Sexual Misconduct Policy

1. INTRODUCTION

Lindsey Wilson College is committed to providing an environment free from all forms of sexual misconduct, examples of which can include acts of sexual violence, sexual harassment, domestic violence, dating violence, and stalking. All employees, students, guests, visitors, and third-party affiliations of the College are expected to conduct themselves in a manner that does not infringe upon the rights of others. Instances of sexual misconduct, in any form, will not be tolerated. If an allegation of
sexual misconduct is reported to an appropriate College official (Board of Trustees, Administrator, Faculty, and/or Staff), protective and other remedial measures will be used to reasonably ensure that such conduct ends, is not repeated, and the effects on the victim and community are remedied, including appropriate sanctions when a responding party is found to have violated this policy. Lindsey Wilson College employees at all levels are responsible for taking reasonable and necessary action to prevent, address, and respond to sexual misconduct.

“Sexual misconduct” is a term that encompasses a broad range of behavior, from harassing statements to criminal sexual assault. Any individual who has been the target of sexual misconduct, stalking, or relationship abuse or violence has the option to make a report to local law enforcement agencies, file a complaint with Lindsey Wilson College’s internal complaint procedure as outlined in this Policy, to do both, or to do neither.

The College’s Sexual Misconduct Policy is not meant to inhibit or prohibit educational content or discussions inside or outside of the classroom that include controversial or sensitive subject matters protected by academic freedom. Academic freedom extends to topics that are pedagogically appropriate and relevant to the subject matter of courses or that touch on academic exploration of matters of public concern.

The College uses the preponderance of the evidence (also known as “more likely than not”) as a standard for proof of whether a violation occurred. In campus resolution proceedings, legal terms like “guilt”, “innocence” and “burdens of proof” are not applicable, but the College never assumes a responding party is in violation of the College policy. Campus resolution proceedings are conducted to take into account the totality of all evidence available, from all relevant sources.

This policy has been developed to reaffirm these principles and to provide recourse for those individuals whose rights have been violated. This policy is not and should not be construed to be a replacement or alternative for the criminal justice system. Rather, it provides an avenue through which the campus community may work to create a better environment.

2. SCOPE OF THE POLICY

This Policy outlines the procedures that apply to sexual misconduct. The Lindsey Wilson College community, including faculty, staff, students, visitors, guests, and third-party affiliations, is subject to this Policy.

Jurisdiction

The Sexual Misconduct Policy applies to any act(s) of sexual misconduct that occurs:

- On campus or any other College property owned, leased, and/or controlled by the college.
- During any College programs and activities, including but not limited to internships, study abroad locations, and/or research activities.
The policy also applies to the conduct of third parties who are not College employees or students (visitors, vendors, contracted professionals, guests, etc.).

The Lindsey Wilson College community is required to comply with the policy and procedures outlined to address sexual misconduct complaints. In addition to the procedures outlined herein, discrimination and harassment complaints may be filed with the U. S. Equal Employment Opportunity Commission or U. S. Department of Education’s Office for Civil Rights. Any formal written complaint of sexual harassment filed under the College’s policy shall be processed even if the Complainant also files a complaint or suit with an outside agency, U. S. Equal Employment Opportunity Commission or U. S. Department of Education’s Office for Civil Rights. Retaliation against anyone who makes a complaint or participates in the complaint process will not be tolerated.

Confidentiality
If a Complainant orReporter requests confidentiality of their report, the College will take all reasonable steps to respond consistently with the request. Different employees on campus have different abilities to maintain confidentiality.

As a general rule, the College will not conduct an investigation into the report or take any remedial action without first obtaining consent, and will conduct any investigation and respond to the report consistent with the request for confidentiality or request not to pursue action. The College’s ability to respond to a report may be severely limited if the Complainant requests confidentiality or asks that the report not be pursued. Refer to the section below on Requests for Confidentiality for additional information about confidentiality and the College’s investigation of reports.

In the event the College’s internal complaint resolution procedures are initiated, all persons participating in that process will be notified in writing to maintain confidentiality in all matters presented in an investigation. The College will limit disclosure of information to those individuals involved in the College’s response to the report and to legally required and permitted disclosures.

Medical personnel are also required to report to law enforcement and/or Child Protective Services when a minor presents for treatment for any injury or condition that reasonably indicates it was caused by violence or abuse, including physical or sexual abuse. Medical personnel are also required to report to law enforcement and/or Adult Protective Services when certain vulnerable adults present and there is reasonable belief that they are victims of adult abuse, neglect, or exploitation.

Preservation of Evidence
If you have experienced sexual assault, evidence of the assault may be left on your body. You should take steps to preserve evidence of the assault even if you have not made a decision to file a criminal report. If the assault occurred within the past 96 hours, you are strongly encouraged to receive an exam
from a sexual assault nurse examiner (SANE) at a local hospital. It is important that you not bathe, wash, douche, smoke, or change clothing prior to the exam so that evidence may be preserved. If you do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infection(s).

