review of Leadership Professional Growth Plan, and
- Mid-point dispositions assessment.

## **Evaluation of Candidates at Program Completion (Stage 6)**

At the conclusion of the program, candidates will be assessed on the following:

- 3.0 overall GPA,
- Successful completion of coursework & coursework performance assessments at 80-100% mastery,
- Successful completion of all job-embedded teacher performance assessments at 80-100% mastery,
- Key assessments: Action Research Project, Leadership Development Project, Leadership Professional Growth Plan,
- Leadership philosophy,
- Leadership reflection journals,
- Final disposition assessment,
- Self-assessment of dispositions & reflection on growth,
- Final assessment from administrator & collaborating teachers, and
- Capstone assessment presentation and interview.

## **Program Overview**

The program is designed not only to lead to rank change and the Teacher Leader endorsement but also to impact the culture of the schools and address the specific needs of the service area school districts by equipping teachers with leadership knowledge, skills, and dispositions for the 21<sup>st</sup> century. The program is also designed to be responsive to requirements of the Kentucky Department of Education for P-12 schools.

Candidates have the option to complete the program in cohort groups. The sequence of the coursework adds strength to the 30 hour program as the building of learning communities, designing of professional development, and conducting inquiry based research grounded in the contextual factors of the candidates' schools will model leadership development. As cohorts enter the program during the first summer, the two initial courses allow the candidates to draw from the context of their teaching through the analysis of the candidates' individual school improvement plans and student achievement data. In addition, guided self-analysis to identify specific needs of the candidate is included, and a philosophy of leadership is initiated. Use of the data is incorporated

in the courses to prepare the candidates for the designing and implementation of the Key Assessments during the academic year: the Leadership Growth Plan, the Action Research Project, and the Leadership Professional Development Project. These culminate in a Capstone Assessment.

As of fall 2013, all courses are online and include job-embedded learning experiences. Faculty spend time in the candidates' schools, serving as resources for projects designed and implemented collaboratively with mentors, colleagues, and administration.

The Capstone occurs during the final semester of the program when cohort groups present a summation of the three Key Assessments through a capstone paper and presentation. The exit review is a formal presentation of the results of the Leadership Growth Plan (LGP) and the Action Research Project (ARP) sharing results and findings. The Professional Leadership Development Project that grew from the LGP and the ARP is also presented to a committee for evaluation. The exit interview will also provide a time for candidate self-reflection and further feedback to the program.

### **Curriculum**

- Learning to Lead (EDUC 5103) – 3 hours
- Conducting Action Research (EDUC 5113) – 3 hours
- Instructional Design & 21<sup>st</sup> Century Skills (EDUC 5123) – 3 hours
- Assessment, Accountability & Student Learning (EDUC 5133) – 3 hours
- Diversity, Leadership & School Improvement (EDUC 5143) – 3 hours
- Action Research for Teacher Leadership (EDUC 5153) – 3 hours
- School Leadership & Professional Learning Communities (EDUC 5163) – 3 hours
- Literacy & 21<sup>st</sup> Century Skills (EDUC 5213) – 3 hours
- ESL & Literacy (EDUC 5223) – 3 hours
- Leadership in Differentiating Instruction (EDUC 5233) – 3 hours

### **Exit Assessment**

Completion of Stage 6 (see above).

### **TOTAL HOURS: 30 credit hours**

### **Transfer of Credit**

All graduate students who wish to transfer graduate credit from other institutions to be applied to Lindsey Wilson College's Master of Education – Teacher as Leader degree should be aware of the following criteria:

- Transfer credit must carry a grade of A or B and must be earned at the graduate level from regionally accredited colleges or universities.
- Transfer credit must be consistent with the program's curriculum, which comprises the required Master of Education – Teacher as Leader program structure.
- Transfer credit must be judged to be equivalent to Master of Education – Teacher as Leader coursework. Elective credit must also be comparable to graduate courses consistent with the student's course of study.
- No more than 12 credit hours may be transferred into the Master of Education – Teacher as Leader program.
- The following courses must be taken at Lindsey Wilson College:
  - Learning to Lead (EDUC 5103),
  - Action Research for Teacher Leadership (EDUC 5153), and
  - School Leadership & Professional Learning Communities (EDUC 5163).
- Once the chair of the Education division and the director of the graduate program have approved the transfer hours, the student must complete admission to the program and submit the appropriate course transcripts to the Registrar's Office for final action.

## Graduate Course Descriptions

Lindsey Wilson College's graduate course descriptions are listed for the following degrees:

- The PhD in Counselor Education & Supervision,
- The MA in Interactive Design,
- The MBA, with emphasis in General Business or Lean Systems,
- The MEd in Counseling & Human Development, and
- The MEd in Teacher as Leader.

All courses for the MA, MBA, and MEd are 5000-6000 level; all courses for the PhD are 7000-9000 level.

For a list of graduate courses being offered in a specific semester, please visit the Lindsey Wilson College online course schedule at: <[www.lindsey.edu/info/student/course-schedule/](http://www.lindsey.edu/info/student/course-schedule/)>.

### Course Numbers

Each digit in the course numbers represents the following:

- First digit: Identifies course level.
- Second and third digits: Program use (may suggest sequence or common-numbered courses).
- Fourth digit: Credit hours.

### Course Prerequisites and Corequisites

- **Prerequisites on courses are absolute:** Prerequisites provide knowledge and skills essential for student success in the courses for which they are listed.
- **Corequisite(s):** The corequisite listed in the course description indicates that the student intending to take the course described must also enroll in the corequisite course. The courses must be taken simultaneously, and they cannot be added or dropped independently.
- **Prerequisite(s) or instructor's permission:** Although students are advised to take the prerequisite first, faculty have the option of overriding the prerequisite by using the electronic override. Paper copies of Drop/Add forms will not be accepted, as electronic overrides will assist the Registrar's Office to monitor courses that have prerequisite/permission applications.
- **Recommended:** Recommendations are advisory in nature and suggest that the course material might better be learned if the recommended course is taken first.
- **No prerequisite:** Any student in the program can take the course.

### Common Numbered Courses

- **Directed Study:** Such a course is proposed by a student based on a strong interest; approvals from an Academic Unit/Division Chair/Director and the Academic Affairs Office are required. Course numbers are assigned using a "DS" for the middle two digit positions (e.g., IXDS 5DS1 – master's level directed study course in the Interactive Design program earning one credit hour).
- **Special Topics:** These courses are offered on an occasional basis by faculty to explore subjects not offered regularly in the curriculum. Course numbers under this designation will be preceded by the appropriate program abbreviation and will show an "8" in the second digit position. As usual, the first digit indicates the ability level, and the final digit will vary according to the number of credits the course carries (e.g., CHD 6802 – master's level special topics course in the Counseling & Human Development program earning two credit hours).

### **Credit Hour Requirement for Master's Candidates**

All master's degree candidates for graduation must complete a minimum of 30 credit hours of acceptable graduate coursework with a minimum cumulative grade point average of 3.00 on a 4.00 scale. Refer to specific program for additional requirements. Most master degree programs exceed the 30 credit hour minimum.

### **Credit Hour Requirement for CES Doctoral Candidates**

All doctoral degree candidates must complete a minimum of 72 credit hours of acceptable graduate coursework, including dissertation research, beyond the 60 graduate credit hours of training in an approved counseling program with a minimum cumulative grade point average of 3.00 on a 4.00 scale and with no more than 2 Cs. Some students may exceed the minimum number of credit hours.

## **Doctor of Philosophy – Counselor Education & Supervision**

### **PhD**

### **CES**

#### **7003 – Foundations of Counselor Education & Supervision – 3 credit hours**

This course provides an advanced introduction to counselor education and supervision, including an exploration of professional identity, professional organizations, professional ethics, professional writing, and current issues. Students will explore these areas in the context of orienting to the CES program, its processes, resources, and technology.

#### **7013 – Advanced Counseling Theories – 3 credit hours**

This course provides an advanced exploration of counseling theories, including the integration of theory and application of multiple theoretical perspectives while conceptualizing client cases. Emphasis is placed on evidence-based counseling practices and methods for evaluating counseling effectiveness. Ethical and culturally appropriate use of counseling across multiple settings is explored.

#### **7023 – Advanced Clinical Assessment & Diagnosis – 3 credit hours**

This course provides an advanced exploration and comparison of current diagnostic systems and clinical assessment instrumentation. Emphasis is placed on exploring current diagnostic systems including the DSM and DC 0-3 as well as frequently utilized assessments in professional counseling practice. Ethical and culturally appropriate use of assessment and diagnosis across multiple settings is explored.

#### **7113 – Instructional Technology in Counselor Education & Supervision – 3 credit hours**

This course introduces a wide range of instructional technologies for use in face-to-face, hybrid, and online learning environments. Emphasis is placed on the development of a technical understanding of instructional technologies and on evidence-based use of these tools. Technology use within the context of clinical supervision is also explored.

#### **7123 – Course Development & Assessment – 3 credit hours**

This course provides a framework for curricular design and assessment in face-to-face, hybrid, and online learning environments. Situational factors, learning goals, formative and summative assessment, grading, and structural considerations of course design are all included as part of a comprehensive course design strategy. Student learning outcomes and student assessments are addressed as defining elements of the development process. Ethical and cultural considerations of development and assessment are included. Content is explored within the context of counselor education and supervision.

#### **7133 – Instructional Strategies & Course Management – 3 credit hours**

This course explores roles, responsibilities, and methods of course instruction and management in face-to-face, hybrid, and online learning environments. This exploration is grounded in an

understanding of models of instruction and adult learning. Classroom management issues, including screening, remediation, and gatekeeping, are considered. Ethical, legal, and cultural considerations of instruction and course management are explored. Content is explored within the context of counselor education and supervision.

**7213 – Administration & Management of Mental Health Programs – 3 credit hours**

This course provides a study of organizations, including theories of the nature of work within mental health settings, administrative styles, group processes, staff development and training, organizational communication, attitudes, motivation, and models of management. Practical aspects of mental health administration, including personnel management, diversification of services, resource utilization, fiscal management, risk management, ethical and legal considerations, and related topics, are explored.

**7223 – Leadership & Professional Advocacy Action Planning in Counseling – 3 credit hours**

This course provides an exploration of the theories, models, and skills of leadership for professional organizations and venues, the counseling profession, and its constituents. Theories, models, and skills in advocacy for the counseling profession and underserved/underrepresented populations are explored. Current regional, national, and international counseling issues are considered. Roles and strategies for coordinating an effective response to crises and disasters are included.

**7233 – Grant Writing – 3 credit hours**

This course focuses on grant development, writing, capital acquisition, grant management, and outcomes evaluation.

**7313 – Clinical Supervision & Consultation – 3 credit hours**

This course provides an advanced exploration of clinical supervision and consultation. The purposes, roles, relationships, and skills involved in clinical supervision and consultation are considered as well as legal and administrative responsibilities, such as supervisee assessment, remediation, and gatekeeping. These factors are placed within the context of current and emerging theories, models, and modes of clinical supervision, with an emphasis on the importance of developing and utilizing an individual approach to supervision in an ethical and culturally relevant manner.

**7323 – Leadership & Administration in Counselor Education – 3 credit hours**

This course introduces theories and skills of leadership in counselor education programs. Additionally, the course explores the nature of leadership in academic programs, including faculty governance and advocacy, budget development, accreditation, curriculum development, personnel management, conflict resolution, crisis management, and other issues related to the management of an academic unit. Development of a personal leadership style that is ethical and culturally relevant is emphasized.

**7333 – Research, Program Evaluation & Outcomes Assessment in Higher Education – 3 credit hours**

This course introduces models and methods of program evaluation, program research, and outcomes assessment. Topics include evaluation strategies and designs, data collection, analysis, and reporting. Emphasis is placed on the use of program evaluation methods to support programmatic change. Content is explored in the context of CES program accreditation processes and requirements.

**8003 – Advanced Practicum – 3 credit hours**

In this course students participate in a supervised, doctoral-level counseling practicum of a minimum 100 hours, of which 40 hours must be providing direct counseling services. Where appropriate, experience as a supervisor is encouraged as part of the indirect requirement. Specifics of the placement are determined in consultation with program faculty. Students receive one hour

per week of individual/triadic supervision in the clinical setting as well as regularly scheduled group supervision by program faculty.

### **8013 – Internship – 3 credit hours**

A 200-clock-hour supervised experience in counseling, teaching, clinical supervision, research and scholarship, and/or leadership and advocacy. Specific placement requirements are allocated at the discretion of the doctoral advisor and student based on experience and training. Students receive one hour per week of individual/triadic supervision in the internship setting as well as regularly scheduled group supervision by program faculty.

### **9003 – Dissertation Research: Dissertation Hours – 3 credit hours**

This course will facilitate the completion of an approved dissertation which will utilize the knowledge, skills, and abilities gained throughout the program in areas of counseling and research. Field-based projects will be emphasized. Ethical and culturally relevant strategies for conducting research will be addressed throughout the experience.

### **9013 – Professional Writing, Publication & Presentations in CES – 3 credit hours**

This course provides an introduction to and exploration of the practice and skills required for professional writing, engaging the publication process, and the development of professional presentations. Students will work under supervision to generate publication manuscripts and/or presentations to present in a professional venue.

### **9023 – Research Design & Project Development – 3 credit hours**

This course will explore research project development, including analysis of the literature, hypothesis construction, selection and identification of appropriate research methodology, data analysis, and discussion of research results. Students will develop an understanding of research methods, statistical analyses, and needs assessment. This course will also focus on understanding research methodologies and how these can be used for action research, program evaluation, and improving counseling effectiveness. Ethical and professional issues associated with research and program evaluation will also be presented.

### **9033 – Psychometric Theory & Measurement Design – 3 credit hours**

This course will explore theoretical perspectives regarding instrument construction and design. Students will explore strategies for designing, administering, and interpreting quantitative measures. Ethical and professional issues associated with measurement construction, bias, and cultural variation will also be included.

### **9043 – Quantitative Method & Multivariate Analysis – 3 credit hours**

This course will explore quantitative research and multivariate analytical procedures associated with research in counseling and counselor education. Students will explore statistical procedures associated with descriptive and experimental research design, implementation, and analysis of quantitative data. Students will use statistical software packages toward calculating descriptive and inferential statistics. Students will explore the analysis, interpretation, and presentation of quantitative research data. Ethical and professional issues associated with quantitative research are included.

### **9053 – Qualitative Method & Design – 3 credit hours**

This course provides a study of the design, approaches, implementation, and analysis of qualitative research. The development of an in-depth understanding of the major methods of inquiry associated with qualitative research will be emphasized. Students will explore the analysis, interpretation, and presentation of qualitative research data. Ethical and cultural considerations of qualitative research are included.

## Master of Arts – Interactive Design

MA

IXDS

### **5012 – Fundamental Computer Graphics – 2 credit hours**

Provisional requirement. Students are introduced and acclimated to industry-standard computer software applications. Computer platforms, operating systems, file formats, and basic graphic creation are discussed and reviewed. *Note:* Course requirement may be waived if admissions portfolio exhibits course objectives. *Prerequisite:* None.

### **5022 – Visual Communication Design – 2 credit hours**

Provisional requirement. Students learn theory and principles for successful design. A combination of critical analysis, hand-work, and computer-generated projects are utilized to gain an understanding of effective visual communication. *Note:* Course requirement may be waived if admissions portfolio exhibits course objectives. *Prerequisite:* None.

### **5103 – Theories of Interaction Design – 3 credit hours**

This lecture-based course presents various readings from figureheads within the field of interaction design and related disciplines. The course covers case studies, methodologies, and discourse relating to this complicated and highly theoretical field. This course serves an introduction to the field of Interaction Design. The course introduces core vocabulary and leading practitioners as well as experimental and overreaching issues within Interaction Design.

### **5203 – Visualizing the Human Experience – 3 credit hours**

This course explores visualizing the planning, content, and structure of interactive experiences. With the integration of words, sketching, and image development, visualization is developed to communicate complex systems and solutions. With the use of paper-prototypes and digitally-based techniques, visualizations are presented, analyzed, and critiqued. With a focus on user-centered design, students explore visualization, user testing, and feedback that ultimately refine and improve the human experience.

### **5303 – Information & Interface Design – 3 credit hours**

Through the integration of historical studies, theory, and practice, students address issues central to interactivity in fine art, gaming, communication, and marketing. Conceptual methods and models are utilized to inform and develop student practice. The class analyzes digital projects of business, design, the gallery environment, and the platforms of the Internet, tablet, and mobile devices.

### **5403 – Media History & Theory – 3 credit hours**

This class reviews the history and theory of new media from aesthetic, cultural, and global perspectives. Topics to be discussed include patterns of knowledge, beliefs, and social behavior as well as the nature of the digital medium and the power of its reach and influence. Today's culture is dependent upon digital data structures that profoundly affect our economic, political, and social life – which raises questions about ownership, control, and governance. Through a series of lectures, reading assignments, and discussions, class members will position new media in this larger cultural and global context.

### **5503 – Research Methods – 3 credit hours**

The course covers interviews, focus groups, contextual inquiry and design, questionnaires and surveys, and the creation of new research techniques. Perhaps the most important and practical portion of the interactive design process is gathering the requirements from and performing testing for end users. This course provides students with the primary tools used through the entire process of nearly every interactive design problem and emphasizes a user-centered design process.

### **5603 – User-Experience Prototyping – 3 credit hours**

Students learn practical coding skills to successfully prototype and implement their designs in modern authoring technology. This provides students with a means to produce core functionality

and the vocabulary to communicate with the developers who will ultimately be coding their design solutions.

### **5703 – Dynamic Programming for Interactivity – 3 credit hours**

This course presents the fundamental building blocks for the development of dynamic interactive systems. The course covers technologies including HTML5, CSS, PHP, and MySQL as well as the fundamentals of data structures.

### **5713 – Advanced Scripting for Interactivity – 3 credit hours**

This course builds on concepts introduced in Dynamic Programming for Interactivity. Students use markup, JavaScript, script libraries, and other tools to build advanced applications. *Prerequisite:* IXDS 5703.

### **5723 – Kinetic Media – 3 credit hours**

Students use industry-standard software to create animated text, graphic, and user-interface elements. Interaction design solutions are simulated by combining video with computer-generated graphics.

### **5733 – Digital Journalism – 3 credit hours**

Journalism has seen a dramatic shift from traditional mediums to digital to over the last two decades. This class will examine major news outlets and the methods in which they deliver journalism. Students will create a collaborative news/information blog, delivered on web and mobile platforms, and populate it with a variety of media.

### **5743 – Game Design Seminar – 3 credit hours**

The class explores the workflow and processes in designing, developing, and distributing a digital game for mobile delivery. Game engines and development platforms are explored as well as sales and distribution channels.

### **6083 – Global Cultures – 3 credit hours**

Human-centered design is dependent on the designer understanding the user. This dependence has never been truer than when designing for a foreign-based culture. This is a collaborative class in which students will work with our partner school(s) in Asia in efforts to create an online interactive solution.

### **6113 – Social Media Strategies – 3 credit hours**

The course examines the rise and proliferation of social media and their impact regarding communication, advertising, and promotion. The course examines the methods of sales funnels, demographic definitions, and advanced target marketing.

### **6123 – Data Visualization – 3 credit hours**

This course explores the transformation of data from statistical data to visual design with the goal of communicating information clearly and effectively through graphical means. Information will be abstracted in schematic forms with emphasis on creativity and metaphor.

### **6113 – ePublishing – 3 credit hours**

Rapid publishing methods are explored in the areas of both blogs and eBooks. Students will publish an eBook and experience the entire process of getting an eBook published and distributed through existing sales channels.

### **6143 – Mobile Application Design – 3 credit hours**

Mobile frameworks are implemented in designing and developing an application for mobile delivery. Students will develop concepts, wireframes, test, and deliver final coded solutions.

## Master of Business Administration

**MBA**

**MBA**

### **5013 – Organizational Communications – 3 credit hours**

This course emphasizes oral and written forms of business communications as well as interpersonal and organizational communications and includes exploration of the various techniques, instruments, processes, and styles employed by leaders to communicate effectively within organizations and ethical considerations in communications.

### **5023 – Quantitative Decision Making – 3 credit hours**

This course introduces a structured approach to problem solving and the fundamental quantitative methods used to formulate and solve problems to support business decision making. Students will practice both analysis of complex situations and communication of results based on these decision models.

### **5033 – Managerial Accounting – 3 credit hours**

This course emphasizes the development and use of accounting information for management planning, control, and decision making. *Prerequisites:* ACCT 2113 and ACCT 2123 or equivalent.

### **5043 – Managerial Economics – 3 credit hours**

Students will learn how to apply the analytical tools of economic theory to decision making by management. *Prerequisites:* ECON 2033 and ECON 2043 or equivalent.

### **5053 – Managerial Finance – 3 credit hours**

The course provides insights into and understanding of financial concepts along with practical approaches to analysis and decision making. Includes topics such as financial planning, management of working capital, analysis of investment opportunities, source of long-term financing, and dividend policy. *Prerequisites:* ACCT 2113 and ACCT 2123.

### **5063 – Marketing Management – 3 credit hours**

This course will focus on techniques and practical application of planning, market analysis, and strategic design with an emphasis on integration of product, price, promotion, and distribution.

### **5123 – Lean System Operations & Management – 3 credit hours**

The course provides an introduction to lean systems operations and management principles.

### **6023 – Legal & Ethical Environment of Business – 3 credit hours**

The emphasis of the course is on the legal and ethical issues affecting the manner in which businesses operate, including contracts, product liability, regulation, anti-trust, and employment.

### **6033 – International Business Management – 3 credit hours**

This course will emphasize organizational behavior within a global format, prepare the student for dealing with the cultural, social, and ethical issues of working within the world market, and will focus on how and why the world's countries differ and the economics and politics of world trade. Also, this course will investigate the global monetary systems, the strategies and structures of international business, and the roles of international business's functions.

### **6043 – Strategic Management – 3 credit hours**

The course will integrate many sub-disciplines in business, including ethical and societal considerations, analytical procedures in business, and decision making with a case-oriented context. Focus is on clarity of thought and method, oral and written communications, and strategic planning methods. *Prerequisites:* Permission of school's chair.

**6053 – Consulting Practicum – 3 credit hours**

A practicum experience in which business students apply concepts, methods, and paradigms learned in the classroom with the resources of a professional network to develop strategic, innovative, and operational plans with state-of-the-art results for organizations around the country and the world.

**6063 – Business Seminar – 3 credit hours**

Courses on topical or special interest subjects on a rotating basis. Several different topics may be taught in one year or one semester. *Prerequisites:* Varies, depending upon subject matter, and permission of school's chair.

**6083 – Organizational Behavior – 3 credit hours**

The course will emphasize organizational behavior within complex work organizations. Topics include organizational structure and theory, work redesign, perception and attribution, learning, motivation, groups, conflict, power, influence, leadership, and decision-making.

**6123 – Lean Operations & Tools I – 3 credit hours**

Basic organization and tools that lean thinkers use to achieve improvements in productivity, quality, and lead-time by eliminating waste. The goal is to provide the customer with a defect-free product or service when it is needed and in the quantity it is needed.

**6133 – Lean Operations & Tools II – 3 credit hours**

Continued exploration of lean tools and operations that increase productivity, quality, and value to the customer.

**6153 – Applied Research in Business – 3 credit hours**

Faculty-supervised course to introduce the student to research techniques in business. Emphasis will be placed on research methods as well as the research of others from professional publications. A major research paper will be prepared and submitted for evaluation. *Prerequisite:* Permission of schools' chair.

**6232 – Lean Design – 2 credit hours**

Creation of structures and processes to support increasing productivity, quality, and value to the customer.

**6332 – Lean Enterprise Systems – 2 credit hours**

Focus on the elimination of waste and continuous improvement throughout an organization's internal value stream of transactions and activities encompassing engineering, marketing, purchasing, planning, production, quality, distribution, service, finance, human resources, and administration.

**6433 – Sustaining Lean Change – 3 credit hours**

Communication of current performance and metrics, employer motivation, training, and leadership involvement required to sustain lean organizational changes.

**Master of Education – Counseling & Human Development****MEd****CHD****5000 – Personal Growth & Development Group – 0 credit hours**

This non-credit course is an authentic small group experience that focuses on personal growth and wellness. Students will participate for a minimum of 10 clock hours over the course of a semester. Participation in this group experience satisfies a CACREP standard.

### **5003 – Life Cycle Development in Individuals & Families – 3 credit hours**

Designed to aid in the understanding of the nature and needs of individuals in the family system at all moral, cognitive, psychological, social, and spiritual development levels. Intervention strategies in the complex development relationships among individuals in the family system are presented. Counseling in the life cycle of the individual will be the primary focus.

### **5013 – Multicultural Issues, Human Diversity & Preventive Community Education – 3 credit hours**

Provides an understanding of cultural and diversity related attitudes, beliefs, trends, and social justice issues including individual, relationship, and community intervention strategies as well as ethical and legal considerations.

### **5023 – Counseling Theories & Techniques: Affective/Humanistic – 3 credit hours**

Introduces students to theories that conceptualize counseling issues, processes and interventions with an emphasis on affective and humanistic orientations. Additionally, students will become familiar with essential interviewing and counseling skills as well as ethical and legal considerations. Students will become knowledgeable about techniques associated with affective and humanistic counseling approaches through didactic instruction, experiential exercises, and session evaluations.

### **5033 – Counseling Theories & Techniques: Cognitive/Behavioral – 3 credit hours**

Introduces students to theories that conceptualize counseling issues, processes, and interventions with an emphasis on cognitive and behavioral orientations. Additionally, students will become familiar with essential interviewing and counseling skills as well as ethical and legal considerations. Students will become knowledgeable about techniques associated with cognitive and behavioral counseling approaches through didactic instruction, experiential exercises, and session evaluations.

### **5043 – Group Counseling Techniques – 3 credit hours**

Intended to provide the student with both a theoretical and experiential understanding of group work including discussion of the principles of group dynamics, group leadership styles, group counseling theories, group counseling methods, types of group work, and professional preparation standards for group leaders. Ethical and legal issues associated with group work and leadership will also be discussed.

### **5053 – Career Education Counseling – 3 credit hours**

Promotes an understanding of the world of work and theories of career development including ability, interest, values, personality factors, and choice of occupation. Also discussed are occupational/vocational trends, interrelationships between work, family, and other life roles, assessment instruments and techniques relevant to instruction in the area of career guidance as well as various career counseling resources available to the counselor.

### **5063 – Individual & Group Assessment – 3 credit hours**

Provides an understanding of individual and group approaches to assessment and evaluation in counseling. History of assessment, statistical assessment concepts, reliability and validity, norm-referenced and criterion-referenced interpretation, and ethical and legal concerns are addressed. Additional areas of focus include strategies for test selection, administration, scoring, and interpretation as well as communication of test results. A variety of assessment methods is presented, and their applicability to various diverse cultures is discussed.

### **5073 – Psychopathology – 3 credit hours**

Provides an exploration of mental and emotional disorders that develop during childhood and adolescence and continue to adulthood as well as sexual and gender identity disorders; eating disorders; personality disorders; impulse-control disorders; delirium, dementia, and amnesic and other cognitive disorders; and substance-related disorders. Classification of these disorders will be

considered vis-à-vis the DSM-IV-R and ICD codes. Students will be introduced to methods used in the treatment and management of mental and emotional disorders including treatment planning, record keeping, intake and referral procedures, and the use of psychopharmacological medications.

### **5083 – Research Methods – 3 credit hours**

Provides students with an understanding of research methods, statistical analyses, needs assessments, and program evaluation. Will focus on understanding research methodologies (i.e., quantitative and qualitative) and how these methodologies can be used for improving counseling effectiveness. Basic statistical procedures involved in descriptive and experimental research are presented. Students will use statistical software packages to calculate descriptive and inferential statistics. Ethical and professional issues associated with research and program evaluation will also be presented.

### **5093 – Professional Issues & Ethics – 3 credit hours**

Students explore professional identity in the context of the history and philosophy of mental health counseling as well as current issues in the profession. Students also explore professional roles, functions, and professional affiliations. Professional preparation standards, professional credentialing, licensure, and public policy issues relating to the professional counselor are examined. Students explore core areas of ACA Code of Ethics, as well as application of the code through the use of ethical decision-making models. Professionalism including professional involvement, advocacy, and ethical behavior is emphasized. Students will be introduced to online library research.

### **6003 – Practicum – 3 credit hours**

Provides clinical instruction through supervised placement within the student's program of study while completing one 150 on-site clock hours. Particular attention is given to the development of individual counseling and group skills under supervision through an on-site placement in a professional clinical setting. Requires 60 hours of direct, face-to-face contact. Students receive one hour per week of individual supervision in the clinical setting and one-and-a-half hours per week of group supervision provided by program faculty.

### **6013 – Internship – 3 credit hours**

A minimum of 300 clock hours in a supervised clinical setting that allows for a transition from an educational, student-oriented environment to a professional, clinically-oriented setting. During this experience, the student will receive on-site supervision from a qualified mental health professional while continuing to receive tutorial instruction on campus. Requires 120 hours of direct, face-to-face contact. This internship experience, i.e., 6013 – Internship, will have to be taken two (2) times to satisfy both the program and CACREP's requirement.

### **6023 – Diagnosis of Mental & Emotional Disorders – 3 credit hours**

Provides an exploration of mental and emotional disorders including adjustment disorders; sleep disorders, schizophrenia and other psychotic disorders, mood disorders, anxiety disorders, somatoform disorders, factitious disorders, dissociative disorders, and other conditions that may be a focus of clinical attention. Classification of these disorders will be considered vis-à-vis the DSM-IV-R and ICD codes. Students will be introduced to methods used in the treatment and management of mental disorders including treatment planning, record keeping, intake and referral procedures, and the use of psychopharmacological medications.

### **6033 – Evaluation of Mental & Emotional Status – 3 credit hours**

A continuation of individual and group approaches to assessment and evaluation in counseling. A range of assessment methods is presented and their applicability to various diverse cultures is discussed. A particular focus is on the administration, scoring, and interpretation of a variety of instruments used frequently by counselors as well as assessment report writing. High-risk assessment, involuntary commitment evaluation, and referral are also addressed.

**6163 – Substance Abuse Treatment – 3 credit hours**

Provides an understanding of the dynamics of drug and alcohol use and the principles of evidenced-based treatment practices associated with substance abuse disorders.

**6173 – Theories of Addiction & Pharmacology – 3 credit hours**

This course will introduce students to models and theories used to describe addiction, both contemporary and historical, and to provide an understanding of the effects of addiction on individuals, including the biological, psychological (cognitive, behavioral, and affective), social, and spiritual dimensions of life and functioning. In addition, we will explore the impact pharmacology has on the treatment process. The interaction of the social and cultural contexts with addictive processes as well as differentiation of addiction from other medical and psychological conditions will be explored.

**6174 – Counseling Procedures & Strategies, Legal Issues, & Prevention Strategies with Addicted Populations – 4 credit hours**

This course will explore techniques and procedures utilized in the treatment of psychoactive substance abuse and dependence, as well as models of programs utilized in the treatment of psychoactive substance addiction, both contemporary and historical. Students will also learn about the legal and ethical factors associated with working with individuals experiencing addiction. Relapse prevention strategies and techniques will be examined.

**6183 – Assessment, Diagnosis & Treatment of Addiction – 3 credit hours**

Students will learn assessment procedures, interviewing techniques, and various assessment inventories related to the diagnosis and treatment of psychoactive substance abuse and dependency. Criteria for diagnosing substance use disorders and the appropriate modality and level of treatment will be explored. Use of collateral data in the assessment process, including professional and nonprofessional material and the presence of dual diagnosis, will be examined.

**6193 – Relationship Counseling, Group Process, & Techniques with Addicted Populations – 3 credit hours**

Students will learn about techniques for assessing relationship dysfunction and about the impact psychoactive substance abuse and dependency have on relationships. We will examine appropriate and effective group techniques and strategies implemented with individuals and families whose lives have been negatively affected by addiction. The impact substance abuse and dependency have on medical, physical, spiritual, and psychological conditions of human development will be explored.

**6203 – Treatment of Mental & Emotional Disorders – 3 credit hours**

Presents detailed coverage of utilizing and completing the primary documentation components in clinical practice including intake interview reports, session notes, developing and implementing treatment plans, formulating timelines for treatment, assessing and reporting on treatment progress, procedures for making and documenting appropriate treatment recommendations and referrals, and termination summaries in the treatment of mental and emotional disorders. The clinical application of theoretical orientations throughout these processes will also be emphasized.

**6253 – Play Therapy – 3 credit hours**

Provides basic knowledge in the history and major theories of play therapy and basic knowledge and application of child-centered play therapy skills and advanced play therapy techniques. Assists students in understanding children's behavior and communicating more effectively with them through play. Presents ways to work with parents whose children are in play therapy.

**6283 – Adolescent Intervention – 3 credit hours**

Presents an in-depth survey of various problematic issues and behaviors associated with adolescence and diverse individual and family counseling models for the prevention, assessment,

and treatment of these problems. Theoretical foundations, ethical concerns, and adolescent development are also addressed.

**6513 – Mental Health Administration, Supervision, & Consultation – 3 credit hours**

Investigates various theoretical models and applied methodology of administrative organization, leadership style, public advocacy, consultation, and clinical supervision of mental health professionals in a range of treatment settings.

**6613 – Systemic Family Therapy – 3 credit hours**

Introduction to the historical proponents of systemic and feminist thought. Focuses on the basic systemic models and theories including communication (MRI and Satir), intergenerational (Bowen), strategic (Haley), and structural (Minuchin). An overview of contemporary theories will also be presented. New developments and research in the field will be highlighted.

**6801 – Special Topics – 1 credit hour**

Includes areas of knowledge and skills related to counseling but not covered in the core curriculum. Credit hours for Special Topics will not substitute for any part of the 60 hours required for the Counseling & Human Development master's degree.

**6802 – Special Topics – 2 credit hours**

Includes areas of knowledge and skills not covered in the core curriculum. Credit hours for Special Topics will not substitute for any part of the 60 hours required for the Counseling & Human Development master's degree.

**6803 – Special Topics – 3 credit hours**

Includes areas of knowledge and skills not covered in the core curriculum. Credit hours for Special Topics will not substitute for any part of the 60 hours required for the Counseling & Human Development master's degree.

**Master of Education – Teacher as Leader**

**MEd**

**EDUC**

**5103 – Learning to Lead – 3 credit hours**

Provides an overview of the teacher leader concept and the critical issues, challenges, and ethics that the teacher as a leader faces within the school community. This course examines the history, current trends, and future of teacher as leader in P-12 public schools. Special attention is given to the teacher as a collaborative, reflective, data-driven leader and decision maker. Various performance events are structured to evaluate the degree a student is able to integrate and apply the knowledge base presented in this course with authentic applications in the professions of education.

**5113 – Conducting Action Research – 3 credit hours**

An introduction to research methods related to problem-solving in education including qualitative, quantitative, and action research. Research techniques, strategies, methodologies, analysis of results, and the uses of research are explored. The importance of the protection of human subjects and the role of the Institutional Review Board for Human Subjects research is explained. Candidates will collaborate with others in their schools and will provide leadership in the ethical role and responsibilities of a researcher. Little background in research methods or statistics is assumed.

**5123 – Instructional Design & 21<sup>st</sup> Century Skills – 3 credit hours**

Prepares the classroom teacher to give leadership within the school community in the designing of instruction and curriculum through alignment to standards and assessment that focus on developing 21<sup>st</sup> century skills, increasing student understanding, and moving students to higher levels of critical thinking at all grade levels. An exploration of innovative use of time and space, global

perspectives, and curriculum mapping provides a new curricular approach for teachers as they lead their school colleagues to examine curriculum choices and to prepare students for the challenges of the future.

**5133 – Assessment, Accountability & Student Learning – 3 credit hours**

Students will examine the construction of criterion-referenced and norm-referenced testing instruments administered to Kentucky students. Addresses how teachers analyze and use test results to improve student performance. Students will develop assessments using state testing formats, formative and summative assessments.

