

Chemistry Minor

Freshman – Prerequisites if needed			
Fall	Hours	Spring	Hours
MATH 1013 College Algebra	3	MATH 1124 Precalculus	4

Sophomore			
Fall	Hours	Spring	Hours
CHEM 1214 General Chemistry I	4	CHEM 1224 General Chemistry II	4

Junior			
Fall	Hours	Spring	Hours
CHEM 3313 Organic Chemistry I	3	CHEM 3323 Organic Chemistry II	3
CHEM 3312 Organic Chemistry I lab	2	CHEM 3322 Organic Chemistry I lab	2

Senior			
Fall	Hours	Spring	Hours
PHYS 2114 College Physics I	4	PHYS 2124 College Physics II	4
CHEM 4104 Biochemistry	4		

Notes

- If the student has met the MATH 1013 or equivalent prerequisite, then the General Chemistry sequence can be taken in the freshmen year and the Organic Chemistry sequence can be taken in the second year.
- The College Physics sequence can be completed in any year after the MATH 1124 or equivalent prerequisite has been met.
- CHEM 4104 Biochemistry is only offered on a varying basis, so it may be offered in the spring. Organic Chemistry II must be completed prior to taking CHEM 4104.