There may also be physical evidence of the assault at the location where you were assaulted. A College Official can assist you in the collection and preservation of physical evidence even if you have not yet decided whether to file a criminal report. It is important that you not clean the bed/linen/area where you were assaulted so that evidence may be preserved. In all cases of sexual misconduct, domestic violence, dating violence, or stalking, you are encouraged to preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs, or other documents, if any, that would be useful to the investigation and complaint resolution process and/or to police.

5. DEFINITIONS:

Bullying
Bullying or cyber-bullying is harassing conduct that may take many forms, including verbal acts and name-calling; graphic and written statements, which may include the use of cell phones or the Internet; or other conduct that may be physically threatening, harmful, or humiliating. Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Bullying or cyber-bullying creates a hostile environment when the conduct is sufficiently severe, pervasive, or persistent so as to interfere with, or limit a person’s ability to participate in, or benefit from the services, activities, or opportunities offered by the College. When such harassment is based on gender or perceived sexual orientation it is considered sexual misconduct.

Consent
Consent must be informed, voluntary, and mutual, and can be withdrawn at any time. There is no consent when there is force, expressed or implied, or when coercion, intimidation, threats, or duress is used. Whether a person has taken advantage of a position of influence over another person may be a factor in determining consent. Silence or absence of resistance does not imply consent. Past consent to sexual activity with another person does not imply ongoing future consent with that person or consent to that same sexual activity with another person.

If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature, or extent of the sexual situation, there is no consent; this includes impairment or incapacitation due to alcohol or drug consumption that meets this standard, or being asleep or unconscious. According to Kentucky law, lack of consent results from forcible compulsion or the incapacity to consent. Where the perpetrator is charged with the crime of sexual abuse, lack of consent results when circumstances show that the victim did not expressly or impliedly agree in the perpetrator’s conduct. Children under the age of sixteen are deemed legally incapable of giving consent. KRS 510.020(3)(a). Consent means words or actions demonstrating a knowing and voluntary agreement to engage in a mutually agreed-upon sexual activity.
Coercion
Coercion is the use of pressure to compel another individual to initiate or continue sexual activity against an individual’s will.

Complainant
The alleged victim or individual reporting the incident of sexual misconduct/discrimination.

Domestic Violence, Dating Violence, or Intimate Partner Violence
These forms of violence are defined as sexual or physical abuse or the threat of such abuse committed by:

- a person who is the current or former spouse or domestic partner of the person against whom the violence is perpetrated;
- a person who shares a child in common with the person against whom the violence is perpetrated;
- a person who is cohabitating or has cohabitated as a spouse or in the context of a social relationship of a romantic or intimate nature with the person against whom the violence is perpetrated; or
- a person who has another type of intimate relationship, including as a parent, guardian, or other status defined by Kentucky law.

Fraternization
It is the College’s policy that employees not fraternize in any sexual or otherwise inappropriate manner with a student beyond the normal business relationship between employee and student or the normal academic relationship between teacher and student.

Gender-Based Harassment
Gender-based harassment is unwelcome conduct of a nonsexual nature based on an individual’s actual or perceived sex, including conduct based on gender identity, gender expression, and nonconformity with gender stereotypes.

Harassment
Harassment may be verbal, visual, or physical. Verbal harassment may include, but is not limited to: comments on one’s appearance or body; questions about one’s intimate relationships; or graphic, obscene, degrading comments or jokes. Suggestive sounds, ridicule, and written or oral invitations or advances that are inappropriate and unwelcome may be harassment. Visual conduct that can be harassing includes such actions as leering, staring at certain body parts, and displaying sexual objects, offensive posters or pictures. Physical harassment includes any unwelcome hugging or touching, pinching, fondling, kissing or similar behavior. The following types of conduct are only some of the ways in which sexual harassment may occur in violation of College policy:

- Physical assault;
- Direct or subtle solicitation of sexual activity;
- Direct or subtle solicitation of sexual activity or sex-related behavior coupled with a promise of reward or threat of punishment;
- Unwelcome physical contact such as touching, or physical interference which limits participation in or benefit from work or academic performance;
- Unwelcome remarks about a person’s clothing or body;
• Explicit sexual questions, innuendoes, gestures, jokes, stories, and anecdotes;
• Display or posting of sexually offensive posters, pictures, words, graffiti or messages;
• Introduction of sexually explicit materials into the classroom or workplace without an educational or work-related purpose.

Hostile Environment
A hostile environment exists when sex-based harassment is sufficiently serious to deny or limit

- the student’s ability to participate in or benefit from the College’s programs or activities, or
- the employee’s ability to perform his/her job or to participate in or benefit from the College’s programs or activities.

A hostile environment can be created by anyone involved in a College’s program or activity (e.g., administrators, faculty members, students, and campus visitors). In determining whether sex-based harassment has created a hostile environment, the College considers the conduct in question from both a subjective and objective perspective. It will be necessary, but not enough, that the conduct was unwelcome to the person who was harassed. The College will also need to find that a reasonable person in the individual’s position would have perceived the conduct as undesirable or offensive in order for that conduct to create or contribute to a hostile environment.

To make the ultimate determination of whether a hostile environment exists for a person, the College considers a variety of factors related to the severity, persistence, or pervasiveness of the sex-based harassment, including:

- the type, frequency, and duration of the conduct
- the identity and relationships of persons involved
- the number of individuals involved
- the location of the conduct and the context in which it occurred
- the degree to which the conduct affected one or more student’s education or individual’s work performance.