**5143 – Diversity, Leadership & School Improvement – 3 credit hours**

Intended to assist the working professional in understanding and working with a diverse student body and becoming a teacher leader who can assist other teachers in working effectively with diverse students. A range of cultural and perceptual factors that may influence the performance, achievement and retention of diverse students will be analyzed with an emphasis on identifying best practices in working with social diversities, diverse life experiences, and at-risk students.

**5153 – Action Research for Teacher Leadership – 3 credit hours**

Designed as the implementation phase of the action research proposal completed in Conducting Action Research. The course will provide an opportunity for candidates to assume a leadership role as a researcher in their classrooms involving systematic observation and/or collection of data, reflection, and planned action. *Prerequisite:* EDUC 5113.

**5163 – School Leadership & Professional Learning Communities – 3 credit hours**

Examines the concept of the Professional Learning Community (PLC). The class will examine several PLC models, including the Three Basic Ideas as presented by Robert DuFour, (2004). Special emphasis is given to the personal teaching and leadership skills needed to develop, thrive, and be a contributing member within a PLC.

**5213 – Literacy & 21<sup>st</sup> Century Skills – 3 credit hours**

Master's candidates will develop an understanding of how new technologies shape literacy and will be introduced to methodologies for teaching reading and writing in a diverse contexts addressing 21<sup>st</sup> century skills. Current issues, including literacy skills for workplace readiness, the digital divide, digital technology and writing, literacy and critical thinking, will be included.

**5223 – ESL & Literacy – 3 credit hours**

Provides an overview of strategies for teaching English literacy skills to second language learners. The focus will be on leadership roles in identifying theory and practice related to reading, writing, listening and speaking; and on leading others in incorporating strategies that work for both students and community.

**5233 – Leadership in Differentiating Instruction – 3 credit hours**

Designed to enhance understanding of effectively meeting the needs of learners with varying abilities, interests, and learning profiles by encouraging and supporting teachers as they match instructional strategies to student learning styles. Characteristics of a differentiated classroom; techniques for differentiating content, process, and outcomes; and differentiation on the basis of students' readiness, interest, and need are components of this course. Candidates will learn how to move differentiation from an abstract idea to school-wide acceptance and implementation.

**Catalog Requirements**

To graduate from Lindsey Wilson College, students must meet all general education and major requirements specified in the catalog in effect when they entered the College or all requirements specified in a subsequent year. If a student leaves the College for a calendar year or longer, he or she must satisfy all graduation requirements in effect in the catalog year when the student returns or in a subsequent year.

**Credit Hours**

All bachelor's degree candidates for graduation must complete a minimum of 120 credit hours of acceptable academic work with a minimum cumulative grade point average (GPA) of 2.00 on a 4.00 scale. Some programs (Education and Human Services & Counseling) require a higher GPA. Required courses in the major and/or minor must be completed with a minimum grade of C unless a division or program specifies a higher grade requirement. Some students, depending upon their major, minor, and/or general education choices, may exceed the 120 hour minimum.

Bachelor's degree candidates must complete:

- a. Essential Learning general education requirements (typically 36-64 credit hours), consisting of:
  1. Core courses (27-38 credit hours) that are drawn from the traditional liberal arts;
  2. Intermediate courses (6-12 credit hours) that are typically drawn from the student's major or minor; and
  3. Mastery courses (3-12 credit hours) that are typically drawn from the student's major or minor.
- b. A major (typically 45 credit hours including 12 or more credit hours of 3000-4000 level major courses in order to develop a depth of knowledge in a discipline);
- c. 3000-4000 level courses comprising a minimum of 39 credit hours; and
- d. Elective courses.

**Residency Requirement for BA/BS/BSN Degrees**

In order to earn a bachelor's degree from Lindsey Wilson College, students must successfully complete a minimum of 42 credit hours at the College. At least 50% of the credits required in a major or minor must be earned at the College.

Hours transferred to the College during completion of a degree need prior approval of the Registrar's Office. Education methods classes may not be transferred to the College. Programs have the right to require students to complete program assessments prior to graduation.

**Essential Learning General Education Program**

Lindsey Wilson College's Essential Learning General Education program provides a foundation for lifelong development of intellectual, social, and spiritual qualities traditionally associated with liberally educated persons and necessary for success in 21<sup>st</sup> century workplaces. The Essential Learning General Education program is designed to provide opportunities for undergraduate degree-seeking students to achieve mastery of *essential student learning outcomes* (ESLOs) by completing a rigorous, vertically-integrated curriculum comprised of courses using a variety of high-impact learning practices.

**Essential Student Learning Outcomes (ESLOs)**

The liberal arts – mathematics and natural sciences, social and behavioral sciences, humanities and fine arts, and oral and written communication – are central to Lindsey Wilson College's mission of serving students' educational needs, which are expressed in the following *essential student learning outcomes* (ESLOs).

A Lindsey Wilson College graduate will:

1. **Communicate effectively**
  - Written communication
  - Oral communication
2. **Employ effective skills of inquiry and analysis**
  - Numeracy
  - Information fluency
  - Creative inquiry
  - Critical inquiry
3. **Be a culturally aware, engaged citizen of the nation and the world**
  - Knowledge of local and global issues and trends
  - Knowledge of one's own culture and cultural patterns of diverse groups and societies
  - Competence to communicate across cultural boundaries
  - Knowledge and skills required for ethical reasoning
4. **Apply and integrate knowledge**
  - Application and reflection on context and connections within disciplines
  - Integration of knowledge across disciplines
  - Application of learning to new situations within and beyond the campus
5. **Have gained depth of knowledge in a discipline**
  - Completion of a major
  - Competence in the major

### **Program Prerequisites – Developmental and Skill-Building Courses**

Based on ACT and other test scores, developmental and skill-building courses in reading, writing, and/or mathematics may be required prior to taking some college-level courses. Please refer to the catalog section titled Placement in Courses for more complete information. Developmental and skill-building courses may be required from the following sequences:

- English as a Second Language (ESL) sequence: ENGL 0803, ENGL 0804, ENGL 0854
- Introduction to Writing Studies sequence: ENGL 0903 or ENGL 0904
- Reading sequence: READ 0903, READ 1013, READ 1023
- Integrated Reading & Writing sequence: READ 0713, READ 0723, READ 0733
- Mathematics sequence: MATH 0903 or MATH 0901, MATH 0911, MATH 0921

### **Mission Statement**

The mission of the Art program is to provide students with the opportunity to develop the skills and knowledge leading toward deeper appreciation of the visual arts, professional preparation, and individualized creative expression.

Complimented by an outcomes based liberal arts curriculum, the Art program serves to engage students in the visual arts with studio concentrations, digital arts, art history, and content area requirements for art education.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Program Requirements: 43-44 hours**

Along with the general education program, students must complete the major's core requirements, must select one of its emphasis areas (Studio or Digital Arts), and must complete the requirements and electives for that area.

#### **A. Core Requirements: 17 hours**

- Beginning Studio: Drawing (ART 1214) – 4 hours
- Design & Color (ART 2164) – 4 hours
- Art History I (ART 2733) – 3 hours
- Art History II (ART 2743) – 3 hours
- Modern Art (ART 3753) – 3 hours

*Note:* ART 2733 and ART 2743 need not be taken in sequence.

#### **B. Emphasis Area (select one of the following areas): 26-27 hours**

##### **1a – Studio Emphasis Requirements: 15 hours**

- Digital arts elective – 3 hours
- Studio elective (outside area of 2D or 3D concentration) – 4 hours
- Art Majors Seminar I (ART 3904) – 4 hours
- Art Majors Seminar II (ART 4904) – 4 hours

**1b – Studio Emphasis Electives: 12 hours** (choose one area)

- Advanced Studio: Drawing (ART 3234) – 4 hours
- or*
- Beginning Studio: Painting (ART 2314) – 4 hours
- Advanced Studio: Painting (ART 3334) – 4 hours
- or*
- Beginning Studio: Ceramics (ART 2414) – 4 hours
- Advanced Studio: Ceramics (ART 3434) – 4 hours
- or*
- Beginning Studio: Sculpture (ART 2514) – 4 hours
- Advanced Studio: Sculpture (ART 3524) – 4 hours

*Note:* The advanced studio courses (ART 3234, ART 3334, ART 3434, ART 3524) may be repeated for credit. The twelve hours in a concentration are earned through repeating the specific advanced studio course.

**2a – Digital Arts Emphasis: 18 hours**

- Introduction to Photography (ART/JRNL 2153) – 3 hours
- Computer Graphics I (ART 2623) – 3 hours
- Computer Graphics II (ART 3633) – 3 hours
- Digital Video Arts (ART 3643) – 3 hours
- Interactive Media Design (ART/JRNL 3413) – 3 hours
- Internship (ART PN03) – 3 hours

**2b – Digital Arts Emphasis Electives: 8 hours**

- Beginning and/or advanced studio elective(s) – 4-8 hours

**Exit Assessment**

Successful completion of a portfolio of work undertaken for the Art Majors Seminars or Art Internship.

**Art Education P-12 Program**

Students pursuing a bachelor's degree in Art also have the option to complete the Art Education P-12 program through the Education division and to be eligible for teacher certification. The program requires 39 hours of coursework in Education that includes a semester of student teaching. Interested students should contact the chair of the Education division for Education program advising.

### **Mission Statement**

The mission of the Biology program is to provide students with the resources to develop a broad knowledge base in biology and the skills necessary to be successful in attaining their chosen career goals for entry into pre-professional health care fields such as medicine, dentistry, or pharmacy or for entry into biology graduate programs or entry-level positions in field biology. In addition to the factual content, students learn the historical basis and the scientific methodology of each major conceptual area of biology.

Students in the biology major have the option of obtaining a general biology degree that offers maximal flexibility in terms of the different combinations of program electives or of graduating with an emphasis in one of three topic areas: Cell and Molecular Biology, Environmental and Organismal Biology, or Health and Medicine. Students who choose to major with an emphasis will take program electives related to their focus area as outlined below. The Cell and Molecular Biology emphasis is designed for students interested in research careers. The Environmental and Organismal Biology emphasis is designed for students interested in careers in natural resources management or field biology. The Health and Medicine emphasis is designed for students interested in earning degrees from professional schools (medical school, pharmacy school, physical therapy school, veterinary school, etc.). A student's transcript will indicate the emphasis.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Entrance Criteria**

Acceptance into the Biology program is predicated on the successful completion of freshman biology courses BIOL 1204 and BIOL 1214 with a minimum grade of C. These two courses serve as prerequisites for all 2000-level biology courses.

### **Program Requirements: 59-64 hours**

Along with the general education program, students must complete the major's prerequisites and core requirements, must select an emphasis area, and must complete the requirements for that area.

#### **A. Prerequisites: 12-23 hours**

- Introduction to Cellular Biology (BIOL 1204) is a prerequisite for BIOL 1214, BIOL 2104, BIOL 2204, BIOL 2314, BIOL 3103, BIOL 3204, and BIOL 3304 – 4 hours

- Functions & Algebra (MATH 1013) is a prerequisite for CHEM 1214 unless waiver requirements are met – 3 hours
- General Chemistry I with Lab (CHEM 1214) is a prerequisite for CHEM 1224 – 4 hours
- General Chemistry II with Lab (CHEM 1224) is a prerequisite for BIOL 3103, BIOL 3204, CHEM 3312, and CHEM 3313 – 4 hours
- Organic Chemistry II Lecture (CHEM 3323) and Lab (CHEM 3322) are prerequisites for CHEM 4104 – 5 hours
- Principles of Psychology (PSYC 1003) is the prerequisite for PSYC 4403 – 3 hours

**B. Core Requirements: 26-27 hours**

- Introduction to Organismal Biology (BIOL 1214) – 4 hours
- Animal Diversity (BIOL 2204) *or* Plant Diversity (BIOL 2314) – 4 hours
- Genetics (BIOL 3204) – 4 hours
- Ecology (BIOL3304) *or* Theory of Natural Selection (BIOL 3403) – 3-4 hours
- Seminar I (BIOL 4912) – 2 hours
- Seminar II (BIOL 4921) – 1 hour
- Organic Chemistry I Lecture (CHEM 3313) – 3 hours
- Organic Chemistry I Laboratory (CHEM 3312) – 2 hours
- Experimental Statistics (MATH 2403) – 3 hours

**C. Emphasis Area (select one of the following areas): 12-16 hours**

Select at least four courses within the emphasis not taken as core requirements. Two of the courses must be 3000-4000 level (6-8 hours). Students who do not wish to major with an emphasis (General) must take four courses from any of the emphasis areas.

**1 – Cell & Molecular Biology Emphasis (choose four of the following courses): 13-15 hours**

- Microbiology (BIOL 2104) – 4 hours
- Cell Biology (BIOL 3103) – 3 hours
- Immunology (BIOL 3703) – 3 hours
- Human Genetics (BIOL 4213) – 3 hours
- Molecular Biology (BIOL 4404) – 4 hours
- Biochemistry (CHEM 4104) – 4 hours

**2 – Environmental & Organismal Biology Emphasis (choose four of the following courses): 13-16 hours**

- Animal Diversity (BIOL 2204) if not taken for the Core – 4 hours
- Plant Diversity (BIOL 2314) if not taken for the Core – 4 hours
- Ecology (BIOL 3304) if not taken for the Core – 4 hours
- Theory of Natural Selection (BIOL 3403) if not taken for the Core – 3 hours
- Economic Botany (BIOL 3503) – 3 hours
- Animal Behavior (BIOL 3513) – 3 hours
- Plant Propagation (BIOL 4214) – 4 hours
- Animal Physiology (BIOL 4314) – 4 hours
- Aquatic Biology (BIOL 4604) – 4 hours

**3 – Health & Medicine Emphasis (choose four of the following courses): 12-15 hours**

- Microbiology (BIOL 2104) – 4 hours
- Human Anatomy (BIOL 2614) – 4 hours
- Human Physiology (BIOL 2624) – 4 hours

- Cell Biology (BIOL 3103) – 3 hours
- Pathophysiology (BIOL 3203) – 3 hours
- Immunology (BIOL 3703) – 3 hours
- Human Genetics (BIOL 4213) – 3 hours
- Biochemistry (CHEM 4104) – 4 hours
- Physiological Psychology (PSYC 4403) – 3 hours

**4 – Biology Education Emphasis (choose four of the following courses): 14-15 hours**

- Microbiology (BIOL 2104) – 4 hours
- Animal Diversity (BIOL 2204) if not taken for the Core – 4 hours
- Plant Diversity (BIOL 2314) if not taken for the Core – 4 hours
- Human Anatomy (BIOL 2614) – 4 hours
- Cell Biology (BIOL 3103) – 3 hours
- Ecology (BIOL 3304) if not taken for the Core – 4 hours
- Theory of Natural Selection (BIOL 3403) if not taken for the Core – 3 hours

Students pursuing a bachelor's degree in Biology have the option to concurrently complete the Secondary Education 8-12 program through the Education division and be eligible for teacher certification. The program requires 42 hours of coursework in Education that includes a semester of student teaching. Interested students should contact Dr. David Moffett, Secondary Education Coordinator, for Education program advising.

**5 – General Biology Emphasis: 12-16 hours**

Select any four BIOL courses not taken for the Core Requirements. Students may also choose Biochemistry (CHEM 4104) or Physiological Psychology (PSYC 4403).

**Exit Assessment**

Students must develop and write a novel research proposal on a selected biology topic; the research proposal must be written in an acceptable scientific format. Completion of the ETS Major Field Exam in Biology is also required to exit the Biology program.

**Recommended General Electives**

Students interested in pursuing graduate-level work or professional schools in health sciences should add some or all of the following courses:

- Organic Chemistry II Lecture (CHEM 3323) – 3 hours
- Organic Chemistry II Laboratory (CHEM 3322) – 2 hours
- College Physics I (PHYS 2114) – 4 hours
- College Physics II (PHYS 2214) – 4 hours
- Analytical Geometry & Calculus I (MATH 2315) – 5 hours

Consult with advisor for an appropriate course selection.

### **Mission Statement**

The mission of the School of Business is to prepare students for employment in business, accounting, and computer information systems; to pursue career paths of increasing professional and managerial responsibility; to apply to graduate programs in business, accounting or other professional schools; and to sit for various professional certifications. Consistent with the historical mission of Lindsey Wilson College as a teaching institution, the School of Business is committed to the growth and development of students through classroom instruction and through the fostering of an appreciation for lifelong learning.

In addition to the College's accreditation by the Southern Association of Colleges and Schools Commission on Colleges, our well-balanced and academically sound bachelor's degree program in business is fully accredited by the International Assembly of Collegiate Business Education (IACBE). The Bachelor of Arts degree in Recreation, Tourism & Sport Management is not accredited by IACBE.

The bachelor's degree in Business Administration offers students a common core of coursework and a choice of four emphasis areas: Accounting, Computer Information Systems, Marketing, and Management. The Management emphasis allows students to choose among concentrations in general management, entrepreneurial management, human resources, and lean systems.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the entrepreneurial and lean systems concentrations within the Management emphasis provide fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Program Requirements: 72-78 hours**

Along with the general education program, students must complete the major's prerequisite and core requirements, must select one of its four emphasis areas (Accounting, Computer Information Systems, Marketing, Management), and must complete the requirements for that area.

#### **A. Prerequisite: 3 hours**

- Writing Studies II (ENGL 1023) is a prerequisite for BUSI 2303 – 3 hours

**B. Core Requirements: 45-48 hours**

- Functions & Algebra (MATH 1013) is a prerequisite for ACCT 2113, ECON 2033, ECON 2043, and ECON 2203 unless waiver requirements are met – 3 hours
- Financial Accounting (ACCT 2113) – 3 hours

**C. Emphasis Area (select one of the following areas): 24-27 hours**

**1 – Accounting Emphasis Requirements: 27 hours**

- Intermediate Accounting I (ACCT 3113) – 3 hours
- Intermediate Accounting II (ACCT 3123) – 3 hours
- Cost Accounting (ACCT 3303) – 3 hours
- Taxation I: Taxation of Individuals (ACCT 3453) – 3 hours
- Accounting Information Systems (ACCT 3973) – 3 hours
- Auditing (ACCT 4353) – 3 hours
- Taxation II: Taxation of Business Entities (ACCT 4453) – 3 hours
- Advanced Accounting (ACCT 4553) – 3 hours
- Quantitative Business Research Methods (BUSI 4623) *or* Operations Management (BUSI 4763) – 3 hours

*Note:* The Commonwealth of Kentucky State Board of Accountancy (and most other states) requires Certified Public Accountant (CPA) and Certified Managerial Accountant (CMA) examination candidates to have completed a bachelor's degree from a recognized and accredited college or university. The Lindsey Wilson College Business Administration-Accounting emphasis program provides the required hours in accounting and business to sit for the CPA/CMA exams. To qualify for CPA certification, students must also complete additional undergraduate hours to accumulate at least 150 college credit hours. Students who intend to pursue a CPA or CMA designation should keep the Board's requirements in mind.

**2 – Computer Information Systems Emphasis Requirements: 27 hours**

- Visual Basic Programming (CIS 2703) – 3 hours
- Introduction to Computational Science (CIS/MATH/PHYS 2713) – 3 hours
- Web Design (CIS 3003) – 3 hours
- Web Applications I (CIS 3013) – 3 hours

### **Mission Statement**

The mission of the Christian Ministries program is to prepare students to be leaders in church institutions.

The Christian Ministries major is a broad-based program in applied religion that prepares students for a variety of opportunities for service as leaders in church institutions. Students may also prepare for seminary or graduate school as well as take religion electives as part of general education.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Program Requirements: 48-54 hours**

The discipline of Communication is a cornerstone of liberal arts education. While recognizing and supporting the broader aims associated with the liberal arts, Communication also is an inherently practical discipline with a strong tradition of preparing students for effective and ethical leadership in human affairs as well as providing solid foundations for a variety of professional careers.

### **Mission Statement**

The mission of the Communication program, consistent with the stated mission of the College, is to prepare students for effective and ethical leadership in human affairs and to provide solid foundations for a variety of professional careers by helping students become more competent communicators.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Entrance Criteria**

Students can begin taking sophomore-level courses in the Communication major during the fall semester of their second year, contingent upon successfully completing College requirements described in this catalog and prerequisite courses with a minimum grade of C.

Upon declaring a Communication major, the following conditions apply for acceptance into the program:

- Choose a Communication faculty member as academic advisor;
- Complete the Change of Advisor form;
- Meet with the new academic advisor immediately to plan the student's program; and
- Submit an acceptable writing sample to the program coordinator.

Students who submit evidence of deficient writing skills will be advised to complete additional writing courses (such as Introduction to Modern English Grammar, ENGL 2703), submit additional writing samples upon completion of those courses, and reapply for admission to the program.

### **Program Requirements: 45 hours**

Along with the general education program, students must complete the major's core requirements and select program electives as indicated.

#### **A. Recommended & Prerequisite Courses: 3-9 hours**

- Writing Studies I (ENGL 1013) unless waiver requirements are met is recommended for COMM 2103 – 3 hours

- Writing Studies II (ENGL 1023) is recommended for elective COMM 3103 – 3 hours
- Public Speaking (COMM 2103) is a prerequisite for elective COMM 3103 – 3 hours

**B. Core Requirements: 33 hours**

- Introduction to Communication (COMM 1003) – 3 hours
- Interpersonal Communication (COMM 2503) – 3 hours
- Nonverbal Communication (COMM 3203) – 3 hours
- Group Communication & Decision Making (COMM 3303) – 3 hours
- Family Communication (COMM 3403) – 3 hours
- Organizational Communication (COMM 3503) – 3 hours
- Intercultural Communication (COMM 3603) – 3 hours
- Gender & Communication (COMM 3713) – 3 hours
- Interviewing (COMM 4503) – 3 hours
- Persuasion (COMM 4723) – 3 hours
- Communication Capstone (COMM 4993) – 3 hours

**C. Program Electives (select from the following): 12 hours**

- Psychology of Language (PSYC 3703) – 3 hours

**Exit Assessment**

Each student will participate in an exit interview with a panel of Communication faculty as a condition of completing the Communication major.

**Recommended General Electives**

Communication majors are encouraged to develop computer literacy skills, especially their abilities in computer-mediated communication (e.g., e-mail, Internet research, presentation software, Web page creation, and word processing). To this end, selected coursework in computer information systems is recommended. Courses in accounting, art, business administration, economics, English, history, human services & counseling, journalism, political science, psychology, and sociology are also recommended.

**Mission Statement**

The Contract Major allows students to pursue multi-disciplinary studies of their choosing to construct their personal and individualized major by combining two or three areas of study.

Generally developed in the freshman or sophomore year by working closely with an advisor, the Contract Major allows a student to set his or her own program which, after approval by Academic Unit/Division Chairs/Directors from the areas of study and by the Academic Affairs Council, becomes that student's individualized graduation requirement.

The Contract must incorporate at least two but no more than three discrete areas of study with a minimum of 15 credit hours in each. At least 12 credit hours at the 3000-4000 level must be included in the Contract.

The program concludes with an independent Capstone project (e.g., a paper or thesis, creative exhibit or performance, research project) that is to be included in the 39-hour 3000-4000 level credit hour requirement.

**Program Requirements: Minimum 45 hours**

- The Contract – 42+ hours
- The Capstone Project – 3 hours

**Exit Assessment**

The Capstone project is proposed in the first semester of the senior year and takes place in the final semester. It must integrate and show the relatedness of the areas in the Contract. Students register for the capstone course as a Directed Study, 4DS3, using the prefix of the predominant discipline.

If the student intends to use the Capstone project to fulfill one or more Mastery level general education requirements, the adviser and the student must submit the course to the General Education Committee for consideration, following the procedure for the approval of Special Topics courses. Approval needs to be sought at least one semester in advance.

**Graduation Requirements**

Some courses taken for the major may simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the Contract Major may provide fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

The Education program at Lindsey Wilson College is accredited by the National Council for Accreditation of Teacher Education (NCATE; <<http://www.ncate.org>>). This accreditation covers all initial teacher preparation and the advanced educator Teacher as Leader program. However, the accreditation does not include individual education courses that the institution offers to P-12 educators for professional development, relicensure, or other purposes.

### **Lindsey Wilson College Mission**

The mission of Lindsey Wilson College is to serve the educational needs of students by providing a living-learning environment within an atmosphere of active caring and Christian concern where every student, every day, learns and grows and feels like a real human being.

### **Education Unit Mission Statement**

The mission of the Education division is to prepare candidates in a Christian learning environment with the knowledge, skills, and dispositions required to be successful, reflective teacher-leaders in the 21st century.

### **The Education Division Vision**

This Unit's mission statement is the root of the vision Lindsey Wilson Education faculty share: "To prepare teachers who are effective leaders and reflective educators in 21<sup>st</sup> century educational settings." This vision is realized in the education conceptual framework theme: *Teacher as Leader for the 21<sup>st</sup> Century*.

### **Conceptual Framework**

Our conceptual framework, *Teacher as Leader for the 21<sup>st</sup> Century*, undergirds all the programs of the Unit. All College faculty work to help candidates develop the knowledge, skills, and dispositions of 21<sup>st</sup> century teachers in the conceptual framework. Specifically, the Unit prepares professionals who model best practices and who continually strive to lead their students and schools to accomplish meaningful goals that improve learning, both in initial and advanced programs.

### **Student Learning Outcomes**

The program focuses on four student learning outcomes.

**Knowledge:** Candidates demonstrate in-depth understanding of processes, concepts, knowledge, and 21<sup>st</sup> century skills in their content area(s) by:

- A. Demonstrating a theoretical and practical understanding of the current knowledge base of their content area(s). (KTS 1, 5, 6)
- B. Demonstrating the ability to communicate current and accurate content knowledge that impacts student performance and contributes to the learning of all students. (KTS 1, 2, 3, 4, 5, 6, 7, 8)
- C. Demonstrating critical thinking skills germane to the content area(s) and incorporating critical thinking in classroom learning. (KTS 1, 2, 4, 5, 6, 7)

**Pedagogy:** Candidates effectively plan and implement classroom strategies including research-based best practices that foster 21<sup>st</sup> century skills and effective learning by:

- A. Demonstrating knowledge of effective learning strategies/techniques for all students that address 21<sup>st</sup> century skills. (KTS 1, 2, 3, 4, 5, 6, 7, 8)
- B. Designing and implementing effective classroom instruction employing research-based best practices that promotes student achievement. (KTS 1, 2, 3, 4, 5, 6, 7, 8)
- C. Self-assessing their performances based on data and the Kentucky Teacher Standards. (KTS 5, 7, 8, 9)

**Leadership:** Candidates provide leadership in the school and in the community fostering the development of 21<sup>st</sup> century skills through collaboration by:

- A. Demonstrating ability to lead instructional programs to promote student learning through developing the professional skills of colleagues and improving the quality of the school. (KTS 2, 8, 9, 10)
- B. Demonstrating leadership in community-based projects that enhance the school learning climate. (KTS 3, 5, 8, 9, 10)

**Reflective Best Practice:** Candidates develop dispositions as caring, reflective, self-assessing thinkers and professional teachers by:

- A. Demonstrating ethical and dependable behaviors in roles and responsibilities. (KTS 2, 3, 4, 5, 6)
- B. Demonstrating behaviors and instructional practices that model for students the value of learning. (KTS 1, 2, 3, 4, 5, 6, 7, 8, 9, 10)
- C. Demonstrating respect for students and colleagues as individuals in order to positively affect student learning. (KTS 3, 8, 10)
- D. Responding competently and maturely to all students/peers. (KTS 3, 8)
- E. Reflecting on feedback and assessment of their teaching and identifying areas for growth. (KTS 5, 7, 9)
- F. Committing to professional growth through critical reflection for improvement, reading of research-based literature, and seeking professional growth opportunities. (KTS 7, 9)

### Conceptual Framework Emblem

The Conceptual Framework Emblem for the Unit depicts the mission, vision, motto, and four Key Concepts of Lindsey Wilson College’s Education Unit. It is appropriate that the Conceptual Framework representation incorporates the structural design of the John B. Begley Chapel, a “bold symbol and expression of the spiritual dimension of Lindsey Wilson College” (Lindsey Wilson College website, 2010). The image of the chapel dome supports the College’s commitment to providing a United Methodist Church-related liberal arts curriculum that provides educational opportunities to students in an active caring and Christian environment. The College’s mission of “Every Student, Every Day” and the Kentucky Teacher Standards which are the base for the Conceptual Framework, symbolically provide a foundation for the entire emblem. The Unit’s

theme, *Teacher as Leader for the 21<sup>st</sup> Century*, arches above the chapel encompassing the entire emblem.

The rings and arcs of the Chapel represent the interlocking concepts that define the knowledge, skills, and dispositions of the Unit. The four Key Concepts of Knowledge, Pedagogy, Leadership, and Reflective Best Practice are arranged inside the rings and arcs. Reflective Best Practice is located at the middle of the dome to denote the central importance of the candidate's disposition of caring, respect, and compassion; critical reflection; and professional integrity. The dispositions are essential in order to develop the other three Key Concepts of Knowledge, Pedagogy, and Leadership. Assessment feedback is integral to the success of the Unit, and Continuous Assessment is strategically placed on either side of the dome to represent a commitment to program evaluation through continuous assessment.

### **Diversity Policy**

The Lindsey Wilson College Education Division is committed to recruiting and retaining a diverse body of education candidates and fulfilling the College's credo: "Every student, every day." All students, regardless of race, ethnicity, socioeconomic status, exceptionalities, religion, geographic origin, or gender, are welcome at Lindsey Wilson College and in the Education program. The Education unit (division) is committed to structuring the program experiences to integrate the application of equity and diversity in all levels of development of our candidates. Through coursework, field/clinical experience, community service, and professional development, candidates gain competence in their ability to plan and implement instruction while creating a learning environment that meets the diverse needs of all students.

### **Education Programs**

The Education Division offers several challenging and rewarding Bachelor of Arts programs and one Bachelor of Science degree that lead to the granting of the Kentucky Provisional Certificate through the Kentucky Education Professional Standards Board:

- Art Education P-12 major (BA degree)
- Biology Education 8-12 major (BS degree)
- Elementary Education P-5 major (BA degree)
- Integrated Music Education P-12 major (BA degree)
- Middle Grades Education 5-9 major with choice of one or two emphasis areas: English, mathematics, sciences, and/or social studies (BA degree)
- Secondary Education 8-12 program with majors in English, mathematics, or social science (BA degree)
- Physical Education P-12 with majors in physical education or physical education & health (BA degree)

Curricula are developed in consultation with the Kentucky Education Professional Standards Board, and program requirements are subject to modification. When the major is declared and admission requirements are met, a faculty advisor in teacher education will provide current information about program requirements.

### **Transfer of Credit**

Lindsey Wilson College accepts course credits from two- and four-year colleges accredited by the various regional accrediting bodies. All prior coursework is included in GPA computations, without exception, and is recorded on the transcript. Transfer students will be individually advised as to the proper courses to take.

Prospective candidates who possess a bachelor's degree from an accredited college or university and who seek only state certification (not a degree from Lindsey Wilson College) will not be required to satisfy Lindsey Wilson's general education requirements.

## **Entrance Criteria for the Teacher Education Program**

Candidates may apply for admission to the Teacher Education program when they have completed, or are in the process of completing the required 30 hours within the semester, and meet the admission criteria listed, normally during their sophomore year. When all criteria for admission have been met, an admission interview is scheduled. Interviews will not be scheduled for candidates who do not meet the minimum criteria. Following review of the applicant's interview, scores, and application materials, one of the following recommendations will be made:

- Admission,
- Admission pending completion of a course,
- New interview required, or
- Denial.

The Education division will present the recommendations to the Teacher Education Committee for admission or denial to the program. Candidates are notified of the decision by letter. All application materials are filed with the Education division.

Candidates may not enroll in professional education methods courses until they have been admitted into the Teacher Education program.

## **Criteria for Admission**

Each candidate must:

1. Submit an application for admission to the Teacher Education program.
2. Have completed or be in the process of completing a minimum of 30 semester hours of college coursework or have sophomore standing.
3. Have completed or be in the process of completing an academic semester of college coursework at Lindsey Wilson College.
4. Have a cumulative overall grade point average of 2.75, or 3.0 on the last 30 hours of completed coursework.
5. Be a person whose moral, social, and ethical behavior is acceptable in the school and wider community by meeting the Lindsey Wilson College Code of Conduct and have a signed Kentucky Code of Ethics Declaration form on file in the Education division.
6. Have successfully completed or be in the process of completing Fundamentals of Elementary & Middle Grades Education (EDUC 3413) or Fundamentals of Secondary Education (EDUC 3403) with a grade of C or above.
7. Meet pre-professional requirements by taking the Praxis Core Academic Skills for Educators (CASE) exams with minimum scores for Reading (5712) of 156; Writing (5722) of 162; and Math (5732) of 150.
8. Have completed the following required courses with a grade of C or above:
  - a. ENGL 1013 or ENGL 1023 (or ENGL equivalent) Demonstration of Communication competency,
  - b. COMM 2103 Demonstration of Communication competency, and
  - c. MATH course for general education requirement determined by major.
9. Have a LWC Teacher Education Program Candidate Handbook Acknowledgment form signed and on file in the Education division.
10. Have obtained three disposition recommendations which indicate satisfactory performance in the areas of professional integrity; caring, respect, compassion; and critical reflection. One recommendation will be completed by the instructor of EDUC 2123 (The Teaching Profession). A second recommendation will be completed by the instructor of EDUC 3403 (Fundamentals of Elementary & Middle Grades Education) or EDUC 3413 (Fundamentals of Secondary Education). The candidate is responsible for obtaining one additional recommendation from a faculty member in the candidate's emphasis area. Middle Grades candidates who have two emphasis areas may choose which emphasis area faculty member to complete the third recommendation. The letters of recommendation must be completed on the LWC Disposition Assessment Instrument.

11. Have scores at the acceptable (2), target (3), or exceeds target (4) level on the Recommendation/Disposition Assessment Instrument. If a candidate does not have this minimum score, he/she must meet with an education faculty member, as designated by the Chair, to develop and implement a remediation plan for improving dispositions appropriate for a professional educator as adopted by the Education division. The candidate may reapply after one semester. The candidate must obtain three new recommendations from three new instructors: one from a professor in the candidate's emphasis area; one from a liberal arts faculty member; and one from the candidate's professional education teacher/adviser/program coordinator. The score on these three new recommendations must be at the acceptable, target, or exceeds target level to be eligible for admission to the Teacher Education program. The candidate will not be allowed to repeat this process again.
12. Demonstrate competency in critical thinking, creativity, communication, and collaboration and in the ability to demonstrate competency in content knowledge and professional standards by obtaining an overall acceptable score on the Stage 1 Entry Portfolio as assessed through the Entry Portfolio Rubric & Criteria based on the Kentucky Teacher Standards.
13. Demonstrate satisfactory performance in the Stage 1 portfolio and interview as scored on rubrics based on the Kentucky Teacher Standards.
14. Demonstrate satisfactory performance on an On Demand Writing sample at the time of the interview. (Communication competency)
15. Have completed or be in the process of completing 30 field hours with positive teacher recommendation (acceptable level or above) and a disposition rating at the acceptable level or above on the Cooperating Teacher Field Experience Evaluation form.

**Note:** November 1 and April 1 are normally the application completion deadlines for an interview invitation in the fall and spring semester, respectively.

**Note:** A candidate who has completed items 1, 2, 3, 8, and 9 of the Admission Criteria and who has completed 60 hours of coursework but who has not been able to meet the remaining Admission Criteria will be advised to withdraw the application to the program and consider another major. If the candidate still seeks admission to the program, the Education division must make a recommendation to the Teacher Education Committee for program admission or denial based on the listed criteria. If all criteria cannot be met within the next semester, the division may recommend denial without an interview.

When criteria for admission into teacher education have been met, the student's name will be presented to the Teacher Education Committee, which has final jurisdiction on approving or denying candidate's admission into the Teacher Education program. The Education division chair will advise students on the decisions of the Committee.

