

5-9 Middle Grades Education Program Course Sequence

Single emphasis Middle Grades Major can be completed as outlined with 36 hours in Emphasis Area. Double emphasis may require 48 hours. Use Emphasis Area courses to meet CORE General Education requirements and follow the sequence below. **Note:** Some semesters may be required to take 18 hours in order to complete a double emphasis requirement. Work closely with education and content advisors to develop a plan. See the Curriculum Contract for required General Education Core and required content courses. Not following the advising sequence may result in the need to take summer course work or return an additional semester.