The more severe the sex-based harassment, the less need there is to show a repetitive series of incidents to find a hostile environment. Indeed, a single instance of sexual assault may be sufficient to create a hostile environment. Likewise, a series of incidents may be sufficient even if the sex-based harassment is not particularly severe.

Incapacitation
Incapacitation means the physical and/or mental inability to make informed, rational judgments. States of incapacitation include, without limitation, sleep, blackouts, and flashbacks. Where drugs or alcohol are involved, one does not have to be drunk or intoxicated to be considered incapacitated. Rather, incapacitation is determined by how the alcohol consumed impacts a person’s decision-making capacity, awareness of consequences, and ability to make informed judgments. Alcohol and drugs can lower inhibitions and create an atmosphere of confusion over whether consent is freely and affirmatively given. The question is whether the respondent knew, or a sober, reasonable person in the position of the respondent should have known, that the complainant was incapacitated. Employees and students are strongly encouraged to err on the side of caution; when in doubt, assume that the other person is incapacitated and therefore unable to give consent. The use of alcohol and drugs never makes someone
at fault for being sexually assaulted. Likewise, being intoxicated or drunk is never a defense to a complaint of sexual misconduct under this Policy.

Intimidation
Intimidation is defined as an actual or implied threat or act that causes fear of harm in an individual on the basis of race, color, religion, national origin, age, sex, pregnancy, citizenship, familial status, disability, veteran, and genetic information.

Non-Consensual Sexual Intercourse
Non-Consensual Sexual Intercourse is defined as any sexual penetration or intercourse (anal, oral, or vaginal), however slight, with any object, by a person upon another person, that is without consent and/or by force.

Non-Consensual Sexual Contact
Non-Consensual Sexual Contact is defined as any intentional sexual touching, however slight, with any object, by a person upon another person that is without consent and/or by force.

Rape
Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person without the consent of the victim.

Responsible Employee
The following are Responsible Employees under this Policy: The President of the College and all members of the Executive Staff; all employees within the Department of Public Safety, the Office of Student Life (including Resident Assistants and Resident Directors), the Athletics Department, the Human Resources Office, all Faculty, and any Staff who have sufficient authority to take action to address the concern.

Respondent
The “Respondent” is the individual whose conduct is alleged to have violated this Policy and whose conduct is being investigated.

Retaliation
Retaliation is defined as any adverse action taken against a person because a person participated in or inquired regarding any process set forth in this policy.

Sex-Based Harassment
Sex-based harassment includes sexual harassment and gender-based harassment.

Sexual Assault
Sexual assault is actual or attempted sexual contact with another person without that person’s consent. Sexual assault includes, but is not limited to:

- Intentional touching of another person’s intimate parts without that person’s consent; or
- Other intentional sexual contact with another person without that person’s consent; or
- Coercing, forcing, or attempting to coerce or force a person to touch another person’s intimate parts without that person’s consent; or
• Rape, which is penetration, no matter how slight, of (1) the vagina or anus of a person by any body part of another person or by an object, or (2) the mouth of a person by a sex organ of another person, without that person’s consent.

Sexual Contact
Sexual contact includes intentional contact with the breasts, buttocks, groin, or genitals, or touching another with any of these body parts, or making another person touch you or themselves with or on any of these body parts; any intentional bodily contact in a sexual manner, though not involving contact with/of/by breasts, buttocks, groin, genitals, mouth or other orifice.

Sex Discrimination/Sexual Misconduct
Sex discrimination and sexual misconduct occurs anytime a person’s sex becomes a factor or basis in treating them unfairly. Sex discrimination may also occur when an individual is treated unfairly due to his/her connection with a group or organization that is typically associated with a certain sex. Sex discrimination includes behaviors such as sexual assault, sexual harassment, any non-consensual behavior of a sexual nature, domestic or dating violence and stalking. Such behaviors could be committed by force, intimidation or use of a victim’s incapacity (physical, mental or through the use of drugs or alcohol).

Sexual Exploitation
Sexual exploitation is the use of non-consensual or abusive sexual advantage of another, and includes situations in which the conduct does not fall within the definitions of Sexual Harassment, Non-Consensual Sexual Intercourse, or Non-Consensual Sexual Contact. Examples of Sexual Exploitation include, but are not limited to:
• Sexual voyeurism (such as watching a person undressing, using the bathroom, or engaging in sexual acts without the consent of the person observed); or
• Taking pictures or video or audio recording another in a sexual act, or in any other private activity without the consent of all involved in the activity, or exceeding the boundaries of consent (such as allowing another person to hide in a closet and observe sexual activity, or distributing sexual pictures without the photographed person’s consent);
• Prostitution;
• Engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or other sexually transmitted infection (STI) and without informing the other person of the infection; and
• Administering alcohol or drugs to another person without his or her knowledge or consent.