### **Criteria for Admission to Student Teaching**

1. Senior standing shall be a prerequisite for admission to student teaching.
2. Each candidate for student teaching must be approved by the Teacher Education Committee. Acceptance into the Teacher Education program does not mean automatic approval for student teaching.
3. Official transcripts of all college work must be on file in the Registrar's Office.
4. Each student must have a current criminal check and a copy of a current medical examination, including a tuberculosis test, in his/her file. The medical examination form must be submitted one month prior to the beginning of the student teaching semester.
5. Each student must have completed 200 hours of clinical and field-based experiences prior to student teaching at sites and with student populations that meet regulatory requirements listed in 16 KAR 5:040 section 3. Transfer candidates must provide documentation of field and clinical hours earned at other colleges/universities that meet regulatory requirements.

6. Each candidate must have a minimum cumulative grade point average of 2.75 on all college work attempted.
7. Each candidate must have a cumulative grade point average of 2.75 on professional education courses, with no grade lower than C.
8. Each candidate must have a cumulative grade point average of 2.75 in each area of emphasis/major, with no grade lower than C.
9. Each candidate must have completed the following:
  - a. All professional preparation courses;
  - b. All courses in the area(s) of emphasis/major;
  - c. All general education requirements; and
  - d. All elective hours.
10. A candidate may earn no more than 15 hours credit during the student teaching semester, which is limited to 12 hours of student teaching and three hours of practicum. A candidate may not be gainfully employed for more than 20 hours per week during the semester of student teaching.
11. The student teacher candidate must be a person whose moral, social, and ethical behavior is acceptable in the school and wider community.
12. Applications for fall student teaching and spring student teaching must be returned to the Coordinator of Student Teaching two semesters prior to student teaching.
13. A candidate must have a successful Stage 2 interview with a Portfolio scored at the target level or above. If a candidate does not successfully complete the Stage 2 process, the candidate may remediate any conditions cited in the Portfolio or interview (usually two weeks from the interview date). If the stipulated conditions are not met by that date, the candidate will not student teach and must participate in the Stage 2 process again when interviews are normally scheduled in a subsequent semester.
14. Candidates must have a current KEA-SP membership or proof of liability insurance.
15. Candidates must have a score of acceptable or above on the Recommendation/Disposition Assessment Instrument which is completed by the Classroom Management faculty member and by the Chair of the Stage 2 Interview Committee. (If the Chair of the committee is the same as the Classroom Management faculty member, the chair will appoint another member of the committee to complete the recommendation.)

**Note:** Candidates must pay a \$155 student teaching fee.

### **Exit Assessment**

Graduation requirements for Art Education P-12 majors, Elementary Education P-5 majors, Integrated Music Education P-12 majors, Middle Grades Education 5-9 majors, Physical Education P-12 majors, and Physical Education & Health P-12 majors and for candidates receiving secondary certification are as follows:

1. Minimum 2.75 Cumulative GPA;
2. Minimum 2.75 Content/Emphasis Area GPA;
3. Minimum 2.75 Professional Education GPA;
4. Passing of the appropriate PRAXIS Principles of Teaching and Learning (PTL) exam and the appropriate content exam(s) as required by state regulation;
5. Successful completion of all program requirements and assessments;
6. Successful completion of Supervised Student Teaching (EDUC 4600), including all course requirements with positive evaluations; and
7. Successful completion of Stage III Exit Portfolio.

In order to receive teacher certification, candidates must not only successfully complete the education program and receive a degree; they must also pass the PRAXIS II exam in the content certification area(s) and the PTL exam. Teacher certification requirements are subject to change and governed by the Kentucky Education Professional Standards Board (EPSB). The Education program makes the recommendation for certification, but certification is given by the EPSB.

### **Unit Mission Statement**

The mission of the Education Division is to prepare candidates in a Christian learning environment with the knowledge, skills, and dispositions required to be successful, reflective teacher-leaders in the 21st century.

### **Art Program Mission Statement**

In cooperation with the Education program, the Art program provides students with the opportunity to develop the skills and knowledge leading toward deeper appreciation of the visual arts, professional preparation as art educators, and individualized creative expression.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

### **Entrance Criteria**

As part of the admission criteria for the Education program, candidates must have completed the following required courses with a grade of C or higher:

- Public Speaking (COMM 2103) or equivalent transfer course for Demonstration of Communication competency;
- Writing Studies I (ENGL 1013), unless waiver requirements are met, Writing Studies II (ENGL 1023), or equivalent transfer course for Demonstration of Communication competency; and
- General education mathematics course, as determined by the candidate's general education program, unless waiver requirements are met.

### **Program Requirements: 84 hours**

To earn an Art Education P-12 degree, students will complete a minimum of 42 hours of Art courses and 39 hours of Education courses, working concurrently in both programs, along with the general education program and prerequisites.

#### **A. Prerequisites: 3 hours**

- Principles of Psychology (PSYC 1003) is a prerequisite for EDUC 3123 and EDUC 3143 – 3 hours

#### **B. Core Requirements – Art: 42 hours**

- Beginning Studio: Drawing (ART 1214) – 4 hours
- Design & Color (ART 2164) – 4 hours
- Art Education P-5 (ART/EDUC 2613) – 3 hours
- Computer Graphics I (ART 2623) – 3 hours
- Art History I (ART 2733) – 3 hours
- Art History II (ART 2743) – 3 hours
- Advanced Studio: Drawing (ART 3234) – 4 hours
- Art Education 6-12 (ART/EDUC 3623) – 3 hours

- Modern Art (ART 3753) – 3 hours
- Two-dimensional ART elective – 4 hours
- Three-dimensional ART elective – 4 hours
- Studio elective (3000 level) – 4 hours

**C. Professional Preparation – Education: 39 hours**

- The Teaching Profession (EDUC 2123) – 3 hours
- Introduction to Educational Technology (EDUC 2713) – 3 hours
- Principles of Lifelong Learning (EDUC 3123) – 3 hours
- The Exceptional Learner (EDUC 3143) – 3 hours
- Fundamentals of Secondary Education (EDUC 3403) – 3 hours
- Reading & Writing in the Content Areas 5-9, 8-12 & P-12 (EDUC 3523) – 3 hours
- Measurement & Assessment in Education (EDUC 4103) – 3 hours
- Classroom Management P-5 & P-12 (EDUC 4263) *or* Classroom Management 5-9 & 8-12 (EDUC 4463) – 3 hours
- Supervised Student Teaching (EDUC 4600) – 12 hours
- Practicum (EDUC 4603) – 3 hours

*Note:* Student teaching candidates must pay a \$155 student teaching fee.

### **Unit Mission Statement**

The mission of the Education division is to prepare candidates in a Christian learning environment with the knowledge, skills, and dispositions required to be successful, reflective teacher-leaders in the 21st century.

### **Biology Program Mission Statement**

In cooperation with the Education program, the Biology program provides students with the resources to develop a broad knowledge base in biology and the skills necessary to be successful educators. In addition to the factual content, students learn the historical basis and the scientific methodology of each major conceptual area of biology.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

### **Entrance Criteria**

The Biology program requires successful completion of freshman biology courses BIOL 1204 and BIOL 1214 with a minimum grade of C. These two courses serve as prerequisites for all 2000-level biology courses.

As part of the admission criteria for the Education program, candidates must have completed the following required courses with a grade of C or higher:

- Public Speaking (COMM 2103) or equivalent transfer course for Demonstration of Communication competency;
- Writing Studies I (ENGL 1013), unless waiver requirements are met, Writing Studies II (ENGL 1023), or equivalent transfer course for Demonstration of Communication competency; and
- Functions & Algebra (MATH 1013), unless waiver requirements are met.

### **Program Requirements: 98-101 hours**

To earn a Biology Education 8-12 degree, students will complete a minimum of 53 hours of Biology and other science courses and 42 hours of Education courses, working concurrently in both programs, along with the general education program and prerequisites.

#### **A. Prerequisites: 15-18 hours**

- Introduction to Cellular Biology (BIOL 1204) is a prerequisite for BIOL 1214, BIOL 2104, BIOL 2204, BIOL 2314, BIOL 3103, BIOL 3204, and BIOL 3304 – 4 hours
- Functions & Algebra (MATH 1013) is a prerequisite for CHEM 1214 unless waiver requirements are met – 3 hours
- General Chemistry I with Lab (CHEM 1214) is a prerequisite for CHEM 1224 – 4 hours
- General Chemistry II with Lab (CHEM 1224) is a prerequisite for BIOL 3103, BIOL 3204, CHEM 3312, and CHEM 3313 – 4 hours

- Principles of Psychology (PSYC 1003) is a prerequisite for EDUC 3123 and EDUC 3143 – 3 hours

**B. Core Requirements – Biology: 36 hours**

- Introduction to Organismal Biology (BIOL 1214) – 4 hours
- Microbiology (BIOL 2104) – 4 hours
- Animal Diversity (BIOL 2204) – 4 hours
- Plant Diversity (BIOL 2314) – 4 hours
- Human Anatomy (BIOL 2614) – 4 hours
- Cell Biology (BIOL 3103) – 3 hours
- Genetics (BIOL 3204) – 4 hours
- Ecology (BIOL 3304) – 4 hours
- Theory of Natural Selection (BIOL 3403) – 3 hours
- Seminar I (BIOL 4912) – 2 hours

**C. Supplemental Requirements – Chemistry: 5 hours**

- Organic Chemistry I Lecture (CHEM 3313) – 3 hours
- Organic Chemistry I Laboratory (CHEM 3312) – 2 hours

**D. Professional Preparation – Education: 42 hours**

- The Teaching Profession (EDUC 2123) – 3 hours

- Primary Ensemble – 5 semesters
  - Concert Choir (MUSI 1151-4151) – 1 hour *or*
  - Band (MUSI 1161-4161) – 1 hour *or*
  - Lindsey Wilson College Singers (MUSI 1171-4171) – 1 hour
- Secondary Ensemble – 2 Semesters
  - Concert Choir (MUSI 1151-4151) – 1 hour *or*
  - Band (MUSI 1161-4161) – 1 hour *or*
  - Lindsey Wilson College Singers (MUSI 1171-4171) – 1 hour
- Applied Music (MUSI 1512 and MUSI 2512) – 4 semesters – 2 hours
- Applied Music (MUSI 3512 and MUSI 4512) – 2 semesters – 2 hours

## **3 – Piano Proficiency: 1 hour**

The Integrated Music Education P-12 program contains a piano skills requirement called “Piano Proficiency.” The student must take piano until the requirements for the Piano Proficiency Exam have been satisfied. This exam may be administered during any semester of Piano Skills I-IV or Private Piano I-IV in which the instructor considers the student’s playing level ready for the proficiency examination. The exam consists of the ability to prepare in advance and play one or more parts of elementary choral or instrumental literature (including three-part vocal score) with correct rhythm and notation, playing major scales and arpeggios in root position for two-octave performance, and playing minor scales and arpeggios in root position for one-octave performance. The student should play intermediate repertoire comparable to Sonatinas 1-3, Op. 36 of Clementi. Other emphases in the exam include the memorization of two pieces (one contrapuntal and the other a movement from a sonatina), preparation of simple accompaniments of vocal and instrumental pieces and play by ear musically acceptable harmonizations of familiar tunes.

## **C. Professional Preparation – Education: 42 hours**

- The Teaching Profession (EDUC 2123) – 3 hours
- Introduction to Educational Technology (EDUC 2713) – 3 hours

### **Unit Mission Statement**

The mission of the Education Division is to prepare candidates in a Christian learning environment with the knowledge, skills, and dispositions required to be successful, reflective teacher-leaders in the 21st century.

Middle Grades Education 5-9 is a teacher education program designed to prepare candidates to teach middle school in grades 5-9. Lindsey Wilson College offers programs in four academic emphasis areas including English language arts, mathematics, science, and social studies.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

### **Entrance Criteria**

As part of the admission criteria for the Education program, candidates must have completed the following required courses with a grade of C or higher:

- Public Speaking (COMM 2103) or equivalent transfer course for Demonstration of Communication competency;
- Writing Studies I (ENGL 1013), unless waiver requirements are met, Writing Studies II (ENGL 1023), or equivalent transfer course for Demonstration of Communication competency; and
- General education mathematics course, unless waiver requirements are met, as determined by the candidate's general education program and academic emphasis area(s).

### **Program Requirements**

Lindsey Wilson College offers two options for middle grades certification. Candidates may choose two academic emphasis areas (recommended), or candidates may choose only one area of emphasis. Required number of credit hours for each academic emphasis area may vary, depending on the content area. If two academic emphasis areas are chosen, students may exceed the total hours required for graduation.

Along with the general education requirements, the major's prerequisites, and its professional education requirements, students must select one or two academic emphasis areas and complete the requirements for the chosen area(s).

#### **A. Prerequisites**

- Principles of Psychology (PSYC 1003) is a prerequisite for EDUC 3123, EDUC 3143, and EDUC 3303 – 3 hours
- Writing Studies I (ENGL 1013) is a prerequisite for ENGL 2103 and ENGL 2203, unless waiver requirements are met – 3 hours
- Writing Studies II (ENGL 1023) is a prerequisite for ENGL 2703 and ENGL 4503 – 3 hours
- Literary Interpretation (ENGL 2103) or World Literature (ENGL 2203) is a prerequisite for 3000-4000 level English literature courses – 3 hours

- Functions & Algebra (MATH 1013) is a prerequisite for CHEM 1214, MATH 1124, and MATH 2153, unless waiver requirements are met – 3 hours
- Precalculus (MATH 1124) is a prerequisite for PHYS 2114 – 4 hours
- Analytical Geometry & Calculus I (MATH 2315) is a prerequisite for PHYS 2414 – 5 hours

**B. Academic Emphasis Area(s) – Select one or two of the following areas (English Language Arts, Mathematics, Science, or Social Studies):**

**1 – English Language Arts Requirements (double emphasis areas): 24 hours**

- Literature for Grades 5-9 (EDUC 3313) – 3 hours
- Literary Interpretation (ENGL 2103) – 3 hours
- World Literature (ENGL 2203) – 3 hours
- Introduction to Modern English Grammar (ENGL 2703) – 3 hours
- American Literature I (ENGL 3113) *or* American Lit II (ENGL 3123) – 3 hours
- British Literature I (ENGL 3213) *or* British Literature II (ENGL 3223) – 3 hours
- Ethnic Literature (ENGL 4063) – 3 hours
- Advanced Writing (ENGL 4503) – 3 hours

***or* English Language Arts Requirements (single emphasis area): 36 hours**

- Complete the requirements listed above in #1 – 24 hours
- Select an additional 12 hours of 3000-4000 level ENGL courses approved by the advisor.

**2 – Mathematics Requirements (double emphasis areas): 26 hours**

*Note:* A student with Functions & Algebra *and* Trigonometry skills may elect to enroll in MATH 2315 and MATH 2325.

- Precalculus (MATH 1124) – 4 hours
- Finite Mathematics (MATH 2153) – 3 hours
- Introduction to Statistics (MATH 2203) – 3 hours
- Mathematics for Elementary Teachers I (MATH 2213) – 3 hours
- Analytic Geometry & Calculus I (MATH 2315) – 5 hours
- Discrete Mathematics (MATH 2503) – 3 hours
- Geometry (MATH 3113) – 3 hours
- **Choose two courses from the following:**
  - Mathematics & Technology (MATH 2301) – 1 hour
  - History’s Great Problems (MATH 3121) – 1 hour
  - History’s Great Mathematicians (MATH 3131) – 1 hour
  - Mathematics Education I (MATH 3151) – 1 hour
  - Mathematics Education II (MATH 3161) – 1 hour

***or* Mathematics Requirements (single emphasis area): 36 hours**

- Complete the requirements listed above in #2 – 26 hours
- Analytical Geometry & Calculus II (MATH 2325) – 5 hours
- Select an additional 5 hours of 3000-4000 level MATH courses approved by the advisor.

**3 – Science Requirements (double emphasis areas): 28 hours**

- Introduction to Cellular Biology (BIOL 1204) – 4 hours

- Introduction to Organismal Biology (BIOL 1214) – 4 hours
- Biology electives – 4 hours
- Earth Science (PHSC 1204) – 4 hours
- Select one of the following groups:
  - Introduction to Physical Science (PHSC 1104) – 4 hours
  - General Chemistry I with Lab (CHEM 1214) – 4 hours
  - General Chemistry II with Lab (CHEM 1224) – 4 hours
  - or*
  - General Chemistry I with Lab (CHEM 1214) – 4 hours
  - General Physics I (PHYS 2414) *or* College Physics I (PHYS 2114) – 4 hours

### **Unit Mission Statement**

The mission of the Education Division is to prepare candidates in a Christian learning environment with the knowledge, skills, and dispositions required to be successful, reflective teacher-leaders in the 21st century.

The secondary education program offers several challenging and rewarding Bachelor of Arts degree programs and one Bachelor of Science degree program that lead to the granting of the Kentucky Provisional Certificate through the Kentucky Education Professional Standards Board.

- Biology Education 8-12 (BS degree)
- Secondary Education 8-12 program with majors in English, mathematics, or social science (BA degrees)

In addition, there are four P-12 Bachelor of Arts degree programs which can also lead to secondary teaching positions: Art Education P-12, Integrated Music Education P-12, Physical Education P-12, and Physical Education/Health P-12.

Candidates are assigned a content area advisor and work with an education advisor as they progress through their specific content requirements and through the sequential professional education requirements to earn a Bachelor of Arts or Bachelor of Science degree

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

## **C. Academic Major (select one of the following programs)**

### **1 – Biology Education 8-12 (BS)**

- The courses required for a BS degree in Biology Education 8-12 are located in this catalog following the Art Education P-12 major.
- Biology Education 8-12 majors may earn more than the total hours needed to meet graduation requirements.

### **2 – English (BA)**

- Please see the information in this catalog on the English Secondary Education Track for a complete list of major requirements.
- English majors seeking secondary certification may earn more than the total hours needed to meet graduation requirements.

### **3 – Mathematics (BA)**

- Please see the information in this catalog on the Mathematics major for a complete list of major requirements.

### **4 – Social Science (BA)**

- Please see the information in this catalog on the Social Science major for a complete list of major requirements.
- While the major is social science, the secondary certification is earned in social studies.
- World Civilization I: Prehistory to 1500 (HIST 2233) *and* World Civilization II: 1500 to Present (HIST 2243) are strongly recommended as electives to strengthen preparation for the content area of the Praxis II exam.

## **Exit Assessment**

Graduation requirements for candidates are as follows:

1. Minimum 2.75 Cumulative GPA;
2. Minimum 2.75 Content/Emphasis Area GPA;
3. Minimum 2.75 Professional Education GPA;

**Exit Assessment**

Students applying for graduation with a bachelor's degree in English must have a minimum GPA in their major courses of 2.50. In the fall semester of their senior year, students are required to take English Majors Seminar (ENGL 4903). The English faculty must certify to the Registrar's Office that the student has achieved the program's Student Learning Outcomes for graduation approval.

**Secondary Education 8-12 Certification**

Students pursuing a bachelor's degree in English also have the option to concurrently complete the Secondary Education 8-12 program through the Education Division. The program requires 42 hours of coursework in Education that includes a semester of student teaching. Interested students should contact Dr. David Moffett, Secondary Education Coordinator, for Education program advising.

**Recommended Minor**

History and Women's Studies minors are good choices for English majors. Courses taken for a minor reduce the number of general electives a student must take.

### **Mission Statement**

The history faculty is committed to a program which stresses academic excellence. The history curriculum seeks to prepare students for graduate or professional school and focuses on the development of historical literacy, critical thinking, and proficiency in primary historical skills.

The History program offers a bachelor's degree in History and a minor in History for students majoring in another discipline. History courses also help students fulfill general education requirements and provide elective courses for all students.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides only 18 of the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Entrance Criteria**

Students must complete 45 hours or more of coursework with a minimum grade point average of 2.00 and file a Declaration of Major form with the Registrar's Office. In addition, students must have completed at least one introductory-level history course required for the major.

### **Program Requirements: 30 hours**

Along with the general education program, students must complete the major's core requirements and select program electives as indicated.

### **Exit Assessment**

Students applying for graduation with a bachelor's degree in History must schedule an exit interview with the History program coordinator. Exit interviews must be scheduled by midterm of the final semester of work. Prior to the exit interview, each student will prepare written responses to questions drawn from the History program Student Learning Outcomes. (These questions are available from the History program coordinator.) The program coordinator must indicate to the Registrar's Office that the student has achieved the program's Student Learning Outcomes for graduation approval.

### **School of Professional Counseling Mission Statement**

The mission of the School of Professional Counseling is to address the diverse academic and community needs of Appalachia and other regions through dedication to academic excellence and professional integrity where students obtain a solid professional knowledge and skills base.

### **Human Services & Counseling Program Mission Statement**

The mission of the Human Services & Counseling (HS) program is to provide Lindsey Wilson College students an academic and experiential foundation that is centered in the helping professions, distinguished by academic excellence, and hallmarked by an empathetic personal orientation and demonstrated respect for humanity.

The Bachelor of Arts degree in Human Services & Counseling is an interdisciplinary program comprised of coursework in psychology, sociology, and social work in combination with broad-based general education courses. (Most Human Services & Counseling coursework is designated by an HS prefix.) Each course is taught by faculty with advanced degrees and experience in the course content area. Practicum experiences will equip the student with the skills to enter a variety of work settings. The Human Services & Counseling program is offered in a variety of locations throughout Kentucky, Ohio, Tennessee, Virginia, and West Virginia.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides only 36 of the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Entrance Criteria**

The following conditions apply for acceptance to the program:

- Each student must have completed at least one semester of college coursework with a minimum overall GPA of 2.25 before applying to the program.
- Each student is expected to complete an Application for Admission to the program prior to or as a part of the requirement for Introduction to Human Services (HS 2103).
- The application process also requires a letter of recommendation from each of the following people:

- A Lindsey Wilson College faculty member;
  - A community leader; and
  - An employer (if the student has never been employed, another category will be assigned).
- The student must have his or her advising file transferred to Human Services & Counseling.
  - A personal interview may be conducted by a committee of Human Services & Counseling faculty and staff. This committee will review each application, letters of recommendation, and interview content. A majority of the committee must have a favorable recommendation for the student to be admitted into the program.
  - Students will be notified in writing when the committee has acted on their application to the program. Possible committee action includes acceptance, probationary acceptance, or denial of admission.
  - If admission is denied, the student may appeal to the Associate Dean for the School of Professional Counseling. If admission is denied, an alternative program of study will be recommended.
  - Transfer students (as well as others out of the expected course sequence) should consult their advisor regarding the application process.

### **Program Requirements: 48 hours**

Along with the general education program, students must complete the major's prerequisite and core requirements as indicated.

#### **A. Prerequisite and Recommended Courses: 3 hours**

- Principles of Psychology (PSYC 1003) is recommended for HS 2103 and is a prerequisite for HS/PSYC 3103 – 3 hours

#### **B. Core Requirements: 45 hours**

- Introduction to Human Services (HS 2103) – 3 hours
- Introduction to Counseling Theory (HS 2903) – 3 hours
- Principles & Techniques of Group Counseling (HS 2953) – 3 hours
- Life Span Development (HS/PSYC 3103) – 3 hours
- Abnormal Psychology (HS 3153) – 3 hours
- Case Management, Intake & Referral (HS 3233) – 3 hours
- Human Services Practicum I (HS 3503) – 3 hours
- Research Methods (HS 4003) – 3 hours
- Introduction to Counseling Techniques (HS 4153) – 3 hours
- Ethics & Multicultural Diversity (HS 4253) – 3 hours
- Assessment in the Helping Professions (HS 4293) – 3 hours
- Substance Abuse (HS 4343) – 3 hours
- Mental Health Administration (HS 4893) – 3 hours
- Human Services Practicum II (HS 4943) – 3 hours
- Human Services Practicum III (HS 4953) – 3 hours

### **Exit Assessment**

A comprehensive examination is required for the Human Services & Counseling program. The exam is taken in HS 4953 during the second semester of the senior year. This examination is graded on a 200-point scale. A student must pass each section with 50% or better to pass. A passing grade is required for graduation.

Human Services & Counseling majors are required to earn a 2.25 cumulative GPA.

### **Mission Statement**

The mission of the Mathematics program is to prepare students: 1) to enter the work force in a mathematics-related position; 2) to enter graduate programs in mathematics; or 3) to teach secondary mathematics content (upon completion of teacher certification requirements).

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Program Requirements: 42-45 hours**

Along with the general education program, students must complete the major's prerequisites and its basic, foundational, and modeling program requirements. Students must also select program electives as indicated.

#### **A. Prerequisites: 4-7 hours**

- Functions & Algebra (MATH 1013) is a prerequisite for MATH 1124 and MATH/PHYS/CIS 2713 unless waiver requirements are met – 3 hours
- Precalculus (MATH 1124) is a prerequisite for MATH 2315 and MATH 2503 – 4 hours

#### **B. Core Requirements: 26 hours**

- Analytic Geometry & Calculus I (MATH 2315) – 5 hours
- Analytic Geometry & Calculus II (MATH 2325) – 5 hours
- Discrete Mathematics (MATH 2503) – 3 hours
- Introduction to Computational Science (MATH/PHYS/CIS 2713) – 3 hours
- Linear Algebra (MATH 3003) – 3 hours
- Probability & Statistics (MATH 3203) – 3 hours
- Calculus III (MATH 3314) – 4 hours

#### **C. Foundational Requirements (select one of the following): 3 hours\***

- Abstract Algebra (MATH 4113) – 3 hours
- Number Theory (MATH 4203) – 3 hours
- Foundations of Analysis (MATH 4413) – 3 hours

**D. Modeling Requirements (select one of the following): 3 hours\***

- Differential Equations (MATH 3323) – 3 hours
- Engineering Mathematics (MATH/PHYS 4303) – 3 hours
- Mathematical Modeling (MATH 4403) – 3 hours

**E. Program Electives (select from the following; no more than 3 one-hour courses may be selected): 6 hours\***

- Mathematics & Technology (MATH 2301) – 1 hour
- Geometry (MATH 3113) – 3 hours
- History's Great Problems (MATH 3121) – 1 hour
- History's Great Mathematicians (MATH 3131) – 1 hour
- Mathematics Education I (MATH 3151) – 1 hour
- Mathematics Education II (MATH 3161) – 1 hour
- Topology (MATH 4123) – 3 hours
- Advanced Calculus (MATH 4513) – 3 hours

*\*A second course from Group C or Group D may count as an elective for Group E.*

**Note:** Candidates seeking secondary certification must take MATH 3113 and either MATH 3151 or MATH 3161.

**Recommended General Electives**

It is strongly recommended that mathematics majors take at least two courses in a discipline with a wide variety of mathematical applications. These include:

- Introduction to Cellular Biology (BIOL 1204) and Introduction to Organismal Biology (BIOL 1214) – 8 hours
- General Chemistry I with Lab (CHEM 1214) and General Chemistry II with Lab (CHEM 1224) – 8 hours
- Microeconomics (ECON 2033) and Macroeconomics (ECON 2043) – 6 hours
- General Physics I (PHYS 2414) and General Physics II (PHYS 2424) – 8 hours

**Secondary Education 8-12 Certification**

Students pursuing a bachelor's degree in Mathematics also have the option to concurrently complete the Secondary Education 8-12 program through the Education division. The program requires 42 hours of coursework in Education that includes a semester of student teaching. Interested students should contact Dr. David Moffett, Secondary Education Coordinator, for Education program advising.

### **Mission Statement**

The mission of the Media Studies program is to provide students with the knowledge and skills to critically evaluate, create, and distribute information for mass audiences and to develop as effective and responsible communicators who contribute in productive and positive ways to society.

This degree is recommended for students interested in assuming professional roles in print, online, and broadcast journalism, public relations, business communication, marketing and promotion, and advertising. The curriculum features a strong interdisciplinary approach, integrating the disciplines of journalism, communication, and art.

### **Graduation Requirements**

Some courses taken for the major may simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Program Requirements: 44-48 hours**

Along with the general education program, students must complete the major's prerequisites and core requirements, must select one of its emphasis areas (Journalism, Public Relations, Media Arts), and must complete that area's requirements and experiential component.

#### **A. Prerequisites: 6-9 hours**

- Introduction to Photography (ART/JRNL 2153) – 3 hours
- Public Speaking (COMM 2103) – 3 hours
- Writing Studies I (ENGL 1013), unless waiver requirements are met, or instructor's permission is a prerequisite for JRNL 2403 – 3 hours

#### **B. Core Requirements: 20 hours**

- Introduction to Communication (COMM 1003) – 3 hours
- Mass Media & Society (COMM/JRNL 1503) – 3 hours
- Design & Color (ART 2164) – 4 hours
- Media Writing & Reporting (JRNL 2403) – 3 hours
- Interactive Media Design (JRNL 3413) – 3 hours
- Communication Law & Ethics (COMM/JRNL 4403) – 3 hours
- Media Studies Seminar (JRNL 4901) – 1 hour

#### **C. Emphasis Area (select one of the following areas)**

##### **1 – Journalism: 12 hours**

- Community Reporting (JRNL 3103) – 3 hours

- Editing & Media Management (JRNL 3203) – 3 hours
- Magazine & Feature Writing (JRNL 3213) – 3 hours
- Broadcast Journalism (JRNL 4123) – 3 hours

## **2 – Public Relations: 12 hours**

- Public Relations Principles & Practices (COMM 3113) – 3 hours
- Intermediate Public Relations (COMM 3213) – 3 hours
- Advanced Public Relations (COMM 4113) – 3 hours
- Crisis Communication (4203) *or* Political Communication & Public Affairs (COMM 4733) – 3 hours

## **3 – Media Arts: 13 hours**

- Beginning Studio: Drawing (ART 1214) – 4 hours
- Computer Graphics I (ART 2623) – 3 hours
- Computer Graphics II (ART 3633) – 3 hours
- Digital Video Arts (ART 3643) – 3 hours

## **D. Experiential Component (select the experiential component that corresponds with the emphasis area chosen): 6 hours**

### **1 – Journalism Emphasis**

The practicum may be repeated up to six hours to satisfy capstone requirements for the Journalism Emphasis or repeated for three hours and combined with JRNL PN03.

- Practicum: Student Media Productions (JRNL XNF1 *and/or* JRNL XNS1) – 1-6 hours
- Journalism Internship (JRNL PN03) – 3 hours

### **2 – Public Relations Emphasis**

The practicum may be repeated up to six hours to satisfy capstone requirements for the Public Relations Emphasis or repeated for three hours and combined with COMM 4903.

- Practicum: Student Media Productions (JRNL XNF1 *and/or* JRNL XNS1) – 1-6 hours
- Professional Internship in Communication (COMM 4903) – 3 hours

### **3 – Media Arts Emphasis**

The practicum may be repeated up to six hours to satisfy capstone requirements for the Media Arts Emphasis or repeated for three hours and combined with ART PN03.

- Practicum: Student Media Productions (JRNL XNF1 *and/or* JRNL XNS1) – 1-6 hours
- Art Internship (ART PN03) – 3 hours

## **Exit Assessment**

Students applying for graduation in the Media Studies program are required to present an electronic portfolio of work based on their area of emphasis. The portfolio will be developed throughout the program and will be completed in the student's senior year. The portfolio must be reviewed and approved by at least two faculty members associated with the Media Studies program. The portfolio will be discussed in an exit interview between the student and Media Studies program coordinator. The program coordinator must certify to the Registrar's Office that the student has successfully completed the electronic portfolio to satisfy graduation requirements.

## **Recommended Minor**

Art, Communication, English, Political Science, Spanish, Theatre, and Women's Studies are good choices for Media Studies majors. Courses taken for a minor reduce the number of general electives a student must take.

### **Mission Statement**

The mission of the Bachelor of Science in Nursing programs is to provide quality undergraduate nursing education that prepares students for baccalaureate-generalist professional nursing practice.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

### **Vision**

With the intentional and cooperative efforts of the entire College community and through excellence in teaching, scholarship, practice, and service, the Lindsey Wilson College Bachelor of Science in Nursing programs aspire to:

- Be the regional leader in providing an exceptional nursing education;
- Create the best possible environment for the individual growth of students;
- Graduate students who are prepared for life and professional nursing practice in a complex, rapidly changing world and health care environment; and
- Advance health at the local, regional, and global arenas through scientific evidence and sound professional practice.

### **BSN Program Student Learning Outcomes (PSLOs)**

Upon completion of the Lindsey Wilson College pre-licensure BSN program, graduates will:

1. Utilize written, verbal, nonverbal, and emerging technologies to communicate effectively;
2. Demonstrate clinical reasoning/judgment, critical thinking, and caring to design and deliver safe, evidence-based, spiritually and culturally appropriate, patient-centered care;
3. Integrate theories and concepts from undergraduate liberal arts education into baccalaureate-generalist nursing practice;
4. Understand the nature of human values and ethical responsibility;
5. Demonstrate personal, organizational, and systems leadership to improve safe patient care and to advance professional nursing practice;
6. Engage in effective interprofessional collaboration to achieve optimal health care outcomes;
7. Utilize information management and technologies to deliver safe, effective, patient-centered care;
8. Evaluate professional standards, healthcare policy, finance, and regulatory environments with regard to nursing practice, quality care, and patient safety;
9. Implement clinical prevention and health promotion interventions to provide patient-centered care across the lifespan and across the health care continuum; and
10. Embrace lifelong learning and professional development (provider, manager of care, and member of the profession).

## Application Deadlines

Admission to the pre-licensure BSN program occurs in the fall semester. Admission to the College does not guarantee admission to the pre-licensure BSN program. Students may apply to the pre-licensure BSN program beginning **January 1** of the calendar year for which admission is sought. For consideration of admission in the fall semester, the deadline for submission of the application to the Division of Nursing & Health is **March 1**. In the event the March 1 deadline falls on a weekend, the deadline for application will be extended to the following Monday at 5:00 p.m. Correspondence to applicants regarding admission status will be sent to the email address on record.

## Entrance Criteria

Students seeking admission to the pre-licensure BSN program must meet the following entrance criteria:

1. Admission to Lindsey Wilson College. All admissions requirements outlined in the current catalog apply.
2. Submission of the completed electronic application to the pre-licensure BSN program by designated deadline of the calendar year for which the student is seeking admission.
3. Cumulative minimum GPA of 3.0. The cumulative minimum GPA applies to coursework which the student has previously completed and for all prerequisite coursework completed after application is submitted. Transcripts for completed coursework must be submitted to the Registrar's Office prior to the first day of NURS courses.
4. Completion of all pre-licensure BSN program prerequisite coursework with achievement of a minimum grade of C:
  - Human Anatomy (BIOL 2614) – 4 hours
  - Principles of Chemistry (CHEM 1104) – 4 hours
  - Writing Studies I (ENGL 1013) unless waiver requirements are met – 3 hours
  - Writing Studies II (ENGL 1023) – 3 hours
  - First-Year Experience Seminar (FYE 1001) unless waiver requirements are met – 1 hour
  - Medical Communication (HLCA 2013) – 3 hours
  - Functions & Algebra (MATH 1013) unless waiver requirements are met – 3 hours
  - Fundamentals of Nutrition (NUTR 1003) – 3 hours
  - Principles of Psychology (PSYC 1003) – 3 hours
5. Demonstration of clinical compliance by established deadline. Clinical compliance requirements are outlined in *The Pre-Licensure BSN Student Handbook*.

**Rationale for Clinical Compliance:** In order to comply with clinical requirements of affiliating health care agencies, students who are admitted to the pre-licensure BSN program must obtain a criminal background check and drug screening test and must demonstrate compliance with ALL required clinical requirements. Affiliating agencies may deny the student with a criminal background and students who fail the drug screening test the right to participate in clinical learning experiences at their facilities.

The Kentucky Board of Nursing requires that all criminal convictions (misdemeanors and felonies) be reported at the time of application for licensure. The Board has the power to deny the applicant the right to take the licensure exam if an individual has a criminal history that involves acts bearing directly on the practice of nursing.