Sexual Harassment
Sexual harassment is unwelcome conduct of a sexual nature, including but not limited to unwelcome sexual advances; requests for sexual favors; or other verbal or nonverbal conduct of a sexual nature, including rape, sexual assault, and sexual exploitation. In addition, depending on the facts, dating violence, domestic violence, and stalking may also be forms of sexual harassment.

Sexual harassment is a form of sex discrimination prohibited by Title VII of the Civil Rights Act of 1964, as amended, by Title IX of the Education Amendments of 1972, and, in Kentucky, by the Fair Employment Practices Act, KRS 344.010 et seq. and KRS 207.170. Sexual harassment involves unwelcome sexual
advances, requests for sexual favors, and other verbal, visual, or physical behaviors related to a person's gender, sexual identity, or sexuality when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's academic advancement or employment;
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions or academic decisions affecting such individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive work or academic environment.

The Equal Employment Opportunity Commission guidelines recommend that the "totality of the circumstances" be considered in determining whether sexual harassment has occurred. Thus, the appropriateness or legitimacy of behavior or objects is largely determined by the context and purpose of their presence in a particular situation.

Sexual Violence
Sexual violence, a form of sexual misconduct, refers to physical acts perpetrated against a person’s will or where a person is incapable of giving consent due to the victim’s use of drugs or alcohol. An individual also may be unable to give consent due to an intellectual or other disability. Sexual assault, rape, sexual battery, and sexual coercion are all acts of sexual violence. Examples include, but are not limited to:

- Having or attempting to have sexual intercourse with another individual without consent. Sexual intercourse includes vaginal or anal penetration, however slight, with a body part or object, or oral copulation by mouth-to-genital contact.
- Having or attempting to have sexual contact with another individual without consent.

Stalking
Stalking is a course of conduct directed at a specific person on the basis of actual or perceived membership in a Protected Class (i.e. race, color, religion, national origin, age, sex, pregnancy, citizenship, familial status, disability, veteran, and genetic information) that is unwelcome and would cause a reasonable person to feel fear.

6. REPORTING
Any individual who has been the target of sexual misconduct, stalking, or relationship abuse or violence is strongly encouraged to report the incident.

How to Report
The College provides the following options for reporting an act of sexual misconduct. Individuals are encouraged to report an incident even if you do not want to file a criminal report or initiate the College’s internal complaint procedures. By reporting, the College can ensure you have access to counseling services, academic support services, and any other reasonable interim measures that are appropriate. Reports also provide information to help the College provide a safe and non-discriminatory environment for all members of the College.

Upon receipt of a report, the Title IX Coordinator will meet with victims and respondents to review options and all available resources. The College will limit disclosure of information included in a report.
to those individuals involved in the College’s response to the report and to legally required or permitted disclosures. This means only people who need to know will be told.

**Report to Public Safety and Security**
Public Safety and Security Staff can assist you with personal safety, seeking medical attention, preserving evidence, or filing a formal police report. Public Safety and Security can contact other on- and off-campus resources to assist you.

Public Safety and Security will record the report for Clery Act purposes but shall do so without disclosing any personally identifiable information about the Complainant and Respondent.

**Public Safety and Security:** 270-384-8106

**Report to Title IX Coordinator**
Title IX and sexual misconduct complaints can be filed with the Title IX Coordinator. All reported alleged incidents of sexual misconduct are reviewed by the Title IX Coordinator. The Title IX Coordinator will provide Complainants with a copy of the Lindsey Wilson College Title IX and Sexual Misconduct Policy which explains an individual’s rights and options under this Policy, including resources and services, an option to request assistance or interim measures and additional remedies, and an explanation of the College’s internal complaint resolution procedures.

The Title IX Coordinator also will report the alleged incident to Public Safety and Security for Clery Act purposes, but may refrain from disclosing personally identifiable information about you, at your request.

**Report to a Responsible Employee**
Reports made to a Responsible Employee will be referred to the Title IX Coordinator for assessment. A Responsible Employee who receives a report must report all relevant details about the alleged misconduct to the Title IX Coordinator, including the date, time, location of the alleged misconduct, and the names of: the person who provided the report, the individual who experienced the alleged misconduct, the individual(s) accused of committing the alleged misconduct, any other persons involved in the alleged misconduct.

**Options for the Complainant**
Complainants are not required to take any action when reporting a Policy violation, but if the Complainant chooses to act, the following options include:

- Filing a formal criminal report with local law enforcement
- Filing a formal written complaint with the Title IX Coordinator requesting that the College initiate its internal complaint procedures
A formal written complaint must include, at a minimum, the time, place, and type of alleged violation, a factual summary of the alleged incident(s), and the name of the Respondent(s).

Complaints may also be submitted online: www.lindsey.edu/titleix

- In appropriate cases, pursuing informal mediation of the complaint conducted by staff of the Dean of Student’s Office
- Requesting interim measures and additional remedies (for example, a no-contact order, alteration of class schedules or housing arrangements)
- Accessing available resources, including counseling.

Additional information about initiating the College’s internal complaint procedures is set forth below. If a Complainant does not want to pursue the College’s internal complaint procedures, s/he may nonetheless access support resources, such as counseling or, in appropriate cases, academic relief; and/or request interim measures.

Informal mediation of a complaint is only available in appropriate cases. Informal mediation is never appropriate in cases involving allegations of nonconsensual sexual penetration or nonconsensual sexual contact. Both Complainant and Respondent must agree to engage in informal mediation, and either party can end the informal mediation process at any time, for any reason.

Students must understand that anything said in this informal mediation may be used in either criminal proceedings or the college’s internal complaint procedures. The Dean of Students has the discretion to determine if it would be inappropriate to informally mediate any particular sexual misconduct complaint.

**Confidentiality and Reporting Sexual Violence: Know the Options**

The College encourages victims of sexual violence to talk to somebody about what happened – so victims can get the support they need, and so the College can respond appropriately. Different employees on campus have different abilities to maintain a victim’s confidentiality.

- Some employees are required to maintain near complete confidentiality; talking to them is sometimes called a “privileged communication.”
- Other employees may talk to a victim in confidence, and generally only report to the College that an incident occurred without revealing any personally identifying information. Disclosures to these employees will not trigger a College investigation into an incident against the victim’s wishes.
- Some employees are required to report all the details of an incident (including the identities of both the victim and alleged perpetrator) to the Title IX Coordinator. A report to these employees (called “Responsible Employees”) constitutes a report to the College – and generally obligates the College to investigate the incident and take appropriate steps to address the situation.
This policy is intended to make students aware of the various reporting and confidential disclosure options available to them – so they can make informed choices about where to turn should they become a victim of sexual violence. The College encourages victims to talk to someone identified in one or more of these groups.

**Professional and Pastoral Counselors**

Professional, licensed counselors and pastoral counselors who provide mental-health counseling to members of the College community (including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX Coordinator without a victim’s permission.

**Off-Campus Advocates**

Individuals who work or volunteer at off-campus crisis and resource centers can generally talk to a victim without revealing any personally identifying information about an incident to the College. A victim can seek assistance and support from these individuals without triggering a College investigation that could reveal the victim’s identity or that the victim has disclosed the incident.

While maintaining a victim’s confidentiality, these individuals or their office can report the nature, date, time, and general location of an incident to the Title IX Coordinator. This limited report – which includes no information that would directly or indirectly identify the victim – helps keep the Title IX Coordinator informed of the general extent and nature of sexual violence on and off campus so the coordinator can track patterns, evaluate the scope of the problem, and formulate appropriate campus-wide responses. Before reporting any information to the Title IX Coordinator, these individuals will consult with the victim to ensure that no personally identifying details are shared with the Title IX Coordinator.

A victim who speaks to a professional or non-professional counselor or advocate must understand that, if the victim wants to maintain confidentiality, the College will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator.

Even so, these counselors and advocates will still assist the victim in receiving other necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health or mental health services, and changes to living, working or course schedules.

A victim who at first requests confidentiality may later decide to file a complaint with the College or report the incident to local law enforcement, and thus have the incident fully investigated. These counselors and advocates will provide the victim with assistance if the victim wishes to do so.

**NOTE:** While these professional and non-professional counselors and advocates may maintain a victim’s confidentiality vis-à-vis the College, they may have reporting or other obligations under state law.

**Reporting to “Responsible Employees”**

A “responsible employee” is a College employee who has the authority to redress sexual violence, who has the duty to report incidents of sexual violence or other misconduct, or who an individual could reasonably believe has this authority or duty. All Lindsey Wilson College employees (faculty and staff) are responsible employees, unless they have counselor responsibilities at the College as outlined above.
When a victim reports to a responsible employee about an incident of sexual violence, the victim has the right to expect the College to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A responsible employee must report to the Title IX coordinator all relevant details about the alleged sexual violence shared by the victim and that the College will need to determine what happened. This includes the names of the victim and alleged perpetrator(s), any witnesses, and any other relevant facts, including the date, time, and specific location of the alleged incident.

To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the College’s response to the report. A responsible employee should not share information with law enforcement without the victim’s consent or unless the victim has also reported the incident to law enforcement.

Before a victim reveals any information to a responsible employee, the employee should ensure that the victim understands the employee’s reporting obligations – and, if the victim wants to maintain confidentiality, direct the victim to confidential resources.

If the victim wants to tell the responsible employee what happened but also maintain confidentiality, the employee should tell the victim that the College will consider the request, but cannot guarantee that the College will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the responsible employee will also inform the Coordinator of the victim’s request for confidentiality.

Responsible employees will not pressure a victim to request confidentiality, but will honor and support the victim’s wishes, including for the College to fully investigate an incident. By the same token, responsible employees will not pressure a victim to make a full report if the victim is not ready to.

**Requesting Confidentiality From the College: How the College Will Weigh the Request and Respond.**

If a victim discloses an incident to a responsible employee but wishes to maintain confidentiality or requests that no investigation into a particular incident be conducted or disciplinary action taken, the College must weigh that request against the College’s obligation to provide a safe, non-discriminatory environment for all students, including the victim.

If the College honors the request for confidentiality, a victim must understand that the College’s ability to meaningfully investigate the incident and pursue disciplinary action against the alleged perpetrator(s) may be limited. Although rare, there are times when the College may not be able to honor a victim’s request in order to provide a safe, non-discriminatory environment for all students.