6. Email notification of acceptance of conditional admission and intent to enroll to the pre-licensure BSN program by designated date. Non-compliance with this requirement will forfeit the seat allotted for the student.
7. Submission of official transcripts for all previous college courses to the Registrar's Office at Lindsey Wilson College. Courses must be from regionally accredited institutions of higher education. All pre-licensure BSN program required courses (prerequisite and

program required courses) must meet direct transfer equivalencies or have prior approval of the Chair of the Division of Nursing & Health before transfer credit is accepted. Students must achieve a minimum grade of C in all nursing major required courses. The Division of Nursing & Health Course Substitution form **MUST** be completed in order for any course to be considered as a transfer substitution. All information on the form must be completed. This includes but is not limited to: course name, course number, catalog description, syllabi, outline of content and skills, electronic link to institution catalog, and other documentation as requested. Acceptance of coursework is contingent upon theoretical and clinical congruence with the courses offered by Lindsey Wilson College and the time frame since coursework completion. All course substitutions will have final approval of the Registrar's Office.

8. Applicants to the pre-licensure BSN program who document English as a second language must demonstrate an overall passing standard score of 83 on the Test of English as a Foreign Language (TOEFL iBT).
9. Eligibility for enrollment in the first day of a NURS course is confirmed by pre-licensure BSN program official unconditional admission letter.
10. Interview may be required.

A student may appeal to the Nursing Admission Progression Graduation (APG) committee to request a waiver of policy.

Admission to the pre-licensure BSN program is a very competitive process during which the best qualified applicants are ranked by admission criteria. The most qualified are chosen to fill a limited number of seats. Meeting the minimum criteria does not guarantee admission to the pre-licensure BSN program and the nursing major. The number of students admitted to the pre-licensure BSN program is based on Kentucky Board of Nursing regulations and recommendations for number of students admitted per nursing program/per admission cycle.

### **Transfer Student Admission**

Transfer students seeking admission to the pre-licensure BSN program must meet all Lindsey Wilson College transfer requirements and pre-licensure BSN program entrance requirements.

Students desiring to transfer from another accredited nursing program should complete the following:

1. All entrance criteria admission steps as outlined above.
2. Prior nursing coursework will be evaluated on a case-by-case basis. NURS 2013 and NURS 2024 are the only courses in the College's pre-licensure BSN curriculum considered for transfer. If a student wishes to have previous coursework, nursing (NURS) courses, or program required courses evaluated for transfer acceptance, then the student must initiate completion of the Division of Nursing & Health Course Substitution form with the application process. The Division of Nursing & Health Course Substitution form can be obtained from the Division of Nursing & Health Office (nursing@lindsey.edu). The Division of Nursing & Health Course Substitution form **MUST** be completed in full in order for any course to be considered as a transfer substitution. This includes but is not limited to: course name, course number, catalog description, syllabi, outline of content and skills, electronic link to institution catalog, and other documentation as requested. Acceptance of coursework is contingent upon theoretical and clinical congruence with the courses offered by the College's pre-licensure BSN program and the time frame since coursework completion.

**Note:** If one year has elapsed since any nursing coursework was completed, the student must start the pre-licensure BSN program course of study with NURS 2013 and NURS 2024.

3. A letter of good standing from the chair of the nursing program from which the student is transferring. The letter must be included with the application. Admission to the College's pre-licensure BSN program will be contingent upon the availability of seats in the courses at the time of transfer.
4. Demonstration of clinical competence and skills competence by established deadline.

**Note:** All students wishing to earn the Bachelor of Science degree in Nursing must earn at least 50 percent of degree requirements at Lindsey Wilson College.

### Academic Criteria for Progression

Pre-licensure BSN students are subject to the College's policies pertaining to academic standing. These College policies can be found in the College catalog. In addition, students admitted to the pre-licensure BSN program are expected to attain the following minimum progression standards during the course of study:

- **Pre-licensure BSN program suspension:** Student does not meet progression criteria in the course of study for the major to progress in the program.
- **Pre-licensure BSN program reenrollment:** Student does not meet progression criteria in the course of study for the major to progress in the program and petitions the Nursing Admission Progression Graduation (APG) committee for reenrollment to repeat the course in which a grade of less than C was attained. The repeated course must be taken at the next available course offering, or the suspension from the program will convert to a dismissal from the program.
- **Pre-licensure BSN program dismissal:** Student does not meet progression criteria at a level that constitutes dismissal from the program. Students dismissed from the pre-licensure BSN program may progress at Lindsey Wilson College, but they can no longer be a nursing major.
- **Pre-licensure BSN program readmission:** Student has withdrawn or has been dismissed from the pre-licensure BSN program. Student must petition the APG committee for readmission by completing the following:
  - a. Complete the application for readmission to the pre-licensure BSN program one week after grades are posted for the semester of withdrawal or dismissal (all pre-licensure BSN entrance criteria apply);
  - b. Submit letter explaining rationale for petition for readmission; and
  - c. Complete interview with the APG committee.

**Note:** Students readmitted to the pre-licensure BSN program must comply with changes in courses and/or degree requirements as well as with policy and procedures at the time of readmission.

### Grading Scale

The nursing program uses a grading scale different from other academic units of the College. Consistent with other nursing programs, the grading scale requires students to earn 77% or higher to be awarded a C or better. The nursing program uses the following grading scale: A = 93-100%, B = 85-92%, C = 77-84, D = 70-76%, F = 69% or lower.

### Program Requirements: 94-101 hours

Along with the general education program, students must complete the major's prerequisites, program requirements, and professional nursing courses.

#### A. Prerequisites: 20-27 hours

- Human Anatomy (BIOL 2614) – 4 hours
- Principles of Chemistry (CHEM 1104) – 4 hours
- Writing Studies I (ENGL 1013) unless waiver requirements are met – 3 hours
- Writing Studies II (ENGL 1023) – 3 hours
- First-Year Experience Seminar (FYE 1001) unless waiver requirements are met – 1 hour
- Medical Communication (HLCA 2013) – 3 hours
- Functions & Algebra (MATH 1013) unless waiver requirements are met – 3 hours
- Fundamentals of Nutrition (NUTR 1003) – 3 hours
- Principles of Psychology (PSYC 1003) – 3 hours

#### B. Program Requirements: 17 hours

- Microbiology (BIOL 2104) – 4 hours
- Human Physiology (BIOL 2624) – 4 hours
- Public Speaking (COMM 2103) – 3 hours
- Life Span Development (HS/PSYC 3103) – 3 hours
- Experimental Statistics (MATH 2403) – 3 hours

#### C. Professional Nursing Courses: 57 hours

- Introduction to Professional Nursing (NURS 2002) – 2 hours
- Health Assessment (NURS 2013) – 3 hours
- Foundations of Professional Practice (NURS 2024) – 4 hours
- Pharmacology (NURS 3013) – 3 hours
- Adult Health Nursing I (NURS 3105) – 5 hours
- Pathophysiology (NURS 3203) – 3 hours
- Maternal/Newborn/Family Centered Nursing (NURS 3305) – 5 hours

### **Mission Statement**

The mission of the Bachelor of Science in Nursing programs is to provide quality undergraduate nursing education that prepares students for baccalaureate-generalist professional nursing practice.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

### **Vision**

With the intentional and cooperative efforts of the entire College community, and through excellence in teaching, scholarship, practice, and service, the Lindsey Wilson College Bachelor of Science in Nursing programs aspire to:

- Be the regional leader in providing an exceptional nursing education;
- Create the best possible environment for the individual growth of students;
- Graduate students who are prepared for life and professional nursing practice in a complex, rapidly changing world and health care environment; and
- Advance health at the local, regional, and global arenas through scientific evidence and sound professional practice.

### **RN-BSN Program Student Learning Outcomes (PSLOs)**

Upon completion of the Lindsey Wilson College RN BSN program, graduates will:

1. Utilize written, verbal, nonverbal, and emerging technologies to communicate effectively;
2. Demonstrate clinical reasoning/judgment, critical thinking, and caring to design and deliver safe, evidence-based, spiritually and culturally appropriate, patient-centered care;
3. Integrate theories and concepts from undergraduate liberal arts education into baccalaureate-generalist nursing practice;
4. Understand the nature of human values and ethical responsibility;
5. Demonstrate personal, organizational, and systems leadership to improve safe patient care and to advance professional nursing practice;
6. Engage in effective interprofessional collaboration to achieve optimal health care outcomes;
7. Utilize information management and technologies to deliver safe, effective, patient-centered care;
8. Evaluate professional standards, healthcare policy, finance, and regulatory environments with regard to nursing practice, quality care, and patient safety;
9. Implement clinical prevention and health promotion interventions to provide patient-centered care across the lifespan and across the health care continuum; and
10. Embrace lifelong learning and professional development (provider, manager of care, and member of the profession).

## Application Deadlines

Lindsey Wilson College and the RN BSN program do not have an application deadline or an application fee. The Lindsey Wilson College online admissions counselor and the RN BSN program coordinator work individually with students during the admission process. Lindsey Wilson College uses a rolling admissions plan that enables applicants to be notified of admission decisions as soon as all credentials have been received. Similarly, the Division of Nursing & Health's Admission Progression Graduation (APG) committee reviews all nursing student applicants and takes action on them promptly. Students are notified of admission to the RN BSN program by the Chair of the Division of Nursing & Health. Admission to the College does not guarantee admission to the RN BSN program. Correspondence to applicants regarding admission status will be sent to the contact information submitted to the Office of Online Education with the admission application. Applicants are responsible for notifying the online admissions counselor via email of any contact changes.

## Entrance Criteria

Students seeking admission to the RN BSN program must meet the following standards:

1. Admission to Lindsey Wilson College. All admission requirements outlined in the current catalog apply. Policies and procedures are located in the catalog.
2. Completion of Associate of Applied Science or Associate of Science degree from an accredited institution of higher education and a state-approved pre-licensure associate degree nursing program, as evidenced by the transcript.
  - Completion of the associate degree with Kentucky General Education Full Certification is recommended.
  - Students who have not earned the Kentucky General Education Full Certification will be required to complete the Lindsey Wilson College Essential Learning General Education program.
3. Active, unencumbered state Registered Nurse Licensure. Applicants awaiting results of examination for licensure (NCLEX-RN) may be admitted on a conditional basis for one semester until notified of licensure.
4. Submission of the completed RN BSN application.
5. Returned letter of acceptance via email to the Nursing Program Office ([nursing@lindsey.edu](mailto:nursing@lindsey.edu)) by the designated date.
6. Minimum cumulative GPA of 2.0.
7. Interview, as requested by the RN BSN program coordinator or the Admission Progression Graduation (APG) committee.
8. Verification by transcript from an accredited institution of higher education and a state-approved pre-licensure program of coursework equivalent to the following courses with grade C or higher as equivalent coursework:
  - Microbiology (BIOL 2104) – 4 hours
  - Human Anatomy (BIOL 2614) – 4 hours
  - Human Physiology (BIOL 2624) – 4 hours
  - Public Speaking (COMM 2103) – 3 hours
  - Writing Studies I (ENGL 1013) – 3 hours
  - Writing Studies II (ENGL 1023) – 3 hours
  - Medical Communication (HLCA 2013) – 3 hours
  - Principles of Psychology (PSYC 1003) – 3 hours
  - Life Span Development (PSYC/HS 3103) – 3 hours
  - Introduction to Professional Nursing (NURS 2002) – 2 hours
  - Foundations of Professional Practice (NURS 2024) – 4 hours
  - Adult Health Nursing I (NURS 3105) – 5 hours
  - Maternal/Newborn/Family-Centered Nursing (NURS 3305) – 5 hours
  - Pediatric/Family-Centered Nursing (NURS 3355) – 5 hours
  - Mental Health Nursing (NURS 4105) – 5 hours
  - Adult Health Nursing II (NURS 4307) – 7 hours

- Nursing Synthesis (NURS 4402) – 2 hours

### Transfer Student Admission

Students seeking admission to the RN BSN program are considered transfer students and must meet all Lindsey Wilson College transfer requirements and RN BSN program entrance requirements.

1. All entrance criteria admission steps as outlined above.
2. Prior post-licensure nursing coursework will be evaluated on a case-by-case basis. If a student wishes to have previous (post-licensure) coursework or program-required courses evaluated for transfer acceptance, then the student must initiate a Division of Nursing & Health Course Substitution form with the application process or prior to enrolling in the course (if already admitted and progressing in the program). The Division of Nursing & Health Course Substitution form can be obtained from the RN BSN program coordinator. The Division of Nursing & Health Course Substitution form MUST be completed in order for any course to be considered as transfer substitution. This includes but is not limited to course name, course number, catalog description, syllabi, outline of content and skills, electronic link to institution catalog, and other documentation as requested. Acceptance of coursework is contingent upon theoretical congruence of student learning outcomes with the courses offered by the College's RN BSN program.

**Note:** All students wishing to earn the Bachelor of Science degree in Nursing must earn at least 50 percent of degree requirements at Lindsey Wilson College.

### Academic Standards for Progression

Nursing students are subject to the College's policies pertaining to academic standing. These College policies can be found in the College catalog. The following policies apply to the RN BSN program:

- RN BSN program suspension: Student does not meet progression criteria in the course of study for the major to progress in the program.
- RN BSN program reenrollment: Student does not meet progression criteria in the course of study for the major to progress in the program and petitions the Admission Progression Graduation (APG) committee for reenrollment to repeat the course in which a grade of less than C was attained. The repeated course must be taken at the next available course offering, or the suspension from the program will convert to a dismissal from the program.
- RN BSN program dismissal: Student does not meet progression criteria at a level that constitutes dismissal from the program. Students dismissed from the RN BSN program may progress at Lindsey Wilson College, but they can no longer be a nursing major.
- RN BSN program readmission: Student has withdrawn or has been dismissed from the RN BSN program. Student must petition the Admission Progression Graduation (APG) committee for readmission by completing the following:
  - a. An application for readmission to the RN BSN program one week after grades are posted for the semester of withdrawal or dismissal (all RN BSN admission entrance criteria apply);
  - b. A letter explaining rationale for petition of readmission; and
  - c. An interview with the APG committee.

**Note:** Students readmitted to the RN BSN program must comply with changes in courses and/or degree requirements as well as with policy and procedures at the time of readmission.

### Grading Scale

The nursing program uses a grading scale different from other academic units of the College. Consistent with other nursing programs, the grading scale requires students to earn 77% or higher to be awarded a C or better. The nursing program uses the following grading scale: A = 93-100%, B = 85-92%, C = 77-84, D = 70-76%, F = 69% or lower.

### Program Requirements: 45-60 hours

Students must complete the major's non-NURN and NURN program requirements.

#### A. Non-NURN Course Requirements: 6-9 hours

- Functions & Algebra (MATH 1013) is a prerequisite for MATH 2203, unless waiver requirements are met – 3 hours

### **Mission Statement**

The mission of the Political Science program is to develop students' understanding of politics, or the study of government. The foundation of the program focuses on American politics, American political thought, modern European political thought, and American law. Students can then choose from a series of electives to complete the program. Critical thinking, written and oral communication skills, and research skills are cultivated and emphasized in the program.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Program Requirements: 42-48 hours**

Along with the general education program, students must complete the major's prerequisites, core and international perspectives requirements and must select program electives as indicated.

#### **A. Prerequisites: 0-6 hours**

- Completion of the general education mathematics requirement is a prerequisite for ECON 2023 unless waiver requirements are met – 3 hours
- Functions & Algebra (MATH 1013) is a prerequisite for ECON 2043 unless waiver requirements are met – 3 hours
- Writing Studies II (ENGL 1023) and Introduction to Women's Studies (WS 1003) are prerequisites for elective choice WS 3103 – 3 hours

#### **B. Core Requirements: 30 hours**

- United States Government (POSC 1003) is a prerequisite for all other POSC courses – 3 hours
- Modern & Contemporary Political Thought (POSC 2103) – 3 hours
- United States Congress (POSC 2203) – 3 hours
- Comparative Politics (POSC 2303) – 3 hours
- Public Policy (POSC 3213) – 3 hours
- American Political Thought (POSC 4103) – 3 hours

### **Mission Statement**

The mission of the Psychology program is to prepare students for graduate and professional study in a variety of fields related to human behavior.

The Bachelor of Arts degree in Psychology is designed to help students develop a theoretical and applied understanding of individual and social behavior. The program offers courses for majors and non-majors. The courses emphasize writing, research, and critical-thinking skills necessary for a liberally educated person to function in a dynamic, changing world.

A psychology degree prepares students for graduate training in areas such as clinical, counseling, experimental, and social psychology. Additionally, a psychology degree is appropriate for students who plan to enter business or social services, or it can also serve as preparation for post-baccalaureate work in professions such as social work, theology, business administration, or law. Students with an interest in psychology but who have career aspirations elsewhere often choose a major in another field and minor in psychology.

### **Graduation Requirements**

Some courses taken for the major may simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides only 36 hours of the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Entrance Criteria**

Students who wish to major in psychology must schedule an interview with the program coordinator to discuss program requirements and to select a psychology advisor.

### **Program Requirements: 39-42 hours**

Along with the general education program, students must complete the major's prerequisites and core requirements and must select program electives as indicated.

#### **A. Prerequisites: 3-6 hours**

- Principles of Psychology (PSYC 1003) is a prerequisite for all PSYC courses – 3 hours
- Functions & Algebra (MATH 1013) is a prerequisite for PSYC 4703 unless waiver requirements are met – 3 hours

#### **B. Core Requirements: 24 hours**

- Theories of Personality (PSYC 3203) – 3 hours
- Social Psychology (PSYC 3403) – 3 hours
- Cognitive Psychology (PSYC 3503) – 3 hours

- Behavioral Analysis (PSYC 3603) – 3 hours
- Physiological Psychology (PSYC 4403) – 3 hours
- History & Issues of Psychology (PSYC 4503) – 3 hours
- Research Methods & Statistics I (PSYC 4703) – 3 hours
- Research Methods & Statistics II (PSYC 4903) – 3 hours

- Adolescent Psychology (EDUC 3303) – 3 hours
- Psychopathology (PSYC 3033) – 3 hours
- Life Span Development (PSYC/HS 3103) – 3 hours
- Psychology of Language (PSYC 3703) – 3 hours
- Psychology of Religion (RELI 4393) – 3 hours

**Exit Assessment**

All students design and conduct an individual research project. They present the results of their research during a symposium at the end of the spring semester; they also write up the results of their project as an APA-formatted research paper.

**Recommended Minor**

A minor is strongly recommended. Courses taken for a minor reduce the number of general electives a student must take.

- Social Psychology (PSYC 3403) – 3 hours
- Behavioral Analysis (PSYC 3603) – 3 hours
- Physiological Psychology (PSYC 4403) – 3 hours
- Introduction to Cellular Biology (BIOL 1204) – 4 hours
- Introduction to Organismal Biology (BIOL 1214) – 4 hours
- Human Anatomy (BIOL 2614) – 4 hours
- Human Physiology (BIOL 2624) – 4 hours
- General Chemistry I with Lab (CHEM 1214) – 4 hours
- General Chemistry II with Lab (CHEM 1224) – 4 hours
- Organic Chemistry I Lecture (CHEM 3313) – 3 hours
- Organic Chemistry I Laboratory (CHEM 3312) – 2 hours
- Psychophysiology Capstone Course (SCI 4DS3) – 3 hours

**C. Emphasis Area (select one of the following areas): 9-13 hours**

**1 – Psychology Graduate School: 9 hours**

- Introduction to Statistics (MATH 2203) – 3 hours
- Research Methods & Statistics I (PSYC 4703) – 3 hours
- Research Methods & Statistics II (PSYC 4903) – 3 hours

**2 – Pre-Pharmacy: 12 hours**

- Microbiology (BIOL 2104) – 4 hours
- Organic Chemistry II Lecture (CHEM 3323) – 3 hours
- Organic Chemistry II Laboratory (CHEM 3322) – 2 hours
- Introduction to Statistics (MATH 2203) – 3 hours

**3 – Pre-Medical/Dental/Veterinary: 13 hours**

- Organic Chemistry II Lecture (CHEM 3323) – 3 hours
- Organic Chemistry II Laboratory (CHEM 3322) – 2 hours
- College Physics I (PHYS 2114) – 4 hours
- College Physics II (PHYS 2124) – 4 hours

**Exit Assessment**

Seniors are required to take one of the following exams: MCAT, PCAT, DCAT, or GRE.

**Recommended General Electives**

The following courses are strongly recommended, depending upon emphasis area:

- Pre-Pharmacy:
  - Biochemistry (CHEM 4104) – 4 hours
  - College Physics I (PHYS 2114) – 4 hours
- Pre-Medical/Pre-Dental/Pre-Veterinary:
  - Microbiology (BIOL 2104) – 4 hours
  - Cell Biology (BIOL 3103) – 3 hours
  - Genetics (BIOL 3204) – 4 hours
  - Biochemistry (CHEM 4104) – 4 hours
  - Analytic Geometry & Calculus I (MATH 2315) – 5 hours

### **Mission Statement**

The Recreation, Tourism & Sport Management (RTSM) program focuses on preparing students to enter professional careers that involve developing, planning, and managing leisure, recreation, sport, and tourism programs and facilities. As RTSM professionals, graduates will be involved in improving the quality of people's lives and the livability of their communities by developing, communicating, and applying knowledge and educating professionals committed to providing recreation, tourism, and sport resources that are environmentally, socially, and economically beneficial.

The Recreation, Tourism & Sport Management degree program is not accredited by the International Assembly of Collegiate Business Education (IACBE).

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Program Requirements: 63-66 hours**

Along with the general education program, students must complete the major's prerequisites, its core requirements, and its related studies requirements and must select program electives as indicated.

#### **A. Core Requirements: 30-33 hours**

- Functions & Algebra (MATH 1013) is a prerequisite for ACCT 2113 and ECON 2033 unless waiver requirements are met – 3 hours
- Introduction to Recreation, Tourism & Sport Management (RTSM 2013) – 3 hours
- Leadership & Diversity in RTSM (RTSM 2103) – 3 hours
- Principles of Tourism (RTSM 2403) – 3 hours
- Principles of Sport Management (RTSM 2603) – 3 hours
- Recreation Programming (RTSM 3303) – 3 hours
- Outdoor Recreation Management (RTSM 3513) – 3 hours
- Research & Evaluation in RTSM (RTSM 3613) – 3 hours
- Pre-Internship Seminar (RTSM 3901) – 1 hour
- Senior RTSM Seminar (RTSM 4012) – 2 hours
- Professional Event Management (RTSM 4303) – 3 hours
- RTSM Internship (RTSM 4903) – 3 hours

**B. Program Electives (select from the following): 12 hours**

- Recreation & Sport Facility Management (RTSM 3103) – 3 hours
- Outdoor Living Skills (RTSM 3503) – 3 hours
- Outdoor Recreation & Rural Tourism Consortium (RTSM 3523) – 3 hours
- Special Topics (RTSM 3803) – 3 hours
- Park & Open Space Planning & Design (RTSM 4203) – 3 hours
- Tourism Destination Management (RTSM 4403) – 3 hours
- Athletic Administration (RTSM 4603) – 3 hours
- Special Topics (RTSM 4803) – 3 hours
- Recreational Ministries (RELI 4403) – 3 hours

**C. Related Studies Requirements: 21 hours**

- Financial Accounting (ACCT 2113) – 3 hours
- Managerial Accounting (ACCT 2123) – 3 hours
- Introduction to Management (BUSI 2903) – 3 hours
- Principles of Marketing (BUSI 3933) – 3 hours
- Personnel Management (BUSI 3953) – 3 hours
- Survey of Economic Issues (ECON 2023) *or* Microeconomics (ECON 2033) – 3 hours
- Approved BUSI Elective – 3 hours

*Note:* Completion of the related studies requirements will result in a minor in Business Administration.

**Exit Assessment**

In RTSM 4903, a ten-week internship related to the student's concentration must be successfully completed. Seniors also develop and complete a special project to benefit the internship site.

### **Mission Statement**

The Social Science program faculty is committed to a program which stresses academic excellence. The Social Science program curriculum is designed to meet the needs of students concurrently enrolled in the secondary education certification program but is also open to any student seeking intellectual development in the social sciences.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides only 24 hours of the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

### **Entrance Criteria**

Each student must complete at least 45 hours of coursework with a minimum grade point average of 2.00 and file a Declaration of Major form with the Registrar's Office. In addition, each student must have completed at least one introductory-level social science course required for the major.

### **Program Requirements: 51-54 hours**

Along with the general education program, students must complete the major's prerequisite and core requirements and must select program electives as indicated.

#### **A. Prerequisites: 12-15 hours**

- Functions & Algebra (MATH 1013) is a prerequisite for ECON 2033 and ECON 2043 unless waiver requirements are met – 3 hours
- U.S. History: 1492 to 1865 (HIST 1033) is a prerequisite for HIST 3033, HIST 3053, HIST 3063, HIST 3073, and HIST 3093 – 3 hours
- U.S. History: 1865 to Present (HIST 1043) is a prerequisite for HIST 3073 and HIST 3093 – 3 hours
- World Civilization I: Prehistory to 1500 (HIST 2233) is a prerequisite for HIST 3433 – 3 hours
- World Civilization II: 1500 to Present (HIST 2243) is a prerequisite for HIST 3273, HIST 3303, HIST 3323, and HIST 3433 – 3 hours

#### **B. Core Requirements: 30 hours**

- Two 3000-4000 level courses in American history – 6 hours
- Two 3000-4000 level courses in non-American history – 6 hours
- United States Government (POSC 1003) – 3 hours
- Principles of Sociology (SOC 1003) – 3 hours

- Microeconomics (ECON 2033) – 3 hours
- Macroeconomics (ECON 2043) – 3 hours
- World Regional Geography (GEOG 1003) – 3 hours
- History Seminar (HIST 4903) – 3 hours

**C. Program Electives: 9 hours**

Students must take nine credit hours of 3000-4000 level courses from the Social Science area.

**Exit Assessment**

Students who apply for graduation with a bachelor's degree in social science must schedule an exit interview with the Social Science program coordinator. Exit interviews must be scheduled by midterm of the final semester of work. Prior to the exit interview, each student will prepare written responses to questions drawn from the Social Science program Student Learning Outcomes. The program coordinator must indicate to the Registrar's Office that the student has achieved the Social Science program Student Learning Outcomes for graduation approval.

**Secondary Education 8-12 Certification**

Students pursuing a bachelor's degree in Social Science also have the option to concurrently complete the Secondary Education 8-12 program through the Education division. The program requires 42 hours of coursework in Education that includes a semester of student teaching. Interested students should contact Dr. David Moffett, Secondary Education Coordinator, for Education program advising.

**Mission Statement**

The Sustainability & Energy Applications program will prepare students for work, advanced study and citizenship by engaging them in project-based education enhanced by community partnerships and focused on energy sustainability and applications.

**Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the major provides fewer than the required 39 hours of 3000-4000 level coursework, therefore students will need to complete additional 3000-4000 level coursework to meet this requirement.

**Program Requirements: 48-51 hours**

Along with the general education program, students must complete the major's core requirements and select program electives as indicated.

**A. Core Requirements: 42-45 hours**

- Introduction to Cellular Biology (BIOL 1204) – 4 hours
- General Chemistry I with Lab (CHEM 1214) – 4 hours
- Functions & Algebra (MATH 1013) is a prerequisite for CHEM 1214, ECON 2033 and ECON 2043 unless waiver requirements are met – 3 hours
- Global Energy Issues (SEA 1103) – 3 hours
- Solutions in Sustainability (SEA 1203) – 3 hours
- Introduction to Electrical Energy Systems (SEA 2103) – 3 hours
- Alternative Energy Analysis (SEA 2203) – 3 hours
- Research in Bio-energy (SEA 3013) – 3 hours
- Building Energy Technology Applications (SEA 3103) – 3 hours
- Environmental Safety & Energy Policy (SEA 3203) – 3 hours
- Topics in Sustainability & Energy Applications (SEA 3303) – 3 hours
- Energy Co-op/Internship (SEA PN03) – 3 hours
- Sustainability & Energy Policy Capstone Project (SEA 4904) – 4 hours
- Principles of Sociology (SOC1 1003) – 3 hours

**B. Program Electives (select two of the following courses): 6 hours**

- Intro to Management (BUSI 2903) – 3 hours
- Survey of Economic Issues (ECON 2023) – 3 hours
- Microeconomics (ECON 2033) – 3 hours
- Macroeconomics (ECON 2043) – 3 hours
- Public Policy (POSC 3123) – 3 hours
- Discipleship (RELI 3423) – 3 hours

- Missional Leadership (RELI 4413) – 3 hours
- Course(s) in biology, chemistry, communication, journalism, physics, political science, religion, or business meeting the program coordinator’s approval (3000-4000 level courses are recommended) – 3-6 hours

*Note:* Students who have taken ECON 2033 or ECON 2043 may not take ECON 2023 for credit.

### **Exit Assessment**

All Sustainability & Energy Applications majors are required to complete a capstone project as part of SEA 4903.

### **Recommended Minors**

Business Administration, Biology, Chemistry, Christian Ministries, Communication, History, Journalism, and Political Science are good choices for SEA majors. Courses taken for a minor reduce the number of general electives a student must take.

### **Mission Statement**

The mission of the User Experience Design program is to educate students to research, design, prototype, test, and analyze interactive concepts and products that provide innovative solutions to problems in their place of work and in global society.

### **Graduation Requirements**

Some courses taken for the major will simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

### **Program Requirements: 60-62 hours**

Along with the general education program, students must complete the major's core and studio requirements and select program electives as indicated. For the studio requirements, students must choose an area of focus in their Digital Studio Topics courses in preparation for the final portfolio assessment. The area of focus will be determined in consultation with faculty and will be based on areas of student interest, strengths, and career direction.

#### **A. Core Requirements: 38 hours**

- Beginning Studio: Drawing (ART 1214) – 4 hours
- Design & Color (ART 2164) – 4 hours
- Intro to Photography (ART/JRNL 2153) – 3 hours
- Computer Graphics I (ART 2623) – 3 hours
- Art History II (ART 2743) – 3 hours
- Interactive Media Design (ART/JRNL 3413) – 3 hours
- Computer Graphics II (ART 3633) – 3 hours
- Communication Law & Ethics (COMM/JRNL 4403) – 3 hours
- Visual Communication & Culture (UXD 2753) – 3 hours
- Interactive Programming (UXD 3423) – 3 hours
- Human Centered Design (UXD 3513) – 3 hours
- History of Digital Media (UXD 3763) – 3 hours

#### **B. Studio Requirements: 16 hours**

- Digital Studio Topics in Interactive Design (UXD 3724) – 4 hours, 12 hours total
- Capstone in Interactive Design (UXD 4214) – 4 hours

*Note:* Digital Studio Topics in Interactive Design must be taken three times.

#### **C. Program Electives: 6-8 hours**

Select two 3000-4000 level courses from ART, COMM, UXD, or other discipline as approved by the program coordinator.

**Exit Assessment**

Students must successfully complete, present, and defend an online digital portfolio of work undertaken during the User Experience Design program. They are required to showcase work from their Digital Studio Topics in Interactive Design emphasis and Capstone in Interactive Design classes.

## Minors

Many programs at Lindsey Wilson College have designed academic minors for the convenience of bachelor degree seeking students. A minor is a structured group of courses that leads to considerable knowledge and understanding of a subject, although with less depth than a major. Some employers consider minors desirable, as do some graduate programs. Some students choose to complement their major program with a minor in a related field or even in an entirely different field of interest. The College offers minors in 18 fields of study.

Students are encouraged to declare their minors early in their academic career and to seek guidance from the program coordinator. Required courses in the minor must be completed with a minimum grade of C, unless a division or program specifies a higher grade requirement. A minor is not required for graduation. Please note that undergraduate students can complete a minor only *in addition* to and as a *complement* to a major. The College does not award stand-alone or independent minors.

Lisa Crowe, MPA, Program Coordinator  
J.L. Turner Leadership Center, Room 109  
(270) 384-8124 [crowel@lindsey.edu](mailto:crowel@lindsey.edu)

**Mission Statement**

The mission of the minor in Accounting program is to provide a foundation of generally accepted accounting principles, an understanding of financial and managerial accounting, and other elements of accounting that relate to accounting reports and decision making.

**Graduation Requirements**

Some courses taken for the minor may simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the minor contributes 9-12 hours toward the required 39 hours of 3000-4000 level coursework.

**Program Requirements: 21-27 hours**

Along with the general education program and a major, students must complete the minor's prerequisite and core requirements and must select program electives as indicated.

**A. Prerequisites: 3 hours**

- Intermediate Accounting I (ACCT 3113) is a prerequisite for electives ACCT 3123 and ACCT 3973 – 3 hours

**B. Core Requirements: 12-15 hours**

- Functions & Algebra (MATH 1013) is a prerequisite for ACCT 2113 and ECON 2023 unless waiver requirements are met – 3 hours
- Financial Accounting (ACCT 2113) – 3 hours
- Managerial Accounting (ACCT 2123) – 3 hours
- Introduction to Management (BUSI 2903) – 3 hours
- Survey of Economic Issues (ECON 2023) – 3 hours

**C. Program Electives (select from the following): 9 hours**

- Intermediate Accounting II (ACCT 3123) – 3 hours
- Cost Accounting (ACCT 3303) – 3 hours
- Taxation I: Taxation of Individuals (ACCT 3453) – 3 hours
- Accounting Information Systems (ACCT 3973) – 3 hours
- Auditing (ACCT 4353) – 3 hours
- Taxation II: Taxation of Business Entities (ACCT 4453) – 3 hours
- Advanced Accounting (ACCT 4553) – 3 hours
- Not-for-Profit Accounting (ACCT 4653) – 3 hours
- CPA Exam Prep (ACCT 4803) – 3 hours

**Exit Assessment**

At the intermediate accounting level, students earning an Accounting minor will successfully:

- Compose a basic financial statement;
- Complete a Master Budget Income Statement and Cash Budget; and
- Analyze a business's financial standing by calculating and interpreting key financial ratios.

**Mission Statement**

The mission of the Art program is to provide students with the opportunity to develop the skills and knowledge leading toward deeper appreciation of the visual arts, professional preparation, and individualized creative expression.

**Graduation Requirements**

Some courses taken for the minor may simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the minor may contribute up to 8 hours toward the required 39 hours of 3000-4000 level coursework.

**Program Requirements: 20-22 hours**

Along with the general education program and a major, students must complete the minor's core requirements and select program electives as indicated.

**A. Core Requirements: 14 hours**

- Beginning Studio: Drawing (ART 1214) – 4 hours
- Design & Color (ART 2164) – 4 hours
- Art History I (ART 2733) – 3 hours
- Art History II (ART 2743) – 3 hours

**B. Program Electives (select two courses): 6-8 hours**

- Beginning Studio: Painting (ART 2314) – 4 hours
- Beginning Studio: Ceramics (ART 2414) – 4 hours
- Beginning Studio: Sculpture (ART 2514) – 4 hours
- Computer Graphics I (ART 2623) – 3 hours
- Advanced Studio: Drawing (ART 3234) – 4 hours
- Advanced Studio: Painting (ART 3334) – 4 hours
- Advanced Studio: Ceramics (ART 3434) – 4 hours
- Advanced Studio: Sculpture (ART 3524) – 4 hours
- Computer Graphics II (ART 3633) – 3 hours
- Modern Art (ART 3753) – 3 hours

**Exit Assessment**

A portfolio review will be conducted by program faculty prior to completion of the Art minor.

**Mission Statement**

The mission of the Biology program is to provide students with the resources to develop a broad knowledge base in biology and the skills necessary to be successful in attaining their chosen career goals for entry into pre-professional health care fields such as medicine, dentistry, or pharmacy or for entry into biology graduate programs or entry-level positions in field biology. In addition to the factual content, students learn the historical basis and the scientific methodology of each major conceptual area of biology.

**Graduation Requirements**

Some courses taken for the minor may simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the minor contributes between four and 12 hours toward the required 39 hours of 3000-4000 level coursework.

**Program Requirements: 30-39 hours**

Along with the general education program and a major, students must complete the minor's prerequisites, core requirements, and related studies requirements and must select program electives as indicated.

**A. Prerequisites: 4-11 hours**

- Introduction to Cellular Biology (BIOL 1204) is the prerequisite for BIOL 1214, BIOL 2104, BIOL 2204, BIOL 2314, BIOL 2603, BIOL 2604, BIOL 3103, BIOL 3204, BIOL 3304 – 4 hours
- Human Anatomy (BIOL 2614) is the prerequisite for BIOL 2624 – 4 hours
- Functions & Algebra (MATH 1013) is a prerequisite for CHEM 1214 unless waiver requirements are met – 3 hours

**B. Core Requirements: 12 hours**

- Introduction to Organismal Biology (BIOL 1214) – 4 hours
- Animal Diversity (BIOL 2204) **or** Plant Diversity (BIOL 2314) – 4 hours
- Genetics (BIOL 3204) – 4 hours

**C. Program Electives (select two courses): 6-8 hours**

- Microbiology (BIOL 2104) – 4 hours
- Animal Diversity (BIOL 2204) if not taken for the Core – 4 hours
- Plant Diversity (BIOL 2314) if not taken for the Core – 4 hours
- Conservation Biology (BIOL 2603) – 3 hours
- Environmental Science (BIOL 2604) – 4 hours
- Human Physiology (BIOL 2624) – 4 hours
- Cell Biology (BIOL 3103) – 3 hours
- Pathophysiology (BIOL 3203) – 4 hours

**Mission Statement**

The mission of the Theatre program is to provide a nurturing and challenging artistic environment that celebrates our history and anticipates our future and to enhance the cultural and aesthetic experience of our campus and community through quality productions and educational outreach.

The Theatre program will provide:

- Basic knowledge of the main components of the theater arts, and
- Appreciation of the historical and present impact of theater on human civilization.

Students seeking a Theatre minor will:

- Analyze and create solutions to specific challenges of the theater production process;
- Critically analyze dramatic works;
- Apply the knowledge and skills gained in the classroom directly to rehearsal and performance; and
- Understand theater as a vitally important force for communication and understanding in an increasingly multi-cultural world.

**Graduation Requirements**

Some courses taken for the minor may simultaneously fulfill general education requirements. Please see the Graduation Requirements (bachelor's degrees) section of this catalog for information on the general education program.

Students should note that the minor contributes between 0 and 9 hours toward the required 39 hours of 3000-4000 level coursework.

**Program Requirements: 20 hours**

Along with the general education program and a major, students must complete the minor's core requirements and must select program electives as indicated.

**A. Core Requirements: 11 hours**

- Introduction to Theatre Arts (THEA 1313) – 3 hours
- Fundamentals of Acting (THEA 1323) – 3 hours
- Directing I (THEA 2433) – 3 hours
- Practicum (THEA 1341) – 2 hours\*

*\*The one-hour Practicum is taken twice to achieve the necessary 11 hours.*

**B. Program Electives (select from the following): 9 hours**

- Technical Theatre (THEA 1413) – 3 hours
- Acting II (THEA 2323) – 3 hours
- Children's Theatre (THEA 2413) – 3 hours
- Theatre Design (THEA 2423) – 3 hours

- Advanced Design for Theatre (THEA 3453) – 3 hours
- A Cry of Players (THEA 3613) – 3 hours
- Theatre History (THEA 3623) – 3 hours

**Exit Assessment**

Students applying for graduation with a minor in Theatre must schedule an exit interview with the Theatre program coordinator. Prior to the exit interview, each student will prepare a two-minute monologue from a play. Students must be prepared to answer questions about the monologue; these questions may be obtained from the program coordinator.

**Exit Assessment**

A required service learning activity and a research project completed in WS 4003 will assess mastery of the program's Student Learning Outcomes.

### Catalog Requirements

To graduate from Lindsey Wilson College, students must meet all general education and major requirements specified in the catalog in effect when they entered the College or all requirements specified in a subsequent year. If a student leaves the College for a calendar year or longer, he or she must satisfy all graduation requirements in effect in the catalog year when the student returns or in a subsequent year.

### Credit Hours

All associate's degree candidates for graduation must complete a minimum of 60 hours of acceptable academic work with a minimum cumulative grade point average (GPA) of 2.00 on a 4.00 scale. Required courses in the major must be completed with a minimum grade of C unless a division or program specifies a higher grade requirement. Some students, depending upon their major and/or general education choices, may exceed the 60 hour minimum.

Associate's degree candidates must complete:

- a. Essential Learning general education requirements (typically 24-39 credit hours), consisting of:
  1. Core courses (18-27 credit hours) that are drawn from the traditional liberal arts; and
  2. Intermediate courses (6-12 credit hours) that are typically drawn from the student's major.
- b. A major (typically 24 credit hours); and
- c. Elective courses.

### Residency Requirement for AA Degrees

In order to earn an associate's degree from Lindsey Wilson College, students must successfully complete a minimum of 21 credit hours at the College. At least 50% of the credits required in a major must be earned at the College.

Hours transferred to the College during completion of a degree need prior approval of the Registrar's Office. Programs have the right to require students to complete program assessments prior to graduation.

### Essential Learning General Education Program

Lindsey Wilson College's Essential Learning General Education program provides a foundation for lifelong development of intellectual, social, and spiritual qualities traditionally associated with liberally educated persons and necessary for success in 21<sup>st</sup> century workplaces. The Essential Learning General Education program is designed to provide opportunities for undergraduate degree-seeking students to achieve mastery of *essential student learning outcomes* (ESLOs) by completing a rigorous, vertically-integrated curriculum comprised of courses using a variety of high-impact learning practices.

### Essential Student Learning Outcomes (ESLOs)

The liberal arts – mathematics and natural sciences, social and behavioral sciences, humanities and fine arts, and oral and written communication – are central to Lindsey Wilson College's mission of serving students' educational needs, which are expressed in the following *essential student learning outcomes* (ESLOs).

A Lindsey Wilson College graduate will:

1. **Communicate effectively**
  - Written communication
  - Oral communication

2. **Employ effective skills of inquiry and analysis**
  - Numeracy
  - Information fluency
  - Creative inquiry
  - Critical inquiry
  
3. **Be a culturally aware, engaged citizen of the nation and the world**
  - Knowledge of local and global issues and trends
  - Knowledge of one's own culture and cultural patterns of diverse groups and societies
  - Competence to communicate across cultural boundaries
  - Knowledge and skills required for ethical reasoning
  
4. **Apply and integrate knowledge**
  - Application and reflection on context and connections within disciplines
  - Integration of knowledge across disciplines
  - Application of learning to new situations within and beyond the campus
  
5. **Have gained depth of knowledge in a discipline**
  - Completion of a major
  - Competence in the major

### **Program Prerequisites – Developmental and Skill-Building Courses**

Based on ACT and other test scores, developmental and skill-building courses in reading, writing, and/or mathematics may be required prior to taking some college-level courses. Please refer to the catalog section titled Placement in Courses for more complete information. Developmental and skill-building courses may be required from the following sequences:

- English as a Second Language (ESL) sequence: ENGL 0803, ENGL 0804, ENGL 0854
- Introduction to Writing Studies sequence: ENGL 0903 or ENGL 0904
- Reading sequence: READ 0903, READ 1013, READ 1023

### **Mission Statement**

The mission of the School of Business is to prepare students for employment in business, accounting, and computer information systems; to pursue career paths of increasing professional and managerial responsibility; to apply to graduate programs in business, accounting or other professional schools; and to sit for various professional certifications. Consistent with the historical mission of Lindsey Wilson College as a teaching institution, the School of Business is committed to the growth and development of students through classroom instruction and through the fostering of an appreciation for lifelong learning.

The Associate of Arts degree in Business Management offers students the opportunity to gain a basic set of knowledge and skills in business management, with an emphasis on those needed in lean systems management and entrepreneurial management. In addition to the College's accreditation by the Southern Association of Colleges and Schools Commission on Colleges, our balanced and academically sound BA degree program in Business Administration is accredited by the International Assembly of Collegiate Business Education (IACBE).

Our business programs are designed to foster critical thinking skills, to prepare students to become lifelong learners in rapidly changing business environments, and to instill a global vision to manage and lead organizations and businesses in an ever-changing, challenging, and complex world.

### **Mission Statement**

The Criminal Justice program is designed to prepare graduates for careers in the three main substantive areas of criminal justice: policing, courts, and corrections.

### **Graduation Requirements**

Some courses taken for the major may simultaneously fulfill general education requirements. Please see the Graduation Requirements (associate's degrees) section of this catalog for information on the general education program.

### **Entrance Criteria**

The following conditions apply for acceptance into the program:

- Minimum grade point average of 2.00;
- Completion of Introduction to Criminal Justice (CRJS 1003) with a minimum grade of C;
- Filing the required application for admission form to the program with the program coordinator;
- Securing the approval by the program coordinator;
- Assignment of an academic advisor from the program; and
- Filing the approved application to the program form with the Registrar's Office.

### **Program Requirements: 33-36 hours**

Along with the general education program, students must complete the major's prerequisites and core requirements, must select one of its emphasis areas (Law Enforcement or Legal), and must complete the requirements for that area.

#### **A. Prerequisites and Recommended Courses: 3-6 hours**

- Writing Studies I (ENGL 1013) is recommended prior to CRJS 1003 unless waiver requirements are met – 3 hours
- Writing Studies II (ENGL 1023) is a prerequisite for CRJS 2103 – 3 hours

#### **B. Core Requirements: 18 hours**

- Introduction to Criminal Justice (CRJS 1003) – 3 hours
- Criminology (CRJS 2103) – 3 hours
- Criminal Courts (CRJS 2303) – 3 hours
- Police Investigation (CRJS 3023) – 3 hours
- U.S. Constitutional Law (CRJS 3213) – 3 hours
- Criminal Justice Capstone: Ethics & Professionalism (CRJS 4303) – 3 hours

#### **C. Emphasis Area (select one of the following areas): 12 hours**

##### **1 – Law Enforcement Emphasis**

- Police & Society (CRJS 3123) – 3 hours

- Corrections (CRJS 3203) – 3 hours
- Rural Crime (CRJS 3573) – 3 hours
- Homeland Security (CRJS 4173) – 3 hours

## **2 – Legal Emphasis**

- American Legal Systems (CRJS 3003) – 3 hours
- Criminal Law (CRJS 3703) – 3 hours
- Criminal Procedure (CRJS 3903) – 3 hours
- Evidence (CRJS 4273) – 3 hours

### **Mission Statement**

The mission of the Engineering Mechanics program is to prepare students to have the analytical skills and knowledge to succeed in an engineering discipline.

The Associate of Arts degree in Engineering Mechanics provides the curriculum necessary to become prepared to succeed in an engineering discipline. This two-year program is designed to provide the foundational material in both lecture and laboratory settings for the first two years of the undergraduate curriculum in engineering. The student will then complete the bachelor's degree in engineering by transferring to a school of engineering for the remaining undergraduate work.

This program is designed in conjunction with the University of Kentucky's College of Engineering, but students who complete this curriculum are also prepared to enter many other engineering schools. A student interested in engineering or actively pursuing this program should consult often with the program coordinator. In addition, students intending to continue study in engineering should consult the engineering entrance requirements for the institution in question in order to ensure that admission issues are properly addressed.

### **Graduation Requirements**

Some courses taken for the major may simultaneously fulfill general education requirements. Please see the Graduation Requirements (associate's degrees) section of this catalog for information on the general education program.

### **Program Requirements: 52-55 hours**

Along with the general education program, students must complete the major's core and related studies requirements.

#### **A. Prerequisites: 9-12 hours**

- Functions & Algebra (MATH 1013) is a prerequisite for CHEM 1214 unless waiver requirements are met – 3 hours
- Precalculus (MATH 1124) is a prerequisite for MATH 2315 and PHYS/MATH/CIS 2713 – 4 hours
- Analytic Geometry & Calculus I (MATH 2315) is a prerequisite for PHYS 2414 – 5 hours

#### **B. Core Requirements: 18 hours**

- General Physics I (PHYS 2414) – 4 hours
- General Physics II (PHYS 2424) – 4 hours
- Introduction to Computational Science (PHYS/MATH/CIS 2713) – 3 hours
- Statics (PHYS 3103) – 3 hours
- Thermodynamics (PHYS 3614) – 4 hours

**C. Related Studies Requirements: 25 hours**

- General Chemistry I with Lab (CHEM 1214) – 4 hours
- General Chemistry II with Lab (CHEM 1224) – 4 hours
- Analytic Geometry & Calculus I (MATH 2315) – 5 hours
- Analytic Geometry & Calculus II (MATH 2325) – 5 hours
- Calculus III (MATH 3314) – 4 hours
- Differential Equations (MATH 3323) – 3 hours

**Exit Assessment**

Program assessments are integrated into the course examinations during the final courses of the program (MATH 3323, PHYS 3103, PHYS 3614).

### **Mission Statement**

The Associate of Arts degree in Health Science is designed for students who want to get a head start on pre-professional programs in the health sciences at other colleges and universities. Successful completion of the program, with careful selection of electives and general education options, will prepare students for transfer to colleges and universities in nursing, pre-pharmacy, pre-veterinary, and pre-medicine.

**Note:** Completion of the program does not guarantee successful transfer. It is essential that pre-professional students maintain close and continuing contact with their Lindsey Wilson College advisor and the receiving college or university.

### **Graduation Requirements**

Some courses taken for the major may simultaneously fulfill general education requirements. Please see the Graduation Requirements (associate's degrees) section of this catalog for information on the general education program.

### **Program Requirements: 28-31 hours**

Along with the general education program, students must complete the major's prerequisites, core requirements, and related studies requirements as indicated.

#### **A. Prerequisites: 4-7 hours**

- Introduction to Cellular Biology (BIOL 1204) – 4 hours
- Functions & Algebra (MATH 1013) is a prerequisite for CHEM 1214 unless waiver requirements are met – 3 hours

#### **B. Program Requirements: 16 hours**

- Introduction to Organismal Biology (BIOL 1214) – 4 hours
- Microbiology (BIOL 2104) – 4 hours
- Human Anatomy (BIOL 2614) – 4 hours
- Human Physiology (BIOL 2624) – 4 hours

#### **C. Related Studies Requirements: 8 hours**

- General Chemistry I with Lab (CHEM 1214) – 4 hours
- General Chemistry II with Lab (CHEM 1224) – 4 hours

### **Recommended General Electives**

General Physics I (PHYS 2414), Introduction to Statistics (MATH 2203), and Nutrition (PHED 2013) are recommended.

**Mission Statement**

The Associate of Arts degree in Religion prepares students with fundamental understandings of Christianity and world religions and gives them the basic tools for inquiry in matters of faith and reason.

**Graduation Requirements**

Some courses taken for the major may simultaneously fulfill general education requirements. Please see the Graduation Requirements (associate's degrees) section of this catalog for information on the general education program.

**Program Requirements: 18 hours**

Along with the general education program, students must complete the major's core requirements and program electives as indicated.

**A. Core Requirements: 12 hours**

- Christian Beliefs (RELI 1003) – 3 hours
- Old Testament (RELI 1013) – 3 hours
- New Testament (RELI 1023) – 3 hours
- World Religions (RELI 1203) – 3 hours

**B. Program Electives: 6 hours**

Choose two additional three-hour RELI courses.

**Exit Assessment**

Graduation from the Associate of Arts degree program in Religion requires successful completion of all program coursework with a grade of C or better.

## Undergraduate Course Descriptions

Lindsey Wilson College's undergraduate course descriptions section of the catalog contains the description of courses taught at the institution. For an actual list of undergraduate courses being offered in a specific semester, please visit the online course schedule at: <[www.lindsey.edu/info/student/course-schedule/](http://www.lindsey.edu/info/student/course-schedule/)>.

### Course Numbers

Each digit in the course numbers represents the following:

- First digit: Identifies course level.
- Second and third digits: Program use (may suggest sequence or common-numbered course).
- Fourth digit: Credit hours.

### Course Levels

- **0800 and 0900 Level:** Skill-building and developmental courses, frequently graded on a Credit/No Credit (CR/NC) basis. Students may be placed in these courses if they lack skills essential to college-level success. Students are usually not allowed to withdraw from skill-building/developmental courses.
- **1000 Level:** Ordinarily taken by first-year students or by students with no prior exposure to the discipline. These courses typically do not have prerequisites, though students who lack adequate skills may first be placed in related developmental or skill-building courses.
- **2000 Level:** Often taken by students who have completed a 1000 level course in the discipline and who wish to proceed further or by second-year students with the knowledge and skills the course requires. These courses may have prerequisites.
- **3000 Level:** These courses are taken by students pursuing majors or minors in the discipline; some prior knowledge of the field or discipline is assumed. Most of these courses have prerequisites.
- **4000 Level:** These are advanced, senior-level courses. They assume substantial prior knowledge of the field or discipline. They should not be taken unless the student meets the assumptions of the course in terms of the knowledge base and skills required.

### Course Prerequisites and Corequisites

- **Prerequisites on courses are absolute:** Prerequisites provide knowledge and skills essential for student success in the courses for which they are listed.
- **Corequisite(s):** The corequisite listed in the course description indicates that the student intending to take the course described must also enroll in the corequisite course. The courses must be taken simultaneously, and they cannot be added or dropped independently.
- **Prerequisite(s) or instructor's permission:** Although students are advised to take the prerequisite first, faculty have the option of overriding the prerequisite by using the electronic override. Paper copies of Drop/Add forms will not be accepted, as electronic overrides will assist the Registrar's Office to monitor courses that have prerequisite/permission applications.
- **Recommended:** Recommendations are advisory in nature and suggest that the course material might better be learned if the recommended course is taken first.
- **No prerequisite:** Any student can take the course.

### Common Numbered Courses

- **Internships:** Internships are indicated by the program abbreviation followed by PN in the first two digit positions, and the credit hour number (from 01-03) in the third and

fourth positions (e.g., BUSI PN03). Most internships are graded on a Credit/No Credit (CR/NC) basis.

- **Directed Study:** Such a course is proposed by a student based on a strong interest; approvals from an Academic Unit/Division Chair/Director and the Academic Affairs Office are required. Course numbers are assigned using a “DS” for the middle two digit positions (e.g., HUMN 4DS1 – senior level directed study course in Humanities earning one credit hour).
- **Special Topics:** These courses are offered on an occasional basis by faculty to explore subjects not offered regularly in the curriculum. Course numbers under this designation will be preceded by the appropriate program abbreviation and will show an “8” in the second digit position. As usual, the first digit indicates the ability level, and the final digit will vary according to the number of credits the course carries (e.g., HIST 3802 – junior level special topics course in History earning two credit hours).

*Note:* A Special Topics course may be used for general education credit if it receives prior approval. To be considered for general education credit, a Special Topics course must fulfill all criteria for inclusion in the Essential Learning General Education curriculum, such as assessing one or more ESLOs with Signature Assignments and using High-Impact Learning Practices.

### **Credit Hour Requirement for Associate’s Degree Candidates**

All associate’s degree candidates for graduation must complete a minimum of 60 credit hours of acceptable academic work with a minimum grade point average (GPA) of 2.00 on a 4.00 scale. Required courses in the major must be completed with a minimum grade of C, unless a division or program specifies a higher grade requirement. Some students, depending upon their major and/or general education choices, may exceed the 60 hour minimum.

### **Credit Hour Requirement for Bachelor’s Degree Candidates**

All bachelor’s degree candidates for graduation must complete a minimum of 120 credit hours of acceptable academic work with a minimum cumulative grade point average (GPA) of 2.00 on a 4.00 scale. Some programs (Education and Human Services & Counseling) require a higher GPA. Required courses in the major and/or minor must be completed with a minimum grade of C unless a division or program specifies a higher grade requirement. Some students, depending upon their major, minor, and/or general education choices, may exceed the 120 hour minimum.

## **Accounting**

## **ACCT**

### **2113 – Financial Accounting – 3 credit hours**

Introduction to the concepts and principles involved in the preparation of financial statements.

Topics covered include: the accounting cycle, the balance sheet, income statement, assets, liabilities, and stockholder equity. The emphasis is on external reporting requirements.

*Prerequisite:* MATH 1013, unless mathematics waiver requirements are met. *General Education:* Core – Application & Integration of Knowledge.

### **2123 – Managerial Accounting – 3 credit hours**

Introduction to the concepts and principles involved in the preparation of internal financial reports.

Topics covered include: job order and process costing, budgeting, variance analysis, and financial statement analysis. Emphasis is on reporting for management controlling, decision-making, and planning purposes. *Prerequisite:* ACCT 2113.

### **3113 – Intermediate Accounting I – 3 credit hours**

Introduction to intermediate concepts and principles involved in the preparation of GAAP-based financial statements. Topics covered include: cash, temporary investments, current assets, inventory, plant assets, and investments. *Prerequisite:* ACCT 2123 with a minimum grade of C+ or instructor’s permission.

### **3123 – Intermediate Accounting II – 3 credit hours**

A continuation of Intermediate Accounting I. Topics covered include: current and long-term liabilities, earnings per share, revenue recognition, income taxes, leases, pensions, and financial statement analysis. *Prerequisite:* ACCT 3113.

### **3303 – Cost Accounting – 3 credit hours**

Examines topics related to the internal reporting of financial information to management. Topics covered include: costing systems, budgeting, variance analysis, variable costing, absorption costing, joint costs, cost allocation, and cost-volume-profit analysis. *Prerequisite:* ACCT 2123.

### **3453 – Taxation I: Taxation of Individuals – 3 credit hours**

Focuses on the federal income taxation of the individual taxpayer. Emphasis is on income tax compliance with discussions of income tax planning for investment activities, property transactions, and ordinary income. *Prerequisite:* ACCT 2123.

### **3973 – Accounting Information Systems – 3 credit hours**

Provides students with a variety of technology and business analysis concepts and skills. Topics include data modeling, transaction processing systems, internal controls, enterprise systems, systems development, information security, and computer fraud. Includes hands-on experience in both manual and computerized accounting systems. *Prerequisites/Corequisites:* ACCT 3113, ACCT 3303, and CIS 1003.

### **4353 – Auditing – 3 credit hours**

Examines the attest function. Topics covered include professional responsibilities, audit planning, audit evidence, and reporting requirements. Emphasis is placed upon areas covered on the CPA examination. *Prerequisites:* ACCT 3123 and senior standing.

### **4453 – Taxation II: Taxation of Business Entities – 3 credit hours**

Emphasizes compliance and planning concepts for the business entity, including the C-corporation, S-corporation, and partnerships. Essentials of tax research will also be covered. *Prerequisite:* ACCT 3453.

### **4553 – Advanced Accounting – 3 credit hours**

Examination of advanced accounting concepts, such as mergers and consolidations, foreign currency transactions and other international accounting issues, partnerships, estates, and trusts. *Prerequisite:* ACCT 3123.

### **4653 – Not-for-Profit Accounting – 3 credit hours**

Introduction and examination of the concepts and principles involved in governmental and nonprofit accounting. Topics covered include: financial reporting, funds, encumbrances, expenditures, revenues, and budgets. Special emphasis is placed on the similarities and differences between corporate and not-for-profit accounting and reporting. *Prerequisite:* ACCT 3123.

### **4723 – Income Tax Practice Seminar – 3 credit hours**

Practical application of Federal and Kentucky individual income tax law through service learning. In conjunction with the AARP Tax-Aide program and Internal Revenue Service Volunteer income tax assistance program, students provide free federal and state income tax return preparation and e-filing for the local community. *Prerequisite:* ACCT 3453 and instructor's permission.

## **American Studies**

**AMST**

### **1003 – American Identity – 3 credit hours**

An interdisciplinary introduction to American character, culture, and consciousness. American civilization is studied through focusing on the identity of individual Americans. *Course rotation:* Fall. *General Education:* Core – Application & Integration of Knowledge.

**1003 – Strategies for Success – 3 credit hours**

This course examines various techniques utilized for success academically, personally, and professionally. Opportunities for cross discipline application of concepts explored in the classroom are provided. With a focus on “soft skills,” topics include but are not limited to metacognition, self-motivation, self-management, employment of interdependence, inner dialogue, and emotional intelligence. *Course rotation:* Fall and spring. **General Education: Core – Application & Integration of Knowledge.**

**2101 – Writing Fellow Theory & Practice – 1 credit hour**

Initial training for *Lindsey Writes* writing fellows. Students will explore the writing process, negotiate peer tutoring roles and relationships, and synthesize Writing-Across-the-Curriculum (WAC) theory and practice. **Prerequisite:** Minimum grade of B in ENGL 1023 *or* instructor’s permission. *Course rotation:* Fall and spring.

**2201 – Writing Center Theory & Practice – 1 credit hour**

In-service training for consultants in the Lindsey Wilson College Writing Center. Students will explore the writing process, negotiate peer tutoring roles and relationships, synthesize writing center theory and practice, and collaborate for self, client, and center development. **Prerequisite:** Minimum grade of B in ENGL 1023 *or* instructor’s permission. *Course rotation:* Fall and spring.

**Art****ART****1003 – Understanding Visual Art – 3 credit hours**

An introduction to the understanding and appreciation of visual arts. The major art forms of painting, sculpture, and architecture are explored and related to everyday life. This course may be taken as partial fulfillment of the requirements for the AA in Art and/or the Art minor or as an elective for non-art majors. **Recommended** for Elementary Education P-5 majors. *Course rotation:* Typically each semester. **General Education:** Core – Engaged Local & Global Citizenship.

**1214 – Beginning Studio: Drawing – 4 credit hours**

Develops observational skills and explores a variety of drawing media and subject matter. Students will become familiar with traditional and contemporary drawing applications while formulating inquiries for personalized artistic expression. (\$25 lab fee) *Course rotation:* Typically each semester. **General Education:** Core – Inquiry & Analysis.

**2153 – Introduction to Photography – 3 credit hours**

Introduces the fundamentals of digital photography in both artistic and media contexts. Through the study of cameras, light, composition, and image manipulation, students learn the processes and aesthetic values needed to produce quality images. A hands-on approach allows students to explore their creativity through a series of projects. Also listed as JRNL 2153. *Course rotation:* Fall and spring.

**2164 – Design & Color – 4 credit hours**

An introduction to basic principles and concepts related to color and two- and three-dimensional forms. Students will develop creative problem solving skills by analyzing the properties and functions of various hands-on design applications. (\$25 lab fee) *Course rotation:* Typically each semester. **General Education:** Core – Application & Integration of Knowledge.

**2314 – Beginning Studio: Painting – 4 credit hours**

Designed to enhance creative potential and develop proficiency through the use of paint media, composition, and a variety of subject matter and studio practices. Students will become familiar with traditional and contemporary painting applications while formulating inquiries for

personalized artistic expression. (\$25 lab fee) **Recommended:** ART 1214 and ART 2164. *Course rotation:* Typically each semester. **General Education:** Core – Inquiry & Analysis.

#### **2414 – Beginning Studio: Ceramics – 4 credit hours**

Development of functional and sculptural ceramic forms using primarily hand-building methods: Coil, slab, extruded, and combined methods and surface enrichment appropriate for low- and high-fire clay bodies. Students will become familiar with traditional and contemporary ceramic applications while formulating inquiries for personalized artistic expression. (\$25 lab fee) *Course rotation:* Typically once a year. **General Education:** Core – Inquiry & Analysis.

#### **2514 – Beginning Studio: Sculpture – 4 credit hours**

An examination of sculptural processes: casting, carving, modeling, and assemblage. Addresses basic sculptural problems related to technique, materials, and methods. Students will become familiar with traditional and contemporary sculptural applications while formulating inquiries for personalized artistic expression. (\$25 lab fee) **Recommended:** ART 1214 and ART 2164. *Course rotation:* Typically fall.

#### **2613 – Art Education P-5 – 3 credit hours**

Develops an increased understanding of visual art and applications for teaching art in elementary school classes. Emphasis will be on experimentation with art media, and development of skills for teaching and assessing creative problem-solving activities that are developmentally appropriate in appreciation, production, and integrated art lessons. Also listed as EDUC 2613. (\$25 lab fee) **Recommended** for Elementary Education P-5 majors: ART 1003. *Course rotation:* Typically fall.

#### **2623 – Computer Graphics I – 3 credit hours**

This course is an introduction to the creation of art within a digital environment. Students investigate basic digital illustration techniques, image manipulation, principles of graphic design, and other digital image editing software applications. The course includes structured lessons and creative projects. **Prerequisite:** ART 2164. **General Education:** Intermediate – Inquiry & Analysis; Intermediate – Application & Integration of Knowledge.

#### **2733 – Art History I – 3 credit hours**

Surveys visual art forms and architecture of the ancient cultures through the Gothic period. *Course rotation:* Typically spring. **General Education:** Intermediate – Communication; Intermediate – Engaged Local & Global Citizenship.

#### **2743 – Art History II – 3 credit hours**

Surveys historical developments of western visual art forms and architecture from the renaissance through the modern era. *Course rotation:* Typically fall. **General Education:** Intermediate – Communication; Intermediate – Engaged Local & Global Citizenship.

#### **3234 – Advanced Studio: Drawing – 4 credit hours**

A thematic approach is used to develop advanced studio practices. From consideration of particular topics, investigation of drawing processes to strengthen proficiency, analysis of problems in composition and content, a variety of traditional and contemporary drawing applications leading toward individualized expression is explored. **Note:** This course may be repeated. (\$25 lab fee) **Prerequisites:** ART 1214 and ART 2164 or instructor's permission. *Course rotation:* Typically once a year. **General Education:** Intermediate – Inquiry & Analysis.

#### **3334 – Advanced Studio: Painting – 4 credit hours**

A thematic approach is used to develop advance studio practices. Through consideration of particular topics, investigation of paint processes to strengthen proficiency, analysis of problems in composition and content, a variety of traditional and contemporary painting, applications leading toward individualized expression are explored. **Note:** This course may be repeated. (\$25 lab fee)

**Recommended:** ART 1214 and 2164. **Prerequisites:** ART 2314 or instructor's permission.  
**Course rotation:** Typically once a year. **General Education:** Intermediate – Inquiry & Analysis.

### **3413 – Interactive Media Design – 3 credit hours**

Examination and application of the theories, skills, and techniques used in digital storytelling and interactive media. Through a series of hands-on projects, students explore creative application of interactive media through the integration of text, photographs, graphics, audio, and video. Also listed as JRNL 3413. **Prerequisite:** Junior standing or instructor's permission. **Course rotation:** Fall of odd years.

### **3434 – Advanced Studio: Ceramics – 4 credit hours**

A thematic approach to developing advanced ceramic studio proficiencies is used and includes consideration of advanced problems in composition and content, and a variety of traditional and contemporary functional and sculptural applications leading toward individualized expressions and critical reflection. This course may be repeated. (\$25 lab fee) **Prerequisite:** ART 2414. **Course rotation:** Typically once a year. **General Education:** Intermediate – Inquiry & Analysis.

### **3524 – Advanced Studio: Sculpture – 4 credit hours**

A thematic approach to developing proficiencies in advanced sculptural practices. From consideration of particular topics and advanced problems in composition and content, a variety of traditional and contemporary sculptural applications leading toward individualized expression are explored. This course may be repeated. (\$25 lab fee) **Recommended:** ART 1214 and ART 2164. **Prerequisites:** ART 2514 or instructor's permission. **Course rotation:** Typically fall. **General Education:** Intermediate – Inquiry & Analysis.

### **3623 – Art Education 6-12 – 3 credit hours**

Provides preparation for teaching middle and high school art classes. Topics will include examining the philosophical roots of art education; designing instruction and assessment for the lesson plan and unit based on Kentucky Core Academic Standards; promoting creativity and reflection, diversity and interdisciplinary connections; teaching art criticism and history; and addressing national standards and teacher competencies. Studio and writing intensive activities are required. Also listed as EDUC 3623. **Prerequisites:** ART 1214, ART 2164, and ART/EDUC 2613, or instructor's permission. **Course rotation:** Offered as needed.

### **3633 – Computer Graphics II – 3 credit hours**

Explores processes related to commercial graphic arts, industry practices, advanced digital image editing, as well as creative projects in digital format. Topics include design, layout, typography, and other digital media applications. **Prerequisite:** ART 2623. **General Education:** Mastery – Inquiry & Analysis; Mastery – Application & Integration of Knowledge.

### **3643 – Digital Video Arts – 3 credit hours**

Investigates digital applications through small format video production, digital sound environments, advanced 2-D and 3-D digital imaging, animation, and advanced creative design principles. **Prerequisite:** ART 3633.

### **3753 – Modern Art – 3 credit hours**

Investigates early 20th century modern art's directions through contemporary trends and issues in the visual arts. **Recommended:** ART 2733, ART 2743, and ENGL 1023. **Course rotation:** Typically spring. **General Education:** Mastery – Communication; Mastery – Engaged Local & Global Citizenship.

### **3904 – Art Majors Seminar I – 4 credit hours**

Typically taken within the last three semesters prior to graduation, this course prepares students for Art Majors Seminar II through research projects and studio work. Students conduct independent investigations into thematic content, research contemporary art topics, and develop works with

advanced processes in area of concentration. Emphasis is on preparing cohesive bodies of work for exhibition and portfolio. **Prerequisites:** 12 hours in area of concentration. **Course rotation:** Typically fall. **General Education:** Mastery – Communication; Mastery – Inquiry & Analysis.

#### **4904 – Art Majors Seminar II – 4 credit hours**

A cohesive body of work related to his or her principal area of concentration (minimum of nine hours at 2000-4000 level) is required to complete this capstone course. In depth investigations of subject, media, form, and content areas demonstrate the student's ability to develop self-directed initiatives. An exhibition and portfolio are required for studio, or research treatise and presentation for art history in addition to artist statement, cover letters, resume, and other professional preparations. (\$25 lab fee) **Prerequisites:** Senior standing *and* instructor's permission. **Course rotation:** Typically spring. **General Education:** Mastery – Inquiry & Analysis; Mastery – Application & Integration of Knowledge.

#### **PN01-03 – Art Internship – 1-3 credit hours**

Art Internships offer an opportunity to apply the skills and understandings learned in the Art major in a professional setting. Interns will work closely with an art instructor and an on-site professional supervisor. Students arrange their own internships with the assistance and approval of their internship instructor. **Grading:** Credit/No Credit. **Prerequisites:** Junior standing *and* completion of core program requirements.

### **Biology**

### **BIOL**

#### **1103 – Principles of Biology – 3 credit hours**

Emphasis is placed on establishing a foundation in scientific method and the cellular, molecular, and genetic aspects of biology. Not accepted as credit toward the Biology program's majors, minors, or areas of concentration. **Course rotation:** All semesters. **General Education:** Core – Inquiry & Analysis.

#### **1204 – Introduction to Cellular Biology – 4 credit hours**

Applies the scientific method of study to cell biology, genetics, and molecular biology. Lectures are integrated with laboratory exercises. Successful completion satisfies the requirements for a major or minor in Biology. **Prerequisite:** BIOL 1103 with a minimum grade of C *or* MATH 1013 with a minimum grade of C *or* minimum ACT mathematics sub-score of 26. **Note:** Students must first complete or test out of the reading sequence before taking this course. **Course rotation:** All semesters. **General Education:** Core – Inquiry & Analysis.

#### **1214 – Introduction to Organismal Biology – 4 credit hours**

Provides an introductory study of animal and plant kingdoms, emphasizing structure, function, and reproduction of animals and plants. Lectures are fully integrated with lab exercises which include animal and plant dissections as well as plant growth experiments. Successful completion of this course satisfies the requirements for a major or minor in Biology. **Prerequisite:** BIOL 1204. **Note:** Students must first complete or test out of the reading sequence before taking this course. **Course rotation:** All semesters. **General Education:** Core – Application & Integration of Knowledge.

#### **2104 – Microbiology – 4 credit hours**

Provides a fundamental and applied approach to microbiological study, emphasizing prokaryotic cell structure, physiology, metabolism, and genetics and introducing microbial diversity (virology, parasitology, and mycology) and immunology. The laboratory is a two-hour series that correlates with the lecture. Lab skills include standard microbiological techniques, scientific inquiry and analysis, and bacterial identifications. Students will develop discipline-specific scientific writing skills by using primary literature reviews and writing formal scientific research reports.