The Title IX Coordinator or designee will evaluate requests for confidentiality once a responsible employee is on notice of alleged sexual violence.

When weighing a victim’s request for confidentiality or that no investigation or discipline be pursued, Lindsey Wilson College will consider a range of factors, including the following:

- The increased risk that the alleged perpetrator will commit additional acts of sexual or other violence, such as:
  - whether there have been other sexual violence complaints about the same alleged perpetrator;
whether the alleged perpetrator has a history of arrests or records from a prior school indicating a history of violence;
whether the alleged perpetrator threatened further sexual violence or other violence against the victim or others;
whether the sexual violence was committed by multiple perpetrators;
  • whether the sexual violence was perpetrated with a weapon;
  • whether the victim is a minor;
  • whether the College possesses other means to obtain relevant evidence of the sexual violence (e.g., security cameras or personnel, physical evidence);
  • whether the victim’s report reveals a pattern of perpetration (e.g., via illicit use of drugs or alcohol) at a given location or by a particular group; and
  • whether the alleged perpetrator is an employee.

The presence of one or more of these factors could lead the College to investigate and, if appropriate, pursue disciplinary action. If none of these factors is present, the College will likely respect the victim’s request for confidentiality.

If the College determines that it cannot maintain a victim’s confidentiality, the College will inform the victim prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the College’s response.

The College will remain ever mindful of the victim’s well-being, and will take ongoing steps to protect the victim from retaliation or harm and work with the victim to create a safety plan. Retaliation against the victim, whether by students or College employees, will not be tolerated. The College will also:
  • assist the victim in accessing other available victim advocacy, academic support, counseling, disability, health or mental health services, and legal assistance both on- and off-campus (see portion of policy identifying these);
  • provide other security and support, which could include issuing a no-contact order, helping arrange a change of living or working arrangements or course schedules (including for the alleged perpetrator pending the outcome of an investigation) or adjustments for assignments or tests; and
  • inform the victim of the right to report a crime to campus or local law enforcement – and provide the victim with assistance if the victim wishes to do so.

The College may not require a victim to participate in any investigation or disciplinary proceeding.

Because the College is under a continuing obligation to address the issue of sexual violence campus-wide, reports of sexual violence (including non-identifying reports) will also prompt the College to consider broader remedial action – such as increased monitoring, supervision or security at locations where the reported sexual violence occurred; increasing education and prevention efforts, including to targeted population groups; conducting climate assessments/victimization surveys; and/or revisiting its policies and practices.

If the College determines that it can respect a victim’s request for confidentiality, the College will also take immediate action as necessary to protect and assist the victim.
Confidential Protected Resources and Public Awareness Events
Confidential Resources are those required to keep all information disclosed to them confidential within the legal and ethical bounds of their profession. At Lindsey Wilson College these individuals include counselors and College Chaplains.

Public awareness events, such as “Take Back the Night” in which information disclosed through a public awareness event, are not considered notice of sexual misconduct as described in this Policy.

Mandatory Reporting Guidelines: Title IX and the Clery Act
There are two federal laws that establish responsibilities for employees of college and universities to report certain types of crimes and incidents, especially sexual misconduct – Title IX and the Clery Act. Each of these areas of federal law has a different purpose, but generally the laws are intended to protect members of the campus community, visitors, and guests from criminal and discriminatory behavior. The responsibilities established by these laws give rise to the term “mandatory reporter.”

Title IX focuses on the adverse consequences faced by victims of gender discrimination and sexual harassment and creates obligations for the College to investigate and to provide a “prompt and effective remedy.” If the victim is a student, Title IX means, among other things, that the College must provide an environment that does not interfere with the victim’s right to pursue an education. The College incurs this obligation when a victim has given notice to a “responsible employee,” or when the College, in the exercise of reasonable care, should have known about the assault or harassment.

The Clery Act creates a duty for institutions to report crimes in different categories and has the broadest scope. Guided by the language of the Clery Act and subsequent amendments, the College is required to define which employees must report crime information they receive.

Mandatory Reporters
Title IX and Clery Act mandatory reporters include any employee who has the authority to take action to redress the harassment, who has the duty to report to appropriate school officials sexual harassment or any other misconduct by students and employees, or an individual who a student could reasonably believe has the authority or responsibility which include, but are not limited to:

- Vice Presidents, Deans, Division Chairs, Directors, and Coaches
- Any employee in a supervisory or management role
- Any faculty member responsible for supervising any activities or programs that include direct contact with students outside of classroom (including faculty advisors to recognized student organizations)
- Public Safety and Security and any contracted security personnel

Amnesty Related to other Policy Violations, “Good Samaritan Reporting”
To encourage reporting of the acts prohibited by this Policy, the College will not subject an individual who reports an alleged incident of sexual misconduct, stalking, or relationship abuse and violence to disciplinary action for the individual’s own minor policy violation, such as personal consumption of alcohol or drugs, at or near the time of the alleged incident, provided that any such violations did not place the health or safety of any other person at risk. The College may, however, initiate an educational discussion or pursue other educational remedies regarding alcohol or drug use. Further, the College may offer amnesty related to other policy violations revealed in the process of pursuing a formal complaint.
**Bystander Intervention**

The College expects all community members to take reasonable and prudent actions to prevent or stop an act of sexual misconduct. Taking action may include direct intervention, calling law enforcement, or seeking assistance from a person in authority. Community members who choose to exercise this positive moral obligation will be supported by the College and protected from retaliation.