**Prerequisites:** Two semesters of college biology *and* one semester of college chemistry, with minimum grades of C.

### **2204 – Animal Diversity – 4 credit hours**

Study of animal characteristics and review of phylogeny of major animal groups with special attention to invertebrates. Students learn the diversity of Kentucky fauna by participating in "The Great Kentucky Critter Hunt." This course employs traditional lecture and laboratory formats; it requires active student participation in developing a field collection. Recommended for science majors only. **Prerequisites:** BIOL 1204 and BIOL 1214 with a minimum grade of C or instructor's permission. *Course rotation:* Spring.

### **2314 – Plant Diversity – 4 credit hours**

Study of plant characteristics and review of plant diversity. Students learn Linnaean classification and use of dichotomous keys, comparative anatomy through dissection, and plant kingdom survey. Students will complete a taxonomic collection of specimens from a species list of representative Kentucky plants. Recommended for science majors only. **Prerequisites:** BIOL 1204 and BIOL 1214 with a minimum grade of C. *Course rotation:* Fall.

### **2603 – Conservation Biology – 3 credit hours**

Introduces conservation biology, the science of preserving biodiversity. A new major discipline, conservation biology incorporates biological principles in the design of effective strategies for the sustainable management of populations, species, and ecosystems. In particular, it explores the fundamental problems of habitat loss and fragmentation, habitat disturbance, and the non-sustainable exploitation of species in aquatic and terrestrial ecosystems. **Prerequisites:** BIOL 1204 and BIOL 1214 with a minimum grade of C or instructor's permission. *Course rotation:* Varies.

### **2604 – Environmental Science – 4 credit hours**

Physical processes of the environment and their interaction with human development, industrialization, and pollution are examined. Labs with special emphasis on environmental ecology, resource management, and aquatic environments from a watershed perspective. **Prerequisites:** BIOL 1204 and BIOL 1214 with a minimum grade of C or instructor's permission. *Course rotation:* Varies.

### **2614 – Human Anatomy – 4 credit hours**

An introduction to the anatomy of the human body. Includes the study of major tissues and major body systems. It employs the use of microscopy, models and dissection in laboratory settings. Attention is paid to the needs of pre-health science majors. A two-hour lab supports the topics of the lecture portion of the course. *Course rotation:* Fall and spring.

### **2624 – Human Physiology – 4 credit**

An introduction to the physiology of the human body. Includes the study of the physiology of major body systems. Course includes instruction on homeostasis and basic cellular physiology. Attention is paid to the needs of pre-health science majors. A two-hour lab supports the topics of the lecture portion of the course. **Prerequisite:** BIOL 2614 with a minimum grade of C or equivalent. *Course rotation:* Fall and spring.

### **2702 – Medical Terminology – 2 credit hours**

Introduces basic health care terminology. The use of prefixes, roots, and suffixes, along with the breakdown of words into separate definite components, is used to ascertain the meaning of words associated with healthcare careers. Self-paced learning for mastery of the material. *Course rotation:* Varies.

### **3103 – Cell Biology – 3 credit hours**

An integration of biological, chemical, and physical aspects of the cell. Lectures emphasize molecular processes in the cell including organelle structure and function, membranes, cytoskeleton, respiration, trafficking, and signaling. **Prerequisites:** BIOL 1204 and BIOL 1214 with a minimum grade of C and CHEM 1224 or instructor's permission. **Recommended:** CHEM 3322 and CHEM 3323. *Course rotation:* Spring.

### **3203 – Pathophysiology – 3 credit hours**

Emphasis on physiological mechanisms in regard to disease, pharmacological actions, and providing a bridge between basic science and the clinic. **Prerequisite:** BIOL 2624 with a minimum grade of C. **Course rotation:** Varies.

### **3204 – Genetics – 4 credit hours**

A study of the major features of heredity, including patterns of transmission; the nature of hereditary information; and the structure, replication, expression, and regulation of this information. Integrated laboratory exercises focus on the patterns of transmission, the nature of RNA, DNA, and chromosomes, and the regulation of gene expression. Modern genetic techniques – such as gel electrophoresis, DNA transformation, and PCR – will be employed. **Prerequisites:** BIOL 1204 and BIOL 1214 with a minimum grade of C and CHEM 1224 or instructor's permission. **Course rotation:** Fall. **General Education:** Intermediate – Communication; Intermediate – Inquiry & Analysis.

### **3304 – Ecology – 4 credit hours**

Concentrates on fundamental principles of ecology and modern topics of ecological interest, e.g., community and biosphere ecology and biodiversity. Laboratory of a strong field component that emphasizes various data collection methods, identification of local flora and fauna, and statistical analysis. Requires independent effort and may exceed scheduled time. **Prerequisites:** BIOL 1204 and BIOL 1214 with a minimum grade of C and junior standing or instructor's permission. **Course rotation:** Varies.

### **3403 – Theory of Natural Selection – 3 credit hours**

A study of the writings of Ernst Mayr as a tool for understanding the fundamental philosophical reasoning supporting Darwin's discovery. Takes the student from the time of Darwin and finishes with modern discoveries by this now 150-year-old research program. Employs recitation and lecture format. **Note:** This course is recommended as an elective to junior or senior students of any discipline. **Course rotation:** Varies. **General Education:** Intermediate – Engaged Local & Global Citizenship.

### **3503 – Economic Botany – 3 credit hours**

Surveys of various economic uses of plants including plants used as food, spices, oils, beverages, fibers, dyes, sources of industrial materials, building supplies, ornamentals and pharmacological sources for designer drugs. Recommended elective for psychology majors. BIOL 2314 recommended. **Prerequisite:** Successful completion of a general education biology course (BIOL 1204 or SCI 1013). **Course rotation:** Varies.

### **3513 – Animal Behavior – 3 credit hours**

A study of the history and development of science up to modern discoveries in foraging theory, reproductive strategies, sexual selection, social behavior, domestication, learning, migration, and more. The course employs special topical readings followed up by recitation and discussion plus formal lectures. A few field trips to a local blackbird roost are required. **Note:** This course is recommended as an elective to junior or senior students in any discipline. **Course rotation:** Varies.

### **3703 – Immunology – 3 credit hours**

An introductory study of the vertebrate non-specific and specific immunity and how these two corresponding immune responses work together to defend the host of invading pathogens. Connections will be made between the effective processes of immunity and organismal integrity. **Prerequisite:** BIOL 2104 with a minimum grade of C or instructor's permission. **Course rotation:** Varies.

### **4204 – Plant Ecology – 4 credit hours**

Provides a range of topics from plant adaptations to habitat disturbance and succession to landscape ecology and conservation. Application of geographic information systems (GIS) analysis, global

positioning systems (GPS), and habitat assessment (HA) methods will highlight the hands-on labs to provide students with practical job-related experience and specific technical expertise.

**Prerequisites:** Junior standing *and* BIOL 3304 with a minimum grade of C *or* instructor's permission. *Course rotation:* Varies.

#### **4213 – Human Genetics – 3 credit hours**

Provides an understanding of the genetic basis for human disease with an emphasis on the principles and methods of molecular genetics. Topics include monogenic traits, cytogenetics, non-Mendelian inheritance, cancer genetics, and complex genetics. Papers from current literature will supplement lecture material. **Prerequisite:** BIOL 3204 with a minimum grade of C. *Course rotation:* Varies.

#### **4214 – Plant Propagation – 4 credit hours**

Provides an overview of contemporary plant propagation techniques, including grafting and micropropagation, and emphasizing their biological and evolutionary basis. Plant breeding will be discussed as part of the overall (seed) propagation process. The course also includes a strong research component. Aside from the experimentation built into the propagation labs, students will work in groups to design and conduct their own plant propagation experiments. Students will prepare research abstracts for the propagation experiments and lab reports and posters for their group research projects. We will also design and execute a class service learning project.

**Prerequisites:** BIOL 2314 with a minimum grade of C. *Course rotation:* Varies

#### **4314 – Animal Physiology – 4 credit hours**

Study of the function of organisms by a comparative approach with special attention to vertebrates. Focus is on homeostasis, buffer systems, basics of osmotic control, nerve and muscle function, kidney, cardiovascular, respiratory, function, and metabolic processes. Laboratory is integrated with lecture and uses vivisection where possible. **Prerequisites:** BIOL 1204 *and* BIOL 1214 with a minimum grade of C. *Course rotation:* Varies.

#### **4404 – Molecular Biology – 4 credit hours**

Advanced theory and methods in the study of gene expression in prokaryotic and eukaryotic cells, genetic engineering, and molecular biology including DNA replication, regulation of gene expression, protein expression and purification. Integrated lab exercises include DNA manipulations, DNA cloning and mapping, protein expression and purification. **Note:** Recommended for pre-health science majors. **Prerequisites:** BIOL 3204 with a minimum grade of C *and* CHEM 1224. *Course rotation:* Varies.

#### **4604 – Aquatic Biology – 4 credit hours**

Introduction to concepts in lake and stream ecology. In lab, students will assess abiotic (physical and geomorphical) aspects of aquatic ecosystems, e.g., wet chemistry and physiometric assessments. Students will also employ various aquatic survey techniques to assess biotic aspects of lakes and streams, including rapid biological assessment used state and federal agencies.

**Prerequisites:** Junior standing *and* successful completion of BIOL 2204 *and* BIOL 2314 with a grade of C. *Course rotation:* Varies.

#### **4912 – Seminar I – 2 credit hours**

The introductory portion of the senior capstone sequence. A comparative critique of existing peer-reviewed research prepares the student for a study of current literature in a selected biology topic of the student's interest. Students will prepare and practice two short oral presentations on the initial stages of their research project. Students will submit a novel biology research proposal in draft form at the end of the course integrating multiple peer-reviewed references into a cohesive proposal. **Prerequisite or Corequisite:** MATH 2043 *and* junior standing in the Biology program. *Course rotation:* All semesters. **General Education:** Mastery – Communication; Mastery – Inquiry & Analysis; Mastery – Application & Integration of Knowledge. **Note:** Students must also complete BIOL 4921 to meet general education requirements.

### **4921 – Seminar II – 1 credit hour**

A continuation of the senior capstone research project from BIOL 4912. Students will finalize their written research proposal according to discipline-specific, written research standards. Students will formally present their completed research proposal to peers and faculty. Both peers and Faculty will evaluate the scientific validity and communication of the proposal. *Note:* Completion of the ETS Biology Field Test is required for passage of this course. *Prerequisites:* Senior standing and successful completion, with a minimum grade of C, of BIOL 2204 or BIOL 2314, BIOL 3203, BIOL 3304 or BIOL 3403, and BIOL 4912. *Course rotation:* All semesters. *General Education:* Mastery – Communication; Mastery – Inquiry & Analysis; Mastery – Application & Integration of Knowledge. *Note:* Students must also complete BIOL 4912 to meet general education requirements.

## **Business**

## **BUSI**

### **1043 – Introduction to Financial Literacy – 3 credit hours**

Introduction to the concepts of personal budgeting, spending, investing, and debt management. Emphasizes the individual's ability to discern financial choices, to discuss money and financial issues without discomfort, to plan for the future, and to respond competently to life events that affect every day financial decisions, including events in the general economy.

### **1053 – Business Applications – 3 credit hours**

Introduction to the major concepts of business management, economics/finance, human resources, and accounting, including affiliated fields of study and future job opportunities. Applied learning is incorporated and coordinated with the Lindsey Wilson College Center for Entrepreneurship. *Note:* Course is restricted to students in the Business Leadership Learning Community.

### **2106 – Lean Systems – 6 credit hours**

Students will learn to describe and apply the principles, tools, and techniques associated with lean operations and will plan and execute improvement projects in their workplace or in a simulated workplace. The course requires application of lean principles and techniques. *Prerequisite:* Instructor's permission. *Note:* Will be offered at workplace locations.

### **2203 – Entrepreneurship – 3 credit hours**

Focuses on the following fundamentals of entrepreneurship: creative thinking, leadership, problem-solving, risk-taking, and adaptation to change along with basic concepts in economics, accounting, and marketing. Strong emphasis on experiential learning activities which will involve student interaction with business leaders and entrepreneurs.

### **2206 – Lean Leadership – 6 credit hours**

Students will analyze and select applicable lean principles and tools for their workplace. They will develop innovative solutions to problems in their workplace. They will teach and coach lean principles to coworkers. *Prerequisite:* BUSI 2106 or documented previous equivalence training or experience.

### **2216 – Entrepreneurship Project – 6 credit hours**

Students will develop a business plan and begin implementation of the business concept that they have submitted prior to the beginning of the semester in which they register for the course.

### **2303 – Business Communication – 3 credit hours**

Study of communication processes in business as related to managerial and professional communication. Emphasis on interpersonal and organizational concepts; goals, skills, and criteria; cultural aspects; electronically assisted communication; collaborative communication; planning, organizing, and developing business messages; message patterns; visual and oral media; research and reports; and the employment process. *Prerequisite:* ENGL 1023.

### **2503 – Business Mathematics – 3 credit hours**

Introduces elementary finance and specific problems relative to business enterprises.

*Prerequisite:* MATH 1013, unless mathematics waiver requirements are met.

### **2713 – Business Law – 3 credit hours**

Studies the legal environment of business. Introduces the private and public aspects of business law. Topics include law and the judicial system, contracts, regulation and consumer protection, and commercial paper.

### **2903 – Introduction to Management – 3 credit hours**

Introduces the discipline of Management. Integrates the basic processes of management: planning, organizing, motivating, and controlling. Case studies are used to solve realistic problems in managing a business. *Prerequisite:* Sophomore standing. *General Education:* Intermediate – Communication; Intermediate – Inquiry & Analysis.

### **2933 – Small Business Management – 3 credit hours**

A study of the problems of establishing and operating a small business. Includes development of a business plan, integrating capital requirements, location, managing inventory, taxation, and services. *Prerequisites:* ACCT 2113 and BUSI 2903.

### **3103 – Consumer Behavior – 3 credit hours**

Marketing is a customer-driven function that begins and ends with the consumer – from identifying customer needs to trying to meet those needs and ensuring post-purchase satisfaction. This course focuses on fundamental theories and concepts in consumer behavior to enhance the student's understanding of how and why people choose, use, and evaluate goods and services the way they do.

### **3303 – Introduction to Marketing Research – 3 credit hours**

This course focuses on the use of marketing research as an aid to making marketing decisions, specifically how the information used to make marketing decisions is gathered and analyzed.

*Prerequisite:* BUSI 3933.

### **3403 – Digital Marketing – 3 credit hours**

The course focuses on the what, why, and how of digital marketing, including online listening and monitoring, search engine optimization, search ads, email marketing, and ~~participating~~ participation in social media. *Prerequisite:* BUSI 3933.

### **3503 – Business Computer Applications – 3 credit hours**

Uses computer-based spreadsheets to create and analyze worksheets and graphs for accounting, finance, marketing, and human resource management. *Prerequisite:* CIS 1003.

### **3513 – Introduction to Integrated Marketing Communication – 3 credit hours**

The course introduces students to the fundamentals of integrated marketing communications (IMC). Students learn and apply the IMC planning process and examine the role of integration to ensure consistency of creative strategy and complementary use of traditional and digital media.

*Prerequisites:* BUSI 2303 and BUSI 3933.

### **3533 – Principles of Finance – 3 credit hours**

Studies the basic principles, concepts, and analytical tools in finance. Areas examined include: budgeting, present value concepts, sources, and uses of funds. *Prerequisites:* ACCT 2123 and BUSI 2903.

### **3553 – Financial Literacy – 3 credit hours**

Addresses concepts of personal money management, determining financial resources, establishing financial goals and strategies, and budgeting through retirement.

### **3573 – Investments – 3 credit hours**

Considers the nature of different types of securities and other investments from the investor's point of view. The bases for the structure of a portfolio are examined in theory and practice.

*Prerequisite:* BUSI 3933.

### **3603 – Employee & Labor Relations – 3 credit hours**

Provides a comprehensive introduction to employment and labor regulations. Consideration will be given to the rights and responsibilities of employers and employees throughout the employment relationship. Topics to be discussed will include the common law and statutory foundations of employment law, the employment relationship, collective bargaining, and labor relations.

*Prerequisites:* BUSI 2713 and BUSI 3953.

### **3701 – Entrepreneurship in Action (ENACTUS) – 1 credit hour**

Introduces the student to business leadership training using the guidelines of a national leadership organization called ENACTUS (“a community of student, academic, and business leaders committed to using the power of entrepreneurial action to transform lives and shape a better, more sustainable world”). Through project management, this course emphasizes activities and techniques that develop competencies needed to become a successful leader. Students receive instruction and hands-on experience in areas of entrepreneurship, teamwork, communication, and networking.

### **3933 – Principles of Marketing – 3 credit hours**

Studies the behavioral, functional, societal, and institutional foundations of marketing, as well as the marketing mix variables: product, price, promotion, and channels of distribution. *Prerequisite:* BUSI 2903.

### **3943 – International Marketing – 3 credit hours**

The course considers the marketing strategies needed to remain competitive in a global environment. The impact of changing economic, political, legal, social, and cultural environments on management decision making is examined. *Prerequisite:* BUSI 3933.

### **3953 – Personnel Management – 3 credit hours**

Deals with personnel functions within organizations. Topics include: recruitment, selection, appraisal and compensation, labor laws governing management and labor, and future prospects in the personnel field. *Prerequisite:* BUSI 2903.

### **3973 – Management Information Systems – 3 credit hours**

Introduces information systems in business and the global society. Topics include information technology concepts, business information support systems, transaction processing systems, management decision support systems, expert systems, enterprise systems, and systems development. *Prerequisite:* CIS 1003.

### **3983 – Acquiring & Developing Talent (Workforce Planning) – 3 credit hours**

Focuses on workforce planning and talent management. Topics include workforce needs analysis, recruitment and staffing, organizational entry and socialization, training, career and succession planning, performance measurements, and issues in mergers and consolidations. *Prerequisite:* BUSI 3953.

### **3993 – International Business Operations – 3 credit hours**

Study of globalization, political, and cultural diversities; foreign investment; regional economic integration; the global monetary system; global capital market; the strategy and structure of international business; exporting; alternative approach to entering foreign markets; global manufacturing and material management; global marketing and research and development (R&D);

global human resource management; accounting in international business; and financial management in international business. *Prerequisites:* BUSI 3933 and junior standing.

### **3TX3 – Topics in Marketing – 3 credit hours**

This course examines topics within marketing that are of current interest or that deal with specific areas of marketing. Examples include sports marketing, entrepreneurial marketing, marketing for non-profits, healthcare marketing, and data analytics. *Prerequisite:* BUSI 3933.

### **4103 – Marketing Capstone Project – 3 credit hours**

Students apply knowledge and skills learned in their course of study to develop a marketing plan for a for-profit company or non-profit organization. *Prerequisite:* Business major with senior standing.

### **4603 – Compensation & Benefits – 3 credit hours**

Provides advanced study of the human resources function of compensation. Topics include design and administration of the total compensation system, including such subtopic areas as pay equity, job evaluation, wage and salary structures, variable pay programs, negotiation of benefit plans, benefit administrative and legal compliance, and compensation and benefits regulations.

*Prerequisites:* ACCT 2113 and BUSI 3953.

### **4623 – Quantitative Business Research Methods – 3 credit hours**

Provides a cross-discipline foundation in research methods in business. Exposes students to the set of conceptual tools and techniques that will enable them to understand the nature of the scientific method as it applies to a business setting, to evaluate the usefulness of research proposals and studies from the point of design and execution, and to execute a basic job of planning and carrying out a research project. *Prerequisites:* BUSI 2903 and ECON 3203.

### **4753 – Sales Management – 3 credit hours**

Addresses selling functions of the business organization and the problem of sales administration. Topics include: recruitment and training of salespeople, paying salespeople, establishing territories, sales quotas, aids for salespeople, and overall control of the sales organization. *Prerequisite:* BUSI 3533.

### **4763 – Operations Management – 3 credit hours**

This course provides students with concepts, techniques, and tools involved in the process of converting or transforming resources into products or services. Included in the course are the managerial concepts in decision making as well as the interplay between financial objectives and operational capabilities. Topics covered include operations and productivity, operations strategy in a global environment, project management, forecasting, design of goods and services, managing quality, location strategies, layout strategies, inventory management, Just In Time (JIT), and lean operations. Also included are case studies and a semester-long simulation game which demonstrates critical concepts. *Prerequisites:* BUSI 2903 and ECON 3203.

### **4773 – Human Relations in Business – 3 credit hours**

Studies individual and group behavior in organizations, the nature and crucial importance of communication, employee motivation, and development of the human aspects on organizations.

*Prerequisite:* Senior standing or instructor's permission.

### **4783 – Business Ethics & Values – 3 credit hours**

Includes an analysis of the issues in the social responsibilities of business, ethics in promotion, distribution, processing, research, product development, honesty and fairness, accounting, finance, and production. Includes a study of federal legislation that created agencies to force business to act in socially responsible ways. *Prerequisites:* Senior standing or instructor's permission. *General Education:* Intermediate – Engaged Local & Global Citizenship; Intermediate – Application & Integration of Knowledge.

### **4793 – Business Policy – 3 credit hours**

Establishes effective business policy within the framework of the problems and methods of business decision-making. Written and oral analyses are made of comprehensive cases cutting across the major functions within business organizations. Group and individual reports are required. Uses a computer simulation. This is the capstone course for the bachelor's degree business major and should be taken in the student's final semester. *Note:* A fee of approximately \$25 is required for the ETS Majors Fields Test. *Prerequisites:* BUSI 3533, BUSI 3933, BUSI 4763 and senior standing. *General Education:* Mastery – Communication; Mastery – Inquiry & Analysis; Mastery – Application & Integration of Knowledge.

### **PN06 – Entrepreneurship Internship – 6 credit hours**

Students will spend at least 240 hours during the semester working at an entrepreneurial business. The internship will be accompanied by a seminar.

## **Chemistry**

## **CHEM**

### **1104 – Principles of Chemistry – 4 credit hours**

Emphasis on the structures and reactions that occur in biological systems, as well as the study of carbohydrate, protein, enzyme, lipid, nucleic acid, and hormone function. Laboratory component included. *Prerequisite:* Concurrent enrollment in or successful completion of the general education mathematics requirement. *Note:* Pre-nursing curriculum. *General Education:* Core – Inquiry & Analysis.

### **1214 – General Chemistry I with Lab – 4 credit hours**

Deals with the structure of the atom and matter, nomenclature, stoichiometry, thermodynamics, and chemical bonding. A two-hour laboratory series is included that correlates with the course's concepts. *Prerequisite:* MATH 1013, unless waiver requirements are met. *Course rotation:* Fall. *General Education:* Core – Inquiry & Analysis.

### **1224 – General Chemistry II with Lab – 4 credit hours**

Continuation of General Chemistry I, this course deals with kinetics, equilibria, acids and bases, solutions, pH, radiation, and biological compounds. A two-hour laboratory series is included that correlates with the course's concepts. *Prerequisite:* CHEM 1214 with a minimum grade of C. *Course rotation:* Spring. *General Education:* Core – Inquiry & Analysis.

### **3312 – Organic Chemistry I Laboratory – 2 credit hours**

Presents a four-hour laboratory series that correlates with concepts in Organic Chemistry I Lecture. Common organic laboratory techniques like distillations and recrystallizations as well as safe means of performing and analyzing simple organic reactions are covered. Formal lab reporting methods are developed. Must be taken concurrently with the associated lecture CHEM 3313. *Prerequisite:* CHEM 1224 with a minimum grade of C. *Course rotation:* Fall.

### **3313 – Organic Chemistry I Lecture – 3 credit hours**

Lecture presents the chemistry of carbon compounds: alkenes, alkynes, alkyl, halides, alcohols, ethers, and esters. Also includes nomenclature, preparations, reactions, reaction mechanisms, and stereochemistry. Must be taken concurrently with the associated lab CHEM 3312. *Prerequisite:* CHEM 1224 with a minimum grade of C. *Course rotation:* Fall.

### **3322 – Organic Chemistry II Laboratory – 2 credit hours**

Presents a four-hour laboratory series that correlates with concepts in Organic Chemistry II Lecture. More involved organic reactions, analytical methods, and qualitative organic analysis are covered. Higher level conceptual analysis of the laboratory observations are developed. Must be taken concurrently with associated lecture CHEM 3323. *Prerequisites:* CHEM 3313 and CHEM 3312, both with a minimum grade of C. *Course rotation:* Spring.

### **3323 – Organic Chemistry II Lecture – 3 credit hours**

Continuation of Organic Chemistry I Lecture, including the study of the chemistry of aldehydes, ketones, carboxylic acids, aromatic compounds, amines, amides, and biological compounds. Also includes some spectroscopy introduction: nuclear magnetic resonance, infrared, visible, ultraviolet, and mass spectroscopy. Must be taken concurrently with the associated lab CHEM 3322.

*Prerequisites:* CHEM 3313 and 3312, both with a minimum grade of C. *Course rotation:* Spring.

### **4104 – Biochemistry – 4 credit hours**

Provides the material for a comprehensive undergraduate biochemistry course. Topics include production of biochemically useful energy, biochemical pathways, the structure and metabolism of carbohydrates, protein structure and functions, and the structures of lipids and nucleic acids. The required laboratory will provide correlating exercises. *Prerequisite:* CHEM 3323 with a minimum grade of C or instructor's permission. *Course rotation:* Varies.

## **Communication**

**COMM**

### **1003 – Introduction to Communication – 3 credit hours**

Designed to introduce core concepts in the discipline of Communication and to demonstrate applications in professional and relational contexts. *Course rotation:* Fall and spring. *General Education:* Core – Application & Integration of Knowledge.

### **1503 – Mass Media & Society – 3 credit hours**

Examines the role and impact of the media on individuals and society. Topics include the historical development of the mass media, along with media effects, ethics, legal considerations, and the role of Journalism in society. Students develop a deeper awareness of the media in their lives and a critical perspective to become more responsible consumers of information. Also listed as JRNL 1503. *Course rotation:* Fall.

### **2003 – Critical Thinking & Communication – 3 credit hours**

This survey course introduces critical thinking, establishes its historical nexus with the discipline of communication, and explores contemporary applications vis-à-vis information literacy, media literacy, new media literacy, quantitative literacy (i.e. numeracy), and visual literacy. Emphasis will be placed on developing critical thinking skills through intensive practice in in-class debate and deliberative exercises, and analysis of communication artifacts. *Course rotation:* Spring.

### **2103 – Public Speaking – 3 credit hours**

Focused primarily on the construction of speeches. Includes introductions to audience analysis, persuasion, and delivery techniques. An additional focus is on developing appropriate listening behaviors. Strong emphasis on attendance. *Recommended:* ENGL 1013. *Course rotation:* Fall and spring. *General Education:* Core – Communication.

### **2201 – Communication Presentations – 1 credit hour**

Meshes the world of PowerPoint and public speaking. Strategies for creating basic PowerPoint presentations will be introduced. Students will convey ideas using technologically enhanced communication. *Note:* This class is a general elective, but it may be used in the Communication major under the area of program electives. *Course rotation:* Fall and spring.

### **2503 – Interpersonal Communication – 3 credit hours**

An analysis of interpersonal effectiveness, verbal and nonverbal techniques, encoding and decoding communication messages, and interaction within relationships. *Recommended:* COMM 1003. *Course rotation:* Fall and spring. *General Education:* Intermediate – Inquiry & Analysis; Intermediate – Application & Integration of Knowledge.

### **2903 – Communicating Effectively – 3 credit hours**

Applies fundamental communication concepts in personal and professional situations, utilizing

Lawrence Appley's *Communicating for Productivity* to implement and test ideas in simulation environments. Emphasis will be placed on enhancing listening, questioning, and paraphrasing skills. Students will develop a written, measurable plan for setting attainable academic, personal, and professional goals; determine when and at what standards those goals will be met; evaluate progress toward acquiring those goals; and develop plans for additional improvement which will occur after completion of the course. *Course rotation:* Spring.

### **3103 – Advanced Public Speaking – 3 credit hours**

An intensive application of the basic skills of public speaking. Delivery is stressed as a critical component of speech-making. Emphasis is given to critical thinking skills, analysis of research findings, the impact of language on messages, and critiquing and examining the delivery and speaking skills of current political and entertainment figures. *Prerequisites:* Minimum grade of C in COMM 2103. *Recommended:* COMM 1003. *Course rotation:* Spring.

### **3113 – Public Relations Principles & Practices – 3 credit hours**

Students will learn how information moves inside and outside organizations and how this information can be used to contribute to organizational goals. For students considering careers in public relations, this course will provide initial communication planning and writing skills. For students interested in communication applications part of careers in other fields, this course will contribute to understanding communication applications in modern organizations. *Course rotation:* Spring.

### **3203 – Nonverbal Communication – 3 credit hours**

An integral study relating to body language, facial expressions, vocal variations, proxemics, personal appearance, and artifacts. *Recommended:* COMM 1003. *Course rotation:* Fall.

### **3213 – Intermediate Public Relations – 3 credit hours**

Helps students develop expanded skills in applying public relations principles and practices to case studies that reflect the realities of the profession today. As student skills expand, there will be some work with real companies as clients. *Course rotation:* Fall.

### **3303 – Group Communication & Decision Making – 3 credit hours**

Study of time interaction and communication in small-group and team situations. Emphasis is placed on role identity, listening, conflict, problem-solving and decision-making. *Recommended:* COMM 1003. *Course rotation:* Spring.

### **3333 – Internal Communication – 3 credit hours**

Focuses on the effect internal dialogue has on reasoning choice and intention. The course explores the role that conscious and unconscious discourse plays in our effort to understand both ourselves and our environment; and thus become more effective communicators. *Course rotation:* Fall and spring.

### **3403 – Family Communication – 3 credit hours**

An introduction to communication phenomena in the family setting. Designed to help students understand how, through communication, family relationships are developed, maintained, enhanced, or disturbed. Students will learn verbal and nonverbal skills that help promote healthy family communication. *Course rotation:* Fall. *General Education:* Mastery – Engaged Local & Global Citizenship.

### **3503 – Organizational Communication – 3 credit hours**

A management approach to communication within business environments. Includes team approaches, problem-solving, and development of professionalism. *Recommended:* COMM 1003. *Course rotation:* Fall.

### **3603 – Intercultural Communication – 3 credit hours**

Provides an overview of the study of communication and culture with an emphasis on the theory and practice of cross-cultural and intercultural communication. It includes comparative studies of communication practices in different cultures and subcultures (cross-cultural) and descriptive normative studies of communication between different cultures and subcultures (intercultural).

**Recommended:** COMM 1003. *Course rotation:* Fall. **General Education:** Intermediate – Communication; Intermediate – Engaged Local & Global Citizenship.

### **3703 – Communication & Aging – 3 credit hours**

Also provides a survey of and hands-on experience with word processing, spreadsheet, presentation, database, Web browser, and e-mail software. **Recommended:** Keyboarding skills *or* instructor's permission.

### **2703 – Visual Basic Programming – 3 credit hours**

Visual Basic language will be used to provide experience in planning and creating interactive Windows applications with an emphasis on Graphical User Interface design skills. **Prerequisite:** MATH 1013. *Course rotation:* Fall.

### **2713 – Introduction to Computational Science – 3 credit hours**

Presents an introduction to the theory and application of computer programming. Basic control structures and object-oriented constructs are explored. Also listed as MATH 2713 and PHYS 2713. *Prerequisite:* MATH 1013, unless waiver requirements are met. *Course rotation:* Spring.

### **3003 – Web Design – 3 credit hours**

Introduction to basic Web design and creation principles using Web authoring software, HTML, JavaScript, and Cascading Style Sheets. *Course rotation:* Fall.

### **3013 – Web Applications I – 3 credit hours**

Introduction to Web application development using ColdFusion. Points of emphasis include working with ColdFusion tags and functions, dynamic Web pages, interacting with databases, forms, and various methods of data presentation. *Prerequisite:* CIS 3003. *Course rotation:* Spring.

### **3023 – Database Applications I – 3 credit hours**

Introduction to relational databases using Oracle. Students will learn database concepts and how to create database objects such as tables, indexes, views, etc. Creation of databases objects will be covered from the perspective of system design and will address such topics as normalization and referential integrity. The student will become proficient in Structured Query Language (SQL) and will be able to insert, update, delete, and retrieve data from tables. *Prerequisite:* CIS 3003. *Course rotation:* Spring.

### **4013 – Web Applications II – 3 credit hours**

Focuses on web application framework and advanced ColdFusion techniques. Topics covered include ColdFusion components, user defined functions, advanced database techniques, user interface, and banded report writing. Prepares the student for the Capstone Project, where the student will build a functional web application which includes the design of the database and user interface components. *Prerequisites:* CIS 3013. *Course rotation:* Fall.

### **4023 – Database Applications II – 3 credit hours**

Focuses on Oracle's PL/SQL language. Topics covered include cursors, exception handling, native and user defined procedures and functions, packages, privileges, database triggers, and dynamic SQL. The student will acquire a strong understanding of the PL/SQL language, its uses and value to system architecture. Prepares the student for the Capstone Project, where the student will build a functional web application which includes the design of the database and user interface components. *Prerequisite:* CIS 3023. *Course rotation:* Fall.

### **4033 – Capstone Project – 3 credit hours**

Culmination of the concepts learned in the CIS program. The student will be provided specifications for a project which requires the development of the database infrastructure and user interface of a dynamic, Web-based application. As part of the database component, the project will emphasize design, normalization of tables, data integrity, user defined functions and procedures. User input and interaction with the database (including the insertion, editing, and deleting of records) and reporting will comprise the back end and user interface aspect of the project. *Prerequisites:* CIS 4013 and CIS 4023. *Course rotation:* Spring.

## **Criminal Justice**

**4253 – Ethics & Multicultural Diversity – 3 credit hours**

Examines ethical, professional, and multi-cultural issues/dilemmas within the discipline. Particular emphasis is given to codes of ethics and the parameters of acceptable professional conduct. Human diversity is also a major focus. **Recommended:** HS 2103. **General Education:** Mastery – Communication; Mastery – Engaged Local & Global Citizenship.

**4263 – Crisis Intervention – 3 credit hours**

Enhances understanding of theory and intervention into the lives of individuals in crisis. Case management and risk analysis are areas of focus. **Recommended:** HS 2103.

**4283 – Personal Growth & Development – 3 credit hours**

Facilitates the personal growth, self-realization, and self-actualization of class participants. The experiential focus is intended to assist students in the development of greater insight into the self, promotion of personal openness, and exploration of individual ego boundaries. **Recommended:** HS 2103.

**4293 – Assessment in the Helping Professions – 3 credit hours**

Introduces the basic principles, instruments, and test interpretation in the area of career, personality, and mental health assessment. **Recommended:** HS 2103. **General Education:** Intermediate – Engaged Local & Global Citizenship.

**4343 – Substance Abuse – 3 credit hours**

Facilitates understanding of major theories of addiction and evaluation of psychological, social, and physiological signs and symptoms of alcohol and other drug use, abuse, and/or dependence associated with addiction. **Recommended:** HS 2103.

**4353 – Gerontological Interventions – 3 credit hours**

Enhances student's knowledge of the theory, sociological variables, and treatment interventions associated with aging. **Recommended:** HS 2103.

**4373 – Rural Mental Health Issues – 3 credit hours**

Examines idiosyncratic issues involved in service provision to mental health populations within a rural environment. **Recommended:** HS 2103.

**4893 – Mental Health Administration – 3 credit hours**

Introduction to knowledge, theory, and skills relating to planning, evaluating, and managing programs. The course will also address the influence of social, political, and community structure on advocacy and social change. **Recommended:** HS 2103.

**4943 – Human Services Practicum II – 3 credit hours**

A 120 clock-hour experience designed to offer Human Services & Counseling students the

opportunity to apply acquired knowledge from Human Services coursework while practicing skills in a helping profession environment designed to enhance personal career goals. **Prerequisite:** Engaged in last year of coursework *or* practicum instructor's permission. **General Education:** Intermediate – Inquiry & Analysis; Intermediate – Application & Integration of Knowledge.

### **4953 – Human Services Practicum III – 3 credit hours**

A 120 clock-hour field experience that offers Human Services & Counseling students the opportunity to apply acquired knowledge from Human Services coursework while practicing skills in a helping profession environment designed to enhance personal career goals. Expectations for Practicum III, beyond the 120 clock-hour field experience, include the Human Services Comprehensive Exam and job search preparation. **Prerequisite:** Engaged in last year of coursework *or* practicum instructor's permission. **General Education:** Mastery – Communication; Mastery – Inquiry & Analysis; Mastery – Application & Integration of Knowledge.

## **Humanities**

## **HUMN**

### **2503 – Culture & Values – 3 credit hours**

This course offers a theme-centered, interdisciplinary approach to understanding the nature of humankind and the perennial questions that are the foundations and ongoing expressions of culture. Human value choices are examined through artistic, intellectual, literary, and philosophical texts and images, based on the premise that by studying and reflecting on creative and intellectual expressions of humankind and by seeing their interrelated connections and how those vary between communities and are shaped by specific cultural ideologies and institutions, students will learn to think in more creative and critical ways, gain new knowledge, and have a clearer sense of what it means to be human. **Prerequisite:** ENGL 1013. **Course rotation:** Spring. **General Education:** Core – Engaged Local & Global Citizenship.

### **3503 – Enduring Questions Seminar – 3 credit hours**

In a seminar setting, this interdisciplinary and question-driven course encourages students to engage with enduring ethical concerns addressed by the Humanities. Through close critical reading and active participatory discussion, students will acquire an increased awareness and deeper understanding of the various approaches to and theories about ethical reasoning; the origins and efficacy of their own core beliefs, assumptions, and worldviews; the connections between current ethical issues and those of other times, places, and cultures; and the correlations between literary, artistic, philosophical, and historical works. This course emphasizes intellectual development, ethical reasoning, cultural literacy, and, when applicable, global awareness. Topics, subject matter, and approaches will vary depending on the instructor. This course may be repeated once for credit. **Prerequisites:** Sophomore standing *and* HUMN 2503 *or* ENGL 2103 *or* ENGL 2203. **Course rotation:** Spring. **General Education:** Intermediate – Engaged Local & Global Citizenship.

## **Japanese**

## **JAPN**

### **1013 – Elementary Japanese I – 3 credit hours**

Designed for students with no previous training in or knowledge of Japanese. Offers simultaneous development of skills in speaking, reading, aural comprehension, and writing. Formal and colloquial speech forms will be treated in the course's spoken segment and the hiragana and katakana syllabaries (the Japanese writing system) will be introduced in the written component along with a brief introduction to kanji characters, all within a cultural context. **Note:** JAPN 1013 is not open to native speakers. **Course rotation:** Fall. **General Education:** Core – Engaged Local & Global Citizenship.

### **1023 – Elementary Japanese II – 3 credit hours**

Continues the study of elementary Japanese, focusing on complex patterns, grammar structures, culture, and conversation. It will introduce more kanji characters as well as continue to stress students' development of reading, writing, listening, and speaking skills in Japanese. **Prerequisite:**

JAPN 1013, two years of secondary-school Japanese, *or* instructor's permission. *Course rotation:* Spring.

### **2013 – Introduction to Modern Japanese Civilization – 3 credit hours**

This survey will cover such aspects of modern Japanese culture as language and literature, traditional art, geography, society, politics, family, education, comic fiction, and current issues. Lectures will be in English. *Course rotation:* Spring, contingent upon student enrollment.

## **Journalism**

## **JRNL**

### **1503 – Mass Media & Society – 3 credit hours**

Examines the role and impact of the media on individuals and society. Topics include the historical development of the mass media, along with media effects, ethics, legal considerations, and the role of journalism in society. Students develop a deeper awareness of the media in their lives and a critical perspective to become more responsible consumers of information. Also listed as COMM 1503. *Course rotation:* Fall.

### **2153 – Introduction to Photography – 3 credit hours**

Introduces the fundamentals of digital photography in both artistic and media contexts. Through the study of cameras, light, composition, and image manipulation, students learn the processes and aesthetic values needed to produce quality images. A hands-on approach allows students to explore their creativity through a series of projects. Also listed as ART 2153. *Course rotation:* Fall and spring.

### **2403 – Media Writing & Reporting – 3 credit hours**

An introduction to the fundamentals of journalism. Emphasis is on the reporting, writing, and editing of stories for the print, online, and broadcast media. Specific topics include interviewing, story structure and development, media style, ethics, and legal considerations. **Prerequisite:** ENGL 1013, unless waiver requirements are met, *or* instructor's permission. *Course rotation:* Fall.

### **3103 – Community Reporting – 3 credit hours**

Students develop advanced skills in reporting and writing on events and issues that affect their communities. Topics include coverage of government, crime, courts, and social events. A hands-on approach is stressed. Projects are critiqued in a workshop setting. **Prerequisite:** JRNL 2403 *or* instructor's permission. *Course rotation:* Spring of odd years.

### **3203 – Editing & Media Management – 3 credit hours**

Designed for writers, journalists, and other communication professionals by providing advanced instruction in publication editing and design. Topics include matters of style, copy editing, and proofreading in print and electronic environments. Other topics include publication management, ethics, and legal considerations. A hands-on approach is stressed in a workshop setting. **Prerequisites:** ENGL 1023 *or* JRNL 2403. *Course rotation:* Spring of even years.

### **3213 – Magazine & Feature Writing – 3 credit hours**

The focus is on writing feature stories for magazine, newspaper, and creative nonfiction audiences. Genres include personality profiles, human interest features, travel writing, and creative nonfiction. A hands-on approach allows exploration of creativity through a series of exercises and projects. **Prerequisite:** JRNL 2403 *or* instructor's permission. *Course rotation:* Spring of even years.

### **3413 – Interactive Media Design – 3 credit hours**

Examination and application of the theories, skills, and techniques used in digital storytelling and interactive media. Through a series of hands-on projects, students explore creative applications of interactive media through the integration of text, photographs, graphics, audio, and video. Also listed as ART 3413. **Prerequisite:** Junior standing *or* instructor's permission. *Course rotation:* Fall of odd years.

#### **4401 – Topics in Journalism – 1 credit hour**

Explores a chosen topic related to journalism or the mass media, such as documentaries, technology, economics, ethics, or literary journalism. *Prerequisite:* JRNL 2403 or instructor's permission. *Course rotation:* As needed.

#### **4123 – Broadcast Journalism – 3 credit hours**

Emphasizes the theories, skills, and techniques used in the wiring, production, and presentation of news in a digital media environment. Topics include broadcast wording style, story structure, podcasting, digital audio and video production, and working as talent in front of a camera. A hands-on approach is stressed, allowing students to explore creativity through a series of projects. *Prerequisites:* JRNL 2403 or instructor's permission. *Course rotation:* Spring of odd years.

#### **4403 – Communication Law & Ethics – 3 credit hours**

Study focuses on media law and ethical considerations in the contemporary communication environment. Topics include the First Amendment, libel, invasion of privacy, information access, free press and fair trial considerations, obscenity, copyright, advertising, and telecommunication regulations. Also listed as COMM 4403. *Course rotation:* Spring.

#### **4901 – Media Studies Seminar – 1 credit hour**

Combined with the experiential component of the Media Studies program, the seminar is a capstone course where students design, execute, and present a project appropriate to their emphasis in the Media Studies program. In addition, students create and evaluate a professional portfolio for future employment. *Course rotation:* Spring.

#### **XNF1, XNS1 – Practicum: Student Media Productions – 1 credit hour**

A practical application of skills, techniques, and critical thinking through work with campus media productions (*RaiderView* newspaper and on-line journal). The course may be repeated up to six hours to satisfy capstone requirements for the Journalism emphasis or repeated for three hours and combined with JRNL PN03 Journalism Internship. *Prerequisites:* JRNL 2403 or instructor's permission. *Course rotation:* XNF1 fall and XNS1 spring.

#### **PN03 – Journalism Internship – 3 credit hours**

Students gain practical experience in a professional media setting. Internships are arranged by students with the assistance and approval of an internship advisor. *Grading:* Credit/No Credit. *Prerequisite:* Junior standing and grades of C or better in twelve hours of JRNL courses. *Course rotation:* As needed.

### **Mathematics**

### **MATH**

#### **0901 – Percents & Proportions – 1 credit hour**

Builds an understanding of the definition of percents and the use of proportion in problem solving. *Grading:* Credit/No Credit. *Course rotation:* All semesters.

#### **0903 – Basic Mathematics – 3 credit hours**

A prerequisite to Elementary Algebra for students who have not mastered middle school mathematics. Course content includes whole numbers and their operations, fractions and decimals, ratio and proportion, percentages, signed numbers, basic geometry, and data interpretation. *Grading:* Credit/No Credit. *Course rotation:* As needed.

#### **0911 – Variables & Equations – 1 credit hour**

Builds an understanding of equations as conditions and the use of variables to generalize. We will work extensively with identifying conditions that may be represented numerically and with solving linear equations. *Grading:* Credit/No Credit. *Course rotation:* All semesters.

### **0913 – Elementary Algebra – 3 credit hours**

For students who have not had high school Algebra I or whose algebraic skills are weak. Course content includes a review of signed numbers, a comprehensive study of real numbers, solving linear equations and inequalities, introduction to exponents, introduction to polynomials, factoring, and rational expressions. This course is a prerequisite for MATH 0923. **Prerequisite:** MATH 0903 or placement. **Grading:** Credit/No Credit. **Course rotation:** As needed.

### **0921 – Charts – 1 credit hour**

Builds an understanding of reading and presenting graphical information. **Grading:** Credit/No Credit. **Course rotation:** All semesters.

### **0923 – Intermediate Algebra – 3 credit hour**

Parallels content commonly found in a second-year high school algebra course, namely high school Algebra II. For students who have had high school Algebra I but who have not had high school Algebra II or whose algebraic skills at that level are weak. Course content includes an introduction to graphing, graphing linear equations and inequalities, solving linear systems, rational expressions, rational exponents and radicals; quadratic equations, and an introduction to functions and their graphs. This course is a prerequisite for MATH 1013. **Prerequisite:** MATH 0913 or placement. **Grading:** Credit/No Credit. **Course rotation:** As needed.

### **1003 – Topics in Mathematics – 3 credit hours**

Introduces the nature and utility of contemporary mathematics. Topics include numeration contexts, problem solving, modeling with technology, Cartesian coordinate systems, time series data, and modeling with straight lines. Additional topics may include but are not limited to functions, direct proportionality, discrete dynamical systems, probability and statistics, and logic. **Note:** This course is a prerequisite for MATH 1013. **Prerequisite:** Placement. **Course rotation:** All semesters. **General Education:** Core – Inquiry & Analysis.

### **1013 – Functions & Algebra – 3 credit hours**

Familiarizes students with standard mathematics functions. These include polynomial, rational, exponential, and logarithmic and trigonometric functions. The course uses a data modeling approach to introduce and to utilize the functions. There is a larger emphasis on incorporating technology and a smaller emphasis on algebraic manipulation of expressions. **Notes:** This course is a prerequisite for MATH 1124, MATH 2303, and CIS/MATH/PHYS 2713. Credit will not be given for both MATH 1013 and College Algebra. **Prerequisite:** MATH 1003 or placement. **Course rotation:** All semesters. **General Education:** Core – Inquiry & Analysis.

### **1124 – Precalculus – 4 credit hours**

Explores algebraic, polynomial, exponential, logarithmic and trigonometric functions, and their inverses, graphs, matrices, vectors, conics, and applications. A graphic calculator is used. **Note:** This course is a prerequisite for MATH 2315 and MATH 2503. **Prerequisite:** MATH 1013 or placement. **Course rotation:** All semesters. **General Education:** Core – Inquiry & Analysis.

### **2003 – Intersections – 3 credit hours**

Topics course with varying content. It will normally be team taught with a faculty member from a discipline other than mathematics. The course contains a large writing component. It may be repeated for credit as long as the topic is different from any for which the student has previously obtained credit. **Prerequisite:** MATH 1003, MATH 1013, or instructor's permission. **Course rotation:** As needed.

### **2011 – Graphing Calculators – 1 credit hour**

Investigates how to use the many features of a graphing calculator to solve problems of a quantitative nature. **Prerequisite:** MATH 1003, MATH 1013, or instructor's permission. **Course rotation:** As needed.

### **2021 – Standardized Tests – 1 credit hour**

This course will help students review for the quantitative portions of the various standardized tests used for entrance into graduate and professional schools. **Prerequisite:** MATH 1003, MATH 1013, *or* instructor's permission. *Course rotation:* As needed.

### **2031 – Trigonometry Review – 1 credit hour**

Particularly aimed at helping students taking Calculus who may need some review of Trigonometry. **Prerequisite:** MATH 1003, MATH 1013, *or* instructor's permission. *Course rotation:* As needed.

### **2153 – Finite Mathematics – 3 credit hours**

Selected topics in probability, matrices and matrix algebra, and linear programming. **Prerequisite:** MATH 1013 *or* equivalent. *Course rotation:* Fall.

### **2203 – Introduction to Statistics – 3 credit hours**

Content includes descriptive statistics for one and two variables, elementary probability theory, random variables, discrete probability distributions, and continuous probability distributions with emphasis on the normal distribution. **Prerequisite:** MATH 1003, MATH 1013, *or* instructor's permission. *Course rotation:* All semesters.

### **2213 – Mathematics for Elementary Teachers I – 3 credit hours**

For future teachers of grades P-9. Course emphasizes mathematical concepts and processes through solving problems. Content includes: concepts of decimals and fractions, number theory, real number system, and numeration systems and bases. Manipulatives, cooperative learning, reflective writing, and available technology will be utilized. **Prerequisite:** MATH 1003, MATH 1013, *or* instructor's permission. *Course rotation:* Fall.

### **2223 – Mathematics for Elementary Teachers II – 3 credit hours**

For future teachers of grades P-9. Emphasizes mathematical concepts and processes through solving problems. Content includes probability, statistics, measurement (including metric and English), geometry (properties of shape, two and three dimensions, similarities, and transformations). Manipulates, cooperative learning, reflective writing, and available technology will be utilized. **Prerequisite:** MATH 2213. *Course rotation:* Spring.

### **2301 – Mathematics & Technology – 1 credit hour**

An array of current technologies is utilized to solve mathematical problems at the level of calculus and below. Exposure to the appropriate use and limits of technology is the main objective. The course is conducted in a laboratory format and is intended for prospective math majors. **Grading:** Credit/No Credit. **Prerequisite or Corequisite:** MATH 2315. *Course Rotation:* Fall.

### **2303 – Calculus for Business & Social Sciences – 3 credit hours**

Covers topics in elementary calculus and analytic geometry for students in business and social sciences. **Note:** Credit will be allowed for only one course of MATH 2315 or MATH 2303. **Prerequisite:** MATH 1013 *or* equivalent. *Course rotation:* Spring even years.

### **2315 – Analytic Geometry & Calculus I – 5 credit hours**

An introduction to analytic geometry, functions, limits, and continuity, the derivative and applications, the differential, integration and applications. **Prerequisites:** MATH 1124 *or* equivalent. *Course rotation:* All semesters. **General Education:** Intermediate – Inquiry & Analysis; Intermediate – Application & Integration of Knowledge.

### **2325 – Analytic Geometry & Calculus II – 5 credit hours**

Presents topics including techniques of integration, indeterminate forms and improper integrals, infinite series, analytic geometry, plane curves and polar coordinates. **Prerequisite:** MATH 2315.

*Course rotation:* Spring. **General Education:** Intermediate – Inquiry & Analysis; Intermediate – Application & Integration of Knowledge.

### **2403 – Experimental Statistics – 3 credit hours**

Emphasis is on modeling and inference. Basic concepts of probability are introduced and built upon in order to understand confidence intervals and hypothesis tests, including but not limited to t-tests, chi-square tests, and analysis of variance. Case studies will be used to explore design of experiments, data analysis, correlation, and regression. Spreadsheets and a statistical software package will be utilized. **Prerequisite:** MATH 1013 or equivalent. *Course rotation:* Spring. **General Education:** Intermediate – Application & Integration of Knowledge.

### **2503 – Discrete Mathematics – 3 credit hours**

An introduction to the formal mathematical study of proof through topics that include Boolean algebra, set theory, combinatorics, relations, functions, and graph theory. **Prerequisite:** MATH 1124 or equivalent. *Course rotation:* Fall.

### **2713 – Introduction to Computational Science – 3 credit hours**

Presents an introduction to the theory and application of computer programming. Basic control structures and object-oriented constructs are explored. Also listed as MATH 2713 and PHYS 2713. **Prerequisite:** MATH 1013, unless waiver requirements are met. *Course rotation:* Spring.

### **3003 – Linear Algebra – 3 credit hours**

Concepts and topics include systems of linear equations, vector spaces, linear transformations, matrices, and determinants. **Prerequisite:** MATH 2315. *Course rotation:* Spring. **General Education:** Intermediate – Communication.

### **3103 – Geometry for Middle Grades Teachers – 3 credit hours**

For future teachers of grades 5-9. Exploration of geometrical ideas using constructions, manipulatives, technology, and a variety of other investigative techniques. This emphasis on investigation, designed to set the stage for the discovery of key geometrical relationships, is central. Course content includes a panoramic view of geometry, basic ideas of geometry (Euclidean and non-Euclidean), discovering polygon relationships, tessellations, and motion geometry. **Prerequisite:** MATH 2223 or instructor's permission. *Course rotation:* Varies.

### **3113 – Geometry – 3 credit hours**

Concepts and topics explored in this class include constructions, the axiomatic method, Euclidean geometry, finite geometries, transformational geometry, and other non-Euclidean geometries. **Prerequisite:** MATH 2315. *Course Rotation:* Spring.

### **3121 – History's Great Problems – 1 credit hour**

A study of selected topics from the history and nature of mathematics from ancient to modern times, with an emphasis on important mathematical concepts and problems. **Prerequisite:** MATH 2503. *Course rotation:* Spring odd years.

### **3131 – History's Great Mathematicians – 1 credit hour**

A study of selected topics from the history and nature of mathematics from ancient to modern times, with an emphasis on the biographies and mathematical interests of prominent mathematicians. **Prerequisite:** MATH 2503. *Course rotation:* Spring even years.

### **3151 – Mathematics Education I – 1 credit hour**

Historical and current perspectives of mathematics education; an introduction to mathematics education organizations and their resources; and exposure to technologies used in mathematics. **Prerequisites:** MATH 2315 and EDUC 2123. *Course rotation:* Fall even years.

### **3161 – Mathematics Education II – 1 credit hour**

An introduction to place-based mathematics, ethno mathematics, and the integration of mathematics and social justice issues; and an emphasis on demonstrative mathematics in the school mathematics curriculum. *Prerequisites:* MATH 2315 and EDUC 2123. *Course rotation:* Fall odd years.

### **3203 – Probability & Statistics – 3 credit hours**

Concepts and topics explored in this class include a review of elementary properties of probabilities events, statistical densities and distributions, properties of random variables, expected values, law of large numbers, and sampling. Emphasis is on use of integrated statistical packages (or graphic calculator) to complement the statistical methodology. *Corequisite:* MATH 3314. *Course rotation:* Fall. *General Education:* Mastery – Inquiry & Analysis.

### **3314 – Calculus III – 4 credit hours**

Concepts and topics explored include multi-variable functions, partial derivatives, multiple integrals, vector analysis, and differential equations. *Prerequisite:* MATH 2325. *Course rotation:* Fall. *General Education:* Intermediate – Inquiry & Analysis; Intermediate – Application & Integration of Knowledge.

### **3323 – Differential Equations – 3 credit hours**

Concepts and topics explored in this class include first and second order ordinary differential equations, the Laplace transform, and matrix systems of ordinary differential equations. *Prerequisite:* MATH 2325. *Course rotation:* Spring. *General Education:* Mastery – Application & Integration of Knowledge.

### **4003 – History of Mathematics – 3 credit hours**

Selected topics from the history and nature of mathematics from ancient to modern times, with an emphasis on the historical development of mathematics through a study of biographies of prominent mathematicians and the evolution of important mathematical concepts. The fundamental role of mathematics in the rise, maintenance, and extension of modern civilization will also be considered. *Prerequisites:* MATH 2325 and MATH 3113. *Course rotation:* Varies.

### **4113 – Abstract Algebra – 3 credit hours**

Introduction to an axiomatic approach to the number systems and algebraic systems, such as groups, rings, fields, and Boolean algebra. *Prerequisite:* MATH 3003. *Course rotation:* Varies. *General Education:* Mastery – Communication.

### **4123 – Topology – 3 credit hours**

Introduction to the basic concepts of topology, including sets, topological spaces, connectedness, compactness, and separation axioms. *Prerequisite:* MATH 3314. *Course rotation:* Varies.

### **4203 – Number Theory – 3 credit hours**

Concepts and topics explored include first order axioms, factorization properties, theory of remainders, perfect numbers, Diophantine problems, and quadratic residues. *Prerequisite:* MATH 3003. *Course rotation:* Varies.

### **4303 – Engineering Mathematics – 3 credit hours**

Topics that appear in the study of the physical sciences and in engineering. Topics can vary but will include Green's theorem, Stokes' theorem, and the divergence theorem; complex variables; partial differential equations; and numerical methods. Particular emphasis is placed on the integration of technology into the mathematical process. Also listed as PHYS 4303. *Prerequisite:* MATH 2315. *Course rotation:* Alternate spring. *General Education:* Mastery – Application & Integration of Knowledge.

### **4403 – Mathematical Modeling – 3 credit hours**

Introduces the application and modeling processes of mathematics. Emphasizes continuous models to include deterministic and stochastic models. The use of computer packages and algorithms will be incorporated into the solution process. An individual project is required. **Prerequisite:** MATH 3314 or MATH 3323. **Course rotation:** Varies. **General Education:** Mastery – Application & Integration of Knowledge.

### **4413 – Foundations of Analysis – 3 credit hours**

Concepts and topics explored include metric spaces, limits, continuity, sequences and series, connectedness, compactness, uniform convergence, and the theorem of Stone-Weierstrass.

**Prerequisite:** MATH 3314. **Course rotation:** Varies. **General Education:** Mastery – Communication.

### **4513 – Advanced Calculus – 3 credit hours**

Concepts and topics explored in this course include the real and complex number systems, basic set theory and topology, sequences and series, continuity, differentiation, and Taylor's theorem.

Emphasis is on careful mathematical reasoning. **Prerequisite:** MATH 3314. **Course rotation:** Varies.

## **Music**

## **MUSI**

### **1151-4151 – Concert Choir – 1 credit hour**

An ensemble that focuses on the study and performance of thematic or larger choral literature. Emphasis is on choral musicianship skills in vocal production and aural theory. Some additional rehearsals required. Membership is by audition. **Course rotation:** Fall and spring.

### **1161-4161 – Band – 1 credit hour**

Ensemble engaged in the preparation and performance of a variety of music for wind and percussion instruments. The band will perform occasional concerts and play for various athletic events. Participation requires high school band experience, ability to read music, and permission of the band director. **Course rotation:** Fall and spring.

### **1171-4171 – The Lindsey Wilson College Singers – 1 credit hour**

Organized on professional standards to represent the College on and off campus as a performing arts ensemble, the choir studies and performs choral music from all eras, specializing in sacred a cappella anthem literature. Membership is by audition. Additional rehearsals required.

**Corequisite:** MUSI 1151. **Course rotation:** Fall and spring.

### **1201 – Piano Skills I – 1 credit hour**

Beginning instruction in piano. Sight-reading: be able to read elementary pieces in a variety of keys and meters in the style of a single line melody, unison melody, or melody with accompaniment. Technique: 5-finger scales and positions in all major keys; I, IV and V chords in all major keys. Repertoire: play the pieces in each appropriate unit of the text. Functional skills: transpose patterns up or down a whole step (or more); harmonize simple melodies with I, IV, and V chords. Create simple melodies over ostinato basses. **Prerequisite:** Instructor's permission. **Course rotation:** Fall.

### **1301 – Piano Skills II – 1 credit hour**

Continuation of Piano Skills I. Sight-reading: be able to read elementary pieces in a variety of keys and meters with a variety of keyboard patterns and hand positions, finger extensions and contractions, and crossing fingers in the style of a melody with accompaniment and two-voice style. Technique: play hands together two-octave scales in all major and harmonic minor keys; play I, IV and V chords in all minor keys; and play all major and minor arpeggios and inversions hand over hand. Repertoire: play the pieces in each appropriate unit of the text. Functional skills: transpose melodies up or down a whole step (or more) and harmonize simple melodies with I, IV

and V chords and add the first inversion ii chord. Play simple tunes by ear. **Prerequisite:** MUSI 1201 or instructor's permission. **Course rotation:** Spring.

### **1311-4311 – Private Piano – 1 credit hour**

Individual piano instruction for the student with previous study and recital performance experiences in piano. The requirement appropriate to the student's course level is contained in each syllabus. Takes students from their current level of ability and improves their technique and repertoire. Repeatable credit. (\$55 lesson fee) **Prerequisites:** Instructor's permission *and/or* audition. **Course rotation:** Varies.

### **1411-4411 – Private Voice – 1 credit hour**

Applied voice with emphasis on development of bel canto style of vocal production. Attention is given to the development of basic voice repertoire, good vocal habits, and diction. Repeatable credit. (\$55 lesson fee) **Course rotation:** Varies.

### **1501 – Voice – 1 credit hour**

Voice instruction with a laboratory component. Emphasis is given to developing repertoire, musicianship, sight-singing, and basic vocal production techniques. This course also serves to prepare advanced musicians for their auditioned or contracted roles within larger ensemble performances. Repeatable credit. **Prerequisite:** Instructor's permission *and/or* audition. **Course rotation:** Varies.

### **1512-4512 – Applied Music – 2 credit hours**

Applied lessons for the major instrument each semester. Includes participation in music program lab and recital series. Requires recital attendance. Senior recital required at 4000 level. **Course rotation:** Fall and spring.

### **1612 – Music Theory I – 2 credit hours**

Development of an applicable knowledge of music elements: rhythms and time signatures with division and subdivision, music notation, keyboard geography, major and minor scales and key signatures, intervals, chords in root position and inversion, dominant seventh chord structures, cadences, and non-harmonic tones with principles of diatonic harmony in four-part chorale writing. Includes development of sight-singing, ear-training, and keyboard harmony skills within a lab setting. Two hours lecture, two hours lab per week. Four hours a week. **Course rotation:** Fall.

### **1713 – Music Theory II – 3 credit hours**

Continuation of Music Theory I. More intensive study of seventh chords, modulation, two-part and three-part form, utilizing both analysis and writing of music compositions. Includes continual development of sight-singing, ear-training, and keyboard harmony skills within a lab setting. Two hours lecture, two hours lab per week. Four hours a week. **Prerequisite:** MUSI 1612. **Course rotation:** Spring.

### **2003 – Survey of Musical Masterworks – 3 credit hours**

A historical overview of music history of Western civilization from the Middle Ages to present day. Substantial listening from all periods of music will help students identify and understand basic music terms, form, style, elements, and genres. **Course rotation:** Fall and spring. **General Education:** Core – Inquiry & Analysis.

### **2103 – Music in American Culture – 3 credit hours**

A study in American music that explores its significance, diversity, innovation, and influence. The course seeks to continually incorporate and define milestones within U.S. history and the resulting influence of communal music making on the social strata of such a diverse culture. **Course rotation:** Spring. **General Education:** Core – Engaged Local & Global Citizenship.

### **2201 – Piano Skills III – 1 credit hour**

Continuation of Piano Skills II with more advanced skill level in sight-reading and technique. Play all major and harmonic minor scales a range of two octaves. Play dominant and diminished seventh chords in root position. Play repertoire comparable to *Arabesque* and *Ballade* of Burgmuller or *Toccatina* by Kabalevsky. Accompany vocal and instrumental solos selected from early grade collections used in public school music books. Harmonize melodies such as "Jingle Bells," "Silent Night," etc. **Prerequisite:** MUSI 1301 *or* instructor's permission. *Course rotation:* Fall.

### **2203 – Music Education P-5 – 3 credit hours**

Explores teaching methods and materials for classroom teachers in the elementary grades for integration of music into teaching strategies with emphasis given to multiple intelligence theory. Music foundational concepts that pertain to pitch, rhythm, scales, harmony, and keyboard orientation are included. Also listed as EDUC 2203. *Course rotation:* Fall. **General Education:** Core – Application & Integration of Knowledge.

### **2301 – Piano Skills IV – 1 credit hour**

Continuation of Piano Skills III with more advanced skill level in sight-reading; be able to read one or more parts of choral or instrumental literature. More technical fluency is required in the two-octave performance of major and minor scales, chords, and arpeggios. Play dominant and diminished arpeggios in root position. Play repertoire comparable to intermediate literature: Sonatinas 1-3, Op. 36 of Clementi. **Prerequisite:** MUSI 2201 *or* instructor's permission. *Course rotation:* Spring.

### **2533 – History of Music Literature – 3 credit hours**

An introductory study of music literature from the various historical periods to prepare the student for the study of music history. The course will integrate the musical parameters of form, analysis, and listening and combine significant biographical information on selected composers with detailed listening analyses of representative works. Course material will be taken from the Middle Ages to the modern period. **Prerequisite:** MUSI 1612 *or* instructor's permission. *Course rotation:* Spring. **General Education:** Core – Inquiry & Analysis.

### **2613 – Music Theory III – 3 credit hours**

Continuation of Music Theory II. Content includes Renaissance polyphony; eighteenth-century counterpoint; the fugue; borrowed chords and augmented sixth chords; variation, sonata, and rondo forms. Continual development of sight-singing, ear-training, and keyboard harmony skills within a lab setting. Two hours lecture, two hours lab per week. Four hours a week. **Prerequisite:** MUSI 1713. *Course rotation:* Fall.

### **2713 – Music Theory IV – 3 credit hours**

Continuation of Music Theory III. Content includes 9<sup>th</sup>, 11<sup>th</sup>, and 13<sup>th</sup> chords, altered dominants and chromatic mediants. Investigates the nineteenth- and twentieth-century concepts of expanded harmonic and chord vocabularies, post-romanticism, impressionism, twelve-tone composition, serialism, and music since 1945. Final development of sight-singing, ear-training, and keyboard harmony skills within a lab setting. Two hours lecture, two hours lab per week. Four hours a week. **Prerequisite:** MUSI 2613. *Course rotation:* Spring.

### **3102 – Music History I – 2 credit hours**

A study of the history of music in Western cultures beginning with musical life and thought in ancient Greece and Rome and extending to the time of the Enlightenment. The course is designed to establish a working knowledge of the development of musical styles and their historical importance. **Prerequisites:** MUSI 1612 *and* MUSI 2533. *Course rotation:* Fall.

### **3112 – Music History II – 2 credit hours**

Continuation of MUSI 3102. A study of the history of music in Western cultures from the time of the Enlightenment and the early Classic Period to the present day. **Prerequisite:** MUSI 2533.

*Course rotation:* Spring.

### **3123 – Worship – 3 credit hours**

Develops an understanding of Christian worship and church music through consideration of its biblical and historical backgrounds and through observation of its current practice. Experience in planning and conducting worship in a variety of settings. Also listed as RELI 3123. **Prerequisite:** RELI 1003. *Course rotation:* Spring even years.

### **3212 – Conducting – 2 credit hours**

An introduction to basic conducting skills with and without the baton. Topics include patterns, cueing, releases, fermatas, phrasing, dynamics, tempo, score reading as well as rehearsal techniques and management. Extensive use of video assessment for reflection and skill development.

**Prerequisite:** MUSI 1713. *Course rotation:* Fall.

### **3231 – Woodwinds Methods – 1 credit hour**

The purpose of this course is to give the student an introduction to the techniques of playing and teaching woodwinds. Teaching methods, proper playing position, embouchure, common problems and errors made by students, equipment, maintenance and repair of the instruments, performance literature, pedagogical and assessment techniques will be presented. **Prerequisite:** MUSI 1612.

*Course rotation:* Spring.

### **3241 – Brass Methods – 1 credit hour**

The purpose of this course is to give the student an introduction to the techniques of playing and teaching brass. Teaching methods, proper playing position, embouchure, common problems and errors made by students, equipment, maintenance and repair of the instruments, performance literature, pedagogical and assessment techniques will be presented. **Prerequisite:** MUSI 1612.

*Course rotation:* Fall.

### **3251 – Percussion Methods – 1 credit hour**

The purpose of this course is to give the student an introductory study, with actual playing experience, of the major percussion instruments. Performance literature and pedagogical and assessment techniques will be presented. **Prerequisite:** MUSI 1612. *Course rotation:* Spring.

### **3261 – Strings Methods – 1 credit hour**

A practical class involving the playing and techniques of teaching the bowed, orchestral string instruments (violin, viola, cello, and string bass) at an elementary level. Teaching materials, string pedagogy, and assessment techniques are also considered. **Prerequisite:** MUSI 1612. *Course rotation:* Fall.

### **3553 – Church Music Methods & Materials – 3 credit hours**

Methods and materials for the administration of the church music ministry. Primary emphasis is given to techniques for directing age-graded choral and instrumental ensembles. A conducting component is included within a practicum setting. Also explores technology applications.

**Prerequisite:** Instructor's permission. *Course rotation:* Spring odd years.

### **3TX1-3TX3 – Topics in Music – 1-3 credit hours**

In-depth study of a particular topic in music beyond the range of listed courses. Topics and approaches will vary according to the instructor and may include advanced or specialized ensembles, choral festival performance travel, symphonic literature, composer/genre studies, etc. Variable credit. This course may be repeated for credit, up to a total of nine hours. *Course rotation:* Varies.

#### **4522 – Marching Band Techniques – 2 credit hours**

A broad overview of all aspects of directing a high school marching band program. This course will include organization of all performing sections and support groups, drill techniques, modern show design, and judging techniques in the competitive arena. Assessment of performance ensembles is also considered. Music software and technology will be integrated.

#### **4532 – Choral Pedagogy & Literature – 2 credit hours**

The teaching of voice within the choral ensemble from elementary school through high school. A survey of standard choral literature from all historical periods for choral ensembles. Assessment measures will also be considered.

#### **4542 – Orchestration & Arranging – 2 credit hours**

Techniques of transcribing, arranging, and scoring music for various vocal and instrumental combinations. Music software and technology will be integrated. **Prerequisite:** MUSI 2713.

#### **4613 – Teaching Elementary School Music – 3 credit hours**

This course is designed to prepare music education majors for teaching and managing the elementary music classroom. It incorporates appropriate elementary music instructional strategies, materials, and classroom management skills. This course also includes strategies for building a successful music program. Includes field hours. **Prerequisite:** Admission to the Teacher Education program.

#### **4623 – Teaching Music in Secondary Schools – 3 credit hours**

This course is designed to prepare music education majors for teaching and managing the secondary music classroom. It incorporates appropriate instrumental and choral instructional strategies, materials, and classroom management skills. This course also will explore the skills needed to administer and maintain a successful music program. Includes field hours. **Prerequisite:** Admission to the Teacher Education program.

### **Nursing: Pre-Licensure BSN**

### **NURS**

#### **2002 – Introduction to Professional Nursing – 2 credit hours**

This course provides an overview of student success strategies to be utilized for program and NCLEX success. The student is introduced to concepts and theories underlying professional nursing practice with a focus on role expectations and behaviors. The student is familiarized with the philosophy and program outcomes of the pre-licensure BSN program. **Prerequisite:** Admission to the pre-licensure BSN program. *Course rotation:* Fall.

#### **2013 – Health Assessment – 3 credit hours**

Prepares the student to conduct a comprehensive, patient-centered, spiritually and culturally appropriate holistic assessment of individuals across the lifespan. Effective communication through written, verbal, nonverbal, and emerging technologies is emphasized. Priority is placed on the collection, processing, and interpretation of subjective and objective client data. The nursing process as the organizing framework for nursing practice and the role of the nurse as provider of care are explored. Opportunities are provided to apply concepts and skills with clients in the clinical laboratory and the clinical setting. **Prerequisites:** BIOL 2614, BIOL 2624, NURS 2002, and NURS 2024. *Course rotation:* Spring. *Theory hours:* 2. *Total clinical hours:* 45.