7. **GRIEVANCE AND INVESTIGATING PROCEDURES**

The following procedures shall apply if alleged sexual misconduct by a student, employee, guest, visitor, or third-party affiliate of Lindsey Wilson College may have occurred.

- **Initiating a Formal Complaint**
  - A formal complaint must be in writing and signed and dated by a Complainant/Reporter. It should state the name of the alleged Respondent (if known) and describe with reasonable specificity the incident(s) of the alleged sexual misconduct, including the date(s) and place(s) of the allegation(s). The formal complaint must be in the Complainant/Reporter’s own words. Attached to the complaint should be a list of any additional evidence (for example, witnesses, correspondence, records, etc.) that the Complainant/Reporter believes may be relevant to the investigation. The College does not limit the timeframe for filing a formal complaint and encourages formal complaints to be filed as soon as reasonably possible following alleged sexual misconduct.
  - The formal complaint is to be submitted to the Title IX Coordinator.
  - If the Respondent is:
    a. A student, the Title IX Coordinator will inform the Dean of Students and the appropriate Vice President and/or President of the formal complaint.
    b. An employee, the Title IX Coordinator will inform the Director of Human Resources and the appropriate Vice President and/or President of the formal complaint.
    c. A guest, visitor, or third-party affiliate, the Title IX Coordinator will determine whether to run the complaint through the student or employee process.
  - The College will not investigate a new formal complaint if the College has already adjudicated a formal complaint based on the same circumstances. However, the new formal complaint may be considered as additional evidence during an ongoing investigation.

- **Initial Review**
  - Once the formal complaint has been received, the Title IX Coordinator and/or designee(s), also known as Investigators, will begin an initial review of the allegation. If the Respondent is:
    - A student, the Director of Residence Life (or designee) shall be an Investigator.
    - An employee, the Director of Human Resources (or designee) shall be an Investigator.
    - A guest, visitor, or third-party affiliate, the Director of Human Resources or Director of Residence Life (or designees) shall be an Investigator.
The Investigators will contact the Complainant/Reporter to gather further understanding of the allegation, as well as any related conduct that may violate this Policy.

Based on the information gathered, the Investigators will determine whether the information, if true, would constitute a violation of the Lindsey Wilson College Title IX and Sexual Misconduct Policy such that an investigation is warranted or whether the information warrants an administrative closure.

Investigators will convey this determination to the Complainant/Reporter and implement any appropriate interim measures to be put in place pending the completion of the case.

If necessary, requests for reasonable accommodations from the Complainant/Reporter may be enacted, as well as reasonable accommodations made by the Title IX Coordinator and/or Lindsey Wilson College.

The initial review will ordinarily be concluded within five business days of the date the complaint was received.

**Investigation**

- Within 24 hours following the decision to begin an investigation, the Investigators will
  - notify the Respondent in writing of the allegations, including a copy of the formal complaint submitted by the Complainant,
  - send a Letter of No Contact and Confidentiality Notice, and will provide a copy of the Lindsey Wilson College Title IX and Sexual Misconduct Policy to the Complainant and Respondent
  - assist in enacting, if necessary, requests for reasonable accommodations from the Complainant/Reporter, as well as reasonable accommodations made by the Title IX Coordinator and/or Lindsey Wilson College.

- The Respondent will have five business days in which to submit a written statement in response to the allegation(s). The statement must be in the Respondent’s own words. Attached to the statement should be a list of all sources of information (for example, witnesses, correspondence, records, etc.) that Respondent believes may be relevant to the investigation.

- If the Complainant/Reporter is unwilling to participate and the Investigators have assessed the severity of the sexual misconduct warrants continuation, the Investigators will proceed to investigate the allegation.

- Investigators will schedule and conduct individual interviews with the Complainant/Reporter and the Respondent, and, as appropriate, with other witnesses. Witnesses may include individuals who have been identified by the Complainant, Reporter, or Respondent.

- Investigators will first notify potential Witnesses in writing that they may not disclose information regarding the investigation and then Investigators may gather information from the Witnesses regarding the allegation(s) of the complaint.

- After the collection of any additional evidence but prior to the conclusion of the investigation, Investigators may request individual follow-up interviews with the Complainant and Respondent to give either party the opportunity to respond to any additional evidence.
• Generally, the investigation phase may take up to 30 business days to complete. In certain complex complaints, however, the investigation phase may take longer.

• **Personal Advisors**
  o Both the Complainant and Respondent may be accompanied by a Personal Advisor to any interview. A Personal Advisor may only be a full-time faculty, staff, or administrative member of Lindsey Wilson College. The Personal Advisor should be someone who can assist the party without conflict. The Personal Advisor may not be an attorney.
  o Personal Advisors may view the formal complaint and evidence collected by Investigators during the interview. Personal Advisor may not speak for the Complainant or Respondent during the interview.