#### **2024 – Foundations of Professional Practice – 4 credit hours**

Builds upon concepts and skills presented in NURS 2002. Introduces theoretical and evidence based concepts, standards, and skills basic to beginning professional nurse practice. Utilization of the nursing process, clinical reasoning, critical thinking, and caring in the provision and coordination of patient-centered care are emphasized. The student is introduced to psychomotor activities for basic care of the simulated client in the laboratory. Clinical experiences in long-term

care settings provide opportunities for application of theory to practice. **Prerequisite:** Admission to the pre-licensure BSN program. **Course rotation:** Fall. **Theory hours:** 2. **Total clinical hours:** 90.

### **3013 – Pharmacology – 3 credit hours**

Presentation of the principles of pharmacotherapeutics applicable to professional nursing practice. Emphasis is upon the nurse's collaborative role and responsibilities related to safe medication administration. Focus is placed upon understanding the physiological actions of drugs, expected client responses, common and major adverse effects, contraindications, and implications for nursing. Drug dose computation is included in the course. **Prerequisites:** BIOL 2104, BIOL 2614, BIOL 2624, NURS 2013, and NURS 3203. **Course rotation:** Fall.

### **3105 – Adult Health Nursing I – 5 credit hours**

Provides students with theory and evidence pertinent to managing adult health problems. Provision of safe, patient-centered care through the application of clinical reasoning, critical thinking, and caring is emphasized. Students communicate effectively, engage in interprofessional collaboration, and utilize information management and technologies to provide safe, patient-centered care to adults with acute and chronic alterations in health. Learning experiences are provided in the simulation laboratory and in the acute care clinical setting. **Prerequisites:** BIOL 2104, BIOL 2614, BIOL 2624, NURS 2013, and NURS 3203. **Course rotation:** Fall. **Theory hours:** 3. **Total clinical hours:** 90.

### **3203 – Pathophysiology – 3 credit hours**

Applies acquired knowledge from the basic sciences to alterations in pathophysiology and diseases. Students examine alterations in physiological processes that disrupt or impair health and the body's response to illness and disease. Disease etiology, incidence/prevalence, risk factors, and clinical manifestations are examined. **Prerequisites:** BIOL 2614, BIOL 2624, NURS 2002, and NURS 2024. **Course rotation:** Spring.

### **3305 – Maternal/Newborn/Family-Centered Nursing – 5 credit hours**

Provides the student with nursing theory and evidence-based practice principles needed to recognize and promote health during pregnancy and childbirth. Focus is on pregnancy and childbirth as natural processes. High-risk obstetrical clients and subsequent nursing care are identified and discussed. Students demonstrate clinical reasoning, critical thinking, and caring to design and deliver safe, spiritually and culturally appropriate, patient-centered care. Clinical practice takes place in a variety of settings to allow for learning experiences that emphasize clinical prevention and health promotion of the childbearing family. **Prerequisites:** NURS 3013 and NURS 3105. **Course rotation:** Spring. **Theory hours:** 3. **Total clinical hours:** 90.

### **3355 – Pediatric/Family-Centered Nursing – 5 credit hours**

Assists students in meeting the health care needs of children and families experiencing potential and actual alterations in health. Course content includes evidence-based, spiritually and culturally appropriate, patient-centered care of the child from infancy to adolescent years. Emphasis is placed on clinical prevention, health promotion, disease prevention, and illness management. Clinical practice takes place in a variety of settings to allow for learning experiences that emphasize clinical prevention and health promotion of the childrearing family. **Prerequisites:** NURS 3013 and NURS 3105. **Course rotation:** Spring. **Theory hours:** 3. **Total clinical hours:** 90.

### **4003 – Nursing Research – 3 credit hours**

Provides an overview of the research process and utilization of current nursing research in evidence-based practice. Issues of scientific merit and relevance of research to clinical practices will be explored. Emphasis is placed on the role of research in clinical problem solving, practice, and evaluation. **Prerequisites:** MATH 2403, PSYC 1003, and all 3000 level nursing courses or instructor's permission. **Course rotation:** Fall.

#### **4105 – Mental Health Nursing – 5 credit hours**

Prepares students to provide spiritually and culturally appropriate, client-centered care to individuals across the lifespan experiencing acute and chronic mental/behavioral health problems. Students examine issues and trends affecting the provision of care to patients with common mental disorders or mental health needs. Clinical experiences take place in a variety of health care settings. **Prerequisites:** All 3000 level nursing courses. **Course rotation:** Fall. **Theory hours:** 3. **Total clinical hours:** 90.

#### **4155 – Community Health Nursing – 5 credit hours**

Includes health promotion and primary, secondary, and tertiary prevention as applied to the nursing care of individuals, families, groups, and populations in the community. Clinical practice is focused on evidence-based nursing practice with groups and populations. The concept of system is applied to health and community and is evaluated in light of nursing theories and public health frameworks. Community assessment and collaboration with community partners are explored as essential components in community-focused clinical decision-making. Demographic and epidemiologic data are explored to identify populations at risk. Trends and issues in public health, including access to resources and delivery of care, are addressed. Students analyze political, economic, social, and environmental factors that influence community and global health. Clinical experiences are designed and provided in a variety of community settings. **Prerequisites:** All 3000 level nursing courses. **Course rotation:** Fall. **Theory hours:** 3. **Total clinical hours:** 90. **General Education:** Intermediate – Communication; Intermediate – Engaged Local & Global Citizenship.

#### **4205 – Leadership in Nursing – 5 credit hours**

The role of the professional nurse as a leader and manager of care in the nursing profession and health care delivery is analyzed. Emphasis is placed on the three distinct roles that emerge from the nursing discipline. These include provider of care, manager of care, and member of the profession. Healthcare and nursing are viewed from the service and business context with exploration of specific leadership and management skills. Contemporary issues related to health care delivery are explored with an examination of ethical, legal, and regulatory processes. Knowledge and behaviors consistent with professional nursing practice are stressed within a paradigm that views the nurse as a leader and collaborator within the interprofessional team. **Prerequisites:** NURS 4003, NURS 4105, and NURS 4155. **Course rotation:** Spring. **Theory hours:** 3. **Total clinical hours:** 90. **General Education:** Mastery – Communication; Mastery – Inquiry & Analysis; Mastery – Engaged Local & Global Citizenship; Mastery – Application & Integration of Knowledge.

#### **4307 – Adult Health Nursing II – 7 credit hours**

Provides students with theory and evidence pertinent to managing complex adult health problems. Emphasis is on the provision of safe delivery of patient-centered care through the application of clinical reasoning, critical thinking, and caring. Students communicate effectively, engage in interprofessional collaboration, and utilize information management and technologies to provide safe, patient-centered care to adults with complex acute and chronic alterations in health. Learning experiences are provided in the simulation laboratory and in the acute care clinical setting. **Prerequisites:** NURS 4003, NURS 4105, and NURS 4155. **Course rotation:** Spring. **Theory hours:** 3. **Total clinical hours:** 180. **Note:** Because this course integrates the 90 of the 120 hour Kentucky Board of Nursing (KBN) required practicum experience, it must be taken during the semester immediately prior to graduation.

#### **4402 – Nursing Synthesis – 2 credit hours**

Provides a culminating experience in which students synthesize nursing and general education knowledge. The course provides core nursing content review and interactive tools to assist students in identifying nursing content strengths and weaknesses. Students will demonstrate focused study and apply interactive exam techniques prior to taking the National Council Licensure Examination (NCLEX). **Prerequisites:** NURS 4003, NURS 4105, and NURS 4155.

**3012 – Transition to Professional Nursing Practice – 2 credit hours**

Provides an overview of the nursing profession. Concepts underlying professional nursing practice with a focus on role expectations and behaviors are introduced. Students must enroll in this course during the first session of the first term of enrollment. *Prerequisite:* Admission to the RN BSN program. *Theory hours:* Two.

**3024 – Comprehensive Health Assessment – 4 credit hours**

Prepares students to conduct a comprehensive, patient-centered, spiritually and culturally appropriate, holistic assessment of individuals across the lifespan. Effective communication through written, verbal, nonverbal, and emerging technologies is emphasized. Priority is placed on the collection, processing, and interpretation of subjective and objective client data. The nursing process as the organizing framework for nursing practice and the role of the nurse as provider are explored. *Theory hours:* Four.

**3114 – Complex Disease Concepts & Care – 4 credit hours**

Applies acquired knowledge from the basic sciences to alterations in pathophysiology and diseases. Students examine alterations in physiological processes that disrupt or impair health. Disease etiology, incidence/prevalence, clinical manifestations, and pharmacotherapeutics appropriate for evidence-based practice are examined. *Theory hours:* Four.

**3122 – Healthcare Informatics – 2 credit hours**

Creates an opportunity to examine the interdisciplinary use of technology-based innovations in healthcare services. Focus will be on use of informatics for planning and management of nursing, public health, and healthcare in general. Students will explore legislative and political issues related to informatics on state, national, and global levels. *Theory hours:* Two.

**3313 – Population Health – 3 credit hours**

Includes health promotion and primary, secondary, and tertiary prevention as applied to the care of individuals, families, groups, and populations in the community. Community assessment and collaboration with community partners are explored as essential components in community-focused clinical decision-making. Demographic and epidemiologic data are explored to identify populations at risk. Trends and issues in public health, including access to resources and delivery of care, are addressed. *Theory hours:* Three.

**4213 – Global Health – 3 credit hours**

Provides an opportunity to examine and assess health among varying cultures in a growing global healthcare system. Students will analyze cultural, political, economic, social, and environmental factors that influence global health. Experiential learning will include activities that examine surveillance of disease, public health response, public health risks, and control measures. Health guidelines and international health services (i.e. Healthy People, 2020, WHO, CDC) will be explored. *Theory hours:* Three.

**4323 – Healthcare Ethics – 3 credit hours**

Includes analysis of ethics (i.e. justice, beneficence, maleficence) required for healthcare practice as well as ethical situations encountered in nursing practice. Emphasis will be placed on examination of ethical health scenarios (i.e. genetics, end of life care) and responses to those scenarios to provide quality care to clients, families, and communities. *Theory hours:* Three. **General Education:** Intermediate – Engaged Local & Global Citizenship; Intermediate – Application & Integration of Knowledge.

**4413 – Art & Science of Leadership – 3 credit hours**

The role of leader and manager of care in the healthcare delivery system is analyzed. The interprofessional delivery of healthcare is viewed from the service and business context with

exploration of leadership and management skills. Contemporary issues related to healthcare delivery are explored with an examination of legal and regulatory processes. *Theory hours:* Three.

#### **4423 – Evidence-Based Practice – 3 credit hours**

Provides an overview of the research process and utilization of current nursing research in evidence-based practice. Issues of scientific merit and relevance of research to clinical practices will be explored. Emphasis is placed on the role of nursing research and evidence in clinical problem solving, practice, and evaluation. *Prerequisite:* NURN 4413. *Corequisite:* MATH 2403. *Theory hours:* Three. *General Education:* Intermediate – Communication; Intermediate – Inquiry & Analysis.

#### **4614 – Organizational & Systems Leadership – 4 credit hours**

Applies leadership techniques to address challenges encountered in healthcare organizations. Systems theories are assessed and utilized to manage complex health challenges. Emphasis is on the provision of safety and quality through application of clinical reasoning, critical thinking, and caring. *Theory hours:* Four. *General Education:* Mastery – Communication; Mastery – Inquiry & Analysis; Mastery – Engaged Local & Global Citizenship; Mastery – Application & Integration of Knowledge.

#### **4622 – Interprofessional Education & Collaboration – 2 credit hours**

Involves effective education and communication strategies to transform health services. Focus will be on educational strategies for teaching and training, therapeutic communication techniques, and a holistic approach to interaction with other healthcare professionals. Students will participate in case scenarios, debates, and discussions that create immersion opportunities for understanding education, collaboration, and communication concepts. *Theory hours:* Two. *General Education:* Mastery – Communication; Mastery – Engaged Local & Global Citizenship.

#### **4713 – Nursing Certification & Credentials – 3 credit hours**

Provides a culminating experience in which students synthesize nursing and general education knowledge. The course provides specialty nursing content review and an opportunity to identify certification or credentialing opportunities. Students will demonstrate focused study and apply learning strategies prior to taking a specialty nursing certification exam. *Theory hours:* Three.

#### **PN00 – Internship – 3-12 credit hours**

Provides an experiential learning opportunity that allows the student to grow in his/her communication, critical thinking, and confidence as a nursing leader. It is expected that during the internship, the student will begin to take responsibility for quality enhancement opportunities and will experience different populations and issues in the healthcare system. Emphasis is placed on the three distinct roles that emerge from the nursing discipline, including provider of care, manager of care, and member of the profession. *Theory hours:* Variable 3-12.

### **Nutrition**

**NUTR**

#### **1003 – Fundamentals of Nutrition – 3 credit hours**

This course will review the role of nutrition in disease prevention and health promotion. This will include a study of the individual nutrients and how the body utilizes these nutrients. There will be a comprehensive analysis of facts vs. fallacies in contemporary nutrition. A focus on the relation of nutrition and exercise on both the mind and the body will be reviewed. *General Education:* Core – Application & Integration of Knowledge.

### **Philosophy**

**PHIL**

#### **1003 – Introduction to Philosophy – 3 credit hours**

Survey of the basic questions of knowledge and existence. Explores methods of philosophical reasoning in addressing human identity, worldview, epistemology, hermeneutics, natural law, the

problem of evil, free will, and human nature. Includes both traditional and contemporary voices.  
**General Education:** Core – Inquiry & Analysis.

### **3003 – Ethics – 3 credit hours**

Explores questions of the nature and ground of virtue, wisdom, and the good life. Considers ethical theories including deontology, utilitarianism, and virtue ethics. Particular attention is paid to making principled choices in practical situations. Includes responsibilities of the individual and society in both traditional and contemporary moral debates. **Recommended:** Sophomore classification or higher. **Course Rotation:** Spring. **General Education:** Intermediate – Engaged Local & Global Citizenship.

## **Physical Education**

**PHED**

**Note:** Students interested in majoring in Physical Education or Physical Education/Health should be aware that these majors require acceptance into and compliance with the standards set forth by the Education division.

### **1201 – First Aid – 1 credit hour**

Practice of first-aid procedures and prevention/care of injuries. **Course rotation:** Fall and spring.

### **1802 – Special Topics in Physical Activity – 2 credit hours**

Activity normally features skill development in a specific recreational area or sport. Emphasis is on participation, development or camaraderie, strategy, and team play. Course may be repeated. **Course rotation:** Varies.

### **2012 – Basic Injury Care for the Coach & Trainer – 2 credit hours**

Study of symptoms, prevention, immediate treatment, and long-term care in athletic injuries. **Course rotation:** Spring of odd years.

### **2013 – Nutrition – 3 credit hours**

Examines nutritional values and practices. Topics for discussion include, but are not limited to, the following: basic food groups, food nutrients, weight problems, and food labels. **Course rotation:** Spring of odd years.

### **2053 – Foundations of Health & Physical Education – 3 credit hours**

Provides historical and philosophical perspective for health and physical education. **Course rotation:** Spring of even years.

### **2133 – Motor Learning & Development – 3 credit hours**

Teaches various stages of motor learning as it applies to the physical education student. The development of children in grades P-12 will be discussed with issues that this brings for their physical movement abilities. **Prerequisite:** EDUC 2123. **Course rotation:** Fall of odd years.

### **2253 – Personal, School & Community Health – 3 credit hours**

Incorporates personal and school health into the wider scope of community health. Needs-assessment on an individual, school, and community basis will be developed. Students will be actively engaged in planning program design for themselves and others. **Prerequisite:** EDUC 2123. **Course rotation:** Spring of even years.

### **2553 – Fitness, Wellness & Conditioning – 3 credit hours**

The course provides a comprehensive understanding of theory and practical application of critical areas for lifelong physical fitness, wellness, and physical conditioning (cardio, respiratory endurance, muscular strength and endurance, flexibility, body composition). Nutrition, weight management, cardiovascular disease, and injury prevention will be included. Interactive learning and laboratory experiences for individual wellness assessment, practice of exercise systems

including dance and recreational activities, and improvement of body function will allow students to assess critically lifetime activities as components of a wellness program. *Course rotation:* Fall and spring of odd years.

### **3002 – Psychology/Sociology of PE/Sport – 2 credit hours**

Surveys psychology/sociology and the varied responsibilities of the teacher and coach as they relate to these fields. Topics of discussion include areas such as characteristics, type of personality, philosophy, history, organization, and administration, as well as current issues. *Prerequisite:* EDUC 2123. *Course rotation:* Fall of even years.

### **3013 – Exercise Physiology – 3 credit hours**

Acquaints the student with physiological changes which occur during and after physical activity. The physiological changes include circulatory, respiratory, endocrine, and nervous systematic adjustments. Students are recommended to have successfully completed the biology general education requirement before taking this course. *Course rotation:* Fall of even years.

### **3023 – Kinesiology – 3 credit hours**

Study of the human musculature and the body's structural relationship to exercise and skilled motor performance. *Course rotation:* Fall.

### **3103 – Epidemiology – 3 credit hours**

Examination of the infectious diseases and disorders that are currently prevalent, as well as address the history of these diseases. Designed to inform the content knowledge required in public school teaching of P-12 health teachers. Emphasis is placed on incorporating the material in instructional design. *Course rotation:* Fall of odd years.

### **3143 – Adaptive Physical Education for PE/Health Majors – 3 credit hours**

The social, psychological, and physiological aspects of the mentally retarded, the gifted, and the visually, aurally, physically, emotionally, and neurological disabled are discussed. Will address how to best meet the needs of these students in a physical movement environment. Includes field hours. *Prerequisites:* EDUC 3403, PHED 2053, and admission to the Teacher Education program. *Course rotation:* Fall of even years.

### **3163 – Skills & Techniques of Team & Lifetime Activities – 3 credit hours**

Fundamental skills and strategies for team, individual, and dual activities. *Prerequisite:* Admission to the Teacher Education program. *Course rotation:* Fall of even years.

### **3203 – Physical Education/Health Curriculum & Methods for Elementary P-5 – 3 credit hours**

Explores principles of instruction for grades P-5 in health and physical education. Students will learn to integrate content knowledge of child health, nutrition, and physical fitness in designing effective learning experiences for elementary students. Special emphasis is given to teaching methods and curriculum materials considered best practice for grades P-5 to promote healthy lifestyles. Includes field hours. *Prerequisites:* Admission to the Teacher Education program and EDUC 3413 (P-5 majors) or EDUC 3403 (Physical Education majors). *Course rotation:* Spring.

### **3402 – Fundamentals of Coaching – 2 credit hours**

Methods of teaching sport skills, and sport management skills. The purpose will be to promote athletes' growth, development, and learning, while teaching age-appropriate skills. Includes analysis of National Coaching Standards and an examination and analysis of the philosophy and ethics of coaching. Students will examine how values are communicated, and how to facilitate positive social and emotional growth. Students will write personal statements on their philosophy of coaching and will work through ethical dilemmas in sport. *Prerequisite:* EDUC 2123. *Course rotation:* Spring of even years.

### **4023 – Middle/Secondary Methods for Physical Education – 3 credit hours**

Explores principles of instruction, teaching methods, and curriculum materials as prevalent in public schools, grades P-12. Includes field hours. **Prerequisite:** Admission to the Teacher Education program. **Course rotation:** Spring of odd years. **General Education:** Intermediate – Application & Integration of Knowledge.

### **4103 – Contemporary Health Issues – 3 credit hours**

Examines current issues in health by means of special speakers and other resources. Issues explored include AIDS, world population, global warming, and others that the future will dictate. **Prerequisite:** PHED 3103. **Course rotation:** Spring of odd years.

## **Physical Science**

**PHSC**

### **1104 – Introduction to Physical Science – 4 credit hours**

Introduces the physical science disciplines of physics and chemistry. Specific topics include physical units, motion, force, energy, heat and thermodynamics, waves, electricity and magnetism, optics, atomic and nuclear physics, the periodic table, the chemical elements, chemical bonding, chemical equations, and simple stoichiometry. A one-hour laboratory series is included, which correlates with the course's concepts. **Prerequisites:** MATH 0923 *or* minimum ACT mathematics sub-score of 20 *or* an Accuplacer Algebra score of 53-120 *and/or* an Accuplacer college-level mathematics score of 44-85. **Course rotation:** Varies.

### **1204 – Earth Science – 4 credit hours**

Integrates study of the general concepts in astronomy, geology, meteorology, and oceanography. Introduces the student to the scientific method of problem-solving and acquaints the student with the applications of earth science to everyday living. A one-hour laboratory series is included, which correlates with the course's concepts. **Course rotation:** All semesters. **General Education:** Core – Inquiry & Analysis.

## **Physics**

**PHYS**

### **2114 – College Physics I – 4 credit hours**

A non-calculus based introduction to models of physical phenomena including conservation of energy, three-phase matter, mechanical energies, oscillations, particle models of matter, bond energy, and thermal energy, thermodynamics, ideal gas, entropy, Bernoulli's principle, solid-state energy-density, and linear transport. Emphasis will be placed on conceptual analysis, graphical interpretation, and communication. A laboratory component is included. **Prerequisite:** MATH 1124 *or* equivalent. **Course rotation:** Fall.

### **2124 – College Physics II – 4 credit hours**

A continuation of College Physics I, including the following physical models: Galilean space-time, momentum conservation, angular momentum conservation, Newtonian mechanics, harmonic motion, electrical and magnetic models including fields, forces, and potentials, waves, interference, and optics. A laboratory component is included. **Prerequisite:** PHYS 2114. **Course rotation:** Spring.

### **2414 – General Physics I – 4 credit hours**

A calculus-based introduction to models of physical phenomena including conservation of energy, three-phase matter, mechanical energies, oscillations, particle models of matter, bond energy, and thermal energy, thermodynamics, ideal gas, Galilean space-time, momentum conservation, angular momentum conservation, Newtonian mechanics. Emphasis will be placed on conceptual analysis, problem solving, graphical interpretation, and communication. A laboratory component is included. **Prerequisite:** MATH 2315 *or* equivalent. **Course rotation:** Spring.

### **2424 – General Physics II – 4 credit hours**

A continuation of General Physics I, this course presents an introduction to Bernoulli's principles,

solid-state energy-density, linear transport, harmonic motion, electrical and magnetic models including fields, forces, induction, and potentials, harmonic waves, interference, and optics. A laboratory component is included. **Prerequisite:** PHYS 2414. **Course rotation:** Fall.

### **2713 – Introduction to Computational Science – 3 credit hours**

Presents an introduction to the theory and application of computer programming. Basic control structures and object-oriented constructs are explored. Also listed as MATH 2713 and PHYS 2713. **Prerequisite:** MATH 1013, unless waiver requirements are met. **Course rotation:** Spring.

### **3103 – Statics – 3 credit hours**

Study of forces on objects at rest. An interdisciplinary (Biology, Chemistry, and Psychology) research project. **Prerequisites:** Senior standing *and* approval of the Psychophysiology faculty. **General Education:** Mastery – Communication; Mastery – Inquiry & Analysis; Mastery – Engaged Local & Global Citizenship; Mastery – Application & Integration of Knowledge.

## Sociology

## SOCl

**1003 – Principles of Sociology – 3 credit hours**

Introduction to the structure of social life, culture, types of group interaction, social institutions, stratification, power relationships, and analysis of the process of social and cultural change. **Course rotation:** All semesters.

## Spanish

## SPAN

**1013 – Elementary Spanish I – 3 credit hours**

Development of the four language skills (listening, speaking, reading, and writing) and culture. Communicative skills will be emphasized. Restricted to students with limited to no proficiency in the language. **Course rotation:** Fall. **General Education:** Core – Engaged Local & Global Citizenship.

**1023 – Elementary Spanish II – 3 credit hours**

Continued development of the four language skills (listening, speaking, reading, and writing) and culture. Communicative skills will be emphasized. **Prerequisite:** Elementary Spanish I or placement test score. **Course rotation:** Spring. **General Education:** Core – Engaged Local & Global Citizenship.

**2013 – Spanish Language, Literature & Culture – 3 credit hours**

Offers a broad, trans-cultural and interdisciplinary introduction to major periods of Spanish and Hispanic history, society, culture, and literature with the goals of examining the uniqueness of Spanish literature from the Middle Ages to the present, and of heightening awareness of Spanish diversity via the reading or viewing and discussion of current events, short stories, poems, short novels, and films from Spain and Latin America. **Note:** Native speakers of Spanish will be allowed to enroll in SPAN 2013 if the literature and culture studied are from a Spanish-speaking country different from the student's own. **Course rotation:** Spring, contingent upon student enrollment.

**2033 – Intermediate Spanish I – 3 credit hours**

First-semester intermediate level review and continued development of the four language skills

taught through and/or accompanied by a study of culture. Communicative skills will be emphasized. **Prerequisite:** SPAN 1023 *or* placement test score *or* instructor's permission. **General Education:** Core – Application & Integration of Knowledge.

### **2043 – Intermediate Spanish II – 3 credit hours**

Second-semester intermediate level review and continued development of the four language skills taught through and/or accompanied by a study of culture. Communicative skills will be emphasized. **Prerequisite:** SPAN 2033 *or* placement test score *or* instructor's permission.

### **3013 – Spanish Conversation – 3 credit hours**

Designed to improve oral proficiency. Conducted in Spanish. **Prerequisite:** SPAN 2033.

### **3023 – Hispanic Film – 3 credit hours**

A study of contemporary Spanish culture through the critical analysis of prominent Spanish films. Students will analyze notions related to the individual and national identity, paying special attention to cultural and political aspects. Conducted in Spanish. **Prerequisite:** SPAN 2033.

### **3033 – Latin American Culture & Civilization – 3 credit hours**

A study of Latin American civilization and culture through the analysis of the arts, music, geography, politics, and history. Conducted in Spanish. **Prerequisite:** SPAN 2033.

### **3043 – Medieval-Golden Age Spain – 3 credit hours**

### **3113 – Introduction to Spanish Literature – 3 credit hours**

Study of authors from 12<sup>th</sup> to 21<sup>st</sup> century Spain. Conducted in Spanish. **Prerequisite:** SPAN 2033.

### **3123 – Introduction to Latin American Literature – 3 credit hours**

A study of authors from 15<sup>th</sup> to 21<sup>st</sup> century Latin America. Conducted in Spanish. **Prerequisite:** SPAN 2033. **General Education:** Intermediate – Engaged Local & Global Citizenship.

### **3803 – Special Topics in Spanish – 3 credit hours**

An advanced study of special topics in literature or culture in Spain and/or Latin America. Conducted in Spanish. **Prerequisite:** SPAN 2033.

### **4103 – Advanced Grammar & Composition – 3 credit hours**

Designed to improve proficiency in all four language skills with an emphasis on grammar. Conducted in Spanish. **Prerequisite:** SPAN 2033. **Course rotation:** Spring

### **3000-4000 – Study Abroad – 1-6 credit hours**

Students may take courses offered by other accredited colleges, or by Lindsey Wilson College, if available, for 1-6 credit hours toward Spanish minor. Offers students the opportunity to travel to a Spanish-speaking country and to be immersed by language and culture. **Prerequisites:** Permission of the program coordinator *and* pre-approval by the Registrar's Office.

## **Study Skills**

## **STSK**

### **1003 – College Study Skills – 3 credit hours**

Assists students in becoming more efficient at identifying and practicing skills and behaviors that contribute to college success. Strongly recommended for students who have a low high school grade point average or who have been out of high school for five or more years. May also be taken for elective credit by any student who desires to learn how to become a better student. **Note:** Some sections of STSK 1003 will be designated by ESL. These sections are recommended for

international students. Students are not allowed to withdraw from this course as it is a skill-building course.

## **Sustainability & Energy Applications**

**SEA**

### **1103 – Global Energy Issues – 3 credit hours**

This is a cross-disciplinary course open to all majors. The course critically examines issues associated with the technical, economic, societal, environmental, and geopolitical aspects of energy and sustainability. The course is taught through lectures, discussions, hands-on activities, field trips, and invited speakers. *Course rotation:* Fall. **General Education:** Core – Application & Integration of Knowledge.

### **1203 – Solutions in Sustainability – 3 credit hours**

This is a cross-disciplinary course open to all majors. The course critically examines issues associated with the technical and environmental aspects of energy and sustainability. The course will take a comprehensive look at all ten recognized energy sources and will focus on five alternative and renewable resources and how they can help move our campus forward in sustainability. The course is taught through lectures, discussions, hands on activities, field trips, and invited speakers, in both on and off campus classroom settings. **Prerequisite:** Instructor's permission. *Course rotation:* Fall and spring. **General Education:** Intermediate – Inquiry & Analysis.

### **2103 – Introduction to Electrical Energy Systems – 3 credit hours**

This course is designed to provide students with an understanding of AC/DC electrical theory as it relates to alternative and renewable energy systems. This course will provide a basic mechanical background and a working knowledge of tools and applications, OSHA safety 10, and workplace safety and will provide the environment for technical thinking and problem solving skill applications in a project-based learning environment. *Course rotation:* Spring.

### **2203 – Alternative Energy Analysis – 3 credit hours**

This course will provide an introduction to the history of various energy technologies – oil, coal, natural gas, and wind – including geography, site analysis, resources, and restrictions. Students will analyze current energy systems in terms of their applications and status. The process will include project recommendations based on the site, structures, and both existing and proposed features. Analysis will be project-based and will require cost comparisons of various energy solutions and calculations involving system comparisons. **Prerequisites:** SEA 1203, SEA 2103, and instructor's permission. *Course rotation:* Spring.

### **3013 – Research in Bio-Energy – 3 credit hours**

This course is designed to provide an introduction to the fundamentals of bio fuels and bio energy. Emphasis is placed on bio-diesel: proper handling and usage guidelines, basic chemistry of bio-fuels, production methodology, and the socio-enviro-economic impacts. Provides students with an historical perspective and investigations into bio-fuels. Upon completion students will be able to demonstrate a general understanding of bio-fuels. Applied research project required. **Prerequisites:** SEA 1103 or SEA 1203 and SEA 2103. *Course rotation:* Fall. **General Education:** Intermediate – Inquiry & Analysis; Intermediate – Application & Integration of Knowledge.

### **3103 – Building Energy Technology Applications – 3 credit hours**

This course will be a broad building-science course. It will present a solid scientific foundation upon which students use the same techniques as inspectors and auditors to build an accurate understanding of modern buildings. Includes discussion of technologies, typical installations and their defects, audit procedures, retrofit recommendations, energy efficiency, building durability, and human health using the BPI certification model. **Prerequisites:** SEA 1203, SEA 2203, and instructor's permission. *Course rotation:* Fall.

### **3203 – Environmental Safety & Energy Policy – 3 credit hours**

This course focuses on the key policy instruments utilized to foster use of and development for renewable energy. It covers the basic introduction to public energy policy, various levels of policy making, and the scope of policy tools related to renewable energy, air and water quality, environmental hazards related to energy, and electricity production. The goal is to develop the analytical framework to understand the variety of impacts, range and scope of policy and a practical foundation for understanding the history of safety and energy policy. *Course rotation:* Spring.

### **3303 – Topics in Sustainability & Energy Applications – 3 credit hours**

This course is designed to provide students with an understanding of and provide the environment for technical thinking and problem solving skill applications in a project-based learning environment. *Prerequisites:* SEA 1203, SEA 2103, SEA 3013, and instructor's permission. *Course rotation:* Spring.

### **4904 – Sustainability & Energy Policy Capstone Project – 4 credit hours**

The goal of this course is to provide a culminating experience where students apply the knowledge, skills, and methods acquired through their studies to the mastery of an energy and sustainability policy topic of their choosing. Students will work independently to discover fully the science, technology, economics, and politics underlying the topic chosen. They will identify stakeholders, engage with others, form their own well-supported opinion, and seek opportunities to participate publicly. The arc of the project includes a rigorous and in-depth examination of the issue, development of a well-articulated position on the issue, an in-person presentation to an audience engaged on the issue of the student's findings, recommendations, and a recorded presentation that will be made available on public media (YouTube) and program website. *Prerequisites:* Senior standing in the major and instructor's permission. *Course rotation:* Spring.

### **PN03 – Energy Co-op/Internship – 3 credit hours**

This course is designed to provide students with the opportunity to work in the energy sector for the semester. It will provide them with valuable experience and the opportunity to apply knowledge gained from previous courses and to engage their personal vision and apply adaptive changes in lifestyles. *Prerequisites:* Senior standing in the major and instructor's permission. *Course rotation:* All semesters.

### **4903 – Senior Seminar – 3 credit hours**

Capstone course in theater for intensive and independent study (with faculty supervision) of a major area of theater, such as playwriting, acting, directing, designing, or dramaturgy, culminating in a public performance as appropriate to the subject. *Prerequisite:* Senior status. *General Education:* Mastery – Inquiry & Analysis; Mastery – Application & Integration of Knowledge.

## **User Experience Design**

**UXD**

### **2573 – Visual Communication & Culture – 3 credit hours**

The course will explore communication through images and the impact of new media on culture. Increasingly, global cultures are dominated by visual communication, from art to advertising, propaganda to documentary photography, and film to websites. People of all generations are becoming active producers and consumers of visual culture. As digital technology expands, expertise in communication and design becomes essential for meeting the challenges of the global culture. Strategies of interpretation and theories of visual logic will be introduced.

### **3423 – Interactive Programming – 3 credit hours**

Interactive programming is important when developing today's digital solutions. Students extend beyond static code construction and are introduced to the fundamentals of interactive dynamic programming practices. Topics include orchestrating multiple languages, PHP programming, and introduction to open source databases.

### **3513 – Human Centered Design – 3 credit hours**

Today's design trends include getting stakeholders and end users involved throughout the entire design process. This class explores the iterative cycle of user-centric design, including research, user empathy, personas, fidelity-level design, and user testing. By applying human centered design principles, solutions are more user-friendly, intuitive, and rewarding.

### **3724 – Digital Studio Topics in Interactive Design – 4 credit hours**

Students have studio and application experience in one of the fields of interactive design. Topics may include web design, mobile design, social media, product design, gaming, or other aspects of interactive design. May be repeated three times for credit.

### **3763 – History of Digital Media – 3 credit hours**

Students will examine the birth, invention, key figures, and progression of digital media. Through a series of lectures, assigned readings, and essays, students will explore the evolution of technology and innovative milestones that have made today's digital media a global force.

### **4214 – Capstone in Interactive Design – 4 credit hours**

Students will complete a full-scale interactive design project using the human centered workflow that demonstrates mastery of one of the areas in the field.

## **Women's Studies**

**WS**

### **1003 – Introduction to Women's Studies – 3 credit hours**

An introduction to the subject matter and methods of the discipline of Women's Studies. Introduces the idea of gender as a cultural phenomenon that shapes all aspects of women and men's lives. Also explores issues at the center of women's experiences such as health, sexuality, work, family, education, and violence. Particular attention is paid to the multiplicity of women's identities and the interconnectedness of gender, race, ethnicity, religion, class, and sexuality. *Course rotation:* Fall. *General Education:* Core – Application & Integration of Knowledge.

### **2103 – Women in Global Perspective – 3 credit hours**

Explores the cultural constructions and implications of gender in various global regions by analyzing experiences of women around the world from a feminist perspective. Also examines how women's movements across the globe practice the desire for social justice. *Course rotation:* Spring. *General Education:* Intermediate – Application & Integration of Knowledge.

### **3103 – Gender & Politics – 3 credit hours**

Examines the dynamic relationship between cultural constructions of gender and political practice in the United States from a feminist perspective. Particular attention is paid to the multiplicity of women's identities and the interconnectedness of gender, race, ethnicity, religion, class, and sexuality. *Prerequisites:* ENGL 1023 and WS 1003 or instructor's permission. *Course rotation:* Alternate fall. *General Education:* Intermediate – Application & Integration of Knowledge.

### **3123 – Gender & Popular Culture – 3 credit hours**

Analyzes various aspects of popular culture from a feminist perspective, including how popular culture reflects and shapes cultural constructions of gender and women's experiences. Particular attention is paid to the multiplicity of women's identities and the interconnectedness of gender, race, ethnicity, religion, class, and sexuality. *Prerequisites:* ENGL 1023 and WS 1003 or instructor's permission. *Course rotation:* Alternate fall. *General Education:* Intermediate – Application & Integration of Knowledge.