• **Confidentiality**
  o Once a complaint is filed, the Complainant or Reporter, Respondent, and witnesses will be notified in writing not to disclose any information regarding the investigation. Investigators, Personal Advisors, and other members of the College involved in or aware of the complaint will take reasonable steps to protect the privacy of all involved.

• **Conclusion of the Investigation**
  o At the end of the investigation, Investigators will determine whether there was a violation to this Policy. Investigators will come to a decision based on facts and apply the preponderance of the evidence standard.
  o Investigators will compose a final report of the investigation including any violation(s) of this Policy.
  o The Title IX Coordinator will provide a copy of the final report to the Complainant, Respondent, Dean of Students (if student is Respondent) and appropriate VP and/or President within five business days after the investigation phase is complete.

• **Appeals**
  o The Complainant and Respondent may appeal the decision of the Investigators to the President of the College within three business days of receiving the final report.
  o The appeal must be written and signed, sent by email, mail, hand delivered, or other appropriate means to the President of the College. An appeal submitted after the deadline will not be processed.
  o The Complaint and Respondent will be notified in writing that an appeal was submitted. The burden of proof rests with the appellant.
  o The President of the College will assess and decide the appeal based on the investigation and interview records. An appeal will not be granted based purely on the dissatisfaction with the outcome of the investigation.
  o Grounds for written appeals are limited to the following:
    - A procedural error occurred, which may change the outcome of the decision.
    - Previously unavailable and relevant new evidence was not available at the time of the investigation that may change the outcome of the decision.
The President’s course of action includes:
- Affirming the ruling.
- Overturning the ruling.

Once the appeals process has been exhausted, the decision is considered final. The President will notify the parties, in writing, of the outcome of the appeal.

**Discipline**
When this policy is violated by a student, disciplinary actions will be determined by the Dean of Students or appropriate VP and/or President. Sanctions may range from reprimand, disciplinary suspension, or dismissal from the College. The Dean of Students, appropriate VP and/or President will notify the parties, as appropriate.

When this policy is violated by an employee, disciplinary actions will be determined by the appropriate VP and/or President. Sanctions may range from reprimand to termination. The appropriate VP and/or President will notify the parties, as appropriate.

When this policy is violated by a guest, visitor, or third-party affiliate, disciplinary actions will be determined by the appropriate VP and/or President. Sanctions may range from reprimand to a revocation of campus access. The appropriate VP and/or President will notify the parties, as appropriate.

**Records**
A record of the filed complaint, documentation collected as part of the investigation process, and final reports will be kept in the Title IX office. Any records regarding disciplinary action will be kept on record with the appropriate office(s).

8. **TRAINING, PREVENTION, AND EDUCATION**
Title IX requires that all employees and students must be provided training on sexual harassment and sexual violence, as well as the campus policies and procedures for reporting sexual harassment and sexual violence. Lindsey Wilson College will use online and/or classroom training for all employees and students.

**Faculty and Staff**
Both faculty and staff play an important role in helping the College carry out its commitment to Title IX. Many times victims turn to professors, advisors, and staff members for assistance. Therefore, it is necessary to know the procedures to aid the student and to file a complaint. Also, the ability to notice signs of sex discrimination could protect the victim from further harm.

All employees, including faculty and staff, will be required to complete designated training programs in order to facilitate a working understanding of Title IX and the College’s related policies and procedures. Employees who fail to complete training within the time allowed are subject to disciplinary action consistent with College policy.

**Students**
Students need to go through training which will enable them to seek help if they encounter sexual violence or sexual harassment, as well gain knowledge about related College policies and resources. Student training aims to educate individuals about what Title IX means, what qualifies as sexual misconduct, and what rights students have under the Policy.

Training is not only important to a student’s personal safety but also to help others who might be in risk of, or already subject, to sexual harassment. Many times survivors feel intimidated to seek help from authorities but with the guidance and help of a friend they find the courage to report the incident.

All Lindsey Wilson College students will be provided annual opportunities to complete a training program to facilitate a working understanding of Title IX and the College’s related policies and procedures. Other educational programs and materials will be provided to students throughout the academic year through various means of orientation, educational hall programs, awareness programs, and various community partnerships with local prevention and mental health facilities.

The Title IX Coordinator
The Title IX Coordinator will complete periodic training and certification programs to gain a working understanding of Title IX compliance.

9. ADDITIONAL POLICY PROVISIONS

Conflicts of Interest
Individuals involved with a Title IX investigation with disclosed conflicts of interest or demonstrated bias for or against an individual shall not be assigned to investigate or determine responsibility for an alleged policy violation.

Those individuals deeming themselves disqualified for reasons of bias or interest shall remove themselves from the matter or may be removed by the Title IX Coordinator, Dean of Students, or Human Resources Director. A party may petition the Title IX Coordinator, Dean of Students, or Human Resources Director for removal of an Investigator on the basis of a conflict of interest or demonstrated bias.

*Lindsey Wilson College reserves the right to amend, adapt, and/or change this Policy to comply with Federal Title IX regulations and Lindsey Wilson College policies.
